TOWN COUNSEL

Perkins, Holland, Donovan & Beckett

TOWN OF HAMPTON, NEW HAMPSHIRE 03842

From the Office of: Town Manager

HONORABLE BOARD OF SELECTMEN AND CITIZENRY OF HAMPTON

Once again it is my privilege to report to you on the activities of our community for the year ended December 31, 1973.

As evidenced by the following reports from the various Departments, Boards and Commissions, Hampton continues to provide excellent programs and services to the many segments of our community. Long range plans have enabled us to make substantial gains toward reaching our goals of:

- a) serving the entire community
- b) resurfacing or rebuilding of our 65+ miles of roads
- c) a comprehensive recreation program for young and old alike
- d) detection and prevention of fires
- e) economic stability through planned growth

In addition to the daily routing operations, all of the budgeted programs and projects were completed this year, with the exception of the Park Avenue sidewalk which is scheduled for the spring of 1974.

Some of the major construction projects planned for 1974 include the police station addition and the Lafayette Road sewer including Tower Drive and Belmont Circle. There is a good possibility that the Landing-Lafayette Road interceptors will commence. Also, the continuation of our road resurfacing program will just about complete all of the major traffic arteries.

A citizenry informed on issues and programs, which participates in the affairs of its government, is a rudiment of the democratic process. A public hearing is one of the principal devices, along with the Town Meeting, which is purposely provided in order that citizens may learn first-hand about local governmental affairs and make their feelings known to policy makers. Your attendance at the Annual Town Meeting is not sufficient to keep yourself adequately informed.

If the democratic process is to function efficiently you, the public, must take a more active part in the affairs of our community by attending public hearings

and public meetings, and by making your ideas and thoughts known. Influence your destiny; don't just let your destiny happen.

The proposals and policies which result from the democratic process require alert administration, public understanding, cooperation and, more important, the continuing efforts of volunteer persons and groups selflessly dedicated to giving service to the community; these have been Hampton's strengths and it is essential they continue.

With your help we can and will develop a total community of excellence, a lesser goal is unworthy of Hampton's heritage and unsuitable for Hampton's future. I know that our elected officials, our staff and our citizens, have the vision, the vigor and the incentive to build an even better Hampton in the years ahead.

Yours truly,

PETER G. LOMBARDI,
Town Manager.

L/s

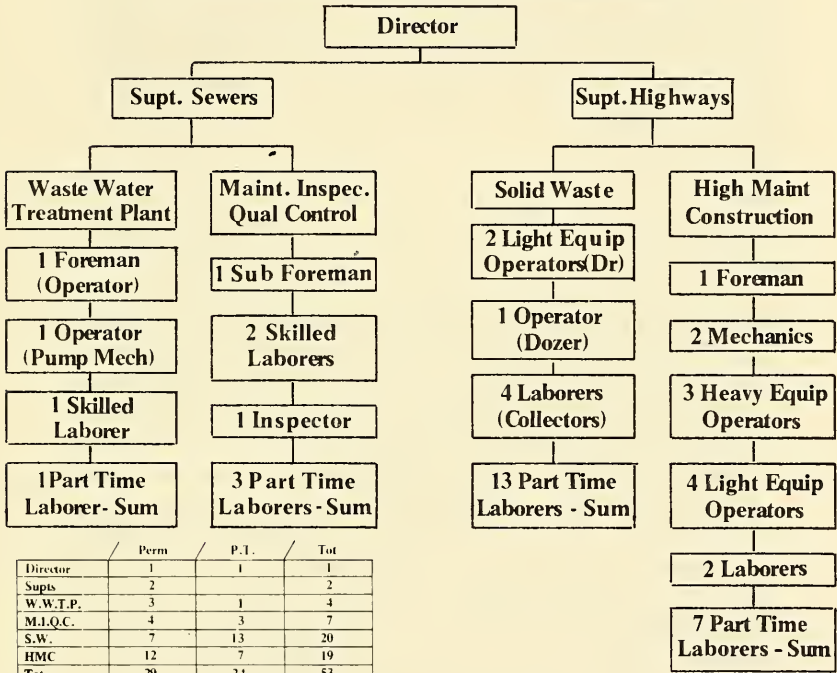

PUBLIC WORKS

Expenditure: \$663,336.92

**Personnel: Regular 29
Part Time 24**

The Public Works Department consists of 29 full time and 24 part time employees, with an operating budget of \$695,460.00. The department is basically divided into two major sections, Highway and Sewer. The Highway section is then divided into Solid Waste and Road Maintenance and Construction; the Sewer section into Waste Water Treatment Plant and Maintenance Inspection, and Quality Control. Below is an organizational chart showing a more comprehensive breakdown.

Department of Public Works Organization Chart

WASTE WATER TREATMENT PLANT

In 1973 we processed 438,158,000 gallons of waste water and 578 tons of solid waste (sludge). Our average daily flow was 1,200,000 gallons, with a peak flow of 2,807,000 gallons.

The plant received 372,250 gallons of sludge from septic tank systems.

Chlorinating our effluent (waste water after the solids have been removed) is a continuing 24 hour a day process. This year we utilized 50.9 tons (101,850 lbs.) of chlorine.

Regular and preventative maintenance was performed on 35 sewage pumps, ranging from 45 to 1800 gallons per minute; 2 chlorine machines; 82 electrical motors ranging from 1/2 to 40 horse power; 14 electrical consoles; 2 generators; chlorine contact tanks; primary clarifier; coil filter; control chamber; parshall flume; wet wells; sludge storage tanks and general repairs and maintenance of two buildings, two pumping stations and six lift stations.

MAINTENANCE INSPECTION & QUALITY CONTROL

There were 155 sewer entrances into our sanitary sewer system, each requiring two or more inspections. In addition 113 mains and/or laterals were located for contractors, water, gas or telephone companies. We also made 95 inspections of sewerage systems in conjunction with the Building Inspector prior to the issuance of building permits.

886 feet of sewer mains were cleaned, surveyed and/or sealed by Penetryn, augmented by town employees.

We respond on a 24 hour basis to all unusual conditions surrounding sewer plug-ups. This section was called out 35 times for sewer plug-ups of which 5 were the towns responsibility, 30 were the responsibility of the property owner.

Sewer construction and/or reconstruction performed in 1973 was as follows: Reconstruction of the Gill and Pearl Street sewer, 472 feet of 8 inch main, 350 feet of 4 inch laterals and one manhole. We also installed 8 new laterals and reconstructed 4 laterals and reconstructed 6 manholes.

1973 saw the completion of Phase II of Surfside Park and the Locke Road and Laurel Lane sewer. These two projects were contracted jobs.

Cleaning and flushing manholes and sewer mains at the beach takes four men three weeks to accomplish each year. In addition 5,140 feet of sewer was flushed in the uptown area this year.

This section is also responsible for supplying an inspector for all sub-divisions that enter into the sanitary system. This year there were three sub-divisions requiring extensive inspection. Section three of Eastgate, Gaywood Acres and Gill Street.

SOLID WASTE DISPOSAL

Solid waste (rubbish) is continuing to increase. Below is a 6 year comparison of compacted cubic yards of waste collected. This does not include waste taken to our dump by citizens.

1968 - 33,124 cu. yds.	1971 - 42,171 cu. yds.
1969 - 35,246 cu. yds.	1972 - 45,854 cu. yds.
1970 - 37,180 cu. yds.	1973 - 47,428 cu. yds.

12,244 cubic yards of gravel was required to cover our dump.

Rubbish collection is one of the most demanding jobs of the Public Works Department and presents substantial difficulties in keeping men willing to undertake this type of work. This statement may seem repetitious in that I include in my report each year. I will continue to do so as long as it is a fact.

HIGHWAY MAINTENANCE& CONSTRUCTION

We are in the third year of our major road resurfacing program; by the end of 1974 all major roads will have been resurfaced. In 1975 we plan on beginning a program for resurfacing of secondary roads.

The following is a list of roads resurfaced this year:

Mill Road	Dearborn Ave.
High Street	Moulton Road
Ashworth Ave.	Anns Lane
Park Ave.	Watson Lane
Locke Road	Island Path

Total: 35,300 linear feet or 6.7 miles.

The following is a list of roads that were seal coated this year:

Arcadia Ave	Oak Road
Bonair Street	Pine Road
Emerald Ave.	Birch Road
Thorwald Ave.	Victor Road
Viking Street	Hutchinson Drive
Crest Street	Richard Street
Ash Street	Elaine Street
Walnut Ave.	Huckleberry Lane
Sapphire Ave.	Bayberry Lane
Shirley Terrace	Linden Lane
Overlook Terrace	Juniper Lane
Seavey Street	North Beach Road
Colonial Circle	Anns Lane
Total 19,960 linear feet or 48,599 square yards.	

The sidewalk on High Street from Doctor Bryers to the Hampton Cooperative Bank was reconstructed with concrete and granite curbing. This consisted of 170 feet of granite curbing and the pouring of cement, also reshaping a new gutter line to conform with the drainage system on High Street. We reconstructed the sidewalk from Ashworth Ave. to A Street on Ocean Boulevard with Type I-1 Hot Top and sections of sidewalk on Winnacunnet Road and High Street.

370 catch basins were cleaned by hand and approximately 2000 feet of storm drainage lines were cleaned and inspected.

We constructed or reconstructed 6 storm drainage systems at the following locations:

Tuck Field: 326 feet of 24 inch pipe and 2 catch basins.
Bonair Ave: 250 feet of 12 inch pipe and 4 catch basins.
High St. at Oak Road: 60 foot culvert, 12 inch pipe, 1 catch basin.

Exeter Road at Bashby Rd: 40 foot culvert, 24 inch pipe and 2 stone head walls.

Kershaw Ave: 30 feet of 12 inch pipe and 1 catch basin.
Hutchinson Drive: 100 feet of 12 inch pipe.

In addition to the above drainage projects there were three TRA (Town Road Aid State) projects:

Winnacunnet Road: TRA 'B' funds were used on this project. A completely new drainage system was installed from our Winnacunnet Road Pumping Station to Arcadia Street on Winnacunnet Road. This project was Phase No. 1. In 1974 we plan to reconstruct the lower end of Winnacunnet Road.

Park Avenue: TRA 'A' funds were used for this long overdue project. The project consisted of replacing an old stone culvert with 212 feet of 58 inch x 36 inch steel pipe and 2 head walls.

Towle Farm Road: TRA 'A' funds were used to replace an old storm culvert at the spillway of Batchelder's Pond. The reconstruction consisted of 40 feet of 48 inch steel pipe and 2 concrete head walls.

Road maintenance is a continuing process. We mixed and used 500 cubic yards of grader mix (cold patch) to patch over 70 miles of roads. This patch work consists of patching pot holes, shoulders, cross ditches, winter damage and washouts.

This section reconstructed 3 roads this year. Shirley Terrace, Bonair Avenue and Barbour Road.

The parking lot at Tuck Field, which was a two year project, was completed this year with its final grading of 6 inches of gravel and 2 inches of Type I-1 Hot Top.

Again this year, as in years past, there has been an extensive amount of malicious vandalism of street signs and traffic control signs; 240 signs in all.

All town crosswalks, stop lines, slow school markings were painted twice during 1973. We also painted the Ashworth Avenue, Island Path and North Shore Parking lots and did an extensive amount of line and island painting at five corners.

This section is responsible for inspection of the following: all driveways that enter town roads, septic systems (new and reconstruction), sub-divisions, (drainage and road construction), and trench excavation by others. In 1973 we inspected the following:

- 73 Driveways
- 42 Septic Systems (reconstruction)
- 16 Septic System (new)
- 48 Trench excavations

All of the above required a minimum of two inspections, and in many cases we had to stay on the job continually to protect the Town's interest.

We have two mechanics who are responsible for the maintenance and preventative maintenance of our 38 pieces of equipment in Public Works, 6 vehicles in the Police Department and 11 plows and 6 wings.

The street sweeper was utilized daily throughout the summer months. The main streets and side streets at the beach were cleaned every morning (7 days per week) during our summer season and uptown as needed.

This section also includes part time employees used for the summer season for the purposes of hand sweeping the paved areas inaccessible to the street sweeper in the beach area. They also empty the 300 rubbish barrels placed on the beach twice a day and clean Seabrook Beach, Whites Island, North Beach and Plaice Cove parking lot and beach.

Part time personnel are used to assist this section in maintaining 7 (including Tuck Field) parks and 5 intersections, mowing, trimming, raking and other maintenance activities requiring full time attention during the summer months.

Our snow records show 20 inches of snow in 1973. We supplement our 5 pieces of snow removal equipment with an average of 12 contracted pieces of equipment. The cost of hired equipment for 1973 was \$3,632.73. A 5 year comparison is as follows:

1969 - \$25,081.00	1971 - \$12,022.94
1970 - \$10,476.05	1972 - \$19,675.73
1973 - \$3,632.73	

I would like to state here that the \$12,647.13 not used in our snow account was **not** used for any other purpose and was returned to the General Fund as surplus.

Although we didn't receive much snow in 1973 we did receive a considerable amount of freezing rain requiring an extensive amount of salt. This year we used 592 tons.

Looking ahead to 1974 and provided Town, State and Federal funds are available, we are looking forward to sewerage that portion of Lafayette Road that is not presently

sewered, Tower Drive and Belmont Circle. This project must be town funded. Then there is the Landing Road Interceptor to be reconstructed. Town funds have already been approved by a prior Town Meeting, State funds are available, but we are still waiting for federal funding and approval. We hope this will be forthcoming in the spring of 1974.

The new waste water treatment plant design is progressing satisfactorily and should be completed in the middle of 1974. I might add here that due to a new federal law (public law 92-500) prior to receiving State or Federal funds for either the Landing Road interceptor or the Waste Water Treatment Plant we must accomplish two things: have completed an infiltration/in-flow analysis of our entire sewerage system. This analysis has been completed by our engineers, Wright, Barnes, Pierce & Wyman. The second requirement is that we guarantee that we will institute a sewerage users fee program for the operation and maintenance of the Town's sewerage facility.

Once again as I have told you in the past, we will continue to do the best job we can, with the men and tools we have to work with, always keeping upmost in our minds that which is in the best interest of our town.

Respectfully submitted,
George F. Hardardt, Director

FIRE DEPARTMENT

1973 Appropriation: \$257,656.00 Permanent Personnel - 23
Call Personnel - 30

I am pleased to submit the following report of the activities of the Hampton Fire Department for 1973.

SUMMARY OF ALARMS

Box Alarms	122
Still Alarms	360
Total	482

ALARMS RECIEVED BY:

Fire Alarm Box	59	Police Dept	105
Telephone by Public	250	Radio	36
Automatic Alarms		Verbal(walk in)	29
(master box)	3		

CLASSIFICATION OF ALARMS

Building Fires	35	Gasoline Spills	30
Brush - Grass	48	Malicious False Alarms	49
Motor Vehicles	22	Alarm - no fire	62
Dump	14	Assist to Public	31
Chimney	2	Medical Aid	12
Domestic Heating Units	23	Misc.	20
Electrical	36	Accidental Alarms	16
Highway Accidents	29	Water Emergency	12
Mutual Aid-out of town	25		

RUNS BY STATIONS

Beach Area 178

Engine 3	122	Town Area 304	
Engine 4	4	Engine 1	337
Engine 5	116	Engine 2	6
Ladder 1	120	Tanker 1	16

FIRE LOSS

Number of Alarms		Loss(Bldgs & contents)
1969	370	\$ 94,000.00
1970	371	45,000.00
1971	418	18,898.00
1972	415	138,133.00
1973	482	45,501.00

FIRE PREVENTION

The Fire Prevention and Inspection program is divided into two separate sections. A summary of activity is given below:

Section I In-service inspections performed by on-duty personnel

Place of Assembly	2	Restaurants	5
Mercantile	59	Service Stations	13
Commercial	20	Oil burners	15
Supervised fire drills	11	Educational	5
Apartment buildings	13	Re-inspections	19

Section II Inspections by Fire Department Inspector appointed May 1973(temporary)

Place of assembly	14	Mercantile	20
Gas appliances	12	Flammable liquid storage	15
Fire drills	11	Re-inspections	60
Day care facilities	6	Training of in-service	
Complaints	24	companies	25hrs
Sprinkler systems	6	Report Work	100hrs.

CERTIFICATES OF OCCUPANCY ISSUED

(Buildings) Seasonal	70
(Buildings) Winter	5

In addition to the above inspections, a foot patrol was continued in the resort area on Friday, Saturday, Sunday and holiday evenings from 9:00P.M. until 1:00 A.M. These patrols checked places of assembly, hotels, motels, and rooming houses to assure compliance with fire and life safety regula-

tions. During these patrols all alleys were checked for accumulation of rubbish or other hazards that might cause fires.

During the period of May 27, 1973 to November 1, 1973, a permanent firefighter (specialist) was assigned to a daily work schedule (40 hours.+) as fire inspector.

A total of 303 inspections were completed as the result of this program, which reflects an increase of 162 completed inspections over the last year.

REPORT OF AMBULANCE SERVICE

1973 Appropriation \$9,495.00 for 1973	
Total ambulance calls	522
Residents transported	179
Non-residents transported	325
Ambulance calls-no service	54
False calls	1
Calls to Hampton Falls	19
Simultaneous calls (Summer ambulance)	27
Miscellaneous calls	6
Receipts	\$9,420.00 through November, 1973
	Trips to Hospitals
Exeter	466
Portsmouth	7
Portsmouth Naval Hospital	5
Anna-Jaques	2
Mass. General	1

TRAINING

The training division of the Fire Department under the able direction of Lieutenant Sullivan, has had a very successful year with inservice fire training, ambulance and rescue programs, participation in area mutual aid drills, emergency medical technician courses, college level fire science programs, and monthly drills for members of the call department.

In April of 1973 three new firefighters were appointed to the Fire Department, and received training on a five day/week basis for three weeks prior to regular shift assignment. A total of 249 man hours of training was given before personnel were assigned to a regular shift.

Seven permanent and two call firefighters completed the building construction course held at Portsmouth VoTech school during the past year. At present time there are three permanent firefighters enrolled in the fire science degree program.

A total of 2110 man hours of instruction were held in daily inservice training by on duty firefighters during the past year.

The following subjects are covered in repetitive daily training:

- First Aid and emergency care
- Pumps and Pumping operations
- Department procedures
- Ground and aerial ladders
- Salvage and overhaul
- Use of breathing apparatus
- Ventilation and proper use of tools
- Hose handling and maintenance
- Hydraulics
- Streets and hydrants
- Inspections
- Forcible entry

APPARATUS MAINTENANCE

Personnel of the Fire Department are presently maintaining apparatus and equipment valued in excess of \$175,000, which is owned by the Town of Hampton and the Hampton Beach Village District. Responsibility of maintaining and repairing our heavy equipment is under the direction of Captain Howard Stickney. A total of 1400 hours has been recorded this year for labor required for State inspection, oil and fuel filter replacements, oil changes, tune-ups, minor and major repairs.

The majority of labor has been performed during on-duty time, and reflects a decrease over last year, however, the cost of parts required for maintenance has increased from 15% to 23% this year.

In summary, I would like to conclude this report with the following performance review.

On April 25, 1973 three additional firefighters were added to our table of organization, making a total complement of twenty-three (23) personnel. Justification for an increase was based on the additional full-time service of an emergency ambulance to provide care and transportation of the sick and injured from Hampton and certain surrounding areas, including service to highways which pass through our community. It was agreed by Town officials at the inception of the program that this service would be on a trial basis, and a limited budget was proposed and accepted. It was also implied by this office that if an emergency ambulance were to be provided, that six (6) additional firefighters would be required in order to maintain our current status with the Insurance Services Office.

Additional training programs were required by the State to qualify the Department for emergency ambulance service. At the present time we have thirty-two (32) licensed driver attendants who have advanced Red Cross training, and thirteen (13) members of the Department who have specialized Emergency Medical Technician certificates.

It might be well to note that this Department has responded to five hundred twenty-two (522) emergency ambulance requests during this year, in addition to an ever increasing response to fire emergencies. This service could not have been provided without the dedication of all members of the Department, and many hours of volunteer service by call and permanent personnel.

On April 15, 1973 the Fire Department accepted delivery of a new 1500 G.P.M. Mack deisel pumper purchased by the Hampton Beach Precinct. This unit, in addition to the purchases made over the past five years, allows us the capability of supplying the required volume of water and fire supression under most conditions.

The implementation of a revised emergency water system in the Beach area has afforded increased fire supression in the high hazard district, and can be used as a supplement to the regular domestic hydrant system.

The introduction of a new pilot program of fire prevention and inspection was initiated in May of this year. A full-time Fire Prevention Officer was assigned the responsibility of

coordinating in-service fire inspection with a summer program of inspections closely coordinated with the Building Inspectors office. Additional duties included the review of all construction plans involving multi-family housing, condominiums, commercial and industrial properties, and the day-to-day requests for interpretation of Life Safety Codes under the direct supervision of the fire service.

At the time the program was in effect, our community was reviewed and graded by the Insurance Services office. In addition to the progress mentioned above, the Fire Department has been conducting an intensive training program on a year-round basis, with competent personnel from our own Department who are qualified as State instructors.

All of the programs mentioned above are conducted on a repetitive basis.

Additional responsibilities incidental to the operation of the department includes maintenance and repair of entire fire alarm systems, complete fire apparatus maintenance and repair, and maintenance and repair of the emergency water system owned by the Hampton Beach Precinct.

For the past five (5) years this Department has been dedicated to providing the most effective emergency services for the people of the community, consistent with the funds approved by Town officials and appropriated at Town Meeting.

There have been many times when the responsible officials and members of our community have expressed concern over the amounts of money being appropriated for programs that they felt had no visible effect on fire insurance rates.

I am happy to report that as a result of a re-grading requested by this Department, we are in receipt of a letter from the Insurance Commissioner that effective October 15, 1973 there would be a reduction of 17% to 50% in fire insurance rates in certain areas of Hampton Beach.

I have also received letters from the Director of the Insurance Services Office, indicating that if the Hampton Fire Department continues its full-time Fire Prevention Program, and that there is no deterioration of present services, that an

overall reclassification to a lower rating would be forthcoming within the coming year. This rating would effect the entire Town of Hampton, and we can safely assume that an average homeowner, within hydrant protection, would receive approximately a 5% reduction in his fire insurance premiums.

The accomplishments made by the Department this year could not have been realized without the full cooperation of every member of our organization, in addition to the assistance and guidance of the Town and Precinct officials.

I would also like to take this opportunity to express my sincere appreciation for assistance rendered by the Hampton Police and Public Works Department, with special mention to the Town Office personnel who perform all of our secretarial requirements.

Respectfully submitted,

Paul G. Long, Chief
Hampton Fire Department

POLICE DEPARTMENT

Personnel: Regular - 21
Special - 37

BUREAU OF CRIMINAL INVESTIGATION

The following figures show a comparison of the listed activities over a four year period:

	1970	1971	1972	1973
Criminal Arrests	959	1,328	1,045	986
Motor Vehicle Arrests	1,090	1,146	1,273	891
Accident Investigations	315	353	340	335
Log Entries	10,483	10,477	10,555	9,405
Juvenile Arrests	310	518	444	388

The number of arrests for various drug violations have decreased from 328 in 1972 to 297 in 1973. We feel, because of the decrease in arrests that the drug activity in Hampton is being effectively combated.

JUVENILE

During 1973, we have again experienced a decrease in the number of Juveniles that had to have corrective action taken by the Court, although the Juvenile Officer, Sgt. Joseph MacDonald, was in contact with more young offenders. We have found over the last few years, through the efforts of Sgt. MacDonald, that we have received more cooperation from the families of the young offenders, thereby eliminating some court actions.

TRAINING

During the past year, two regular officers attended the New Hampshire State Police Academy for six weeks.

Lt. Charles Garland attended a one week management course at the Management Training Institute at Babson College.

Two officers attended a week long school covering the operation of the Breathalyzer and are now certified as breathalyzer operators.

Two officers attended a two week accident investigation school, conducted by a team of instructors from the Traffic Institute of Northeastern University and held in Concord, New Hampshire.

I also had two officers attend a one week course at the Smith and Wesson Academy in Springfield, Mass. for a Firearms and Non-Lethal Weaponry School.

Det. Sgt. Paul Cronin and Det. Norman Brown attended a three day seminar on Criminal Investigation, which was held in Portsmouth, N.H.

Sgt. Cronin also attended a one week Advance Fingerprint School, which was conducted by the F.B.I. and held in Concord, N.H.

Two officers also attended the Basic Fingerprint School, conducted by the F.B.I. and held in Concord.

A continuing in-service training program on new procedures and new laws is also being maintained.

A number of our officers are continuing their education in law enforcement, while off-duty, at Northeastern University in Boston, St. Anselm's in Manchester and the University of New Hampshire.

Only through both in-service training and the attendance of specialized schools will we be able to continually update our knowledge in combatting certain types of crimes.

DOG CONTROL OFFICER

Effective March 22, 1973, the responsibilities of the Dog Control Officer were given to this department.

The following activity is reported for the period between March 22, 1973 and December 31, 1973:

Complaints Answered	919
Warnings	226
Summonses	201
Dogs Apprehended	130

SAFETY

This year, the third year in a row, we were recognized when the Town of Hampton was awarded a Pedestrian Safety Award for 1972.

Again, we have had a slight decrease in the number of reportable accidents.

Our drunken driver arrests over a four year period are as follows:

1970 - 69

1971 - 100

1972 - 162

1973 - 183

Both Sgt. MacDonald and Patrolman Raymond Smith have been constantly working with schools in Hampton on safety problems, and they have been well received by the students and teachers.

SUMMARY

I would like to thank all of the residents in the Town of Hampton for their continued cooperation and assistance during 1973.

Respectfully submitted,

Clayton E. Bousquin
Chief of Police

ASSESSOR'S REPORT

For the second consecutive year, the assessed valuation of Hampton increased in excess of four and one quarter million dollars over the prior tax base. Though the tax rate rose by \$2.80, the additional valuation was a major factor in preventing the tax rate from being even higher. The chart below indicates the comparative valuation for this year and last year.

TOWN and PRECINCT TAXABLE VALUATION		
	1972	1973
Land	\$19,591,265	19,941,245
Buildings	61,457,710	64,885,380
Factories	422,850	502,350
Utilities	4,581,580	4,793,310
Mobile Homes	547,970	645,200
Boats	<u>95,150</u>	<u>84,000</u>
Gross Valuation	86,696,525	90,851,485
Elderly Exemptions	<u>-300,150</u>	<u>-199,500</u>
Net Valuation	86,396,375	90,651,985

Most of this increased valuation was the result of multi-family housing, beach motels and single family dwellings. Projections for next year based on building permits issued, inflationary costs and the tight money market, along with the rapidly declining ratio of assessments to market value, indicate a valuation increase of much smaller proportions with minimal affect on holding down a rise in the tax rate.

The following table is a comparison of the tax rates for the two most recent years, showing what percentage of the total rate was required for each of the services specified.

	1972	Percent	1973	Percent
Municipal	\$13.50	35 %	\$14.70	35%
County	2.20	6%	1.90	5%
Winn. Co-op	8.70	22%	9.30	22%
Elementary	<u>14.60</u>	37%	<u>15.90</u>	38%
Town Rate	39.00		41.80	
Precinct	2.80		3.10	
Precinct Rate	<u>41.80</u>		<u>44.90</u>	

The revenue raised from property taxes is the major source of funds from which the Town services are provided. The breakdown of that revenue is shown below.

1973 COMMITMENT TO TAX COLLECTOR	
Town taxes	\$3,789,253.14
Precinct Taxes	<u>98,884.30</u>
Gross property taxes	3,888,137.44
Veteran's Exemptions	<u>-47,139.86</u>
Net property taxes	3,840,997.58

An important change in the functions of this office in 1973 was the transferring of responsibility for the Resident Tax to the Assessor. This was accomplished by means of a census conducted during the spring and summer months. The results of the census were utilized to prepare an updated Resident Tax warrant. Any residents of Hampton who were not contacted during the census-taking may visit the Assessor's Office during business hours to rectify the oversight. Those persons between the ages of 21 and 65 who resided in Hampton on April 1, 1973 are subject to a Resident Tax. In 1974, this liability will

change to include those persons age 18 to 65. Exempt are persons on active military duty, widows of war veterans who were residents of New Hampshire at the time of their death, paupers and insane persons.

Most changes pertaining to taxation which were made in the last regular session of the Legislature and in the special session did not affect the 1973 tax year. Significant changes, however, will take place in 1974, particularly as concerns exemptions for the elderly and open space lands. Detailed information regarding such changes will be prepared by this office and published in area newspapers.

The Town of Hampton was honored by having its Assessor selected to serve on an education committee which established the first annual school for state assessing officials this past summer at the University of New Hampshire. Additional honors included his election to the executive board of the New Hampshire Association of Assessing Officials and re-appointment to the board of directors of the Northeast Regional Association of Assessing Officers.

Respectfully submitted,
Howard Promer
Assessor

BUILDING INSPECTOR

The Building Inspection Department consists of 2 full time personnel, the Building Inspector and the Health and Code Enforcement Officer/Health Officer.

The total cost of construction for the year 1973 was \$3,305,886, a decrease of \$1,667,691 from 1972. There were 497 building permits issued. The chart below shows a breakdown by months.

Jan	100,265	Jul	245,398
Feb	190,850	Aug	787,825
Mar	187,705	Sep	155,222
Apr	466,712	Oct	218,521
May	133,479	Nov	133,186
Jun	515,343	Dec	171,400

Permits issues by classification:

HOUSEKEEPING RESIDENTIAL BUILDINGS

TOTAL	497

Total number of new housing units for the year 1973 were 77 as compared to 238 for the year 1972

Fifteen (15) building violations were discovered during the year 1973.

Building permit fees collected for the year 1973 were \$10,422.50 as compared to \$18,218.00 for the year 1972.

Alfred L. Jacques
Building Inspector

RECREATION DEPARTMENT

The increasing amount of leisure time people have because of automation, shorter work hours, early retirement and the many free hours of our youth, have created a very strong challenge wherein recreation facilities and programs are becoming more essential in our daily lives.

Your Recreation Department will strive to meet this ever increasing challenge, to provide the best programs and facilities, at the least possible cost to the taxpayers.

During 1973 many new programs and special events were run and met with a tremendous response from the public.

Tennis seems to have been the most popular activity in 1973, over 400 people have taken part in organized lessons, indoors and out. 75 adults and students took part in our three day clinic at Tuck Field this past summer. Another 75 took part in our first annual singles tennis tournament in August. The town will need additional tennis courts in the very near future, with the large boom in tennis.

The Summer programs were also met with great response, close to 300 students were registered on the playground. The playground is run for an 8 week period, Monday thru Friday from 9:00 a.m. to 4:30 p.m. The activities are varied to meet the needs of all ages, Boys and Girls. Some of the activities are Arts & Crafts, Music, Pet Show, Peanut Hunt, Junior Olympics, Bike Rodeo, Little Red Wagon, field trips to Red Sox's games, Canobie Lake Park, Benson's Animal Farm, Boston Sea Aquarium and Kingston State Park. Other programs which were held in the Summer were Sewing Classes, softball, Guitar Lessons and Sailing Classes.

Two other programs I'd like to make special mention of are the annual Halloween program and the Easter Egg Hunt. The second annual Halloween program had over 500 students take part! This included window painting contest, Horribles Parade, costume judging contest party and cartoons. The first annual Easter egg hunt had 400 pre-school and elementary students participate. Both of these special events will be expanded in 1974.

Other programs in 1973, which the recreation department sponsored were; Dance classes, Arts & Crafts for students and

adults, Guitar lessons for students and adults, Sewing classes, Yoga classes, Flag-Football for boys, Volleyball for adults and students, Gymnastics, Baton Lessons, Senior Citizens activities (which includes club meetings, trips, special events, arts and crafts, bowling and educational classes), Men's Basketball League, Physical Fitness classes for adults and students, Swimming program for all citizens, First Aid classes, Movies, Vacation programs for students, Table Tennis club, Gym Hockey, Magic and Puppet shows, Girl's Field Hockey, Girl's Volleyball.

I would like to thank the many civic organizations, Educators, Town Departments, Business establishments and individuals for their support and help, we hope it continues!

Neal R. Socha
Recreation Director

LANE MEMORIAL LIBRARY

Economy through cooperation has been the theme of the operation of the Lane Memorial Library for 1973. With the combined volume buying power of the 9 towns which comprise the Lane Memorial Book Cooperative, we have been able to secure a 37% discount postage-paid on the bulk of our book purchases; and from one publisher we receive a discount of 39% postage paid on their publications. We also receive a 40 % discount from another publishing company, but we pay the cost of shipping. In 1972 we were able to negotiate only a 35% discount. With the prices of books sky rocketing it is essential that we take advantage of the better bargaining power gained by cooperative buying, even though it entails more bookkeeping.

We have extended this same practice into the formation of a Lane Memorial Film Cooperative which includes the towns of Bedford, Epping, Hampton, North Hampton, Rye, Stratham and the I.M.C. Center. We preview films together, and each town makes its own purchase. We do not duplicate titles, and we loan to each other for community programs, thus enabling us to stretch our a-v dollars. We have also included filmstrips in our cooperative selection. We still use the facilities of the North Country Libraries Film Service, which is available to us through the State Library. However, the demand for their films far exceeds the supply, and their films cannot be used for school programs unless they are supervised by the library.

In December we received the check for the grant of \$6,225 awarded by the Governor's Commission on Crime and Delinquency for the Seacoast Area Drug Resource Information Center to be administered by the Lane Library for the entire seacoast area. This is another adventure in cooperation for it will provide a sizeable collection of books and a-v materials on drugs and drug abuse problems. These materials and the necessary a-v equipment will be available for loan to area civic groups and interested citizens. We hope that once the program is operative, people will come and browse through the collection.

During the summer months we instituted a new service through the cooperation of patrons who donated their paper-

backs, which we processed for circulation, but did not catalog. This has been a most successful venture, and the books circulate on a fine-free basis.

We appreciate the many gifts which have been received this year: books, magazines, money, equipment and the many hours of volunteer assistance when needed.

Our circulation statistics speak for themselves, and reflect a total increase of 3,329 over our 1972 totals.

Adult Fiction	26,500
Adult Non-fiction	15,573
Paperbacks	2,774
Records	2,112
Magazines	2,256
Pamphlets	193
Juvenile Fiction	16,229
Juvenile Non-fiction	4,514

TOTAL	70,177

The Lane Library is open 44 hours per week with the hours apportioned in this manner:

Monday	2 P.M. - 8 P.M.
Tuesday	10 A.M. - 5 P.M.
Wednesday	10 A.M. - 8 P.M.
Thursday	10 A.M. - 5 P.M.
Friday	10 A.M. - 5 P.M.
Saturday	10 A.M. - 5 P.M.

The staff and trustees wish to express our appreciation for the support of the town, which enables us to offer good library service.

Mrs. Lucy Bume, Assistant Librarian
Mrs. Audrey Ross, Library Assistant
Miss Ruth Chilton, Clerical Assistant
Mrs. Rose Fisher, Clerical Assistant
Mrs. Charlotte M. Hutton, Librarian

AMERICAN REVOLUTION BICENTENNIAL CELEBRATION COMMITTEE

The Bicentennial Committee was established by vote of the Town at the Annual Town Meeting in 1972. At this year's Annual Town Meeting a special warrant article was adopted which funded the Committee at \$750 for the year. Most of that amount was expended in 1973 to have Hampton-related souvenir items manufactured by the New England Etching Co. Hampton. Several hundred dollars in receipts from the sale of those items have been or will be turned over to the Town and credited to the unappropriated revenue account.

Besides the memorabilia items, which are still available from any Committee member, the Committee co-sponsored a commemorative program at the First Congregational Church on October 14, 1973—the 335th Anniversary of both the Town and the Congregational Society, which settled the Town on October 14, 1638. A souvenir printed program was underwritten by the Hampton Banks and a large bronze plaque was supplied by the N.H. Society of the D.A.R. The rededication service was attended by all of the Hampton Selectmen; by Gov. Meldrim Thomson, Jr.; by representatives of Bachiler/Batchelder Family Associations; by Dr. J. Duane Squires, Chairman of both the N.H. ARB Commission and the Bicentennial Council of the Thirteen Original States; and by other dignitaries and many townspeople. The program was the first Bicentennial Era event in the state. The Selectmen have voted to enter a transcript of the proceedings in the Town Records.

For 1974, the Committee plans to issue at least one additional wall plaque and possibly a souvenir bottle; to set up, early in 1974, a 200th Anniversary commemoration of the Tea Act Resolves, against British taxation, passed by the citizens of Hampton early in 1774; to officially participate in the October 12th state celebration of the 1774 raids on Fort William & Mary, New Castle, and Paul Revere's "first ride" (through Hampton) which precipitated the raids; and to prepare for the Bicentennial's focus years of 1975 and 1976. Also, a special publication for Hampton's school-age children is in preparation.

The Committee extends its appreciation to the Board of Selectmen, Town Clerk Hammond, Town Manager Lombardi, officials and members of the Congregational Society, and all others who have provided splendid cooperation and assistance in the furtherance of our work.

**TOWN OF HAMPTON
STATE OF NEW HAMPSHIRE**

TOWN WARRANT FOR 1974

To the inhabitants of the Town of Hampton in the County of Rockingham, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Cafetorium of the Hampton Academy Junior High School on Tuesday, the fifth day of March, 1974, at eight o'clock in the forenoon to act upon the following subjects: Article 1, and Articles 20 through 37.

Pursuant to the action taken on Article 16 in the 1973 Town Warrant, the Board of Selectmen has set Saturday, March 9, 1974 at 10:00 A.M. at the Winnacunnet High School Auditorium for the second session of the Annual Town Meeting to act upon the following subjects: Articles 2 through 19, and Article 38.

Article 1. To choose by non-partisan ballot, one (1) Selectman for three years, one (1) Town Clerk for three years, one (1) Treasurer for one year, four (4) Members of the Municipal Budget Committee for three years, two (2) Members of the Municipal Budget Committee for one year, one (1) Library Trustee for three years, one (1) Trustee of Trust Funds for three years, five(5) Delagates to the Constitutional Convention from District 12, and to choose all other necessary officers for the ensuing year.

(The Polls for the election of officers and Australian Ballot Articles will be open at eight o'clock in the forenoon and will close at eight o'clock in the evening of the same day).

Article 2. To see if the town will vote to:

(A) Appropriate the sum of \$840,000 for the purpose of construction of a secondary sewage treatment facility at the site of the present primary treatment facility, as required by the United States Environmental Protection Agency and the New Hampshire Water Supply and Pollution Control

Commission to abate further, the polluting of the public navigable waters and tidal areas, such sum to be raised by the issuance of serial bonds or notes of the Town, not exceeding the sum of \$840,000 under and in compliance with the provisions of the Municipal Finance Act (Chapter 33 of the New Hampshire Revised Statutes Annotated and any amendments thereto) and any other enabling authority:

(B) Authorize the Selectmen to issue and sell such bonds or notes and determine the rate of interest to be paid thereon as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interests of the Town of Hampton, New Hampshire:

(C) Authorize the Selectmen to acquire land or interests in land, to enter into agreements and contracts and to take other action necessary to complete the said secondary treatment facility and to apply for and to accept State or federal grants in aid of said project: and

(D) Any other action in connection with the foregoing matters of any of them.

(Recommended by Budget Committee)

Article 3. To see if the Town will vote to give the Selectmen and Town Treasurer power to borrow not more than \$1,500,000 in anticipation of taxes.

Article 4. To see if the Town will vote to give the Selectmen power to accept, administer, or sell any Real Estate acquired through tax deeds; any sale to be at public auction or by requesting sealed bids therefor with reserve. This vote and the authority herein contained, to continue in effect from year to year until changed and/or amended by Town vote.

(Recommended by Board of Selectmen)

Article 5. To see if the Town will vote to accept the Budget as submitted by the Municipal Budget Committee, and to raise and appropriate the sum of \$2,182,059.

Article 6. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972,

the sum of \$290,000 for the following priority purposes and in amounts indicated:

APPROPRIATION	AMOUNT
Police Department-Operating Budget	\$75,000
Fire Department-Operating Budget	75,000
Public Works Department-Operating Budget	75,000
Ambulance Service-Operating Budget	10,000
Coast Guard Site Development-Capital Project	5,000
Hampton School District towards construction of an appropriate school building if approved at the Hampton School District Meeting on March 1, 1974.	<u>50,000</u>
	290,000

(Recommended by Budget Committee)

Article 7. On petition of Charlotte W. Harrington and 13 other legal voters of the Town of Hampton - to see if the Town will vote to appropriate the sum of up to thirty thousand (\$30,000) dollars, to be combined with matching funds from the United States Dept. of the Interior, for the purchase of a parcel of real estate between High St. and Winnacunnet Rd. now owned by Mrs. Mildred Barteau, which consists of 6.9 acres, more or less, for use as a public park for the Town of Hampton.

(Submitted without Recommendation by Budget Committee)

Article 8. On petition of Dorothy M. Little and 11 other legal voters of the Town of Hampton - to see if the Town will vote to raise and appropriate the sum of two hundred twenty-five (\$225.00) dollars to aid Child and Family Services of new Hampshire, Seacoast Regional Office, which office makes counselling available to families in Rockingham County, including 35 families from Hampton in 1973. The office also conducted a series of meetings for teenagers at Winnacunnet High School during the year 1973.

(Submitted without Recommendation by Budget Committee)

Article 9. To see if the Town will vote to rescind and declare null and void any prior votes taken by the Town giving any authority to the Selectmen to sell Town land being presently leased, provided however, that those sales of leased land

already negotiated and agreed in writing by the Selectmen, being five(5) in number, are hereby ratified and confirmed and shall not be affected by this vote.

Article 10. To see if the Town will vote to sell to the Lessees thereof, at any time upon written request by the Lessees, any lot or lots now being let by the Town, the price to be determined by the assessed valuation adjusted to current market value of said lot or lots, the Selectmen to have no discretion in whether or not such sale shall take place; this vote will not apply to the land leased to the Hampton Beach Improvement Company; and further, that the Town establish a trust or escrow fund for the net proceeds of all of the sales of the leased land, the income from which to be applied to the General Fund to reduce taxes until such time as enabling legislation is enacted providing for such a fund and the terms and conditions thereof .

Article 11. To see if the town will vote never to sell and /or lease the following described parcels or lots for the reasons herein stated:

A. The site of the former Coast Guard Station to protect and conserve our most precious natural resource, the coast line.

B. Lot No. 487, located at the intersection of Kings Highway, High Street and Ocean Boulevard North because of the potential hazard to pedestrian safety and vehicular traffic at this congested intersection, should this lot ever be developed.

C. All lots or parts of lots located between the eastern most lots, leased as of April 1, 1973 and the Atlantic Ocean, in that section of Hampton Beach commonly known as the "Pines" to protect and conserve our most precious natural resource, the coast line and to insure against any further encroachment on public beach.

This vote to remain in effect from year to year unless amended or modified by vote of a subsequent Town Meeting.

Article 12. To see if the Town will vote to convey and transfer all right, title and interest that the town may have, if any, in and unto a certain driftway, so-called, running between Winnacunnet Road and High Street, and a small parcel of

land designated as Parcel B, all as shown on plan of "Driftway and related parcels" as prepared by Town Engineer Chester E. Leach, a copy of said plan being on file in the office of the Town Clerk and to authorize the Selectmen to execute an appropriate quit claim deed or deeds upon such terms and conditions as they deem in the best interests of the Town.

Article 13. On petition of Ruth G. Stimson and 193 other legal voters of the Town of Hampton - to see if the Town will vote, by a yes or no ballot, to create, establish and maintain a Town Mosquito Control District under the provisions of R.S.A. 437-A of New Hampshire State Laws. The boundary of the District shall be the boundaries of the Town. The goal is to try to eliminate breeding conditions for mosquitoes. Joint efforts with neighboring towns will be necessary. N. H. Law R.S.A. 437-A provides 5 cents per \$100 of property valuation. This levy shall be a separate item on a tax bill.

Article 14. To see if the Town will vote to adopt the provisions of RSA 31:105 whereby the town will indemnify and save harmless for loss or damage those officials indicated therein from personal financial loss and expense as therein set forth arising out of the actions and under the terms and conditions as provided therein and to authorize the purchase of a comprehensive general liability insurance policy as provided in RSA 31:107.

Article 15. To see if the Town will vote to authorize the Town's American Revolution Bicentennial Celebration Committee, established by vote of the Town in 1972, to prepare appropriate programs and related activities during the Bicentennial era; to expend its annual appropriation, along with any private gifts, donations and/or receipts derived from the sale of Bicentennial Memorabilia; to carry over into each subsequent fiscal year any unexpended appropriations and receipts; and to give the Selectmen, by January 10 each year, a complete accounting of same. All unexpended appropriations, receipts, etc. will be turned over to the Selectmen at the end of the Bicentennial Era; no later than June 1, 1977.

Article 16. Will the Town of Hampton accept the generous offer of the Hampton Co-operative Bank to build three tree

wells at no cost to the taxpayers on town property as part of the proposed new sidewalk on High Street. Not only would this beautify this part of our town but also insure and protect trees in an area most needed.

Article 17. To see if the Town will vote to adopt the following Ordinance entitled: **Hampton Bicycle Ordinance**, An Ordinance Relative to Operation of Bicycles (including People Powered Vehicles) and Bicycle Registrations.

Section 1 - Purpose. The purpose of this ordinance is to establish regulations pertaining to the licensing, use, equipping and operation of all bicycles and people powered vehicles in the Town of Hampton, New Hampshire.

Section 2 - Definition. Bicycle shall mean all vehicles propelled by a person or persons riding the same, either wholly or in part, except the term shall not include children's tricycles.

Sidewalk shall mean all sidewalks laid out as such by the Town, or reserved by custom for the use of pedestrians, that are within the compact part of the town. It shall not include cross walks, nor footpaths outside the compact part of Town that are worn only by travel and not improved by the Town or the abutters, nor any paths or walks that are built for the exclusive use of bicyclists.

Section 3 - Application. This ordinance shall apply to the operation or use of a bicycle upon any public road or highway, or upon any path set aside for the exclusive use of bicycles.

Section 4 - License Required. No person shall ride or propel a bicycle on any public highway, or upon any other public path established for the exclusive use of bicycles, unless such bicycle has been properly licensed as herein provided, and shall be operated in accordance with the provisions of this Ordinance.

Section 5 - License Application. Any person, firm or corporation requiring a license shall submit their application to the Chief of Police, or his authorized agent, or agents. Each application shall be made on an application form provided by the Police Department and containing such information as the Chief of Police may deem necessary and convenient for the proper enforcement of this Ordinance, and licenses shall

expire May 31st of the year next following the end of the calendar year during which the license was issued.

Section 6 - Issuance of License

(a) The Chief of Police or his agents shall receive and act on all applications received and shall issue a license: 1) if the bicycle to be licensed has been inspected by the Police Department or its appointed agent, and found to be in good, safe, mechanical condition, and 2) a determination has been made that the provisions of this Ordinance have been adhered to by the applicant. He or his agents shall not issue a license for any bicycle when he or they know, or have reasonable grounds to believe that the applicant is not the owner of, or entitled to possession of such bicycle.

(b) The Chief of Police shall keep a record of the number of each license, the date issued, the name and address of the person to whom issued, and the number on the frame of the bicycle for which issued.

Section 7 - Attachment of License Plate

(a) The Chief of Police upon issuing a bicycle license shall also issue a license plate bearing the license number assigned to the bicycle, the name of the Town and the expiration date thereof.

(b) The Chief of Police shall cause such license plate to be firmly attached to a suitable place on the frame of the bicycle for which issued.

(c) No person shall remove a license plate from a bicycle during the period for which issued except upon a transfer of ownership or in the event the bicycle is dismantled and no longer operated upon any street or sidewalk in this town.

Section 8. Renewal of License. Upon expiration of any bicycle license the same may be renewed upon application to the Chief of Police.

Section 9. Transfer of Ownership. Upon sale or other transfer of a licensed bicycle the licensee shall remove the license plates and immediately notify the Chief of Police of such transfer. The new owner must thereupon apply for a license in accordance with the provisions of this ordinance.

Section 10. Rental Agencies. A rental agency shall not rent or offer any bicycle for rent unless the bicycle is licensed and a license plate is attached thereto as provided herein and such bicycle is equipped as required by this Ordinance.

Section 11. Bicycle Dealers. Every person engaged in the business of buying or selling new or second-hand bicycles in the Town of Hampton shall make a report to the Chief of Police of every bicycle purchased or sold by such dealer, giving the name and address of the person from whom purchased or to whom sold, a description of such bicycle by name or make, the frame number thereof.

Section 12. - Traffic Laws Apply to Persons Riding Bicycles. Every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all the duties applicable to the driver of a vehicle by the laws of this State declaring rules of the road applicable to vehicles or by the traffic ordinances of this town applicable to the driver of a vehicle, except as to special regulations in this article and except as to those provisions of laws and ordinances which by their nature can have no application.

Section 13. - Obedience to Traffic-control Devices.

(a) Any person operating a bicycle shall obey the instructions of official traffic-control signals, signs and other control devices applicable to vehicles, unless otherwise directed by a police officer.

(b) Whenever authorized signs are erected indicating that no right or left or U turn is permitted, no person operating a bicycle shall disobey the direction of any such sign, except where such person dismounts from the bicycle to make any such turn, in which event such person shall then obey the regulations applicable to pedestrians.

Section 14. - Riding on Bicycles.

(a) A person propelling a bicycle shall not ride other than upon or astride a permanent and regular seat attached thereto.

(b) No bicycle shall be used to carry more persons at one time than the number for which it is designed and

equipped.

Section 15. - Riding on Roadways and Bicycle Paths.

(a) Every person operating a bicycle upon a roadway shall ride as near to the right side of the roadway as practicable, exercising due care when passing a standing vehicle or one preceeding in the same direction.

(b) Persons riding two-wheeled bicycles upon a roadway shall not ride more than two abreast except on paths or parts of roadways set aside for the exclusive use of bicycles. Persons riding three-wheeled bicycles shall ride in single file.

(c) No person riding a bicycle shall hold fast to, or hitch on to any street car or vehicle moving upon a highway.

Section 16 - Speed.

(a) Pursuant to New Hampshire Revised Statutes Annotated, c. 250, sec. 12, no person without a permit as provided for in section 16 (b) hereof shall ride a bicycle on a sidewalk, nor in the streets, squares or parks of the Town of Hampton unless the bicycle is provided with a suitable alarm bell, adapted for use by the rider, nor shall ride said bicycle in the compact part of town at a rate of speed exceeding ten miles an hour. Failure to comply with this paragraph shall constitute a violation and any violator shall be liable for all damage occasioned to any person by such unlawful act. The provisions of this paragraph shall not apply to children under the age of twelve years.

(b) In those portions of the Town not covered by subsection (a) of this section 16, bicycles shall not be operated at a speed greater than is reasonable and prudent under the conditions then existing.

(c) The Selectmen may, in their discretion, upon any special occasion, grant permits to any persons to ride such bicycles, at any rate of speed, for a time not exceeding one day upon specified portions of the public ways of the town, and may annex such other reasonable conditions to such permits as may be deemed proper.

Section 17 - Emerging from Alley or Driveway. The operator of a bicycle emerging from an alley, driveway or building shall upon approaching a sidewalk or the sidewalk area

extending across any alleyway, yield the right of way to all pedestrians approaching on said sidewalk or sidewalk area, and upon entering the roadway shall yield the right of way to all vehicles approaching on said roadway.

Section 18. Carrying Articles. No person operating a bicycle shall carry any package, bundle or article which prevents the rider from keeping at least one hand upon the handle bars.

Section 19. - Parking. No person shall park a bicycle upon a street other than upon the roadway against the curb or upon the sidewalk in a rack to support the bicycle or against a building or at the curb, in such manner as to interfere with or obstruct pedestrian traffic.

Section 20 - Riding on Sidewalks. No person shall ride a bicycle upon any sidewalk in the compact part of the Town of Hampton.

Section 21 - No person shall operate or use a bicycle subject to the terms of this Ordinance unless it is equipped according to the provisions of New Hampshire Revised Statutes Annotated c. 250, sections 11-a, 11-3, and 250:5 as follows:

(a) 250:11-a Bicycles. No person shall operate a bicycle on any highway unless it is equipped with a brake which will enable the operator to make one braked wheel skid on dry, level, clean pavement.

(b) 250:11-b Prohibition. No person shall operate on the highway any bicycle equipped with handlebars so raised that the operator must elevate his hands above the level of his shoulders in order to grasp the normal steering grip area.

(c) 250:11-c Pedals. No person shall operate upon any highway a bicycle which has been modified or altered in such a way as to cause the pedal in its lowermost position to be more than twelve inches above the ground.

(d) 250:11-d Lights. Every bicycle operated upon any highway during darkness shall be equipped with a lamp emitting a white light visible from a distance of three hundred feet in front of the bicycle and with a red reflector on the rear of a type approved by the department which shall be visible from a distance of three hundred feet to the rear when directly in front of lawful upper beams of headlamps of a motor vehi-

cle. A lamp emitting a red light visible from three hundred feet to the rear may be used in addition to the red reflector.

(e) 250:11-e Reflector. On and after January 1, 1973, no person shall sell a new bicycle or pedal for use on a bicycle that is not equipped with a reflector, of a type approved by the director of the division of motor vehicles of the department of safety, on each pedal of such bicycle which is visible from the front and rear of the bicycle during darkness from a distance of two hundred feet.

(f) 250:5 Period of Lighting. Every bicycle, whether stationary or in motion, on any public highway or bridge, shall have attached to it a light or lights, which shall be so displayed as to be visible from the front and rear, during the period from one-half hour after sunset to one-half hour before sunrise.

Section 22 - People Powered Vehicles (PPV). In addition to all the foregoing sections of this Ordinance, no PPV shall be licensed or permitted to be operated unless it is equipped with a flourescent flag mounted on a pole or antenna, attached to the vehicle, which is at least six (6) feet in height.

Section 23 - Bicycle Path. Wherever a useable path for bicycles has been provided adjacent to a roadway, bicycle riders shall use such path and shall not use the roadway.

Section 24 - Penalties

(a) Failure to comply with any of the provisions of this Ordinance shall be cause for immediate impoundment by law enforcement agents until the provisions and requirements herein have been complied with.

(b) Any person, firm or corporation, who violates the provisions of this Ordinance may have his or her license revoked by the Chief of Police for a period not exceeding thirty (30) days, or may be charged with a violation and summoned to Hampton District Court, and if convicted of said violation, may be fined not more than twenty-five (\$25.00) dollars.

Section 25 - Effective Date. This Ordinance shall be effective as of the date of its passage by Town Meeting.

Adopted this _____ day of March, 1974.

Article 18. To see if the Town will vote to adopt the following

resolutions as a pre-requisite for the Town in submitting an application for participation in the National Flood Insurance Program:

Resolution A.

Whereas, certain areas of the Town of Hampton are subject to periodic flooding (and/or mudslides) from streams, rivers and oceans, causing serious damages to properties within these areas; and

Whereas, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1963; and

Whereas, it is the intent of this Town Meeting to require recognition and evaluation of flood and/or mudslide hazards in all official actions relating to land use in the flood plain (and/or mudslide) areas having special flood (and/or mudslide) hazards; and

Whereas, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to New Hampshire Revised Statutes Annotated - Chapter 31,

NOW, THEREFORE, BE IT RESOLVED,

that this Town Meeting hereby:

1. Assures the Federal Insurance Administration that it will enact as necessary, and maintain in force for those areas having a flood or mudslide hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Hampton Planning Board with the responsibility, authority, and means to:

- (a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood (and/or mudslide) hazards on available local maps of sufficient scale to identify the location of building sites.

- (b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain (and/or mudslide area).

(c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain or mudslide areas, and cooperate with neighboring communities with respect to management of adjoining flood plains and/or mudslide areas in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain (and/or mudslide area) management measures.

3. Appoints the Building Inspector to maintain for public inspection and to furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

Resolution B

Whereas, the Town of Hampton has adopted and is enforcing the National Building Code, 1967 as amended, and

Whereas, Section 102.1 of the aforementioned prohibits any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving or demolishing any building or structure without first obtaining a separate building permit for each building or structure from the Building Inspector, and

Whereas, the Building inspector must examine all plans and specifications for the proposed construction when application is made to him for a building permit.

NOW, THEREFORE, BE IT RESOLVED by the Town Meeting of the Town of Hampton as follows:

1. That the Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites

will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage; and

2. That the Hampton Planning Board shall review subdivision proposals and other proposed new developments to assure that (i) all such proposals are consistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and

3. That the Building Inspector shall require new or replacement water supply systems and/or sanitary sewer systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.

Article 19. On Petition of Matthew C. Cushing and 22 other legal voters of the Town of Hampton - to see if the Town will vote to repeal its present Ordinance prohibiting dump picking and adopt the following Dump Picking Regulations:

1. All persons picking the dump must have in their possession a valid dump picking permit.

2. The Town Clerk shall issue a permit after signing a liability release and payment of an annual pickers fee to the town.

3. The liability release shall contain the following: I, the undersigned request permission from the Town of Hampton to pick the dump. I agree to abide by all regulations concerning dump picking and recognize that failure on my part to do so constitutes grounds for revocation of my permit. I further

release the Town of Hampton, its property and employees from liability resulting from any accident or injury to my person or property while in the designated dump area.

4. Permits shall expire on December 31 of each year.

5. Fee for a permit shall be one dollar for resident and five dollars for non-resident

6. No smoking or fires.

7. No interference with people making deposits at the dump.

8. No interference with town employees or equipment engaged with dump maintenance.

9. No parking allowed in the main dumping area and no interference with vehicular movement in the dump.

10. The Town Manager has the right to revoke the permit for violation of any of the above regulations.

Article 20. To see if the Town will vote to adopt the provisions of New Hampshire Laws, R.S.A. 60:38, providing for the election of Town officers by absentee ballot at Municipal Annual Meetings as follows:

“Shall the provisions for absentee ballot for the election of Hampton Town Officers be adopted by this Town Meeting?”

Article 21. To see if the Town will vote to join the Strafford-Rockingham Regional Council and authorize the Town’s representation to the Southeastern New Hampshire Regional Planning Commission to act as delegates to the Council.

(Recommended by Board of Selectmen)

Article 22. To see if the Town will vote to adopt the provisions of RSA 59:9a and RSA 55:9b whereby the Town Clerk shall have all the powers and duties of city clerks in the registration of new voters as provided in RSA 55:9a and RSA 55:9b. The enabling legislation being RSA 55:9c.

Article 23. On petition of Minnie E. Philbrook and 11 other legal voters of the Town of Hampton - to see if the Town will vote to adopt the Homeowners Exemption provisions of R.S.A. Chapter 72 granting \$5,000 exemption based on equalized assessed valuation on all owner occupied units and a \$10,000

exemption based on equalized assessed valuation on all owner occupied units owned by persons over 65 years of age.

Article 24. On petition of Louisa K. Woodman and fifty-four other legal voters of the Town of Hampton, to see if the Town will vote to adopt the provisions of RSA 31:3 allowing all present and future Town Boards and Commissions to recognize unions of their employees and to enter into collective bargaining contracts with such unions. Adoption of this statute is in no way to be construed as recognition of the right of public employees to strike.

Article 25. To see if the Town of Hampton will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article 1, Section 1.6.11 (Site Plan) to read:
SITE PLAN FOR NON-RESIDENTIAL DEVELOPMENT.

(Recommended by Hampton Planning Board)

Article 26. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To Amend Article III, Section 3.1 (Uses) to read: Single family dwellings with private garage and one accessory building.

(Recommended by Hampton Planning Board)

Article 27. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article III, Section 3.1 (Uses) to show: Single family dwellings to be prohibited in the Business Zone and Industrial Zone.

(Recommended by Hampton Planning Board)

Article 28. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article III, Section 3.8 (Uses) to show:

Multi-Family Dwellings to be prohibited in the Industrial Zone.

(Recommended by Hampton Planning Board)

Article 29. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article III, section 3.7 (Uses) to show: Swimming pools are permitted in the Residence B, Business, Business Seasonal and General Zones.

(Recommended by Hampton Planning Board)

Article 30. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article IV, Section 4.1.1 (Dimensional Requirements) by changing the minimum lot area per dwelling unit under Mobile Home Park permit to read: 10,000 sq. ft. instead of 5,000 sq. ft.

(Recommended by Hampton Planning Board)

Article 31. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article IV, Section 4.2 (Dimensional Requirements) by adding: 125 foot minimum frontage requirement in the General Zone.

(Recommended by Hampton Planning Board)

Article 32. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article IV, by deleting the column entitled "Areas proposed for Marsh Reclamation" and footnote 9.

(Recommended by Hampton Planning Board)

Article 33. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent

Town Meetings:

To amend Article IV, Footnote 14 by adding "except in the BS District" after the words Multi-Family Dwelling.

(Recommended by Hampton Planning Board)

Article 34. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article V, Section 5.2.1 (Signs) by inserting the following: 50 square feet under the Business Zone with a footnote 2 reading "Maximum size in square feet for free standing signs".

(Recommended by Hampton Planning Board)

Article 35. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town meetings:

To amend Article IV, (Parking), Section 6.2 by adding the following after the words parking lot - "if the proposed building has twelve (12) or fewer units. Any construction over twelve units must provide off-street parking for all units."

(Recommended by Hampton Planning Board)

Article 36. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings:

To amend Article VII, (Exterior Design) by adding a new section 7.7 to read: All site plans for Commercial, Multi-family and Industrial Buildings shall be accompanied by an architect's rendering or facsimile. The Planning Board may reject the proposed site plan if in the opinion of the Planning Board the exterior design is not in keeping with the character of the neighborhood or the Town or, if in the Board's opinion, the proposed design will be injurious to the neighborhood or Town.

(Recommended by Hampton Planning Board)

Article 37. To see if the Town will vote to amend the Zoning Ordinance of the Town of Hampton adopted at the Annual

Town Meeting of March 8, 1949 and amended at subsequent Town meetings:

To amend Article VIII, (Multi-Family Dwellings), Section 8.1 to read: Multi-Family Dwellings are subject to the approval of a site plan for the Planning Board in all zones. Multi-Family Dwellings must be in conformity with the following standards in all zones except the Business Seasonal Zone.

(Recommended by Hampton Planning Board)

Article 38. To transact any other business that may legally come before this meeting.

Given under our hands and seal this 14th day of February, 1974.

CONSERVATION COMMISSION

Your Conservation Commission in 1973 closely followed actions and plans which were considered to either impair or protect the value and usefulness of our natural resources.

The voters of the Town of Hampton established the commission for the proper utilization and protection of the natural resources and for the protection of the watershed resources of the town.

Last fall Dano Patterson, Inc. of Merrimack, N.H. made application to fill approximately four acres of land north of Island Path for building use. The commission considered the citizens interest in filling marsh land and held a public hearing to determine the impact of land filling of this natural resource. Complete records of the hearing were forwarded to the State's Special Board of Water Resources in Concord and included a cover letter stating the Commission's opposition to the approval of the application.

The Town of Hampton also made application to fill a portion of the salt marshes at the municipal parking lot and the Commission found it also necessary in the public's interest to oppose its approval.

An additional item of importance was the passage of a bill by the legislature which eliminated the Marsh Reclamation Authority. This bill was introduced by Ednapearl Parr who is a member of the Commission.

Many other items of importance pertaining to conservation have been part of the activities of the Commission. Some of these relate to the nuclear plant, power lines, use of the Coast Guard Station Site, oil refinery, flood plan zoning, area growth, open space, local and seacoast planning.

The Commission will continue to devote its attention to conservation issues in order that the best interests of the citizen of Hampton are served.

Respectfully submitted,

Nelson Grant, Chairman	Ruth Nutter
Peter Randall	Irene Palmer
Stillman Hobbs	Ednapearl Parr
	Ruth Simpson

THE SEACOAST HOME HEALTH ASSOCIATION

The Seacoast Home Health Association, serving the towns of North Hampton, Hampton, Hampton Falls and Seabrook, is most commonly known as 'The Visiting Nurse Association,' but its scope has been wider.

In fiscal year 1972-1973 a total of 4206 calls were made in the district, an increase of over 200 from last year. In Hampton 2065 calls were made. In addition to Nursing Service, the services of our Physical Therapist and Speech Therapist were utilized in Hampton.

From Hampton, 198 children are being followed at our Well-Child Clinic. They receive physical exams, immunization, counseling, blood tests and developmental screening. This past year, for the first time, we were able to offer a Dental Clinic for those children in our Well-Child Clinic which included cleaning and topical fluoride treatment. In the past year we sponsored an immunization clinic in all elementary schools and Jr. High for which 590 children were immunized in Hampton. A vision and hearing screening were also offered.

Visits are made monthly on those persons in your town who come under the State TB program to check on their medication supply, observed for adverse reactions and make appointments for follow-up chest x-rays.

We are also involved with the aftercare program in conjunction with the Seacoast Regional Counseling Center. Patients who have been discharged from New Hampshire Hospitals are followed, appointments are made for them to be seen at the counseling center for medication review and additional assessment.

On behalf of the Board of Directors, I wish to express our appreciation to the four towns involved, to the organizations and private citizens who have contributed to this worthwhile work, to the ladies who have given volunteer service at the Well-Child Clinics. The Board is very proud of our staff who are dedicated and conscientious nurses and of our efficient part-time secretary.

Harold N. Eames, Jr., President
Seacoast Home Health Association

**REPORT OF THE ANNUAL TOWN MEETING
AND ELECTION OF OFFICERS**

HAMPTON ACADEMY JUNIOR HIGH SCHOOL
HAMPTON, NEW HAMPSHIRE
MARCH 6, 1973

Upon declaring a quorum being present, Town Moderator H. Alfred Casassa opened the Annual Town Meeting at 10:00 A.M.

The election workers had been previously sworn in by the moderator.

School District Moderator, Carl C. Bragg read the School District Warrant and the return, followed by Town Moderator Casassa reading the Town Warrant and the return from the Selectmen.

Request from Roland Paige that the reading of the entire warrant be waived. Seconded by Selectman Fred A. White, Jr. So moved.

Selectman Ashton J. Norton made a motion the Polls remain open until 8:00 P.M. Seconded by George Hardardt. So voted.

Selectwoman Helen W. Hayden made a motion to postpone action on Articles 2 through 6, 8 through 15, 17, 19 through 20 and 35 until Saturday March 10, 1973 at 10:00 A.M. at the Winnacunnet High School Auditorium. Seconded by Selectman White. So voted.

Town Moderator H. Alfred Casassa explained the voting procedure on Town Officials, School District Officials and the Articles placed on the Ballot, and declared the business portion of the meeting postponed until the time and place aforementioned.

Respectfully submitted,
Roger P. Hammond
Town Clerk

**RESULTS OF VOTING
SPECIAL TOWN MEETING
DECEMBER 4, 1973**

To see whether the town will vote to readopt the Zoning, Building, Certificate of Occupancy and Plot Planning Ordinances adopted at the Annual Town Meeting of March 8, 1949 and amended at subsequent Town Meetings, as edited, and will adopt the Town of Hampton Zoning Map dated September 1, 1972 in lieu of the verbal description contained on pages 24-43 of the existing Ordinances published in 1971.

Moderator H. Alfred Casassa, after swearing in the poll workers read the Warrant for the adoption of the above article.

A motion by Mr. Carl Bragg and seconded by Clifford H. Eastman, Sr. for the polls to remain open until 8:00PM, so voted.

RESULTS OF THE VOTING: 42 yes 24 no

Article passed (with only 66 ballots cast)

Roger P. Hammond
Town Clerk

**REPORT OF VOTING FOR TOWN OFFICERS
AND BALLOT ARTICLES
MARCH 6, 1973**

At 8:00 P.M. in the evening Town Moderator H. Alfred Casassa declared the Polls closed to voting.

Roger P. Hammond. Town Clerk

**RECONVENED TOWN MEETING
SATURDAY, MARCH 10, 1973
VOTES AND/OR AMENDMENTS**

Town Moderator H. Alfred Casassa, declaring a quorum being present, opened the business meeting at 10:05 A.M. with salute to the American Flag and introduced Rev. Herbert Lovemore who offered the prayer.

ARTICLE 2. Selectman Fitzgerald moved that the article be adopted. Second by Mr. Colt. Question moved by hand vote. Considerable discussion on the article. Moderator declared the polls open at 12:15 P.M. for 4 hours.

Results on voting on article 2. 935 votes cast, 624 required to pass on 2/3 basis. Yes 243 No 692. Article 2 defeated.

ARTICLE 3. Mr. Roland Paige moved reading of the article. Second by Mr. Hopkins. Article 3 passed by majority hand vote.

ARTICLE 4. Mr. Robert Bridle requested an indefinite postponement. Second by Mr. Ronald Bridle. A majority hand vote postponed the article.

ARTICLE 14. Mrs. Joan Hewlett moved reading the article. Second by Mr. Schwotzer.

First amendment made by Howard Page to increase the budget by \$20,000 for repairs to the Police Facilities. Second by R. Victor Lessard. Discussion. Original amendment withdrawn.

Second amendment made by Howard Page to increase the budget \$44,600 to be used with \$95,000 already in a/c for addition for the Police Facility. Second by R. Victor Lessard. Discussion. Vote by hand failed to pass.

SPECIAL ARTICLE. Inserted by Dan Bryant (if not out of order). "Motion for the Selectmen to be instructed to sell the Rescue Boat that was purchased two years ago through sealed bids, going to the highest bidder and the revenue realized from the sale be applied to the reduction of taxes." Second by Selectman Fred White. Mr. Barry moved the question. Second by Mr. Hardardt. Hand vote defeated the special article.

ARTICLE 14 (cont'd) Selectman White moved a/c1000 (Interest) be increased by \$17,443. from \$36,937 to \$54,380. 2nd by Selectman Fitzgerald. Article amendment passed by majority hand vote.

Moved by Selectwoman Helen Hayden that \$3000 be appropriated for the purpose of conducting a census within the town. Second by Selectman Fitzgerald. Amendment passed by majority hand vote.

Vote on Article 14 as amended to show \$1,945,317.00 passed by majority hand vote.

ARTICLE 5. Selectman Eastman moved the article. Second by Mr. Robert Bridle. Passed by majority hand vote.

ARTICLE 6. Amendment by Arthur Moody inserted at the end of the article "that the Committee's Treasurer shall be empowered to apply for and receive gifts, bequests and Federal or State grants, to go toward the work of the Committee." Amendment passed. Article 6 passed as amended by majority hand vote.

ARTICLE 8. Selectman White moved the Committee's report be accepted as presented. Second by Mr. Cunningham. Amendment made by Mr. Dunham to add "work to be completed by June 1, 1973." Second by Mr. McNeil. Amendment passed. Article 8 passed as amended.

ARTICLE 9. Selectman Fitzgerald moved reading of the article. Second by Mr. Schwotzer. Article 9 defeated by majority hand vote.

ARTICLE 10. Mr. Fernald moved reading of the article. Second by Mrs. Barry. Article 10 passed by majority hand vote.

ARTICLE 11. Mr. Cunningham moved reading of article. Second by Mr. Burbank. Article 11 passed by majority hand vote.

ARTICLE 12. Mrs McClure moved reading of the article. Second by Mr. Cunningham. Article 12 defeated. Yes 55 No 101.

ARTICLE 15. Selectman Norton moved reading of the article. Second by Mr. Fitzgerald. Article 15 passed by majority hand vote.

ARTICLE 13. Mr. Fallon moved reading of the article. Second by Mr. Allen Bridle. Amendment offered by Mrs. Dahl

“The revenue sharing funds received in 1972 and 1973 be set aside in a reserve fund to gather interest until an alternate proposal can be brought to the 1974 Town Meeting, said proposal to be based on input from the voters gathered by the Board of Selectmen at two or more public hearings prior to the 1974 Town Meeting.” Second by Mr. Malcolm. Mr. Sullivan moved the question. Amendment passed by hand vote. Article 13 defeated by passing of Mrs Dahl’s amendment.

ARTICLE 17. Mr Moody moved reading of the article. Second by Mr. Allen Bridle. Amendment offered by Mr. Moody, substitute the Planning Board to read“a special committee to be appointed by the Board of Selectmen.” Mr. MacAteer moved question on amendment. Article 17 defeated as amended. Yes 54 No 80.

ARTICLE 19. Mrs. Robert Bridle moved the question. Second by Mr. Allen Bridle. Article 19 defeated. Yes 44 No 59.

ARTICLE 20. Selectman White moved the reading of article. Second by Mr. Paige. Article 20 passed by majority hand vote.

ARTICLE 35. Other Business..

1. Offered by Mrs Stimson. Resolved that a concensus be taken by raised hands at this 1973 Town Meeting assembled that the Board of Selectmen should consult with the architects on the cost of building the proposed Municipal Center by units with construction of a Town Office as first priority, and shall report and publish their findings for the citizens as soon as possible before the 1974 town meeting.

2. Offered by Mr. Moody. Resolved since Hampton originally shared a common boundary with our sister community, Portsmouth, we hereby extend our congratulations to Portsmouth and to nearby Dover on the occasion of their 350th Anniversary this year.

Both resolutions passed by majority hand vote.

Appointments made by Moderator H. Alfred Casassa: Mrs. Barbara McClure to replace Mr. Lessard on the budget committee. Mr. Paul Nersesian to replace Mrs. Hewlett on the Budget Committee.

Respectfully submitted,
Roger P. Hammond, Town Clerk

**HAMPTON BEACH VILLAGE DISTRICT
CERTIFICATE OF AUDIT**

This is to certify that I have examined and audited the accounts and records of the Hampton Beach Village District for the fiscal year ended December 31, 1973.

My examination was made in accordance with generally accepted auditing standard practices and, accordingly, included tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

In my opinion, the accompanying balance sheet and statements of sources of revenues and expenditures reflect fairly the financial position of the Hampton Beach Village District at December 31, 1973, and the results of its operation for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully Submitted,
Frank A. Briggs
East Kingston, N.H.

HAMPTON BEACH VILLAGE DISTRICT AUDITORS:
Wilfred Bodreau
John J. Cardarelli

TOWN AUDIT

The Annual Audit of the Town's books is not included in this year's report as the Division of Municipal Accounting of the State of New Hampshire has been unable to conduct the audits because of its limited staff and workload.

The Town has been informed by the Division of Municipal Accounting that the books for 1972 and 1973 will be audited in April or May of 1974.

Therefore, the most current audit will be printed in the 1974 Town Report.
