Balance on hand,		\$4 22

Number of books added by purchase, 60. Harper's Magazine by binding, 28 volumes. Presented by Mrs. John Maynard, 2 vols.; Mrs. Jeremiah Brown, 2 vols.; Boston Record Commissioners, 1 vol.; Interstate Commerce Commission, 1 vol.; State of New Hampshire, 6 vols. Ninety-six volumes have been added to the catalogue during the past year.

Number of volumes issued, 1,950; largest on any one evening, 56; least on any one evening, 7; average number per evening for the 50 evenings the Library was opened, 39.

Additional shelves, with a capacity of nearly a thousand books, have been placed in the Library room, thus supplying a long felt need, and adding much to the appearance of the room as well as to the convenience of the Librarian.

Among the more important books added to the Library we would call attention to the famous John L. Stoddard Lectures on his travels in the various countries of the world, in ten volumes. The value of these is greatly enhanced and the reading made more interesting by over one thousand fine illustrations. It is hoped that these volumes will find many readers.

HAMPTON, February 15, 1902.

During the year, Prof. Sanborn having resigned, E. G. Loring was appointed Principal. Mr. Loring is a graduate of Bowdoin College, and well equipped as a teacher. He was appointed after prolonged and extensive personal investigation, and we know that no mistake has been made. His management of the school is good, his methods up to date, and his qualifications ample. The school has been put by the State Superintendent on the approved list. Previous to this we could not make the application to get on the approved list. The present condition of the school and its future

prospects were never so good, all things considered. So necessary is the school to the town, and so well equipped for all the work of the higher grade of High Schools that we hesitate not to ask for the usual appropriation, without which the school cannot be continued.

# Report of School Board.

---

The following is the report of the School Board for the year ending March, 1902 :

We are much pleased with the work of Mrs. W. T. Ross, who has had charge of the Grammar School through the year, also with the interest shown by the pupils.

The Center Primary School has been taught by Miss Fanny Carswell, who has sustained her well earned reputation.

Miss Annie Gookin, teacher in East Primary School, has worked hard through the year with pleasing results.

Miss Annie M. Page, teacher in North Primary School, resigned her position at the beginning of the school year, and we secured the services of Miss Etta C. Blake, who has done good work, and we are satisfied with the progress during the year.

We are gratified to see the interest shown by the parents and friends, and hope they will visit the schools as often as convenient during the coming year, and know what is being done each term by teachers and scholars.

The following is the list of books used in the Grammar and Primary Schools :

Baldwin's Reader.

Supplementary Reading, Judson's Young America.

Frye's Geography.

Wentworth's Arithmetic.

Colburn's Mental Arithmetic.

McMaster's History.

Higginson's History.

Metcalf's Grammar.

Blaisdell's Physiology.

American Word Speller.

Ginn's Vertical Writing Books.

Wentworth's Arithmetics were substituted for Milne's, which had been in use ten years.
