TOWN CLERK'S REPORT

TOWN WARRANT FOR 1946

TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday, the 12th day of March, 1946, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

Article 3. To raise such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways, and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases against certain or all lease owners leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$443.54 for State Aid roads, if the State contributes \$1,774.14.

Article 8. To see if the town will vote to raise and appropriate for the issuance and distribution of printed matter for advancement of the interests of the town, its resources and natural advantages and to assist in the promotion of developments for the benefits of the town in co-operation with other towns coordinated in the Seacoast Regional Development Association the sum of \$515.00.

Article 9. To see if the Town will vote to authorize the Selectmen to purchase a truck for the health department and raise and appropriate the sum of Two Thousand Dollars (\$2,000) for the same.

Article 10. To see if the Town will vote to authorize the Selectmen to purchase a sidewalk plow and raise and appropriate the sum of Seventeen Hundred Dollars (\$1,700) for the same.

Article 11. To see if the Town will vote to authorize the Selectmen to erect an Honor Roll in honor of the Veterans of World War II and to raise and appropriate the sum of Twenty-five Hundred Dollars (\$2,500) therefor.

Article 12. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000) for the purchase of fire hose.

Article 13. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for the purpose of developing the new parking area at Hampton Beach and to authorize the Selectmen to proceed with the development thereof, to make such parking charges as they deem reasonable and to do all things necessary to operate the same.

Article 14. To see if the Town will vote to amend the Clam Ordinance, so called, adopted at the Special Town Meeting held June 1, 1943, by amending said ordinance as follows:

Article 1, Section 1. By inserting after the word "clams" in the second and fifth lines the words, "and clam worms" and after the word "clams" in the tenth line the words "or clam worms."

Article 1, Section 3. By inserting after the word "clams" in the first line the words, "or clam worms."

Article 1, Section 3.

(A) By inserting after the word "day" in the fourth line the words "and to dig clam worms,"

By adding after Sub-Section B a new Sub-Section C and a new Sub-Section D as follows :

(C) The Selectmen may issue to a non-resident a permit to dig clam worms not in excess of one pint per day for his own use upon payment of a fee of one dollar,

(D) This ordinance shall not prohibit a resident of the State of New Hampshire from taking clam worms for his own use and not for re-sale,

so that the whole ordinance as amended shall read as follows :

(1) In order to protect, propagate and conserve the clams and clam worms within the limits of the Town of Hampton, the Selectmen are hereby granted authority to determine what section or sections of the clam flats or creeks shall be open for the digging or taking of clams and clam worms, and what section or sections shall be closed and the Selectmen may from time to time open or close sections of the flats or creeks. On closed sections the Selectmen shall cause to be erected such notice or notices as they may deem sufficient, and no person shall dig or take any clams or clam worms from any closed flat or creek.

(2) No person shall dig, take, buy, sell, give away, expose for sale, or possess for any purpose clams in their shells measuring less than two inches in length by their longest dimensions, and the possession of more than ten such clams less than two inches in length shall constitute a violation of this section.

(3) No person shall dig or take clams or clam worms from any open clam flats or creek in the Town of Hampton unless he has a license or permit therefore, as follows :

(A) The Selectmen may issue a bona-fide resident of the State of New Hampshire an annual license which shall entitle said licensee to dig and take clams, not in excess of three bushels in any one day and to dig clam worms, from the open flats or creeks, upon payment of a fee of five dollars.

(B) The Selectmen may issue to a bonafide resident of the State of New Hampshire, or to a non-resident owning or leasing real property within the Town of Hampton, an annual permit which shall entitle said permittee to dig or take clams for his own consumption or that of his family, not in excess of one-half bushel in any one day. There shall be no fee for such annual permit.

(C) The Selectmen may issue to a non-resident a permit to dig clam worms not in excess of one pint per day for his own use upon payment of a fee of one dollar.

(D) This ordinance shall not prohibit a resident of the State of New Hampshire from taking worms for his own use and not for re-sale.

(4) All licenses and permits shall expire March 31, following the date of issuance. No license or permit shall be transferable.

(5) If any person is convicted of violating any of the provisions of this ordinance his license or permit may be suspended or revoked by the Selectmen for such period of time as they may determine.

(6) If any provision of this ordinance is held invalid, it shall not effect the validity of the remaining provisions thereof.

(7) Whoever violates any of the provisions of this ordinance shall be fined not more than ten dollars.

Article 15. To receive the report of the planning Board and to see if the Town will vote to instruct the Planning Board to prepare a zoning ordinance and report at the next annual Town Meeting (and to raise and appropriate the sum of Two Thousand Dollars (\$2,000) therefor) and to authorize the Board to engage the services of a zoning expert.

Article 16. To see if the Town will vote to accept a deed from Arthur W. Brown and Louis B. Janvrin of a certain tract of land to be used as a public way, said tract being 25 feet wide and commonly known as Brown Street and extending eastward from the Lafayette Road 366 feet.

Article 17. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 25th day of February in the year of our Lord 1946.

HARRY D. MUNSEY,
EDWARD S. BATCHELDER,
ELROY G. SHAW,

Selectmen of Hampton, N. H.

A true copy of the warrant—Attest:

Article 13: Motion: by Paul Dorn that this article be referred to an adjourned Town Meeting to be held April 29 and that today's meeting set up a Hampton Parking Authority consisting of Leo Haggerty, Chairman, Engineer and Contractor, Mrs. Ralph Harris, Armas Guyon, Alton Tobey, James W. Tucker, Sr., to confer with and advise the proper Town Authorities and have power to obtain the services of a registered engineer to be paid from monies previously appropriated for the Hampton Beach Parking Lot; to obtain bids, time of completion, and other data relating to the operation and maintenance of Parking Lots in Hampton and Hampton Beach, and that the adjourned Town meeting consider the proposal of floating a self liquidating Bond issue to be liquidated from fees obtained from Parking lots in Hampton and Hampton Beach.

Amendment by James W. Tucker to Dorn motion.

Change the appropriation from \$10,000 to \$13,000. Strike out the period at the end of the article as written, insert a comma in place thereof and add the following:

Provided that out of the appropriations such sums as are necessary be expended to make possible a traffic and parking survey during the summer of 1946 by competent traffic and parking engineers in order to determine many facts which will have an important bearing on the eventual development of this necessary parking project and provided further that the selectmen at the next annual Town meeting present for the information of the voters and for action a detailed plan of the completed area, together with all pertinent data based on an efficient engineering survey, including the eventual cost of the project, length of time necessary for the completion and a method for the long term financing of its costs.

This amendment to include the names in Mr. Dorn's mo-

tion which were Leo Haggerty, Mrs. Ralph Harris, Armas Guyon, Alton Tobey and James W. Tucker, Sr.

After James W. Tucker's amendment was read Mr. Dorn withdrew his motion in favor of James W. Tucker amendment.

This amendment was VOTED

Article 14: Motion: To accept this article as read.

This was VOTED

Article 15: Motion: To lay this article on the table indefinitely.

This was NOT VOTED

Motion: by Charles E. Greenman that this article be accepted and to raise and appropriate \$2,000 for the same.

This was VOTED

Article 16: Motion: To accept this article as read.

It was understood the dimension was 25 feet by 200 feet.

This was VOTED

Article 17: Motion: by James W. Tucker that a committee of the Selectmen and Town Counsel confer with the Public Service Commission with relation to the commercial and household rate and service afforded by the Hampton Water Works Co., and inquire in the procedure involved in the purchase of the said utility.

This was VOTED

Motion: by Rev. Floyd G. Kinsley. Resolved that the Town of Hampton is emphatically opposed to the establishment of a horse racing track in the seacoast region, and that a committee be appointed to present this motion to the racing commission: This committee to consist of Edward S. Batchelder, Chairman of the board of Selectmen, George Ashworth, President of the Beach Precinct Commission, John W. Perkins, Edward S. Seavey, Charles E. Greenman.

It was VOTED to adopt this resolution

Motion: That the Seacoast Regional association give their support against horse racing.

This was VOTED

Motion: To send a vote of thanks to the American Legion for establishing the present honor roll in the square.

This was VOTED

**REPORT OF THE
COUNCIL ON POSTWAR PLANNING
IN HAMPTON
MARCH 12, 1946**

Perley J. Wheeler (deceased)

TO THE CITIZENS OF HAMPTON:

The Council on Postwar Planning in Hampton has the honor herewith to submit its report in the form and at the time agreed upon.

At the annual Town Meeting on March 13, 1945 the voters assembled set up the Council under the following motion: "To establish a Council on Post War Planning in Hampton for the purpose of gathering data and formulating recommendations for promoting the economic well-being of this town in the post war period. This Council to act in co-operation with all local, regional and state organizations in an effort to combine all existing plans for the future development of Hampton into one coordinated plan to be presented at the Town Meeting in 1946 for approval by the citizens of Hampton. Said report to include recommendations such as the following: industrial growth, veteran's rehabilitation, recreational development, public health and welfare, education and any other phase the council may wish to recommend."

A number of meetings of the Council were held throughout the year with members of the State Planning and Development Commission and Recreation Commission sitting with us.

Several subcommittees were established by the Council to carry out its work and from the individual reports of these subcommittees the accompanying report was built.

At its meeting on February 11, 1946, the Council drew up the bases for this report, which bases were subsequently approved by the Council.

The sudden cessation of hostilities in August brought upon us the realization that the Postwar era was already here and accounts for the fact that the report of the subcommittee on Veteran's Rehabilitation was approved by the Council and put into effect.

The further we went into the subject of Postwar Planning, the greater the magnitude and scope of such a study seemed to be. This report is far from being a complete study of the situation and the Council recommends that this report be referred to the permanent planning board of the

Town of Hampton for further study and action and that the State Planning and Development Commission be asked to assist in a comprehensive survey.

It is also suggested that this report be made a permanent part of the town records by printing it in the next town report.

It is our understanding that this concludes the work assigned to the Council on Postwar Planning in Hampton.

**VETERAN'S REHABILITATION
AND
PUBLIC WELFARE**

STATEMENT OF SITUATION:

As a result of the sudden termination of the war with

Japan in mid-August and with the accelerated demobilization of the armed forces now under way, that part of this committee's responsibility bearing on veteran's rehabilitation requires prompt consideration and action.

CONCLUSIONS AND RECOMMENDATIONS:

The sub-committee, after an analysis of the readjustment problems of the returning veteran, and of the services and facilities available through governmental and state agencies, recommends for immediate adoption by the General Committee the following proposal for the establishment of a community service for the returning veterans of the town: —

1. Responsibility to be delegated to qualified volunteers resident in Hampton to advise and/or direct to the proper established agencies returning veterans applying for information or assistance in the matters of —

- a. Employment
- b. Education
- c. Legal problems
- d. Insurance, medical and disability benefits
- e. Housing and family service

2. A brief statement of the purpose of the committee, the name and addresses of its volunteer advisors, and such other information as may be considered necessary or desirable, to be printed or mimeographed for distribution by the local Selective Service Board to returning veterans reporting out.

3. Responsibility to be delegated to a volunteer publicity agent for publicizing the activities of and services offered by the Committee.

4. Application to be filed with the Budget Committee of the United War Fund for financial assistance if such is found to be necessary to administer this proposed community service.

BUSINESS AND INDUSTRIAL DEVELOPMENT

STATEMENT OF SITUATION:

A survey of the business and industrial situation in Hampton reveals at once that a healthy growth is already in progress and the chief concern of our town should be that this growth be in the right direction. Care should be exercised to keep out enterprises which prosper through the exploitation of low-rents, low-wage scales, poor housing, and other evils prevalent in overpopulated and over-built cities and towns. The emphasis should be placed on attracting small business requiring skilled labor, natural resources, transportation facilities, equitable taxes and power rates.

The war years have provided a great influx of residents due to our close proximity to the Navy Yard. It is fair to assume that a large percentage of these civilians will desire to remain in Hampton if ample opportunity for employment is available.

RECOMMENDATIONS:

1. A statistical survey of the town be made to determine latest population figures, employment level, available labor, skilled and unskilled and unskilled, buying power.

2. Publication of a promotional booklet calling attention to the resources and advantages of Hampton as a residential and small business area. That any advertising of our industrial advantages be cautious and diplomatic, as general and flashy advertising often attracts undesirable industries.

3. That recreation publicity include some industrial advertising stressing chiefly our exceptional facilities for healthy and beneficial relaxation from labor, and our highly desirable environment in which to work.

4. That an adequate survey of present business establishments be made with a view to revising the present building code ordinances.

5. That the town consider the advisability of providing ample parking facilities in the center of Hampton.

PUBLIC WORKS AND HOUSING

STATEMENT OF SITUATION:

A public works survey in Hampton began reasonably enough with consideration of the present sewer system, its further extension, methods of sewage disposal and the possibility of the use of sewage for fertilizer.

The committee was in contact with William E. Stanley, Professor of Sanitary Engineering, Massachusetts Institute of Technology, who furnished many pertinent facts regarding the use of sewage as a fertilizer. Further investigation revealed that several large cities in the United States today are receiving considerable revenue from such a process. Professor Stanley also agreed to visit Hampton without charge to the town and inspect the sewage system and disposal with a review of possibilities of use of sewage for fertilizer and some definite suggestion as to the procedure and engineering studies desirable to develop a plan for the extension of the sewerage system.

Regarding the housing situation, a survey indicates at least three new developments for Hampton in the near future with the town facing a period of rapid growth in all sections.

RECOMMENDATION:

1. That the Town of Hampton consider the proposition of utilization of sewage as a fertilizer with a view to receiving some revenue out of the sewerage system to help reduce maintenance cost.

2. That the town secure the services of a competent sanitary engineer to plan the future extension of the sewerage system.

3. In order that the growth of the town be orderly and to maintain its attractiveness, a zoning ordinance be adopted to protect the present property owners and to induce new building.

4. An immediate investigation be made of the lack of proper water supply and pressure in the beach area.

5. That the obsolete sewer lines extending into the ocean that are visible be removed.

RECREATIONAL PLANNING AND DEVELOPMENT

STATEMENT OF SITUATION:

Hampton has a singularly bright future in the recreation field, but many things must be done before all the benefits possible are attained. There seems to be a widespread lack of understanding as to how much the State of New Hampshire has in mind for Hampton and there is an immediate need for keener appreciation of the problems by the general citizenry. Prompt attention to the future needs for Hampton is of paramount importance.

The recreation industry is a vital part of the economic structure of the Town. The growth of the recreation business depends upon the preservation and improvement of our natural assets, the maintenance and improvement of facilities for accomodation, entertainment, sports, and adequate and improved highway and transportation facilities.

The community responsible is primarily one of providing for the recreational needs of its residents as well as its summer tourists.

During the year members of the State Planning and Development commission and the Recreation commission met with us to discuss the State's plans for the future developments of Hampton Beach, which is recognized by them as the largest, single recreation center in New Hampshire.

The State of New Hampshire under the acts of 1941 and 1945 Legislature has appropriated \$225,000 for the breakwater to be built from a point near the Ashworth Hotel south to Haverhill Street and a fund of \$800,000 has been set aside for a new bridge and approaches over Hampton river. The Forestry and Recreation commission under its capital

improvement program has a \$225,000 plan for the development of the State reservation at the south end of the beach and have received an appropriation of \$20,000 toward its start. This plan was viewed by the council and highly approved.

It should be noted here that through the efforts of one of the members of the council, Rep. Raymond L. Goding the State Highway department is surveying a new cutoff through the town of Seabrook, which is entirely within the State of New Hampshire, to make a new southern artery onto the beach from U. S. Route 1.

Beyond these plans the State has nothing definite in mind for the future of Hampton and any future improvement must be instigated by the town. Here we quote from a letter received from Thorsten V. Kalijarvi, executive director of the State Planning and Development commission, "Your purpose of combining all existing plans into one unified plan of development in postwar years is highly laudable and the one sane approach to Hampton's problems."

RECOMMENDATIONS:

In order to promote our recreational program to the fullest it is recommended:

1. That the town seek the cooperation of the State Planning and Development commission in the development of a unified plan for Hampton to include the best features of all existing plans, such as the Manning plan.
2. That immediate consideration be given to the building of an airport at the beach to meet the needs of air-minded vacationists.
3. That immediate attention be given to restoring Tuck Field and its facilities to proper condition.
4. Every effort be made to utilize the natural facilities with which our town is particularly blessed and to provide

such developments as will increase their usefulness to more people.

5. Every effort be made by community leaders to stimulate programs such as sports contests, fairs, pageants, and celebrations where such programs will require community participation.

Town Clerk

NEW HAMPSHIRE DIRECT PRIMARY

Notice to Voters:

The Direct Primary will be held in the voting place in Hampton, N. H., Tuesday, August 6, 1946, beginning at 10 o'clock for the nomination of candidates for the following offices:

Governor, Representative in Congress, Councilor, Senator, Sheriff, County Solicitor, County Treasurer, Register of Deeds, Register of Probate, 3 County Commissioners, Representatives to the General Court, Moderator, Supervisors of the Checklist, Delegate to State Convention.

WILLIAM BROWN

Town Clerk.

RESULT OF PRIMARY

August 6. 1946

Meeting was called to order at 10 o'clock A. M. by the Moderator, John W. R. Brooks, the call of the meeting was read by the moderator after the appointment of Ballot Clerks who were, Clinton H. Durant, Charles Raymond, Charles F. Adams, Solon Gremmels, Robert Brown, Ernest W. Towle, Willard Emery. These men having been sworn to their duties there was a motion to close the polls at 7:30 P. M.

This was VOTED

The moderator then called for ballots which were given to the ballot clerk by Town Clerk William Brown. Votes were then called for by the moderator.

REPORT BY SELECTMEN

In accordance with a Vote passed at the last Town Meeting the Selectmen and Town Counsel, early last Spring, conferred with the Public Service Commission relative to the services and rates of the Hampton Water Works Company; the engineers of the Public Service Commission made an extensive study of the situation during the Summer months and submitted a detailed report. The following is a copy of a final report submitted to the Town by the Public Service Commission:

NEW HAMPSHIRE PUBLIC SERVICE COMMISSION

Engineering Department

UTILITY:	Field Inspection:	July 17, 1946
Hampton Water Works Co	First Report:	Aug. 12, 1946
	First Report Summary:	
STUDY:		Sep. 12, 1946
Investigation of Plant and Service.	Second Report:	Dec. 19, 1946
	Memorandum on Company Prelim:	Dec. 26, 1946
SUBJECT:	Company Proposal	
Report on Company Proposed 1947 Improvement Program	Received:	January 15, 1947
	Report on Company Proposal:	January 29, 1947

REASON FOR THE REPORT:

To answer your questions on the 1947 construction program submitted by the Hampton Water Works Company, on Jan. 15, 1947.

QUESTIONS	ANSWERS
1. Will the proposed program improve the system deficiencies for summer peak load?	YES
2. Will the 1947 program require an increase in rates?	NO
3. Should the proposal be accepted?	YES

Summary of the Company Proposal:

1. Lay a new 12" main along Mill Road from the Hampton Village standpipe to the Mill Road — High Street corner.

2. Lay a new 10" main along High street from the end of the present 8" main near Mace Road, to the present 8" main in King's Highway at North Beach.
3. Lay a new 10" main at Great Boar's Head along Cliff avenue and into the standpipe to provide a second fill line for the Great Boar's Head standpipe.
4. Clean the present mains along Atlantic Avenue, along Ocean Boulevard from Little Boar's Head to Marsh Avenue and along Marsh Avenue.
5. All of the above work to be done in 1947, as much of it as possible before the summer season. All of the above lines to be cement lined Cast Iron, or Cement Asbestos.
6. Install valves or pressure controls at the Village standpipe and at the High Street—King's Highway corner so that the increased pressures from the booster pump can be directed to Hampton Village and the Great Boar's Head standpipe. Controls to meet with Underwriter's approval.
7. Install a booster pump in the new 12" line at Mill Road. Pump rated at 750 gpm against a 60' head. The pump has been ordered since 1946 but the delivery date is uncertain. It will be installed as soon as received.
8. The present Plaice Cove, North Hampton, Rye, Straw Point side of the proposed system will be carried by the Hampton Village standpipe and the Jenness Pumping Station.

Results to be Expected:

1. When the new pipe lines have been laid, the cleaning of the present mains completed and the controls (No. 6 above) installed, the pressure at Dumas Corner, when the Village standpipe is full, should be 25 pounds higher for average summer flows than it was before the changes.
2. The same improvement in pressure will carry through the system south of Dumas Corner.
3. The water level in the Great Boar's Head standpipe and the times when the standpipe can be filled by the system with the resulting improvement in South Loop pressures will also be increased.
4. However, a major improvement in pressure and volume peak day, peak hour loads should not be expected until the booster pump has been installed. Then with the proposed 1947 construction program completed the following results may be expected for the main lines:

(a) Pressures at the low point on the South Loop mains should be between 45 and 75 pounds depending upon variables of coincident peak demands, booster pump cut-in point and head in the Great Boar's Head standpipe.

(b) It is estimated that with the booster pump on the line and the low water level of the Great Boar's Head standpipe raised from elevation 90. to around elevation 125. the standpipe and pump together will be adequate for anticipated peak hours of peak days.

(c) Fire flows have not been developed in these studies but starting with a full Great Boar's Head standpipe and the booster pump operating, the two together will supply a fire pumper with 1,000 gpm. for five hours. The combined well pumps starting with a full Village standpipe can keep up with this draft. This will be a real improvement over past conditions although not up to the 3,000 gpm. flow that would be preferred by the New Hampshire Board of Underwriters, consequently there will probably be no change in insurance rates.

5. These anticipated results after the 1947 program is completed are the reasons for saying the existing deficiencies under summer peak load will be improved.
6. With reference to the present Plaice Cove, North Hampton, Rye, Straw Point side being cut off from the new booster pump, the Village standpipe and Jenness pump should supply this section adequately.

Reasons for Recommending Acceptance:

In recommending acceptance of the Company's 1947 construction program proposal consideration has been given to the following major points:

1. The primary deficiencies in the present system of the Hampton Water Works Company occur only during the short summer season. Consequently any major construction expenditure to correct summer deficiencies would impose a heavy rate schedule on all consumers.
2. The 1947 program will effect real improvement in those deficiencies.
3. There is no anticipated increase in rates in connection with this program.

TOWN WARRANT FOR 1947

TOWN OF HAMPTON

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs :

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday, the 11th day of March, at Ten o'clock in the forenoon to act upon the following subjects :

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

Article 3. To raise such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases against certain or all lease owners leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$444.99 for State Aid roads, if the State contributes \$1779.94.

Article 8. To see if the town will vote to raise and appropriate for the issuance and distribution of printed matter for advancement of the interests of the town, its resources and natural advantages and to assist in the promotion of developments for the benefits of the town in co-operation with other towns coordinated in the Seacoast Regional Development Association the sum of \$600.00.

Article 9. To see if the town will vote to authorize the Selectmen to take legal action to determine the ownership of and the rights of the town in the land at North Beach just north of the Coast Guard station and known as the fish houses.

Article 10. To see if the town will vote to raise and appropriate the sum of \$3,000. to be used for sewer extensions.

Article 11. On petition of Dean B. Merrill and twenty-eight other legal voters: To see if the town will vote to authorize the Selectmen to engage engineers to make engineering studies, surveys and such other preliminary steps as may be necessary in the town of Hampton for the extension of the sewerage system to the main part of the town, and to make application to and accept from the Federal Works Agency of the United States Government a loan or advancement to cover the costs of such engineering expenses; and that a committee of four be appointed to work with the Selectmen.

Article 12. On petition of Hamptons' Post No. 35 American Legion and fifty legal voters to see if the town will vote to legalize baseball and other sports on Sunday.

Article 13. To receive the report of the Planning Board.

Article 14. On petition of Raymond L. Goding, as President of the Hampton Beach Chamber of Commerce, to see if the town will vote to raise and appropriate the sum of \$7500. to remodel and repair the bandstand at the Beach; and to build, install and paint the necessary seats adjacent to the bandstand for the convenience of the audience.

Article 15. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 24th day of February in the year of our Lord 1947.

REPORT OF SPECIAL AUDITOR

To the Selectmen and Auditors
of the Town of Hampton, N. H.

Gentlemen:

I have completed an audit of the Books, Accounts and Records of the Town for the year ended December 31, 1946 and as a result of the findings, I submit herewith this report, which sets forth the operations for the period under review, also, a Balance Sheet as at December 31, 1946.

The attached exhibits are as follows:

"A" Balance Sheet as at December 31, 1946.

"B" Summary of Inventory April 1, 1946.

"C" Schedule of Town Property December 31, 1946

"D" Report of Outstanding Debt December 31, 1946.

"E" Statement of Receipts and Payments for the Year ended December 31, 1946.

"F" Detail of Appropriations for the Year ended December 31, 1946.

"G" Detail Statement of Payments and Summary showing the Receipts and Payments to be in balance, December 31, 1946.

Schedule No. 1—Police Dept. Payroll.

Schedule No. 2—Highway Dept. Payrolls.

Schedule No. 3—Parking Space Payrolls.

Schedule No. 4—Special Activities Payrolls.

Schedule No. 5—Comfort Dept. Payrolls.

ASSETS

The cash in the Treasury December 31, 1946 (\$48,362.39) was verified by a reconciliation of the Receipts and Disbursements as disclosed by the Cash Book with the Deposits and Withdrawals as listed on the Bank Statements.

The outstanding 1945 Taxes were checked with individual

amounts as entered in the Tax Collector's Commitment Book and Valuation Book, reflecting a total of unpaid 1945 Property Taxes of (\$11,062.57.)

The outstanding Tax Sales of Previous Years (\$370.36) and Land Rents of \$585.00 were verified, and found to be correct.

LIABILITIES

The Outstanding Bonds aggregating (\$38,300.00) were verified, and found to be correct.

Exhibit "A"—Statement of Increase of Net Debt, as follows:

Net Debt December 31, 1946	\$19,578.69
Net Debt December 31, 1945	\$23,734.06
Decrease of Net Debt, Year Ended December 31, 1946	\$4,155.37

GENERAL REMARKS

The Summary of Inventory April 1, 1945, was examined with the Individual items as set forth in the Valuation Book.

In connection with the Exhibits of the Report, a careful examination was made of the various accounts and in my opinion, the Statements attached set forth a correct report of the Operations, for the period under review.

Respectfully submitted,

SANFORD G. YORK,

Public Accountant.

AUDITOR'S REPORT

I hereby certify that I have audited the Books and Records of the Town of Hampton for the year 1946 and that the following exhibits and schedules are in accordance with the Books, Records and Accounts of the Town of Hampton as at December 31, 1946.

SANFORD G. YORK,

Public Accountant.

ELMORE DEARBORN,
CHARLES E. GREENMAN,
FRANK E. JAMES,

Auditors.

LIBRARY REPORT

REPORT OF LIBRARIAN

I hereby submit the following report of Hampton Public Library from January 1, 1946 to December 31, 1946.

Number of volumes added by purchase	433
Adult Fiction	232
Adult Non-Fiction	110
Juveniles	91

Several gifts have been received.

Circulation

Adult Fiction	9896
Adult Non-Fiction	1715
Juvenile Fiction	2555
Juvenile Non-Fiction	610
Book Circulation	14,776
Magazine Circulation	2258
Books and Magazine Circulation	17,034

On May 25 a Seacoast regional meeting was held at Exeter with Mrs. Pirnie as chairman assisted by the librarians of Portsmouth and Hampton. Miss Pratt of the State Library showed pictures of the bookmobile service. Mr. Folds of Phillips Exeter talked on art in the library and Mrs. Leavitt of Exeter gave reviews of several new books.

Book Week was observed from November 10 to 16, with the theme for the poster being "Books are Bridges." Miss Whitney's grade was entertained at the library with a talk on this subject and a display of new juvenile books.

Balance of Fine Money	\$42.29
Fines Received	75.94
Necessary Expenses	61.98
Balance	56.25

MARGARET S. NOYES,

Librarian.

SCHOOL WARRANT

To the legal voters of the School District of the Town of Hampton, N. H.:

You are hereby notified to meet at the Centre School in said Hampton on the 7th day of March 1947 at 7:30 o'clock in the evening to act upon the following articles of business:

1. To elect a Moderator for the ensuing year.
2. To elect a Clerk for the ensuing year.
3. To elect a Treasurer for the ensuing year.
3. To elect an Auditor for the ensuing year.
5. To elect one member of the School Board for the ensuing three years.
6. To raise and appropriate such sums of money as may be deemed necessary for the support of the schools of the District for the year beginning July 1, 1947.
7. To see if the District will vote to raise and appropriate the sum of \$4500.00 for increased teachers' salaries during the current year, such money to be made available before July 1, 1947.
8. To see if the School District will raise and appropriate \$500.00 for landscaping the high school grounds.
9. To see if the School District will raise and appropriate \$1000.00 for improving the artificial lighting system at the Centre School.
10. To pass any other vote or votes which may legally come before this meeting.

In witness whereof we have hereunto set our hands and seals this 20th day of February, 1947.

O. RAYMOND GARLAND,
DEBORAH GALE BRYER,
HAROLD PIERSON,

School Board of Hampton, N. H.

A true copy of the warrant, Attest:

O. RAYMOND GARLAND,
DEBORAH GALE BRYER,
HAROLD PIERSON,

School Board of Hampton, N. H.

To be Raised By Taxation			\$72,631.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Hampton :

I herewith submit to you my sixteenth report as Superintendent of your schools. The statistical reports included are copies of the figures deposited with the State Board of Education for the fiscal year 1945—1946, the last completed school year. In addition, the enrollment by grades as of September 1946 and the latest school census will be included. The report of the School Treasurer and the statement of the bond account are also included.

The current year began on Monday, September 9, 1946 with an initial enrollment of 482—an increase of nine over the corresponding figure last year. Of this number 196 were enrolled in Hampton Academy and High School, 71 of whom are tuition pupils from the districts of Rye, North Hampton and Hampton Falls. There are also registered 17 tuition pupils in the Junior High school. The larger the pupil enrollment the more diversified a program can be offered and to this extent the more individualized the work of the school. We are, therefore, pleased by the increased registration.

In accord with the expressed wish of the people and the vote at the School District meeting of 1946, Hampton is one of the few schools in New Hampshire which has a full time Physical Education Director for all grades and through the senior high school. This is a definite step in advance. Mr. John Peterson, a graduate of Springfield College and with graduate work in the field of Physical Education is in charge of this work. He was chosen from a number of candidates as the teacher with the most practical experience and with the most purposeful program. He has the confidence of all who work with him in the schools of the district. The first year of any newly introduced department presents many difficulties and requires much reorganiza-

tion. With the cooperation of the teachers, principal and headmaster these difficulties have been minimized and, we believe, a successful first year will be the result.

That the program might allow pupil time for the new Physical Education service, it became necessary to add a teacher to the High School staff. Mr. Elton Smith, a graduate of New Hampshire University was employed as a Social Studies teacher. Miss Priscilla Tinkham, a Boston University graduate is instructor in the Commercial Department, Miss Jean Peterson, also a graduate of Boston University is a replacing teacher in the Social Studies Department. Mrs. Annie Slaney, a teacher of successful experience in several Massachusetts schools, has been employed as a second teacher in the Language Department. We are especially pleased to welcome back two former teachers after service in the armed forces: Mr. Weston Root, now appointed submaster and Mr. Forrest Parker, instructor in Mechanic Arts.

The Centre School finds but two changes of personnel. Mr. Noel Salomon, a graduate of Dartmouth College, takes his place on the Junior High school staff. Mrs. Frances Chevalier, a teacher with successful experience in the schools of Charlestown and North Hampton came into this district to work with the second grade.

The Centre School is a participant in the Federal School Lunch Program. I believe it has been entirely successful. It has meant several minor changes in the daily program of the school but the cooperation of the entire staff has resulted in a service which is commended by state officials as well as the parents. A complete lunch as outlined by the federal lunch directors costs each pupil thirteen cents. The program contributes six cents additional. The federal government through the State Board of Education and Agricultural Department directs the composition of the lunches. All programs are subject to inspection by their supervisors. This lunch includes a meat dish, or meat substitute, a vegetable,

bread and butter and a small bottle of milk. The same group may be purchased without milk. Through the last week in January we have served 11,172 meals and in addition 1,470 bottles of milk. Of this total, 1,827 were served free with the aid of the Red Cross and the local Parent Teacher Association. One half of the cost of equipment is paid out of federal funds.

Two objective methods of measuring school efficiency are tests duly standardized and the reports coming back to us from schools which our pupils later attend. By both standards Hampton schools are successful schools. The Metropolitan or Stanford tests are regularly used to check the achievement of our pupils. There are, however, other benefits derived by our pupils which are not objectively measurable. Development of personality, health habits, leadership, cooperation and character are as important. These must be earned by the pupil but they can be acquired more surely under the guidance of skilled teachers. All so-called extra curricula activities are fundamental to training in such traits. The various school clubs, student programs and individual teacher-pupil conferences have values which are known and utilized by skilled instructors.

Education, as a whole, is facing grave financial problems. With increased costs on every hand, salaries of all employees must increase if we are to retain our standards. Only districts which keep their salary scale on a comparable basis with districts of similar financial and educational standards can expect the service which is due their children. Supplies and equipment have gone up in price considerably. We are told an increase of forty percent will be in effect next year. At the same time increased demands are being made upon education. The tax upon real estate, at least in most towns and cities is large. It seems to many people that most of the increased cost should come from a larger unit of revenue. The New Hampshire General Court appointed an Interim Commission to study the entire school system. Its recommendations will go to the General Court as will a

plan of the State Board of Education. If either of these plans is approved the towns and cities will receive assistance to offset the increase in cost which must be faced. Until such time as this aid may be available, there seems no alternative but to increase our budget.

The trustees of Hampon Academy have always been eager to assist the school in securing equipment which should render valuable service to our pupils beyond the minimum essentials. Since the construction of the new school, equipment has been furnished for Commercial, Mechanic Arts and Physical Education departments. During the past year, through their generosity, bleachers were installed in the gymnasium which allowed larger attendance at the basketball games.

The district is constantly adding to the equipment of the Mechanics Arts Department. There are now eighteen machines in the school, seven of which have been given us by the Surplus Commodities Corporation. We have also received from this source, numerous small tools. The list of machines follows:

One 10" circular saw, one 14" band saw, one 4" jointer, four drill pressers, two hand millers, three 10" lathes, one surface grinder, one tool grinder, one shaper, one welder, two wood turning lathes.

With this equipment we believe Hampton Schools are offering a good course with a skilled instructor.

Hampton Academy and High School is offering our children five regular courses of study. These are Academic, Scientific, Commercial, Home Economics and Vocational. This variety of courses is meant to meet the requirements of every child who attends our school. I believe the school is a credit to Hampton. I know its standing in the state is that of an approved Grade A high school.

The directory of teachers is included herewith. The salaries printed are those of the present schedule. They include

the withholding tax which is deducted by the school office. It will be noted that the staff of twenty-three teachers consists of seventeen graduates of recognized colleges, four normal school graduates, one graduate of the Boston School of Art. With the resignation of Mrs. Harding as physical instructor for the high school girls, Mrs. Dorothy Root consented to carry on this activity. Our thanks is due her for helping out in a difficult situation.

The report of the Headmaster of the Hampton Academy and High school, the Principal of the Centre School and that of the Supervisor of Music are included herewith.

The immediate welfare of the schools is under the direction of a school board which has the welfare of its pupils as its guide. Under its guidance the schools will keep pace with the ever increasing services of schools everywhere. For their continued advice and help I express my appreciation.

Respectfully submitted,

ROY W. GILLMORE,
Superintendent of Schools.

February 10, 1947.

REPORT OF HEADMASTER
HAMPTON ACADEMY AND HIGH SCHOOL

Dear Mr. Gillmore :

I herewith submit my sixteenth annual report as Headmaster of Hampton Academy and High School.

The total enrollment of the school so far this year has been 200 which is the largest it has ever been. I would anticipate a slight increase next year, partly due to new building and partly due to a graduating class of thirty-seven being replaced by an entering class of over fifty. This year our entering class was fifty-seven. We will need to make allowances to increase our equipment.

Our attendance for the last completed year was 94.64% which I consider good. Tardiness continues to trouble us, but a new ruling of the State Board of Education not to call pupils on buses tardy, will help. Unexpected icing conditions during the winter has been a handicap.

Last year we graduated a class of thirty-four. Seven are attending college, six go to Business Schools, one Art schools, two Training schools, one Nursing school, four entered the Armed Forces, eleven are working, and two are at home. Thus half of the class are continuing their education. Of the reports I have so far received, none of our graduates who entered other schools are having serious difficulty in maintaining a satisfactory scholastic achievement.

Our building is in excellent condition. We appreciate the work of our janitor in keeping it neat and clean. The new bleachers that were purchased by the trustees have worked out fine. They have increased our seating capacity by about one hundred and all can see. We are grateful for them.

We have added a new department of physical education, presided over by Mr. John G. Peterson. I am pleased to report that we are moving forward in it steadily. The pupils

like the work and a lot has been accomplished. In the spring we plan a demonstration to which the public will be invited. It has been difficult to get equipment, but gradually we find a solution.

Our vocational department has improved remarkably under Mr. Forrest Parker. We have the most effective shop program we ever had.

I especially wish to say that we have an excellent teaching staff. They give freely of their time to carry on our many activities. I hope it will be possible to maintain them in their present positions.

Whether we like it or not we find music in competition with other activities for the time and interest of our pupils. We are able to get the vocal work into the regular program. Band and orchestra have to meet at night. It is not satisfactory, but at present seems necessary. We will need to try experiments while seeking a more satisfactory solution. If we are to have effective musical organizations, we must have the cooperation of all concerned. The following suggestions would help. More instruments to start pupils on, more public performances and encouraging the taking of individual lessons.

Our courses of study are adequate to meet our needs. There are no changes I would recommend at present. I do believe there should be a larger proportion of our girls taking the home economics course. It is the best course for girls who do not expect to go to college.

Some time in the near future we should give serious consideration to the establishing of a cafeteria. There are over one hundred pupils who carry their lunch or get it down town.

While there are some things we are not satisfied with, I feel we have an excellent school. I want to thank you for the assistance you have given us.

Respectfully submitted,

BRUCE E. RUSSELL,

Headmaster.

REPORT OF THE PRINCIPAL
OF THE CENTRE SCHOOL

To the Superintendent of Schools of Hampton :

I herewith submit my report for the period of January 1, 1946 to January 1, 1947.

January 1, 1946 to June 14, 1946.

The winter activities were highlighted by a very successful basketball season for the boys. In regular eighth grade competition only two games were lost, one to Derry and one to the Portsmouth Junior High. Both of these teams were defeated in return games. In addition the Junior High was able to win four games from strong freshmen clubs including Exeter High. Four games were provided for the second team boys.

The girls also organized a team under the direction of Miss Nelson and Miss D. Perkins. The boys were played and one of two groups of high school girls. No practice facilities were available for this group but a fine showing was made.

A new service was offered in April to the students and parents of the eighth grade. Mr. Moye, a guidance expert, advised on the basis of aptitude, achievement, and interest tests as to the proper high school courses to be taken.

On the 17th of May, the eighth grade under the direction of Miss Nelson presented "The Whispering Room" in the high school auditorium. Dancing was enjoyed after the play.

The boys had an exceptionally good baseball season defeating all opponents. St. Patrick's and Phillips Exeter Academy team, both ninth grade clubs, won their first games with Hampton but Hampton turned the tables in return games. The Exeter Junior High was defeated twice.

Intramural softball games were played by the girls of the Junior High. Attempts were made to play other schools but very little is done in the seventh and eighth grades in nearby schools and no opponents could be scheduled.

The playground equipment was repaired and additions made.

Good use was made of the Sound Projector and weekly programs of educational films were presented. Suitable Memorial Day exercises were held on May 29th.

The American Legion awards at the closing day exercises went to, first place tie, Bernard Campbell and Neil Harvey, runner-up, for the boys, Hugh Janvrin. First place, girl, Ruth Walker, runner-up, Elizabeth Ann Janvrin.

A new carpet for the stage was presented to the school by the outgoing eighth grade. A cyclorama was finally obtained; given to the school by the classes of 1945 and 1946.

Regular physical education classes were held for both the boys and girls of the Junior High for the entire school year two periods a week. The boys' physical education was in charge of Clifford Eastman and Mr. Lough. The girls were directed by Miss Nelson and Miss D. Perkins.

September 9, 1946 to January 1, 1947.

On September 9, 1946 two hundred and one pupils registered in the first six grades. Eighty four pupils registered in the seventh and eighth grades, making a total of two hundred and eighty-five. The registration was two less in the first six grades than of September 10, 1945 but the Junior High registered two more than in September 1945 making the total registration the same.

The usual fluctuation of pupils entering and leaving has taken place. The active registration of January 1, 1947 is as follows:

Grade 1, 28; 2, 37; 3, 41; 4, 34; 5, 32; 6, 26; 7, 41; 8, 41 — 280.

There was one teacher change in the first six grades. Mrs. Chevalier of North Hampton succeeded Mrs. Berry as the second grade teacher. In the Junior High, Mr. Salomon replaced Mr. Hill. Mr. Parker returning from the service took up his old position as Manual Arts instructor, succeeding Mr. Lough. The list of teachers and their assignments follow:

Grade 1, Miss Marston; 2, Mrs. Chevalier; 3, Mrs. Carter; 4, Miss Ada Perkins; 5, Miss Whitney; 6, Miss Bartlett; Mrs. Coombs, Music 1-6; Miss Martin, Art 1-6; Mr. Peterson, Physical Education Supervisor 1-6.

JUNIOR HIGH:

Miss Nelson—Seventh and eighth grade English; Eighth grade Math; Junior High Girls' Physical Education; Junior High Girls' Athletics; Eighth grade Dramatics. ..

Mr. Salomon—Seventh and Eighth grade Social Studies.

Mr. Eastman—Seventh Grade Math; Seventh and Eighth grade Gen. Science; Junior High boys' interscholastic athletics; Principal.

Mrs. Carlin—Seventh and Eighth grade home economics; junior high girls' Physical Education; junior high girls' athletics.

Mr. Parker—Seventh and Eighth grade manual arts.

Mrs. Coombs—Music; grades seven and eight.

Miss Martin—Art; Grades seven and eight.

Mr. Peterson—Seventh and eighth grade Physical Education.

THE CORRECT SPELLING system and the ZANER BLOSER system of Penmanship which was placed in operation in September 1945 has proven itself. It was felt that by starting with one method and following through the entire system best results would be obtained.

There has been a decided drop in the sale of Savings Stamps and Bonds in the school. This program has the whole hearted support of the Federal Government and the State Board of Education. Sales for the school year to date

have totaled only \$107.05, a drop from last year's total at this time of \$615.70.

The teachers of the first six grades under the supervision and instruction of Mr. Peterson have conducted regular Physical Education classes. The program is proving to be a very popular one.

A special program was put on by all the grades to commemorate Armistice Day. Suitable exercises were held to observe Thanksgiving. Under the direction of Mrs. Coombs and with the aid and assistance of all the teachers a Christmas Pageant was presented.

A new noon lunch program taking advantage of Federal Aid was placed in operation under the direction of Miss Whitney in September. This program has necessitated considerable adjustment of the time table because of the number taking the noon lunch and the large number bringing lunch, and our limited capacity to seat in the lunchroom.

Experimenting and adjustments are still being made but it is hoped a smooth and efficient system will evolve which can be placed in operation another year with a minimum of interference with the regular school program.

A new program in testing was introduced in October. knowledge of the pupils. In the spring the achievement tests will be given again. By comparing the results of the two tests the progress of the pupils may be measured.

Among the many repairs during the summer were; the Library, Room 10 and Room 5 which were completely done over. A new buzzer was installed on the boys' side to replace the old worn out one.

In closing this report may I thank you, Mr. Gillmore, the members of the school board, the teachers, the pupils, Mr. Hobbs, Miss Smith, Mrs. Hammond, and all others who have helped to make the past year a successful one.

Respectfully submitted,
CLIFFORD H. EASTMAN,
Principal.

MUSIC DEPARTMENT

Dear Mr. Gillmore:

I submit the following report of activities in music in the Hampton schools during 1946.

The work in the elementary grades has been carried on as usual. In September of each year, I place in the hands of each teacher, an outline of the work to be accomplished during the year. This plan includes work done in rote music, reading, rhythm work and music appreciation.

The work in the Junior High School has consisted of music reading in preparation for high school classes.

The High School vocal classes consist of girls' and boys' glee club and mixed chorus. The organizations have performed for Woman's Club, Men's Club, PTA, a church service, a radio program during the year. Fourteen members of these groups attended the four day festival at New Britain, Connecticut, last March.

The Band and Orchestra have participated in the usual activities. The Band also participated in the Music Festival at Gloucester in May. The Orchestra has had great difficulty in keeping itself alive, but has also played in several programs. The Band gave an outstanding performance on November eleventh when the town gave an official "Welcome Home" to returned veterans.

The Orchestra and Choral groups have performed as usual for graduation.

For the splendid material and kind cooperation I have continually received from you, Mr. Gillmore, and the Board of Education, I sincerely thank you.

Respectfully submitted,

ESTHER B. COOMBS,

Director of Music.

REPORT OF SCHOOL NURSE

Following is the report of health work in the Hampton Schools:

Physical examinations this year by the school physician, Dr. Wayne Bryer, will include grades one and five at the Centre School, and grade nine at the High school. In conjunction with the new physical education program, we hope eventually to include physical examinations on all high school students as a guide in corrective physical education. We follow up and correct physical defects whenever possible.

The audiometer was used in the spring for hearing tests in grades four through twelve.

Dr. Harold Pierson is dentist in charge of the annual dental clinic. Two hundred and fifty-four children were examined at school, and the dental repair is done each Thursday morning in Dr. Pierson's office. This year we are giving fluorine tablets in school to students whose teeth it may help.

The school is indebted to the Hampton Red Cross for financial aid in many fields. This organization supplied us with funds for dental repair in the clinic, the fluorine tablets, eye glasses and eye examinations. It also provides funds for hot lunches and milk under the new school lunch program to a limited number of students. We are grateful for its aid in carrying out our health program.

Respectfully submitted,

FRANCES SMITH, R. N.

January 20, 1947.
