TOWN CLERK'S REPORT

TOWN WARRANT FOR 1949

TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday, the 8th day of March, 1949, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, and three Auditors.

Article 2. To chose all other necessary officers for the ensuing year.

Article 3. To raise such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases against certain or all lease owners leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$446.39 for State Aid roads, if the State contributes \$1,785.55.

Article 8. To see if the town will vote to adopt a zoning ordinance for the Town of Hampton, the same having been prepared by the Planning Board in accordance with a vote of the town, a copy of said proposed zoning ordinance being attached hereto and marked Exhibit A.

(This question appears on the Australian Ballot)

Article 9. To see if the town will vote to raise and appropriate the sum of \$1,000. for the purchase of new fire hose for the fire department.

Article 10. To receive the report of the Sewer Committee and to see if the town will vote to accept the same and authorize the Sewer Committee to continue in office.

Article 11. On petition of Alton P. Tobey and nine other legal voters to see if the town will vote to raise and appropriate the sum of \$500. to begin a Christmas lighting project for the business section of the town under the supervision of a committee consisting of Mr. Harold Winchester, Mrs. Ruth Perkins and Mrs. Gertrude Lougee.

Article 12. On petition of Victor A. Bogrett, Jr., and ten other legal voters to see if the town will vote to accept a deed from Douglass E. Hunter of a certain tract of land to be used as a public way, said tract being feet wide and commonly known as ANN'S TERRACE and extending southerly from Ann's Lane 600 feet.

Article 13. To see if the town will vote to raise and appropriate for economic advancement of the town through publicity and promotional services of the Seacoast Regional Development Association, in co-operation with other regional communities, a sum not exceeding one one-hundredth of one percent of assessed valuation, namely \$766.00.

Article 14. On petition of Charles E. Filley and fourteen other legal voters to see if the town will vote to appropriate enough money to place a fire hydrant on Hobbs Road to be located half way between High Street and Mace Road.

Article 15. On petition of Wiewar L. Rowell and fifteen other legal voters to see if the town will vote to raise and appropriate the sum of \$500. for the extension of the concrete sidewalk on the north side of Winnicunnett Road, easterly from the termination of the present sidewalk in front of the estate formerly of Lamprey, now of Weeks.

Article 16. On petition of Charles E. Filley and sixteen other legal voters to see if the town will vote to appropriate enough money to finish and tar Hobbs Road.

Article 17. Upon petition of Myron J. Norton and nine other legal voters of the town of Hampton, to see if the town will vote to accept Norton Road, so called, in said town of Hampton.

Article 18. To see if the town will vote to raise and appropriate the sum of \$3,500. for the purchase of a compressor for the Sewer Department.

Article 19. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 19th day of February in the year of our Lord 1949.

RESULT OF TOWN MEETING

March 8, 1949

The meeting was called to order at 10:00 a. m., by the Moderator, John W. R. Brooks. Warrant was then read by Moderator after which Prayer was then offered by Rev. Herbert Walker.

A Prayer for Town Meeting:

Almighty God, Creator and Ruler of the universe; we thank Thee for our beloved country, and especially for this little bit of it that we call our home. We are grateful for its beautiful expanse of ocean; for its schools and churches; its well kept streets and fine homes; its varied and useful public services of health and protection, and above all we thank Thee for its free citizenship.

Here we are at liberty to think and speak, and act within the bounds of our constitutional and human rights. May we cherish and defend, as we do our lives, this demonstration of free government — The New England Town meeting.

We invoke Thy blessing upon all the citizens of Hampton. Grant unto us in this annual Town Meeting the spirit of wisdom, honest and unselfish purpose. May those whom we choose for office regard themselves, not as our masters, but as servants of a public trust; and their office as a privilege of service and not a place of power and profit.

As citizens and voters help us to be more eager to use and administer wisely and justly, rather than spend and squander other people's money.

Spare us we pray Thee from the intolerance and bitterness of minorities and free from the complacency and ar-

rogance of majorities. May we rather seek ways of co-operative action that shall serve best the interest of our whole community and of all the people.

Thus shall we honor the "Founding Father" and insure a goodly heritage for those to whom the future of our town belongs.

In the name of Christ, Amen.

Ballot clerks were then appointed, who were Arnold Palmer, Elmore Dearborn, Clinton Durant, John Scruton, Clarence Shaw, Fred Blake, William Hill, Minnie Philbrick, Solon Gremmels.

Ballots were then given to Ballot Clerks and votes were then called for.

RESULT OF SPECIAL TOWN MEETING

April 7, 1949

The Warrant for the call of the meeting was read by the Moderator John W. R. Brooks, after which the meeting was declared open for business.

Remarks by John W. Perkins in regard to the meaning of the meeting, he explained what it means to build a new building at this time as regards expense, and the amount the town would be able to raise for this project, after which John W. Perkins made a

Motion: That a committee be appointed to study the needs of the Town for offices, Police Station, Fire Station, Municipal Court, Town hall and Community Center. To study the approximate cost of the various projects and the financial ability of the town to pay for same, having regard to future needs of the town and the School District; to prepare plans for such of the projects as the committee deems desirable, having regard for future additions, to prepare and present to the New Hampshire General Court a bill authorizing the town to exceed in present debt limit if such authorization seems advisable, and to take any other steps the committee deems necessary in connection with this study and to report at another Special Town Meeting, and I nominate as such committee, George H. Sumner, Elroy G. Shaw, Harry D. Munsey, Mrs. Olga Casassa, Mrs. Mary Howe, Kenneth N. Ross, Kenneth Langley, Dean B. Merrill, Robert White, Charles E. Greenman, Harold E. Noyes.

This motion was duly seconded by Harry D. Munsey and was VOTED.

Motion: To adjourn, duly seconded.

This was VOTED

Respectfully submitted,

WILLIAM BROWN,

Town Clerk.

WARRANT FOR A SPECIAL TOWN MEETING

June 10, 1949

TOWN OF HAMPTON NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham and said state, qualified to vote in town affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton on Friday the 10th day of June, 1949, at 7:30 o'clock P. M., Eastern Daylight Saving Time, to act upon the following subjects:

This meeting is held in accordance with a decree of the Superior Court, in and for the County of Rockingham dated May 23rd, 1949, which said decree gives this Town meeting the same authority as an annual Town Meeting.

1. To receive the report of the Building Committee and take any appropriate action in connection therewith.

2. To see if the Town will vote to construct and originally equip and furnish a Town Office Building and Auditorium-Gymnasium, to be constructed on or near the site of the old Town Hall, and appropriate therefore a sum not exceeding Two Hundred and Fifty Thousand (\$250,000) Dollars and determine the manner in which such appropriation is to be raised, whether by taxation, by transfer of available revenues, by borrowing or otherwise, and if it is determined to borrow, authorize the issue and sale of bonds of the town.

3. In the event that the proposition under Article 2 is not voted, to see if the town will vote to construct and originally equip and furnish a town office building, to be constructed on or near the site of the old Town Hall, and appropriate therefore a sum not exceeding One Hundred and Thirty-Five Thousand (\$135,000) Dollars, and determine the manner in which such appropriation is to be

raised, whether by taxation, by transfer of available revenues, by borrowing or otherwise, and, if it is determined to borrow, authorize the issue and sale of bonds of the town.

4. If it is voted to construct and equip a Town Office building and an auditorium-gymnasium, or a Town Office building under Article 2 or 3. To see whether the town will authorize a committee in connection therewith on behalf of the town to engage the services of an architect, to solicit bids from contractors, to enter into a contract or contracts for such construction, to supervise such construction and the carrying out of any such contract, to select and furnish necessary furnishings and equipment, to accept the project for the town and to take any other or desirable action in connection with such matters.

5. To see what action the town will take regarding the disposition of the present Fire Station and sheds in the event that a new town office building is constructed and to raise and appropriate such sums as may be necessary therefor.

To transact any other business that may legally come before the meeting.

Given under our hands and seals this 23rd day of May in the year of Our Lord, 1949.

GEORGE H. SUMNER,
ELROY G. SHAW,
HARRY D. MUNSEY,

Selectmen of Hampton, N. H.

Selectmen of Hampton, N. H.

REPORT OF SPECIAL TOWN MEETING

June 10, 1949

Meeting was called to order at 7:40 P. M., by Moderator.

The moderator then read the Court decree for the holding of this special town meeting.

The Warrant for the special town meeting was then read by the moderator, after which the meeting was opened under

Article 1. The report of the building committee was then given by the chairman, George H. Sumner.

Motion: by Ernest Underwood and duly seconded that we accept the report of the Building Committee.

This was VOTED.

Article 2. George H. Sumner gave a report on the effect this building, if built, would have on the tax rate with explanations.

Mr. Sumner was then questioned at some length by Mr. Ernest Underwood, after which Mr. Walker gave a talk in opposition to building a new building, also he was opposed to spending \$250,000, at this time. Others were opposed for different reasons, some of which were that we have adequate building now, also because of the high cost of material, also it would require a caretaker at a cost of \$3,000 or \$4,000 a year. Others thought we should use money for schools first.

Motion: By James W. Tucker, Jr., that we indefinitely postpone Article 2. This motion being duly seconded.

This was VOTED.

Article 3. Edward S. Seavey, Jr., spoke in regard to the \$135,000 building, after which he made a

Motion: To indefinitely postpone.

This was VOTED.

Mr. Granger was then given a vote of thanks for his help and efforts to which Mr. Granger responded.

TOWN WARRANT FOR 1950

TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the High School Auditorium in said Hampton on Tuesday, the 14th day of March, 1950, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, one Highway Agent, and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

(The polls for the election of officers and on Article 16 will open at Ten o'clock in the forenoon and will not be closed earlier than Three o'clock in the afternoon of the same day.)

Article 3. To raise and appropriate such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases against certain or all lease holders leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$448.67 for State Aid Roads, if the State contributes \$1,794.67.

Article 8. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for the purchase of new fire hose for the fire department.

Article 9. To receive the report of the Sewer Committee and to see if the town will vote to accept the same and authorize the Committee to proceed as outlined therein.

Article 10. To see whether the town will amend the vote adopted under Article 11 of the 1948 Annual Town Meeting, as amended by votes adopted at the Special Town Meeting held June 14, 1948, authorizing the Town to construct a system of sewers for sewerage disposal, making appropriations therefor and providing for the issuance of bonds to finance the same, by providing that the construction of such sewer system, including the rebuilding, remodeling or enlarging of the sewerage plant, etc., shall be in accordance with such plans and specifications as shall be approved by the Sewer Committee of the Town, subject to approval of the State Board of Health; and to approving and ratifying said votes as so amended.

Article 11. To see what action the Town will take relative to the land owned by the Town of Hampton located just north of the Coast Guard Station and east of the

Ocean Boulevard known as the Fish House area; that is whether said area shall be divided into lots and leased or handled in some other manner.

Article 12. To see if the town will vote to raise and appropriate for economic advancement of the town through publicity and promotional services of the Seacoast Regional Development Association, in cooperation with other regional communities, a sum not exceeding one and one-hundredth of one percent of assessed valuation, namely \$838.00.

Article 13. To see if the town will vote to instruct the Moderator to appoint a committee of two citizens to cooperate with similar committees to be appointed by the Towns of North Hampton and/or Rye to study the advisability of creating a Water District and of any other matters in connection therewith.

Article 14. On petition of Charles E. Greenman and nine other legal voters to see if the town will vote to accept a deed from Arthur W. Brown and Charles E. Greenman of an extension of Kershaw Avenue, to be used as a public way, the same being 40 feet wide and extending easterly for a distance of 175 feet.

Article 15. On petition of Elmer King and sixteen other legal voters to see if the town will vote to accept a deed from Elmer King of a certain tract of land to be used as a public way, said tract being 193 feet long and 38 feet wide and commonly known as King Avenue and extending northerly from Ann's Lane, so called.

Article 16. To vote upon the following article:

"Shall the provisions of chapter 171-A of the Revised Laws relative to playing games of beano be adopted in this town?" (This article appears on the Australian Ballot).

Article 17. On petition of Herbert A. Trofatter and

ten other legal voters to see if the town will vote to raise and appropriate the sum of \$500.00 to continue the Christmas lighting project for the business section of the town under the supervision of a committee consisting of Mr. Harold Winchéster, Mrs. Ruth Perkins and Mrs. Gertrude Lougee.

Article 18. To see if the town will vote to convey for the sum of One Dollar to the School District of the Town of Hampton the land located in the rear of the Centre School on Winnacunnet Road, said tract to be approximately 270 feet in width and having a depth in a southerly direction of 240 feet, and to authorize and instruct the Selectmen to execute and deliver a quitclaim deed thereto.

Article 19. On petition of Victor A. Bogrett, Jr., and ten other legal voters to see if the town will vote to adopt the non-partisan ballot system for all future town elections, regular or special.

Article 20. On petition of Margaret T. Barry and nine other legal voters to see if the Town will vote to amend the Zoning Ordinance adopted at the Annual Town Meeting on March 8, 1949, by adding to Appendix A of said Ordinance the following: Additional Residence "A", beginning at a point in the boundary line between the Towns of North Hampton and Hampton, which said point is 300 feet easterly from the center line of the location of the Boston and Maine Railroad, and thence continuing easterly along said Town line to a point 200 feet easterly from the easterly side of the Mill Road, so called; thence turning and running southerly by a line parallel to and 200 feet easterly from the easterly side of said Mill Road to its intersection with Residence "A" District, "Hampton Village"; thence turning and running westerly along said Residence "A" District to a point 300 feet easterly from the easterly sideline of the Lafayette Road; thence turning and running northerly by a line parallel to and 300

feet easterly from the easterly sideline of the Lafayette Road to the point of beginning, and that the zoning map dated February 2, 1948, be amended accordingly.

Article 21. On petition of Frank B. Robinson and ten other legal voters to see if the town will vote to accept the street known as Boar's Head Terrace, located on section known as Boar's Head, at Hampton Beach as an accepted street.

Article 22. To see if the town will vote to raise and appropriate the sum of Five Thousand Dollars for sewer extensions at Hampton Beach.

Article 23. To see if the town will vote to authorize the Selectmen to request the State of New Hampshire to guarantee the Sewer Bonds in the aggregate principal amount of Two Hundred and Fifty Thousand Dollars (\$250,000) and the interest thereon as authorized at the 1948 Annual Town Meeting and the Special Town Meeting held June 14, 1948, in accordance with Chapter 247 of the Laws of 1949.

Article 24. To see if the town will vote to amend the Zoning Ordinance adopted at the Annual Town Meeting on March 8, 1949, as follows:

A. By adding the following at the end of Article III, Section 1:

"4. Municipal use.

5. Woodshed or storage building for private use of owner or occupant of premises.

6. Any of the following uses provided the Board Adjustment shall find that such use in the given case and location and under the conditions specified in the permit therefor is not detrimental, injurious or offensive to the neighborhood:

a. Bathhouse or boathouse for private use.

b. Cemeteries.

c. Public utility building or public utility use necessary for public welfare.

d. Any accessory use customarily incidental to any of the above uses."

B. And by adding at the end of Article VI, Section I, the following paragraph:

"A statement of all permits issued hereunder shall be filed within five days of the date of issuance with the Town Clerk and said permits shall be available for public inspection at the Town Office."

Article 25. On petition of Douglas E. Hunter and ten other legal voters to see if the town will accept the streets in Fairfield Park known as Fairfield Drive and Ruths Lane.

Article 26. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 24th day of February in the year of our Lord 1950.

REPORT OF SPECIAL AUDITOR

To the Selectmen and Auditors
of the Town of Hampton, N. H.

Gentlemen:

I have completed an audit of the Books, Accounts and records of the Town for the year ended December 31, 1949 and as a result of the findings, I submit herewith this report, which sets forth the operations for the period under review, also a Balance Sheet as at December 31, 1949.

The attached exhibits are as follows:

“A” Balance Sheet as at December 31, 1949.

“B” Summary of Inventory April 1, 1949.

“C” Schedule of Town Property December 31, 1949.

“D” Report of Outstanding Debt December 31, 1949.

“E” Statement of Receipts and Payments for the Year ended December 31, 1949.

“F” Detail of Appropriations for the Year Ended December 31, 1949.

“G” Detail Statement of Payments and Summary showing the Receipts and Payments to be in balance, December 31, 1949.

Schedule No. 1 — Highway Dept. Payrolls.

Schedule No. 2 — Police Dept. Payroll.

Schedule No. 3 — Special Activities Payrolls.

Schedule No. 4 — Parking Space Payrolls.

Schedule No. 5 — Comfort Dept. Payrolls

Schedule No. 6 — Health and Sewer Dept. Payrolls.

Schedule No. 7 — Fire Dept. Payrolls.

ASSETS

The cash in the Treasury, Dec. 31, 1949 (\$74,672.05) was verified by a reconciliation of the Receipts and Disbursements as disclosed by the Cash Book with the Deposits and Withdrawals as listed on the Bank Statements.

The outstanding 1949 Taxes were checked with individual amounts as entered in the Tax Collector's Commitment Book and Valuation Book, reflecting a total of unpaid 1949 Property Taxes of (\$26,140.38).

The outstanding Land Rents of (\$1,055.00) were verified and found to be correct.

LIABILITIES

The Outstanding Bonds aggregating (\$22,000.00) were verified, and found to be correct.

Exhibit "A" follows:

Net Debt December 31, 1948	\$15,000.99
Net Surplus December 31, 1949	15,245.18
Increase of Surplus, Year Ended December 31, 1949	\$30,246.17

GENERAL REMARKS

The Summary of Inventory April 1, 1949, was examined with the Individual items as set forth in the Valuation Book.

In connection with the Exhibits of the Report, a careful examination was made of the various accounts and in my opinion, the Statements attached set forth a correct report of the Operations, for the period under review.

Respectfully submitted,

SANFORD G. YORK,

Public Accountant.

AUDITOR'S REPORT

I hereby certify that I have audited the Books and Records of the Town of Hampton for the year 1949 and that the following exhibits and schedules are in accordance with the Books, Records and Accounts of the Town of Hampton as of December 31, 1949.

SANFORD G. YORK,
Public Accountant.

ELMORE DEARBORN,
CHARLES BUTLER,
CARL. C. BRAGG,

Auditors.

Adult Fiction	11,394
Adult Non-Fiction	2,240
Juvenile Fiction	2,525
Juvenile Non-Fiction	411
Book Circulation	16,570
Magazine Circulation	2,443
Book and Magazine Circulation	19,013

Book Week was observed November 13 to 19. The Slogan for this year's poster was "Make Friends with Books." Books for young people were on display at this time.

The Home and Community Welfare Committee of Oceanside Grange presented to the Library a copy of the book, "The Grange — Friend of the Farmer" written by Charles M. Gardner, High Priest of Demeter, Emeritus, of the Grange. "It is the story of eighty years of accomplishment by America's oldest farm organization and the only Farm Fraternity in all the world." Another gift was made by a friend in memory of Mrs. Mary L. Noyes.

Balance of Fine Money	\$97.60

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hampton, in the County of Rockingham, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the High School auditorium in said Hampton, on Friday, the tenth day of March, 1950, at three o'clock in the afternoon, and to cast your ballots from that hour until at least eight o'clock in the evening of said day for candidates for the following district officers:

1. Moderator (for the ensuing year.)
2. Clerk (for the ensuing year.)
3. Member of the school board for the ensuing three years.
4. Treasurer (for the ensuing year.)

You are also notified to meet at the same place at eight o'clock in the evening of the same day, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
2. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
3. To see what sum of money the district will raise and appropriate for the support of the schools, for the salaries of school district officials, and agents, and for the payment of statutory obligations of the district, and to authorize the application of such sums as are estimated

to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

4. To see if the School District will vote to authorize the Moderator to appoint within one week a Committee consisting of seven, to include the School Board and four other legal voters of the District, said Committee to prepare preliminary plans for the alteration, reconstruction and/or enlargement of the Centre School and/or High School, to engage the services of an architect and other technical assistants in connection with the making of said preliminary plans, to obtain options on the purchase of such land adjacent to the Centre School and/or High School as the Committee believes necessary in connection with any additions, and the present said preliminary plans to the voters of the District as soon as practicable; and to raise and appropriate the sum of Eight Thousand Dollars (\$8,000) to pay architects' and technical assistants' fees, options and any other necessary expenses of the Committee.

5. To see if the School District will vote to accept from the Town for the sum of One Dollar a quitclaim deed to a certain tract of land located in the rear of the Centre School on Winnacunnet Road, said tract to be approximately 270 feet in width and having a depth in a southerly direction of 240 feet.

6. To see if the School District will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000) for the purchase of musical instruments for the school musical organizations.

7. To see if the District will vote to transport the children to the Public Kindergarten and raise and appropriate money therefor.

8. To transact any further business that may legally come before said meeting.

Given under our hands at said Hampton this 21st day of February 1950.

RAYMOND STURGIS,
HAROLD PIERSON,

School Board.

Gross Budget			\$130,047.23
Amount required to meet deficit for school year 1949-1950 to be made available before July 1, 1950			3,400.00
Total Gross Budget			\$133,447.23
Anticipated Income			18,000.00
Net Budget			\$115,447.23

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Hampton School Board:

I herewith submit to you my annual report as Superintendent of your schools. Included will be the reports of the Headmaster of the Academy and High School and the Principal of the Centre School. The heads of the various departments have also been asked to summarize the work of their respective programs. Their reports will be of interest to the people of Hampton. The statistics presented are those of the last completed school year except that the September pupil enrollment is that of the current year.

The present year began Wednesday, September 7, 1949 with an initial enrollment of 606. This compares with last year's figure of 539. An idea of the situation which Hampton faces may be gained by noting the enrollments of the first three grades. Last year's total for 106, while this year the comparative figure is 138. Since the census estimates a first grade of over 50, for next year additional space must be obtained for our lower three grades. As these large classes move up, our Centre School enrollment may well reach 450-500. With a present enrollment of 58 in grade one and 51 in grade two, it will be necessary to have two rooms each for grades one, two and three next year. In the present building, this is impossible. A new building or an addition is a necessity now.

A survey was authorized by the school district meeting of March 1949. This survey has been made and five hundred copies have been printed and distributed in Hampton. It was made by Educational Service Associates with headquarters in Medford, Massachusetts. It is our hope that all citizens of the town will read it. The Associates were asked to make a survey of the district to formulate a long-range plan for our school plant. It is hoped

that temporary measures will not be considered, as, in the long run, they are unsatisfactory and expensive.

The survey has made four definite recommendations: (1) Purchase of additional land for both the Centre School and the High School (2) Immediate addition of elementary school classrooms and special facilities to the Centre School (3) Later addition of classrooms to the High School (4) The formation of a larger school district unit.

Since we now have accommodations for one room to a grade and since the enrollments will demand two rooms for each grade, the minimum will be six additional rooms for grades one to six. With our large enrollment in kindergarten, two rooms will be needed there. This means that we must have fourteen rooms for grades kindergarten through six. The Junior High grades are in the Centre School with no space available in the High School building.

Two plans were suggested for consideration, with no idea that these are the only solutions to our problem. They furnish, however, in the opinion of the Associates, reasonable and satisfactory answers to our situation.

The following is quoted from the report and is labeled Plan A:

“An addition should be made to the Centre Elementary School consisting of kindergarten and primary grade rooms to increase its capacity to fourteen classrooms including in this count the eight classrooms on the first and second floor of the existing building which are in the corners, but not counting the new room recently constructed over the front entrance by combining two smaller spaces, and not counting the room in the middle on the rear of the second floor. This step should be carried out immediately.

“An addition to the Centre School should be constructed to provide a gymnasium suitable for use by the elementary grades up through grade six, an auditorium which will take care of the needs of an elementary school having fourteen rooms, an adequate health suite, and a cafeteria which will seat at least half of the enrollment.

“In approximately 1954 and 1955 it will be necessary to build an addition to the high school building to provide additional classrooms and to expand some of the existing facilities which are inadequate. At this time it will be desirable to move the seventh and eighth grades into the high school building to form a six-year high school. The addition should provide for approximately six classrooms; the exact number can be determined more precisely in 1954 or 1955 than at the present time, but this forecast probably is not far out of the way. The addition should provide for a suitable cafeteria and for more adequate space for locker rooms and shower rooms for physical education.”

Plan B calls for the exchange of the two existing buildings; the existing elementary building forming the nucleus of a high school to which could be added the specialized rooms required in secondary school and the special service areas such as gymnasium, cafeteria and auditorium.

The present high school building has large rooms suitable for the upper grades in the modern elementary school. An addition could very well be constructed to house the lower grades and kindergarten.

Whether plan A or B is adapted, or some other plan, the situation at the Centre School is critical and must be corrected at once if school work is to be satisfactory.

The possibility of constructing a consolidated high school has also been suggested. By such a plan, neighboring districts would join with Hampton in constructing

and operating a secondary school. This plan contemplates a larger high school with advantages which would be secured because of increased enrollments. There is much to be said in favor of such a plan. Larger student registrations mean increased services and a more complete utilization of those services. The development of joint community projects is always of advantage to all parties concerned. It has been stated that the nearer to a 500 pupil enrollment a school has, the better and more economical its operation. While such a school in Hampton probably would not reach this total, at least for a number of years, the degree to which it approaches this number would measure the expected degree of improvement.

The Trustees of Hampton Academy and High School have continued their policy of contributing to the High School equipment and services. By their generosity, our pupils have received additional benefits. A master dictaphone set, including typewriter control, is in the Academy. This set is the latest type used in the larger business firms. Regular lessons in its use are a part of our commercial work. The trustees have continued their yearly custom of purchasing new typewriters for the school. Since the last report, they have also presented to the school a tape recorder. This is of the latest style and has numerous uses in English and public speaking classes. As a help to the school lunch program, a mechanical potato peeler and plastic dishes were also purchased. The new power mower is much appreciated.

Present plans call for the operation of a Summer School for teachers at Hampton. This will consist of a three weeks' intensive course, bringing to the teachers the most approved methods of instruction in the subjects of their choice. The work will be under the direction of the faculty of Keene Teachers College. These are approved courses, of college standing and carrying college credit. About thirty teachers are planning to attend.

During the current year, Driver Education has been introduced into our school. It would seem that such a course is especially valuable in districts bordering heavily-traveled routes. Not only does this work train good and careful drivers, but an appreciation of the automobile, its powers and its dangers, is instilled in the pupils. Twelve pupils completed the work and passed the tests given by the State motor vehicle authorities. These were thorough tests of mental and emotional traits, of driving laws and road courtesy, as well as actual road tests. The examiners were much pleased with the results and complimented both Mr. Smith and the class. In addition to the twelve who passed the course, fifteen are enrolled this semester.

We have continued our policy of painting two rooms at the Centre School each year. The lighter colors vary among the rooms and not only add to the appearance of the room, but also increase the foot-candles of light upon the pupils desks. The fire escape from the town hall was secured, repaired and installed for the kindergarten.

The partition between the health room and the library was removed, allowing space for an additional grade. This deprived the school of a library and necessitated the building of a small room on the Center School auditorium floor. This is only a temporary measure. It was felt that since major additions are a necessity, temporary solutions were in order.

Our lunch program is definitely of value, especially so since a large percentage of our pupils come by bus and so must stay at noon. We are constantly receiving surplus commodities from the Federal Department of Agriculture, which add to the regular menu. Butter, condensed fruit juices, potatoes, apples and dried milk form the bulk of the commodities. The number of children participating is large. The noon lunch is now an established part of our school program.

The Parent-Teacher Association continues its service

to the schools. Through it, parents and teachers discuss their mutual problems. Where this is done a common ground of approach can be worked out, making each the ally of the other. The Hampton organization is watchful of the welfare of our schools. It has been the initiator of numerous services now offered. The Red Cross has continued its help by paying for needed health and dental services in a limited number of cases. It has also helped with the lunch program. The aid these two organizations furnish is appreciated by all school people.

While our most apparent need is a school building program, we are always endeavoring to improve the instructional services to our pupils. To secure this we have joined with the New England School Development Council in a study of the secondary school program. Several schools of New England have been chosen to analyse the courses offered and to suggested improvements. Hampton Academy is one of those chosen to help in this development. This means additional work for our teaching staff. Our teachers unanimously voted to assume this extra work as a means of helping develop a more effective school system for the smaller schools of New England. The whole undertaking is a joint project for the schools selected, and is supervised by experts from the Division of Secondary Schools for New England. We are pleased the Hampton Academy and High School was selected.

We are grateful for the interest of the people of Hampton in their schools. It is by such interest that schools are improved. The problem of school housing is serious and immediate, but Hampton will do well by its children. That plan which is best will be adopted by the people of the town and Hampton schools will continue to be recognized as good schools.

Respectfully submitted,
ROY W. GILLMORE,
Superintendent of Schools.

REPORT OF HEADMASTER
HAMPTON ACADEMY AND HIGH SCHOOL

Dear Mr. Gillmore:

I herewith submit my annual report as Headmaster of Hampton Academy and High School.

I feel that our school is in a healthy condition. In writing a report, I must necessarily call attention to the things that need adjustment rather than those with which we are satisfied. Most of our problems grow out of the fact that each year the school is a little larger. We are now crowded; many classes are large; our equipment and materials are not always ideal. We have not had an addition to the teaching staff for some time. Many of the statements I have made in past reports can now be repeated as they have become more acute. It simply means we are now enjoying a healthy growth and need more of almost everything, which means a larger budget. The enrollment has changed in ten years from 149 to 230. I expect it to continue.

As classes have increased, we have had to divide them into sections. We have also added new departments and courses to meet the needs of our pupils more completely. There is a demand for French III now. I feel that it should be added. If this is done, it would mean a readjustment of teacher assignments. We also need more teacher time for study halls. I believe, as I stated last year, that the headmaster should be relieved of teaching duties to put his time into administration and guidance. All of these things mean one more teacher added to the staff. If you wish, I will be glad to submit a separate, detailed plan for teacher assignments.

We now have 225 home room desks in the building. They all have been filled and the overflow put in arm chairs. I believe it would be wise to purchase more home

room desks as soon as funds are available, so that they will be ready for next fall.

We introduced a course in Driver Education this year. There was a tendency of the older pupils to treat it lightly. As the year has progressed, the attitude has changed, and those who have taken it are enthusiastic. Mr. Smith is to be commended. I want to make it available to more pupils.

I am very much disturbed about our present system of financing injuries occurring in athletics. Most of the injuries are of such a nature that in order to be sure, X-rays have to be taken. The cost has increased considerable and we cannot recover but a small portion of it from the Athletes' Benefit Fund we now subscribe to. There is a considerable amount of red tape in order to collect a claim. I feel we should select a group to study the problem and see if we can find something more adequate.

Our building is in excellent condition. We appreciate having an attractive place to do our work. If there is any more increase in the use of the auditorium, I would suggest some help to stay up late and to clean up after. Most activities want to use other parts of the building, such as dressing rooms, lunch facilities, cloak rooms and toilets.

I want to express my appreciation for allowing us to have a school secretary. It has made my work much more effective. It has relieved me of much clerical work so that I can tend to other things. In this year when we are attempting an elaborate evaluation of our school, it is a great help.

Our facilities to serve lunch are over-taxed. I cannot require pupils who bring their lunch to eat here. There isn't room. I don't see a solution at present.

The grounds for our pupils to play on are very limited.

We have nice lawns which are not suited for playing. The only place for play is the parking area which is covered with soft gravel. The pupils do not like to play in it. They will move over on the tarred roadway. I believe the whole area should be tarred. It would be much more useable both for parking and play. I would like to recommend the purchase of the field out back for a play area. It is much needed.

Last year we graduated a class of forty. Twelve entered colleges, two go to preparatory schools, two to business schools, one to training school, one is taking a post-graduate course, and two are in the armed forces. Ten are employed that we know about. Of the ten remaining, three are married.

Few of our girls elect the home economics course with the result that we have combined courses and teach them in alternate years. We try to encourage more girls to take this work because we believe it to be very valuable. Most girls apparently wish to prepare for a way to earn a living rather than to prepare for home-making. The situation has been discussed with the guidance director to the end that girls be encouraged to take that course.

I feel that Mr. Parker has and is doing an excellent job in our shop work. He needs the space we have taken from him for a cafeteria. We could use him full time effectively. I sometimes wonder if it would be possible to use the space under the main building to increase the size of our dressing rooms, for a cafeteria and for storage.

Several people have suggested that a trophy case be made in the main hall to replace the temporary one in the office. We do have an impressive display of trophies. We would also use a built-in display case to show historical papers of the school, class work and exhibits. I would suggest that display case be built into the wall back of the stage with a window on the main hall and doors for access

in the closet at the rear of the stage. Maybe it is a project for some class, or group, but it would need the approval of the school board.

I feel that as we view our school in its entirety, we have reason to be proud. It enjoys a good reputation and the respect of the community. We have many friends who are very helpful. I have been ably assisted by a competent corps of teachers. The school board and you have cooperated. I want to thank you for the confidence you have placed in us.

Respectfully submitted,

BRUCE E. RUSSELL.

January 6. 1950.

ANNUAL REPORT OF THE CENTRE SCHOOL

To the Superintendent of Schools:

I herewith submit my Annual Report of the Centre School for 1949-1950.

The Centre School has had a number of changes since the last report, which probably should be reported. Our enrollment as of September 7th of this year has increased from 311 to 347 students. This represents an increase of 36, which really fills our building beyond its capacity. To accommodate the pupils, we have had to tear out the partition between what used to be the nurse's room and library on the second floor and make it into a classroom which now houses the fourth grade. Remedial classes are meeting in the teachers' room. A new nurse's room was built in one corner of the auditorium which has proved quite satisfactory but it has also cut down the size of our auditorium. We are now unable to seat more than half the school there at one time, which makes it difficult from an administrative standpoint.

Several rooms were shifted this year to allow for large grades. We now have two first grades that together number 56 pupils and are capably taught by Miss Marston and Mrs. Berry. Mrs. Berry was an assistant to Miss Marston last year. Grade two now occupies the room that grade four used last year and the teacher, Mrs. Linscott, was added to our staff to replace Mrs. Chevalier, who this year felt she could not teach. Mrs. Linscott has proved to be very popular with the pupils and does a fine job considering the fact she has so many pupils. Mrs. Stevens was hired to replace Mrs. Simmons as fourth grade teacher and Mrs. Simmons returned in a part-time capacity to do remedial work and assist in grade two; she also works with grades three, four and five. I recommend that she or someone else be hired on a full time basis next year

so more pupils may be able to have advantage of the program. At the present we reach probably less than half. After Christmas vacation Mr. Clayton replaced Miss Allen who did not return because of her health. He is social studies teacher for the Junior High School.

The Centre School as a unit enjoyed a profitable year in various activities. Our Junior High School basketball and baseball teams enjoyed better than average seasons and our eighth grade dramatics group put on an interesting and well-attended play in the High School auditorium. During the latter part of the term last June the school held a Music and Dance Festival on Tuck Field which was well received and which the children enjoyed very much. Almost every child in school was in the program and at present something similar is being planned for this year, which might be held inside. The well-integrated child needs things of this type to become a socially well-adjusted individual.

The Guidance Program is working well. Our records on each child are up-to-date and a comprehensive testing program for each grade has been developed. We are fortunate this year in that most of our tests given the upper grades are to be machine scored by the University of New Hampshire. It has proved that they will lend us tests, furnish special pencils and answer sheets at a slightly lower figure than the tests would cost alone. This frees the counselor to do much more in the way of personal interviews, where bits of information are gathered which give a better overall picture of the child and a more accurate diagnosis of his difficulty if he has any.

There has been time also to establish a Remedial Math Class which meets one a week with the eighth grade pupils who are in need of this type of work. We are progressing very well and a clearer view of some of the fundamental concepts seems to have been gained.

We are fortunate in being able to continue with the Rinehart Functional Handwriting System we used last year. Its value is unquestionable, and the better and uniform quality of the writing throughout the school is very apparent. The teachers, who are in the best position to see its value, recommend it highly.

Our physical plant is now in the best condition it has been for some time. Outside of a few minor repair jobs and a little painting we can get along very well this year. Our only concern at present is where to put all of the students next fall.

May I take this opportunity to thank those who helped us in any way to make our school year a valuable and profitable one.

M. WAYNE BOWIE,
Principal.

REPORT OF THE DIRECTOR OF PHYSICAL EDUCATION

Following is the annual report of Physical Education and Athletics.

The time allotment in the Centre School has been the same as in the past, with the exception that this winter, because of large classes, there has been a need for divisioning. The content of the program in the lower grades has largely simple group games and mimetics. Other activities have been stunts and quiet games. In these activities, a major objective has been that of teaching children to live co-operatively. This implies identifying individual interests and purposes with that of the group. Almost all play is carried on with others.

In the upper grades there has been an emphasis on skills in team sports, games, relays, stunts, and self-testing activities.

The program in the Junior High School has been based on games developing skills in football, volley ball, deck tennis, soccer, basketball, softball, track, stunts, pyramid building, tumbling and combatives.

At the High School, all boys with the exception of those on varsity teams attend two classes per week. The activities include all team sports that are possible with the outdoor facilities available. Other activities include modified games, self-testing activities, relays, badminton, volley ball, combatives, tumbling, and archery.

The program was again summarized in the spring with an exhibition on Parent-Teachers' Association night at the High School.

There is no adequate area adjacent to the High School for physical education activities, and the time allotment precludes the use of Tuck Field. Recognizing this, I would

like to recommend the construction of a hard surface area south of the High School for basketball and net games. Experiences have shown that a dark, hard surface area is usable ninety percent of the school year, and that it is used to a maximum. Similar areas should be constructed on the east and west sides of the Centre School.

Our intramural program is insufficient as it is. It should be enlarged and extended so that all pupils not on varsity teams may experience competitive athletics in activities that they like and against equal competition.

With the increasing number of boys and girls using the locker rooms, consideration should be given to enlargement of facilities and the installation of steel lockers. The problem of proper ventilation still exists.

ATHLETICS

Participation on varsity teams continues to grow, as all squads were larger than last year. As an indication, the track squad, at its inception three years ago, had ten members; two years ago it had eighteen members; and last spring there were thirty-two members. This participation is greatest in the spring, as approximately seventy-five boys and girls are active in varsity baseball, softball and track.

The baseball team won the Southeastern League Championship and the track squad became State Class B Champions.

An informal winter track squad represented the school at the First Winter State Track Meet and placed third.

Through the interest of the community, our boys and girls are now uniformed and equipped so that they compare more than favorably with other schools.

Respectfully submitted,

JOHN G. PETERSON,

Director of Physical Education.

January 21, 1950.

REPORT OF GIRLS' PHYSICAL EDUCATION

1949 - 1950

The girls' physical education classes at the Junior High include the seventh and eighth grades, and they meet once a week on Tuesday and Thursday afternoons. During the fall season, they worked on field hockey, touch football, games using ball and running skills, some square dancing, and recreational games. This winter they have continued the ball and running games, recreational activities, plus rhythmic, stunts and tumbling. As soon as it is possible, they will move outdoors and work on softball, games of various kinds, and rhythmic. I am endeavoring to give these girls games and skills which they can use not only in school, but outside as well, and to prepare them for the high skilled activities they will encounter in High School. This winter, a Junior High cheerleaders' squad of eight eighth graders was started to lead the cheering at the Junior High basketball games.

The classes at the High School meet twice a week on Monday and Wednesday. This fall they worked on archery, marching, conditioning exercises, and started touch football, an activity that is quite popular out west and just starting to be used around here. The winter season has included basketball, rhythmic, stunts, tumbling, recreational games, volleyball, and badminton. During the spring season we plan to have softball, rhythmic, recreational games, volleyball, badminton, and archery. Thus, I am trying to give these girls activities and skill which they will be able to use both in and out of school, and to help develop them physically, socially, and mentally.

The varsity sports schedule is quite full. The field hockey team won three out of seven games. The basketball squad has won six out of seven games, with four more to be played. The softball team will probably play

eight games, and we hope it will be a completely successful season.

Respectfully submitted,

IRENE SCROGGINS,
Instructor of Girls' Physical Education.

REPORT OF THE SCHOOL NURSE

Dear Mr. Gillmore:

The following school health report is submitted for 1949.

Hampton Schools are well along in their annual health program. Out of 345 students, 100 have completed their dental work, and still more are taking advantage of this opportunity to correct this one major defect. Thanks to the Red Cross, many children who otherwise would not be able to get this care, are receiving as much treatment as those financially able.

Flourine treatements have again been made available through the dental clinic, and many have taken advantage of this opportunity to safeguard their teeth for the future.

Several speech defects have been discovered in the school, and these children have gone to Portsmouth Rehabilitation Centre weekly for speech therapy. They are progressing rapidly, especially with the aid of Mrs. Simons, who is doing some remedial work.

Vision tests have been completed, with much more accuracy using the new stereoscope we have acquired through the Lions Club of Hampton.

One severe case of strabismus (cross-eye) has been discovered. This child, through the State, has been treated by an eye specialist, has been fitted for glasses, and is greatly improved.

Grades 1 through 5, and High School boys interested in sports have had their annual physical examination by Dr. Bryer. Kindergarten is also on the list to be examined. It is hoped that by doing these physicals, malnutrition, heart diseases, and defects which may be corrected, will be

found, thus preventing a child from entering too strenuous activity.

Audiometer (hearing) tests have been completed in grades 3 through 12, with very few hearing defects. When these hearing defects are found, it is surprising to see how many of the children with them are also poor scholars.

Daily rounds are made to High School, Kindergarten, and Centre School where each student is permitted to bring his health problem to me.

Health records are kept on all students. The record follows a child from kindergarten through high school, and contains what diseases, disabilities, and any data that may affect his school career.

The Hampton Red Cross has also provided funds for hot lunches and milk, under the school lunch program, to a limited number of students.

In closing, I would like to recommend that in the near future some room be made available, where hearing and vision tests may be conducted. Under present conditions, it is most difficult to administer a proper program.

May I also recommend that some source be found, whereby a supply of vitamins be made available for the use of some children who need them badly.

Respectfully submitted,

TERESA D. HAY, R. N.

January 25, 1950.
