VINA M. JONES, *Treasurer.*

In the summer of 1927 the Hon. Edward Tuck of Paris, friend of Hampton and all New Hampshire, gave the sum of ten thousand dollars for the development of an athletic field for the use of the youth of Hampton.

The gift was in addition to his former gifts which made possible the purchase of "Tuck House" and the laying out of Memorial Park—the crowning free will offering in civic work of our late respected friend and fellow citizen, Rev. I. S. Jones.

For the expenditure of this money and carrying out the project Mr. Tuck appointed a committee, and this committee has accomplished the work with a few minor exceptions which it was thought better to leave until the time for actual use should arrive in the Spring.

These exceptions consist principally in the installation of plumbing in the field locker house and the erection of the fence around the tennis courts which fence has been stored for the winter.

The result is a beautifully level field for base ball, football, a soccer field and two tennis courts. There is also a very good skating pond which has been much enjoyed by the young people.

The committee regretted the baseball field could not be made available for last summer's use, but the open winter caused the killing of the grass roots by the frost and ice, so that in the Spring a reseeding was necessary.

The base ball field is nearly as large as the celebrated Braves' Field in Boston. The other fields are ample for any possible game for which they may be required.

A fine, wide parking place for cars has also been filled in and levelled off at the entrance to the field. This field, situated south of and directly connected with the grounds of our beautiful Central School building, makes an ideal location such as could scarcely be possible in any other town in this vicinity, perhaps not in Rockingham County.

The whole has been surrounded by a nice woven wire fence supported by steel posts with the exception of a short distance where the committee has not yet been able to acquire for the town suitable title to two narrow strips of land desirable to straighten the western line of the property. The fence, however, is ready for erection when the matter is adjusted.

The location, as we have before suggested, is ideal, connecting, as it does, the main Hampton Beach Road with that ancient and historic part of the town where the first settlers lived and worshiped and their descendants received their education at Hampton Academy.

This historic ground is now occupied, through the munificence of Mr. Tuck, as the Memorial Park and the Tuck House, which is at once the residence of the caretaker of the park and the repository for many articles of historic value.

Of the many things which have taken place in the development of the old town none is likely to be of more lasting value in the healthy advancement of youth than the acquiring and development of land so ideally located in the center of the town and so rich in its history.

To the Hon. Edward Tuck the town of Hampton owes a debt of gratitude, not only for what his gifts have already accomplished, but because in this accomplishment we can vision, as feasible and practical, Hampton becoming the most beautiful of towns.

Even as Hampton was known as "the beautiful place of the pines" to the uncultured "child of the forest", so may we with thus aroused public spirit make it the most desirable of modern towns in which to live.

In behalf of the Hon. Edward Tuck the committee now desires to present to the Town of Hampton the result of his generous gift and to resign management, to such authority as may be selected for the purpose.

ERNEST G. COLE,

FRANK E. LEAVITT,

L. C. RING.

MEETING-HOUSE GREEN MEMORIAL AND HISTORICAL
ASSOCIATION—1927-1928

In October 1926 it was voted that Mr. Jones, the president of the Meeting-House Green Memorial Association be permitted to add "Historical" to its name. This was done through the office of the Secretary of State as the Society was already incorporated, so that it became an Historical as well as a Memorial Association. During the year work at the Park, Tuck House, and grounds have been completed, with funds from Mr. Tuck, as the founder Mr. Jones had planned. Mr. Bradbury has done what he could to add to the beauty of the Park and other grounds by increasing the shrubs, bulbs, and plants.

A great many visitors from all parts of the country have been received at Tuck House, with some from England, who visited the Park, and all that belonged to the Memorial, expressing surprise, interest, and delight in what had been done to honor the Reverend Stephen Bachiler, the early settlers of the town, and the founders of the Church. Some who called did so through interest in their ancestors.

During the year Mr. Bradbury has much improved the condition of Tuck House by repairing and painting the entire interior. The trellis between the Memorial grounds and the Athletic Field has been finished.

The trees, shrubs and grounds are in fine condition under the management of the Superintendent, Mr. Bradbury. One of the largest and best improvements is the completion of the roadway around the Tuck Memorial. This is a great benefit to the playing field and also being the only means of access to the playing grounds. It also opens up ample room for parking purposes for those wishing to attend any games on the new playing field.

A number of articles belonging to the early days of the town, and other things of interest have been added to the historic collection. The Association now numbers thirty-six members, not counting the towns once a part of Hampton whose Selectmen are members ex officio.

It is the wish of Mr. Edward Tuck, who has generously given to establish this Memorial, that Tuck Hall be used only for things pertaining to the History of the Town, and for gatherings of the members and friends of the society, as well as for meetings of the above named Association.

The officers of the Association are: Honorary President, Mr. Edward Tuck of Paris; President, Mr. William Brown; Vice President, Mr. Richard E. Shelton; Treasurer, Mrs. Vina M. Jones; Secretary, Mrs. Caroline C. Shea.

WILLIAM BROWN, President.

REPORT OF LIBRARIAN

The past year has been prosperous. The circulation, both of books and magazines, has exceeded that of any previous year.

All the metal book stacks are now filled with books. One hundred and five feet of new shelves have been erected on the north side of the stack room. Probably there is about that amount of additional space available on the west and south sides. Thus it is very evident that in the near future the citizens of Hampton will have to consider seriously the problem of providing more room, if the library is to continue to grow and meet the needs of the community.

Number of volumes added to the library for the year ending January 31st, 1929:

By purchase	351
By gift	23
	<hr/>
Total	374
Number of books replaced	10
Number of books catalogued	8561

The number of books purchased in each class with the cost of the same is given below:

Fiction, 168 volumes	\$251.24
Juvenile, 68 volumes	81.30
History, Biography and Travels, 65 volumes	188.17
Miscellaneous, 50 volumes	97.17
Replaced, 5 volumes	3.60

Number of books issued for February, 1044; for March, 1213; for April, 898; for May, 966; for June, 945; for July, 773; for August, 935; for September, 911; for October, 895; for November, 893; for December, 1054; for January, 1290; magazines loaned, 356, making a total circulation of 12,017. Of this number, 11,364 were issued to residents and 653 to non-residents.

Largest number of volumes issued in one day, 154; smallest, 59; average per day, 117.

Number of different borrowers: resident, 411; non-resident, 115. Total number of borrowers, 526—an increase of 103.

The interest in the reading room was well sustained the past year. Very little change has been made in the reading matter.

Two magazines have been added to the list and two discontinued.

The list of periodicals at the present time is as follows:

Harper's, National Geographic, World's Work, Current History, Review of Reviews, Outlook, Literary Digest, Life, American Magazine, Ladies' Home Journal, Women's Home Companion, McCall's, Delineator, Saturday Evening Post, Good Housekeeping, Christian Endeavor World, Zion's Herald, Radio Broadcast, Popular Science, Popular Mechanics, Scientific American, St. Nicholas, Youth's Companion, American Boy, Bird Lore, National Sportsman, Base Ball Magazine, Nature Magazine, Rural New Yorker, New England Homestead, Country Gentleman, American Fruit Grower, The Flower Grower, American Botanist, Child Life, Exeter News-Letter and Union Signal.

The following periodicals have been presented: Hamptons' Union, New Hampshire Issue, Telephone Topics and Telephone Quarterly.

S. ALBERT SHAW, *Librarian*.

Calls to "T. B." patients	10
Calls to other sick patients	376
	<hr/>
Total number of professional calls	1,466

In addition to this ten patients have been taken to hospital, two patients have been taken to a tuberculosis clinic and three have been taken to a doctor.

The nurse devotes as much time to school duty as her community work will possibly allow. Frequent inspection of all children is made relative to present condition, general health, weight and physical development. Class talks and drills are maintained. A course has also been given during the last year to girls in the Ninth Grade, in Home Nursing.

Assistance is also given to Dr. Fernald, the school physician, in his annual inspection of each individual scholar.

Respectfully submitted,

DOROTHY E. ELDRIDGE,
R. N.
