CHIEF DONALD R. MATHESON, SR.
"A Firefighter's Firefighter"
1943-1982

His inspiration to his men, his loyalty to his position, his unceasing devotion to his Town of Hampton, his quiet winning personality have bequeathed to the fire service a tradition of Dedication to Duty above all.

It has certainly been our privilege to have been the beneficiary of one who not only possessed the knowledge of his role as Fire Chief, but able to impart his knowledge and his duties in a manner reflecting his fullest measure of devotion.

We can but say that Don's too brief of a career in living stands out in our minds like a shooting star against a dark midnight sky. Those who have witnessed the brilliance of a shooting star for that brief moment will never forget the impact made on us, and so will be etched in us the impact and privilege of having known Donald R. Matheson, Sr.

BOARD OF SELECTMEN'S ANNUAL REPORT

The Board welcomed Mr. Brian Doherty and Mr. Ashton Norton as newly elected members and from the very first meeting we agreed that this Board would strive to have the Town operated in a business-like manner. We believe that this Board has achieved that result with the co-operation we have received from the Town Manager, Department Heads and all of the employees of the Town. This is the first time in many years that the Board of Selectmen, with the help of the Assessor and Town Manager, went to Concord to have the tax rate set to become second in the State to hold the tax rate as low as we were able to accomplish.

All of the time and effort that the Board put into this year's program has proven to be profitable for the Town. We were able to stay within the budget and by careful oversight were able to return a large amount from the 1981 budget to the general fund. In addition, more revenue was received than was anticipated and this has been another factor in helping to lower the tax rate. In the proposed budget, we strove to hold expenditures to the minimum without taking out any of the necessary services, keeping in mind what would be best for the citizens of Hampton.

The continuance of resurfacing and/or rebuilding of Town roads and unaccepted streets has this year been carried on as in previous years. The lights were installed and the intersection was completed at the intersection of High Street and Ocean Boulevard (Route 1A) during this year. Also, the sewerage project was carried on as in past years and this year it was Bourn, Godfrey and Josephine.

In the Town Office Building during the year, the first floor area was revamped so that the Building Inspector and Assessor each have an office and the secretaries are in an office between them making communications more effective for all departments. There is also an office for the use of the Planning and Zoning Boards. We have overseen the installation of an IBM computer in the bookkeeping department which, although it was a struggle to start programming, has already proven to be a great asset to the Town and will prove to be more of an asset as more programs are entered and used.

The rapport between the governing bodies of the Town of Hampton and the Hampton Beach Village District has been very good this year and we sincerely hope that it will continue to be such.

TOWN MANAGER'S ANNUAL REPORT

The 1981 Town Report presents an overview of activity performed by town departments, boards, and committees during the past year, together with the audited financial information provided by Killion, Plodzik and Sanderson.

A number of important events occurred during the year which greatly assisted local government in providing services to our residents. First, the adoption of an open container law provided the foundation for an early and effective law enforcement program at Hampton Beach which established an improved atmosphere for the entire summer season. Families were able to enjoy the beach and the town of Hampton more than in years previous because of this important law. Additionally, the public support for the Hampton Mounted Patrol was deeply appreciated and the mounted patrol was able to provide coverage to areas of our town previously unaccessable by cruiser or foot patrol. Young people, in particular, were very enthusiastic over our Tennessee walking horses.

Adoption of a non-sewer user credit in our property tax billing system became a major step in allocating the cost of operation and maintenance of the sewer treatment facility to the actual sewer users, and we are very hopeful that the longstanding dispute with the Environmental Protection Agency over sewer-user fees may at last be settled to the satisfaction of both the town and E.P.A.

Implementation of the new I.B.M. System 23 payroll program for town employees proved to be a valuable asset during the period of time our bookkeeper became hospitalized. Three people are now trained to operate the payroll program, assuring continuity in the event of sickness or vacation. We are very excited about programming our fund accounting for 1982, and also performing land rent/lease billing, resident tax billing, and property tax billing; programs previously performed by an outside firm.

I am pleased with the efforts of town employees to perform their tasks in providing many town services for the residents of Hampton. Our level of service will compare very favorably with any other community in the state. My personal thanks are extended to the Board of Selectmen, town employees, boards and commissions, and residents of the Town of Hampton for their cooperation and support during the past year.

Philip G. Richards

BUILDING INSPECTOR'S ANNUAL REPORT

The Building Inspection Department was revised during 1981, in both organization and responsibilities. The position of Assistant Building Inspector was eliminated and the Town Manager now performs the duties of Health Officer. The secretaries for the Assessor and Building Inspector now share a combined office, promoting greater efficiency and productivity. The permit files are being revised and consolidated to simplify and speed-up retrieval procedures, which should aid in making better building and zoning decisions.

Construction as a whole was down from the previous year, with single family homes off by 45% and the total number of new dwelling units (88) showed a 47% decrease. 683 building permits were issued, with a construction value of \$7,442,696, producing \$25,309.50 in fees.

During this period 1,836 building and zoning related inspections were made, 61 building violations and 3 zoning violations were discovered, and 43 complaints, requiring 63 inspections, were received. 104 year-round certificates of occupancy were issued.

A breakdown of construction activity follows:

January	\$ 281,706	July	\$660,039
February	802,432	August	572,688
March	1,042,400	September	774,380
April	1,162,402	October	610,526

ASSESSOR'S ANNUAL REPORT

The Assessor's department consists of an assessor and a full time secretary.

	Taxable Valuation		
	1980	1981	Adjustment
Precinct	\$104,822,000	\$107,590,900	+ \$2,768,900
Town	313,816,800	321,825,800	+ 8,009,000

	Tax Rate Structure		
	1980	1981	Adjustment
Municipal	9.50	9.70	+ .20 (+ 2%)
County	.90	1.20	+ .30 (+ 33%)
Schools	12.50	12.40	- .10 (- 1%)
Town Rate	<u>22.90</u>	<u>23.30</u>	+ .40 (+ 2%)
Precinct			
Precinct	1.13	1.20	+ .07 (+ 6%)
Exempt	.73	.70	- .03 (- 4%)
Totals			
+ Precinct	<u>24.03</u>	<u>24.50</u>	+ .47 (+ 2%)
+ Exempt	<u>23.63</u>	<u>24.00</u>	+ .37 (+ 2%)

As demonstrated by the graphs above, the Town of Hampton has enjoyed ample growth in the past year as evidenced by the increase in assessed valuation.

Although inflation is still a problem state and nationwide as evidenced with still another decrease in revenue sharing from the state to the towns, yet Hampton managed to hold the town tax rate increase to only 2%. A credit to the management and taxpayers of the community.

Andrew L. Blais, Assessor
Helen Long, Secretary

**HAMPTON POLICE DEPARTMENT
ANNUAL REPORT**

PERSONNEL: 28 Full-Time
50 Part-Time

The personnel of the Hampton Police Department have never felt the support that we have had this year as much as that from the present Board of Selectmen, Town Manager Philip Richards, and the residents of the Town of Hampton. It was very satisfying to know that our ideas that took long hours of planning met with such strong backing, allowing those ideas to come to fruition, and the men and women of this department are to be congratulated for their sincere efforts. It would be difficult to single out any one individual but special mention must go to the Sergeants and Patrolmen who continuously meet the challenge under sometimes adverse and difficult conditions.

During the month of March, Court Prosecutor Peter Smith drafted a new ordinance reference alcoholic problems in the Town of Hampton. This draft was presented to the Board of Selectmen and adopted on March 29, 1981. Enforcement of the ordinance began immediately, after notifying the general public through mass media, i.e., newspapers, television, and radio (major wire services had picked up on our program) about the course of action taken by this law enforcement agency. One approach was to place plain clothes officers in high incident areas to identify individual violators. As evidenced by the figures below, the program was successful:

Total arrests:

April 1980	112	April 1981	348
May 1980	210	May 1981	687
June 1980	231	June 1981	645

In April, Sgt. Dennis Pelletier presented a proposal for forming a Mounted Patrol Unit, and he worked many long hours, along with three other members of that unit, in order to get the public funding necessary to implement the program. A lot of their training hours and appearances were during off-duty hours and without personal compensation. I congratulate these officers on their loyalty to the Mounted Patrol Unit and to the task of working on a new concept of law enforcement in the Town of Hampton. This unit began their duties on July 3, 1981, and logged over 126 arrests for various

violations through Labor Day. Without the backing and donations from the general public, the formation of this Mounted Patrol Unit would not have been possible.

Dispatcher Robert Fabich resigned in July, transferring to the Hampton Fire Department, and was replaced by Dispatcher Michael Small. Larry Hamer resigned his position as patrolman in November to continue his education at the University of New Hampshire.

The Detectives and the Juvenile Officer continue to do outstanding jobs in their respective fields, and Det. William Wrenn, as Training Officer, continues to work in conjunction with the New Hampshire Police Standards and Training Council to update the training for all regular and part-time personnel. The Crime Prevention Officer, Arthur Wardle, continues to meet with individuals and groups, dispersing literature and other information pertinent to the prevention of crime in this area.

The following figures show a comparison of listed activities over a five-year period:

	1977	1978	1979	1980	1981
Criminal Arrests	1,027	853	1,018	1,125	2,395
Motor Vehicle Arrests	1,001	744	846	1,126	1,681
Juvenile Arrests.....	582	571	469	456	756
Log Entries	14,407	11,759	11,735	10,749	13,248

I would like to thank Dpty. Chief Thomas Krajewski for doing a fine job of commanding during the weeks that I attended the F.B.I. Academy, and I would like to thank the citizens of the Town of Hampton for their assistance in making 1981 a very productive year.

Respectfully submitted,

Robert E. Mark

Summer Weekend Night Duty (hours)	149

The Fire Prevention Bureau sponsored an ordinance requiring automatic sprinklers in certain types of wood frame buildings. The Fire Inspector attended hearings in Concord on requiring smoke detectors for dwelling units. I am pleased to report that it is now State law. Smoke detectors save lives. We are thankful of that fact as one of our Hampton residents escaped a pre-dawn structure fire into sub-zero temperatures in January.

The Fire Prevention Bureau investigated eleven (11) multiple-alarm structure fires. We investigated ten (10) arson fires ranging from multi-story hotels to single-family dwellings to a car which was brought from Massachusetts into Hampton and torched.

Approximately ten (10) years ago the practice of weekend night inspections was instituted in the resort area. Two (2) off-duty men were paid to work four (4) hours each night to ensure compliance with fire and Life Safety regulations. At that time, the Fire Department issued five (5) licenses to places of public assembly. In the year 1981 the weekend inspections were conducted for eight (8) hours each night. Licenses for places of public assembly were issued to fifty (50) businesses at the Beach which have a combined seating capacity for 8,089 persons. These inspections are conducted by the full-time Fire Inspector. As you can see, this is a 1,000% increase in licensing places of public assembly and each one, as mandated by Law, is inspected for compliance to Life Safety regulations.

During the year classes on fire prevention were conducted before civic groups, school children and businesses. Total attendance was 1,528 people. We also distributed a total of 5,321 pamphlets on woodstove operation, hotel evacuation, home fire detectors, fire prevention in the home, baby sitter handbooks, and proper use of fire extinguishers. We are deeply indebted to the Tobey and Merrill Insurance Company for their support and genuine concern in helping us to make our fire prevention program a success.

As you can see in the comparative schedule, the dollar value loss in property destroyed by fire is the highest over a five (5) year period. Arson is the most significant factor for such a large loss.

Fire Loss

Year	Loss (Building and Contents)
1981	\$483,781 (Est.)
1980	\$147,982
1979	\$386,100
1978	\$337,700
1977	\$190,000

Emergency Medical Services

The Emergency Medical Services Division of the Hampton Fire Department logged 1,113 man hours of on-duty training. At the current time the Department has twenty-eight (28) fire-fighters who are Nationally Registered EMT's. The Department also has twenty-eight (28) Firefighter/EMT's who have gone through the Advanced Training Module for EMT I, which is the insertion and use of the Esophageal Obturator Airway. The EMT's will be licensed by the State in mid to late February.

Calls for 1981 are summarized as follows:

In-Town Calls	705
Town Area 326	
Beach Area 498	
Out of Town Calls	23

Fire Alarm

Six new master fire alarm boxes were added to the municipal system during the year 1981:

- No. 7433 Cinema I & II — Lafayette Road
- 726 Ocean Willows Condominiums — Cusack Road
- 7371 First National Bank of Portsmouth —
Lafayette Road
- 7423 Industrial Arts Building — Winnacunnet
High School
- 7181 Top of the Surf Condominiums —
Ocean Boulevard
- 761 N.H. State Liquor Store — Route 95

To date a total of forty-nine (49) public buildings, schools, factories, office buildings and apartment complexes are connected to the Hampton Municipal Fire Alarm System. All boxes in town, a total of one hundred fifty-seven (157) were tested twice during the year to ensure proper operation.

Training Division

The Training Division of the Hampton Fire Department for the year 1981 logged a total of 5,785 man hours of in-service training for full-time firefighters and call men.

Accomplishments for the year include State Level Certification of all thirty-five (35) full-time firefighters and four (4) call firefighters.

The Department has six (6) Certified Level I Fire Instructors and five (5) others are presently enrolled in a course to become certified. The Department has two (2) EMT Instructors; three (3) CPR Instructors; and one (1) Radiological Monitoring Instructor.

Report of the Chief

The Hampton Fire Department experienced another active year in 1981. The total number of incidents was 2,227, an increase of approximately five (5) percent. This averages out to six (6) incidents per day. An interesting comparison on summer activity from June 15 to September 1 is a total of 923 incidents in seventy-seven (77) days, or twelve (12) incidents per day. The Department also successfully controlled two two-alarm fires and one four-alarm fire.

Through the generosity of the voters at the 1981 Town Meeting, the Firefighters were granted a reduction in the work week to 42-hours. This required the hiring of four new Firefighters and one additional man was hired to fill a vacancy. The Department was fortunate to hire five (5) experienced Firefighter/EMT's, one of which is a Paramedic.

Although the delivery of the new 100-foot aerial ladder has been delayed approximately one year, the Department is anxiously awaiting its delivery in February or March.

I wish to thank all members of the Department for their support and cooperation during 1981 and also for their professional performance in the field.

On behalf of the Department, I would like to express our sincere thanks to the Hampton Police Department, Department of Public Works, area fire departments and those citizens who aided us during our emergencies. Their cooperation and assistance has been invaluable.

Respectfully submitted,

Donald R. Matheson
Chief of Department

Wastewater Treatment Plant

In 1981 we processed 744,890,000 gallons of wastewater, of which 518.2 tons were solid waste (sludge). Our average monthly flow was 62,074,167 gallons. Included in the overall flow is 4,488,700 gallons of septic tank system wastewater and sludge.

Sewer and Drains

In 1981 drainage projects included: extending the drain line behind 483 Winnacunnet Road; relaying a culvert on Tide Mill Road; installing (6) new culverts on Timber Swamp Road; reconstructing and extending drain lines in the Josephine, Bourne and Godfrey area; extending the drain line on Moore Avenue; relaying a culvert at Cusack Road; extending the drain line behind 250 Towle Farm Road; reconstructing the drain lines in the Shaw Street area; installing a new drainage system on Brown Avenue and Page Lane; improving the headwall on Jo-Ann Lane. Installed in the above projects were 193 feet of 8" pipe, 1,248 feet of 12" pipe, 295 feet of 18" pipe and 30 catch basins.

Major sewer construction completed in 1981 was Priority #11 (Phase 2) Bourne, Josephine and Godfrey; Priority #16 George Ave. and Emery Lane. Along with the above we also designed Priority #17 Smith Colony for future construction.

Sewer reconstruction in 1981 included 46 feet of 6" main and 1 manhole between 9th and 10th Streets.

We installed 28 new sewer laterals, repaired 3 laterals and relaid 10 others. There were 3 new manholes built.

There were 102 entrances into our sanitary sewer system. In addition, 91 sewers and/or laterals were located for contractors, the water company, the gas company and others.

We cleaned 33,845 feet and flushed 29,298 feet of sewer mains and drains.

Solid Waste Disposal

Rubbish collection is still one of the most demanding jobs of our department. Routes are increasing steadily as our population increases and we continue to produce more and more throw-away products.

Below is a 14 year comparison of compacted cubic yards of rubbish collected.

1968	33,124	1975	51,670
1969	35,246	1976	52,418
1970	37,180	1977	50,692
1971	42,171	1978	51,040
1972	45,854	1979	52,125
1973	47,425	1980	53,711
1974	49,716	1981	54,854

Highway Maintenance & Construction

Our road resurfacing program is a continuing one. During 1981 we resurfaced 17,140 lineal feet of road. Below is a list of those roads.

Timber Swamp Road	Greene Street
Tide Mill Road	Holly Lane (part)
Homestead Circle	Tucker Lane (part)
Morningside Drive	Moore Avenue
Leavitt Road (part)	Hackett Lane
Mill Pond Lane	Old Stage Road
Gentian Road	Keefe Avenue

Along with the resurfacing of the above roads shoulders were brought up to grade with crushed gravel where required.

During the year we used 120 cubic yards of grader mix, 134 tons of hot top and 168 tons of (Blue Chip) winter patch. This material was used for shoulder patching, drain and sewer ditch patching and pot hole patching.

During 1981 we received 36" of snow requiring plowing, snow removal and salting and sanding of our roads. All told we had 10 storms. The cost of these storms, excluding normal maintenance, was \$32,344.19 or \$898.45 per inch of snow.

There were 21 driveway permits issued requiring 42 inspections.

As always, street signs and traffic control signs have been a large problem to maintain. During 1981 we installed and/or re-installed 402 signs of all types, mostly due to malicious vandalism.

The major project for 1981 was the complete restoration of Timber Swamp Road which is 90% complete. In 1982 we will complete the last 10% by the placing of a 1" hot top wearing course along with bringing the shoulders up to grade with crushed gravel.

This has been a trying year for your Public Works Department. At the onset of the year we were faced with a

\$72,000 plus reduction in our budget by the Budget Committee. Early in the spring we were faced by a mandate from the Board of Selectmen to "streamline our operations." Both problems were addressed by this department and we ended the year on the black side of the ledger. Primarily this was accomplished by the tightening of our belts and only doing and buying the things that were absolutely necessary.

The major savings in our department was accomplished by the reduction in operation and personnel in our Wastewater Treatment Plant. Prior to this reduction we were operating on a 24 hour basis with a staff of 13 personnel. Presently we are operating on an 8 hour basis for 36 weeks and a 14 hour basis for 16 weeks with the staff reduced to 10 personnel.

This reduction in hours of operation and personnel was subject to the approval of the New Hampshire Water Supply and Pollution Control Commission with the understanding that it is a temporary expedient in these trying times of tight money and high taxes. It is hoped that we can continue operating as we are for at least another five years.

In addition to the above we also reduced our part-time employees from 24 to 17.

Feel assured that your Public Works Department will continue, as we have in the past, always looking for more and better ways to run our department as economically as possible.

Respectfully submitted,
George F. Hardardt
Director of Public Works

DRUG PARAPHERNALIA

Section Analysis:

1. Definitions
2. Offenses and Penalties
3. Severability

1. Definitions

a. The term "drug paraphernalia" means all equipment, products and materials of any kind which are used, intended for use, or designed for use, in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, re-packaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing in the human body a controlled substance in violation of New Hampshire RSA 318-B. It includes but is not limited to:

1. Kits used, intended for use, or designed for use in planting, propagating, cultivating, growing, or harvesting of any species of plant which is a controlled substance or from which a controlled substance can be derived.
2. Kits used, intended for use or designed for use in manufacturing, compounding, converting, producing, processing, or preparing controlled substances.
3. Isomerization devices used, intended for use, or designed for use in increasing the potency of any species of plant which is a controlled substance.
4. Testing equipment used, intended for use, or designed for use in identifying or in analyzing the strength, effectiveness or purity of controlled substances.

5. Scales and balances used, intended for use, or designed for use in weighing or measuring controlled substances.
6. Diluents and adulterants such as quinine, hydrochloride, mannitol, mannite, dextrose and lactose, used, intended for use, or designed for use in cutting controlled substances.
7. Separation gins and sifters used, intended for use, or designed for use in removing twigs and seeds from, or in otherwise cleaning or refining marijuana.
8. Blenders, bowls, containers, spoons and mixing devices used, intended for use, or designed for use in compounding controlled substances.
10. Containers and other objects used, intended for use, or designed for use in storing or concealing controlled substances.
11. Hypodermic syringes, needles and other objects used, intended for use, or designed for use in parenterally injected controlled substances in the human body.
12. Objects used, intended for use, or designed for use in ingesting, inhaling, or otherwise introducing marijuana, cocaine, hashish or hashish oil into the human body such as:
 - a Metal, wooden, acrylic, glass, stone, plastic or ceramic pipes with or without screens, permanent screens, hashish heads, or punctured metal bowls,
 - b Water pipes,
 - c Carburetion tubes and devices,
 - d Smoking and carburetion masks,
 - e Roach clips: meaning objects used to hold burning materials such as a marijuana cigarette, that has become too small or too short to be held in the hand,
 - f Miniature cocaine spoons and cocaine vials,
 - g Chamber pipes,
 - h Carburetor pipes,
 - i Electric pipes,
 - j Air-driven pipes,
 - k Chillums,
 - l Bongs,
 - m Ice pipes or chillers.
- b. In determining whether an object is drug paraphernalia, a court of other authority should consider, in addition to all other logically relevant factors, the following:

1. Statements by an owner or by anyone in control of the objects concerning its use.
2. Prior convictions, if any, of an owner or of anyone in control of the object under any State or Federal law relating to any controlled substances.
3. The proximity of the object, in time and space, to a direct violation of RSA 318-B.
4. The proximity of the object to controlled substances.
5. The existence of any residue of controlled substances on the object.
6. Direct or circumstantial evidence of the intent of the owner, or of anyone in control of the object, to deliver it to persons who he knows, or should reasonably know, intend to use the object to facilitate a violation of RSA 318-B; the innocence of an owner, or of anyone in control of the object; as to a direct violation of RSA 318-B should not prevent a finding that the object is intended for use, or designed for use as drug paraphernalia.
7. Instructions, oral or written, provided with the object concerning its use.
8. Descriptive materials accompanying the object which explain or depict its use.
9. National and local advertising concerning its use.
10. The manner in which the object is displayed for sale.
11. Direct or circumstantial evidence of the ratio of sales of the object(s) to the total sales of the business enterprise.
12. The existence and scope of legitimate uses for the object in the community.
13. Expert testimony concerning its use.

2. Offenses and Penalties

- a. *Possession of Drug Paraphernalia.* It is unlawful for any person to use, or to possess with intent to use, drug paraphernalia to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale, or otherwise introduce into the human body a controlled substance in violation of RSA 318-B. Any person violating this section shall be guilty of

a violation and shall be subject to a fine of one hundred dollars (\$100.00), no portion of which may be suspended.

b. *Manufacture or Delivery of Drug Paraphernalia.* It is unlawful for any person to deliver, possess, with intent to deliver, or manufacture with intent to deliver, drug paraphernalia, knowing, or under circumstances where one reasonably should know, that it will be used to plant, propagate, cultivate, grow, harvest, manufacture, compound, convert, produce, process, prepare, test, analyze, pack, repack, store, contain, conceal, inject, ingest, inhale or otherwise introduce into the human body a controlled substance in violation of RSA 318-B. Any person violating this section shall be guilty of a violation and shall be subject to a fine of one hundred dollars (\$100.00), no portion of which may be suspended.

c. *Delivery of Drug Paraphernalia to a Minor.* Any person 18 years of age or over who violates Section 2.b by delivering drug paraphernalia to a person under 18 years of age who is at least 3 years his junior shall be guilty of a special violation and shall be subject to a fine of one hundred dollars (\$100.00), no portion of which may be suspended.

d. *Advertisement of Drug Paraphernalia.* It is unlawful for any person to place in any newspaper, magazine, handbill, or other publication any advertisement, knowing, or under circumstances where one reasonably should know, that the purpose of the advertisement, in whole or in part, is to promote the sale of objects designed or intended for use as drug paraphernalia. Any person violating this section shall be guilty of a violation and shall be subject to a fine of one hundred dollars (\$100.00), no portion of which may be suspended.

3. **Severability.** If any provision of this Chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the Chapter which can be given effect without the invalid provision or application, and to this end the provisions of this Chapter are severable.

Section 3.

Takes Effect. This ordinance shall take effect upon passage by the Town Meeting.

It was moved by Lewis Brown, seconded by Helen Hardardt to dispense with reading the Article. The motion passed. The Article was moved by Craig Salomon, seconded by George Hardardt. Article 27 passed.

ARTICLE 28: On petition of Lester W. Bowen and 20 legal voters of the Town of Hampton, do, pursuant to RSA 39:3, request to see if the Town will vote to petition the Representatives and Senators who represent the town in the General Court to support in the current session of the General Court, the concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town, or other governmental unit of the state, to five percent.

Article 28 was moved by Lester Bowen, seconded by Paul Nersesian. Richard Goodman moved to amend the Article, seconded by Allen Bridle, to substitute "oppose" for "support," and the amendment passed. Article 28 passed as amended.

ARTICLE 53: To see if the Town will vote to authorize the Selectmen of the Town of Hampton to convey to the Hampton Beach Village District a certain parcel of land containing 2,889 square feet, more or less, owned by the town on the northerly side of Brown Avenue Extension and westerly of that parcel conveyed by the town to the Village District by deed dated November 28, 1979 and recorded in the Rockingham County Registry of Deeds at Book 2373, Page 372.

The Article was moved by Robert Lessard, seconded by Diana LaMontagne. Allen Bridle moved, seconded by Norman Royal, to indefinitely postpone the Article. The motion passed and the Article was indefinitely postponed.

ARTICLE 54: To see if the Town will authorize the Board of Selectmen to reimburse any Selectman, member of the Board of Adjustment, member of the Planning Board, or the Town Manager or any member of any other town board or commission for any personal financial loss and expense, including reasonable legal fees and costs not compensated for by such insurance as may be procured by the town, arising out of any claim, demand, suit, or judgement by reason of any act or omission constituting a violation of the civil rights of any person under federal law, if such act or omission was not committed with malice, or by reason of any other act of omission made in good faith for which such person is held liable for civil damages, and if such act or omission was within the scope of his or her employment or office.

Article 54 was moved by John Walker, seconded by Dolly Weinhold. It was moved by John Walker, seconded by Allen Bridle, to delete the "or" on line four, replacing it by a comma and adding "or Department Head or any other town employee." Article 54 passed as amended.

ARTICLE 55: To transact any other business that may legally come before this meeting. Allen Bridle offered congratulations to the basketball team. It was voted to adjourn the meeting.

MOSQUITO CONTROL COMMISSION

At the 1981 Town Meeting citizens voted a \$16,492 appropriation. It was expended as follows:

	1981 Approp.	1981 Expend.	1982 Request
Labor	\$11,414.00	\$12,658.32	\$12,625.00
Chem. Control Materials	3,196.00	1,907.55	5,576.00
Vehicular Maint., Fuel, and Repairs	750.00	698.71	850.00
Misc. Supplies, Medical Exams, and Commis- sion Expenses	618.00	558.09	500.00
Leco ULV Sprayer Maint. and Equipment to Meet Standards	514.00	383.56	323.00
(As of 12/1/81)	\$16,492.00	\$16,206.23	\$19,874.00

The Commission held ten meetings. Employees hired were Part-Time Supervisor Lee G. Brooks and Certified Pesticide Applicators Peter Ellsworth and Craig Adams. They worked out of the Town Office basement and Public Works Garage.

Goals were: a comprehensive mosquito program with source reduction, monitoring to determine needs for larviciding and adulticiding, site treatment, and adulticiding. Monitoring included light trapping, biting counts, larval dipping, specimen identification, and habitat descriptions. Data was carefully recorded, state inspected and reported to show 1981 trends in mosquito population.

Monitoring or Scientific Techniques of Measuring Mosquito Population: Fresh water surveillance began on a part-time basis soon after Town Meeting. The freshwater site survey begun in 1980 was finished. *Fresh water larviciding* began April 4 with Altosid Briquets (IGR) and Abate 2% Granular larvicide. Larvae were 1 to 2 weeks ahead of 1980 due to an earlier spring with 2nd instar larvae under the ice on March 19, Town Meeting Day. *Salt marsh* monitoring and larviciding started on April 21.

Adult population monitoring with Light Traps with accompanying dry ice as an attractant, began the last week of May. So did the night time adulticiding with the Town Truck when available solely for the Commission's use. Early availability of a truck soon after Town Meeting is very vital to success in larviciding and adulticiding.

As in the past Hampton was sprayed in three nights (180 miles of roads) in three sections: west, middle, and beach. The Leco ULV Sprayer (in its 6th year) was used with Cythion adulticide. The whole town was sprayed approximately 15 times between May 26 and Sept. 10 (13 times in 1980 between June 5 and Aug. 30).

Due to a dry spring and an earlier start on fresh water control, the spring, fresh water species populations were much lower in 1981 than 1980. Species identification of adult mosquitoes showed 67% were spring fresh water species in 1980, but only 32% in 1981 by starting program earlier. This meant more comfort outdoors. Summer 1981 was much wetter than 1980 (more rain in June and early July). So summer, fresh water species populations were doubled, and in some cases tripled over 1980 (*Aedes cinereus* and *vexans*, along with *Anopheles*, *Culex*, and *Mansonia* species. Saltmarsh breeders (*Aedes cantator* and *sollicitans*) were also up over 1980 due to the rains. These came between the expected, monthly full moon flooding of the 1,500 acres of salt marshes. Following the week of July 6 adult mosquito population peaked as did the number of citizen complaints. It is useless to treat the marshes when flooded, but populations dropped in August and September to levels lower than in 1980.

A new larvicide, Altosand (granular version of Altosid IGR) was tested in the Kiortz back-pack sprayers. It was effective where applied, but clogged the equipment.

Public Notification was done by newspapers and radio. Anyone not wishing to have his or her property larvicided and/or adulticided was asked to notify the Town Office and to sign a legal form. Any such request was recorded and noted on the adulticide route maps.

Records: were the responsibility of Lee Brooks as Part-Time Supervisor. These are available to the NH Pesticide Control Board, Selectmen, and the Commissioners. Many technical records are required. Communication was maintained with Town Manager, Selectmen, the press and the public. The Commissioners commended Lee Brooks and his associates for their efforts in making Hampton's outdoor environment more comfortable and safer. Since mosquitoes over-winter no matter how well they were controlled all year, there is continuous need for control yearly. Variables are rainfall, drought weather temperatures, tidal flooding, and the amount of stagnant water for mosquito breeding. The cost of everything is going up. The cost of an effective, professional

mosquito control program is not going to drop or stay the same in coming years.

SHADE TREE COMMISSION ANNUAL REPORT

Budget requested was eight thousand dollars (\$8,000.00), budget granted was \$4,000.00. Over 50 trips to various parts of our town was made to view trees in 1981.

Again this year we are indebted to the Exeter & Hampton Electric Co. for topping some trees for us. Also our thanks to the Ralston Tree Service for their very prompt service in emergency cases.

As the diseases of the elms and maples are still with us, we can expect the loss of more trees each year.

Repairs	\$1,714.00
Removal	1,384.00
Stumps & Butts	902.00
Planting	499.00
Spraying	<u>170.00</u>
	\$4,000.00

Your Shade Tree Committee appreciate the many calls from citizens regarding trees in their area which needed attention.

LIBRARIAN'S ANNUAL REPORT

1981 marked the 100th year of public library service to Hampton. We observed the event on April 2nd with a day long celebration, and later sealed a time capsule to be opened April 2nd, 2081.

Use of the library was up again this year — our biggest year ever. 107,011 books, records, art prints, magazines, films, etc. circulated in all, up from last year's record level of 103,444. Ten years ago the figure was only 59,920. Nearly 800 new people signed up for borrowers cards.

For the second year in a row we have been able to keep back issues of magazines previously thrown away. By their frequent use we can tell how important this is, and will continue to keep them as long as we have the room to do so.

Our effort to expand our facilities continues unabated after the townspeople granted us \$100,000 at town meeting. We decided it would be less expensive and more practical to abandon the idea of adding an addition onto the present structure, and instead work towards the construction of an entirely new building on a different site. This will eliminate the costs of demolition of the newer wing, renovation of the old wing, and relocation of library books and furniture to another location during construction. At the present the site is still not definite, and our major fund raising work must of necessity wait until it is.

I'd like to express my appreciation to all those who volunteered their limited time to the library over the past year. I couldn't possibly mention them all, but Ruth Barkley, Laura Blizzard, Arlene Farrell, Ann Hanson, Dona Janetos, Dot Lee, and the members of the Friends of the Library and the Hampton Garden Club deserve our special thanks. And in closing I would like to thank all the townspeople of Hampton who have shown a continuing interest in the library, and we extend an invitation for everyone else to avail themselves of the varied services offered at the Lane Memorial Library.

RECREATION DEPARTMENT ANNUAL REPORT

Although another year has quickly passed, 1981 has brought with it positive developments within the Recreation Department. Many of you have received Hampton Recreation's brochures which describe the activities and classes offered by the Recreation Department. These are the Department's first brochures, paid for by generous local businesses, and have met with great success.

Another first, is Hampton Recreation Department's new logo —

This original design by Hannah Adams, an HAJH student, won the Logo Contest sponsored by the Recreation Department.

1981 was not the year for abundant snowfall, however the Recreation Department initiated a Learn to Ski Program at Alpine Ridge in Gilford, N.H. for a bargain basement price. This extremely successful program, which had waiting lists for both Friday evenings and Saturday mornings, served high school students and adults, and students in grades 5-8.

During February vacation the Department tried something a little different in support of 1981 being the Year of the Disabled Person — wheelchair basketball games. Hampton's youth briefly experienced a way of life different from theirs, and learned games which can be adapted for those in wheelchairs.

The Hampton Senior Citizens' Club has been on the go, with highlights being the trips to see the Stars of the Lawrence Welk Show; Portland Civic Center to view the Royal Scots Guards; and Edaville Railroad during the holiday season. This active group also participated in new programs developed by the Recreation Department. A creative group enjoyed the Writer's Workshops, which included poetry and journals; a small, but artistic group tried their hands at pottery; and the Gentle Yoga for Older People, which started out on a trial basis, has continued ever since. The Hampton Senior Citizens' Club has even developed their own monthly publication, under the direction of Charles McCrady, Senior Citizens' Club President, and Grace Hickley, Editor. Many members have contributed to this paper which features articles, tips, recipes, and anecdotes for and by our club members. "Thanks!" to

those senior citizens who have contributed material for publication and especially to those businesses who advertise in this paper, which is printed and distributed at no cost to the senior citizens of the Recreation Department.

Another development has been the resurgent interest in the Recreation Advisory Council which meets the second Wednesday of the month at 7:30 p.m. in the Town Offices, and which is open to the public.

The 1981 Summer Playground Program at Tuck Field was non-stop action. The summer of '81 saw the first "Arts in the Park" program and the "summer stock" Children's Drama Program, both of which were made possible by the grants from the New Hampshire Commission on the Arts.

After much preliminary groundwork, Hampton saw the revival of the National Junior Tennis League which provided "free" recreational tennis to over 100 of Hampton's youth. This successful program was made possible by the Congoleum Corporation and NJTL fundraisers. Hampton was especially fortunate in that a local youth represented the town in the national competition.

Another revival was the Summerfest Road Race, organized by the Recreation Department in cooperation with Miller Lite and the Jaycees. About 100 runners participated in this event which was held during Summerfest, and a heat wave.

Last, but certainly not least, an association which can always use a volunteer, however never needs a revival, is the voluntary Hampton Youth Association. To all of the men and women who serve in this organization — "THANKS!" — as H.Y.A. has provided year round organized sports in 1981 for well over 900 of Hampton's youth.

Well, what's in store for 1982? . . . much more of the same!

And, "Thank You!" to all of the churches, schools, organizations, businesses, and individuals who have been so supportive of the Hampton Recreation Department. It couldn't be done without your help!

Susan Clay Gatto

HAMPTON CONSERVATION COMMISSION ANNUAL REPORT

The Hampton Conservation Commission again spent much time during the past year responding to applications for dredge and fill permits in the wetlands of the town.

Two current projects should help to make these problems easier to solve. A subcommittee of the Commission and the Planning Board has been working on a wetlands ordinance. We are awaiting the completion of the new town soils survey and when that data is available we should be able to complete a draft version of the ordinance and begin the hearing process leading to a presentation of articles at the 1983 town meeting.

Also this Commission is awaiting Federal funds to begin an accurate mapping of the salt marsh areas of town. Prime wetlands criteria will be developed and from that information, on site surveys will be conducted to determine exactly where salt marsh begins and high ground ends. It is expected that an accurate line will be drawn on town tax maps to show the exact boundary of salt marsh and high ground.

The Commission has participated in two educational projects this year. Under the direction of member Ellen Goethal, a salt marsh awareness day was held in September. Library exhibits, field trips and a marsh haying demonstration by Samuel Towle were well received by the public. We hope this can become an annual event. The Commission also supported the efforts of Junior High School science and math classes in a salt marsh project.

Two acres of salt marsh off Drakeside Road were given to the town by Earl Mott in memory of Priscilla N. Mott of Newington. This Commission is anxious to receive outright gifts of marsh or open land. We are also seeking landowners who might want to grant conservation easements on their land. This allows people to retain ownership of the land while giving up rights to commercial development. It also should result in a reduction of taxes. Members of the Commission welcome inquiries.

The Commission is pleased to have been of service to the people of the town during the past year.

HAMPTON HISTORIANS, INC., ANNUAL REPORT

In 1981, HHI continued its primary purpose of historical and genealogical research and publication involving the rich heritage of our town. Inquiries from descendants of Hampton's founders and from directors of projects (such as N.H. folklore/folklife and drawn dwelling maps of towns) were received. A number of similar letters were handled at the request of the town office, especially the office of Town Clerk Kelley.

Programs worked on included the placing of Bound Rock on the National Register of Historic Places, as approved by the Board of Selectmen, as well as the publication of a booklet of unusual or whimsical happenings in our history for the milestone of Hampton's 350th anniversary of charter granting (1986) or of settlement (1988).

Upon completion of state government's reorganization relative to the State Historical Commission, HHI will again attempt to secure a roadside marker for the town as the birthplace of Jane Appleton Pierce, the only U.S. First Lady born in the state.

Material publicizing and promoting our long history continued to appear in the local press and in the newsletters of the Association of Historical Societies of N.H. and the newly formed N.H. Coordinating Committee for the Promotion of History.

HHI, the first Hampton organization established for purely historical purposes, is only seven years old but is proud of its record, which includes providing all the history-related photos for five covers of town and school district annual reports since 1976.

ANNUAL REPORT**

The annual meeting of the Meeting House Green Memorial and Historical Association, Inc., (a/k/a The Hampton Historical Society) was held on Saturday evening, October 24, 1981, and the following slate of officers were elected to serve for the 1981-82 year: President, Allen R. Bridle; Vice President, Alfred H. Carlson; Treasurer, Samuel A. Towle; Recording Secretary, Kenneth M. Nelson; Corresponding Secretary, John M. Holman; and Historian, Harold E. Fernald.

Dow's History Reprint Committee:

In 1981, $\frac{3}{4}$ inch styrofoam insulation and vinyl siding was installed on the west and south sides of the Tuck House at a cost of \$2081.20. This was paid for through the sale of Dow's History of Hampton reprints.

These history books are still available through the society or from any committee member.

Tuck Memorial Museum Custodian's Report:

The summer of 1981 proved to be very successful in terms of visitors to the Tuck Museum. We had a total of 742 visitors, both residents and tourists. This is an increase of over 200 from the past few years. We believe one of the main factors contributing to the increase are the two new signs posted at each entrance to Park Avenue. Many people (mainly out-of-towners) mentioned they saw the signs as they were out driving and decided to stop in. Mr. Vern Colby (noted local journalist) wrote a very interesting article about the museum in the "Seacoast Scene" newspaper which also proved to be a great drawing card.

This season would not have been such a success if it were not for the help of our volunteer aides. Their dependability and enthusiasm helped make our first year as custodians a pleasant one. If anyone is interested in helping out next year, please get in touch with us, we would be happy to have you join the ranks.

Again this year the Salty Marsh Garden Club planted many lovely flowers, along with the ever popular herb garden, adding to the beauty of the grounds. Many thanks to all the members of the garden club. Our thanks also to the hard workers from the Town of Hampton who maintained the grounds in excellent shape again this year.

We were very encouraged by the interest in the museum this year and are looking forward to an even better summer next year.

Tuck Museum's Curator's Report:

The Tuck Memorial Museum continues to be a focal point for the many tourists frequenting the seacoast area. The

museum is featured in many periodicals and tourist literature throughout the state and the country. It is unique in that it contains material from an earlier Hampton and her original "daughter" towns of Hampton Falls, North Hampton, Seabrook, Danville, Sandown, Kensington, East Kingston, Kingston, and Rye. There is much to see and learn about the early history of "Winnacunnet," now called Hampton, within the walls at 40 Park Avenue on "Meeting House Green," site of the original settlement.

The Tuck Museum is open every afternoon during July and August from 1 to 4 p.m., the admission is FREE and there is plenty of free parking at Tuck Field. Plan to visit it in 1982 and bring along a friend. You'll be pleasantly surprised with a learning experience back through the pages of history at the Tuck Museum.

The museum was named in honor of Mr. Edward Tuck, noted banker and philanthropist of Paris and America, whose generosity made it possible to acquire the Tuck House and form the Hampton Historical Society and Tuck Memorial Museum in 1925 under the leadership and guidance of Rev. Ira S. Jones.

Again, we ask for the donation of Hampton Town Reports to complete a series for binding: 1856, 1858, 1859, and 1861. Previous years' copies are also needed and gratefully accepted.

The following Hampton Academy & High School Class Rings and/or pins are needed to complete an exhibit: 1918, 1919, 1920, 1921, 1926, 1931, 1932, 1934, 1935, and 1944. Also, a 1931 H.A. graduation program is requested.

A special thanks and appreciation is extended to our Custodians "Chip" and Cindy Maxwell and their Volunteer Aides for making it possible to have the Tuck Museum open during the summer months.

PLANNING BOARD ANNUAL REPORT

The Hampton Planning Board continued to be very busy in 1981 inspite of economic conditions which slowed construction generally. Public Hearings were held on the first Wednesday of each month with the second meeting held on the third Wednesday, devoted to work sessions. Although such a schedule may have occasionally been inconvenient for petitioners who missed submission deadlines, it seemed to be the best way to organize work for a volunteer board. The Board held an average of four public hearings a month.

No major residential subdivisions came before the Board in 1981. One office complex was proposed, but work has not begun as of this writing. Most proposals were of a limited nature with the exception of an industrial subdivision off Towle Farm Road which, because of its complex nature, is still under consideration; and the continued proliferation of multi-family dwellings in the Seasonal Business Zone. This has continued because there is a demand for such housing, and also because the Town's multi-family dwelling regulations concerning density and setbacks do not apply in this zone.

Several zoning changes are being proposed in an attempt to manage this housing and preserve the image of a resort community.

During the past two years, I have become painfully aware of the amount of time Town government requires. Most Planning Board Members average five hours just in attending the bi-weekly meeting. Committee assignments, correspondence, and viewing property easily doubles that time, and the position of Chairman requires more than triple the time. If a member is conscientious, a great deal of reading is required to keep abreast of changes in the law.

In addition, meetings and seminars sponsored by State or regional are most informative and helpful but extremely time consuming.

All together, the things that must be done plus the things that should be done indicate to me a need either for a full-time professional employee in the Planning Board Office or a need for two Boards — one to handle the week to week routine and the other to engage in planning.

To the disappointment of each person on the Board, our group was unable to spend the time on planning that each of us thought was needed. However, a subcommittee worked on a proposed Wetlands Ordinance with the Conservation Commission to be incorporated with the soils mapping recently authorized by Town Meeting. Unfortunately, the maps were not

ready for presentation at the 1982 Town Meeting, but the ordinance is drafted and ready to go next year.

Projects left unfinished during 1981 include: setting up a file by map and lot number for easier retrieval of information, rewriting subdivision regulations to bring the Town into conformity with State law, and work on the master plan which cannot begin until the soils mapping is completed.

I have found my position most interesting and educational. To those of you who felt you were unfairly treated, I apologize. To those whose projects fell quickly into place, I thank you. My only regret is that current court rulings are giving Planning Boards little discretion to act for the health and general welfare of the populace. Many of our decisions were made on the basis of what was legal rather than on the basis of what we thought was right. No decision was made lightly or quickly. Consistency may be the hob goblin of little minds, but we did try to apply it in each case.

Respectfully submitted,

Dona R. Janetos

ZONING BOARD ANNUAL REPORT

The five member Zoning Board of Adjustment is a state mandated, selectmen appointed, self-financially generated group convened to hear appeals from the building inspection department and other administrators regarding zoning.

The Board met every third Thursday of the month at 7:30 p.m. in the District Court House. Sessions lasted from half an hour to five and one half hours duration. Short business meetings were held after hearings were completed. 67 hearings were held.

A number of members attended regionally sponsored information sessions regarding changes and interpretations of zoning laws.

The Building Inspector, Mr. Ray Hutchinson, attended all meetings along with Mrs. Jean Hamilton, Secretary.

CEMETERY TRUSTEES ANNUAL REPORT

In our second year as your town Cemetery Trustees we wish to report the following details. With only part-time labor and only working parts of seven months we try to give good care to all of our town's cemeteries. Following is a few details of which we must take care of each year. Again this year your superintendent served without pay.

Number of graves sold	37
Amount of grave money to town	\$3,775.00
Graves loamed & seeded	49
Spots loamed & seeded	39
Stones repaired (High Street)	28
Stones repaired (Ring Swamp)	22
Stones repaired (Pine Grove)	08

Estimated cost of labor and material for cemeteries other than the High Street Cemetery was \$2,000.00. While mowing and trimming is our main problem, we must also repair stone walls, patching of roads, cut underbrush in all cemeteries, trim trees and bushes plus repairing of our water lines.

CIVIL DEFENSE ANNUAL REPORT

The best way to avoid crisis management is to plan ahead. This year, thanks to Mr. Lessard and the Taxpayers, monies were appropriated and spent for Emergency Management. We are now better prepared with four two-way hand radios netting with Police, Fire and Public Works, a portable generator, a programmable scanner. During a major hotel fire we found the need for Bull Horns and two are on order. Also to be installed is a new radio to net with New Hampshire CD and others. During the fire we tested plans to use the Junior High School as an evacuation center. Thanks to Mr. Annis and many others the plan worked well.

Alarm lists are published quarterly and distributed to Town Officers and the CD Cadre. We hope we never need to exercise our plans but we are better prepared than ever before.

I expect soon to be working with the State on the Evacuation Plan and will keep you informed through the Selectmen and through the Hampton Union who have so graciously given of the public information space we have requested in 1981.

We've come a long way!

Respectfully submitted,

John B. Tanzer

HIGHWAY SAFETY COMMITTEE ANNUAL REPORT

Some of the work projects that the Highway Safety Committee has been able to accomplish with the help of State and Town officials are as follows:

1. Installation of new overhead "Stop For Pedestrians in X-Walk" sign in Town.
2. Two new X-Walks painted on Route 1 in front of the theater and on High Street near the 7-11 Store.
3. Overhead signs installed — Advanced Green and Delayed Green — at Route 1 lights.
4. Installation of NEW traffic lights at Route 1A and High Street were finally put in after our committee approval in 1979.
5. Two redeveloped parking lots at High Street and Route 1 intersection set up and relined for parking.

6. High Street Town Parking Lot — redesigned for 40 more parking spaces when future money is available.
7. The installation of new Stop, Slow, Children Playing, and other traffic related signs throughout our Town.
8. The trimming of bushes and trees for better sight distance in Town.
9. A new north turning lane painted in at Winnacunnet Road and 1A intersection.
10. A sidewalk painted in at Church Street and Ocean Boulevard.
11. Sidewalk repaired on Winnacunnet Road.
12. New street lights installed in needed areas.
13. A conference with Sgt. Joe MacDonald, School Safety Officer, about Elementary student crossing safety.
14. The installation of two new snow fences at the south end of Hampton Harbor Bridge.
15. The setting up for future pedestrian and traffic safety at the Post Office and Landing Road/Winnacunnet Road areas.
16. The Chairman had discussions with all Town officials, State highway traffic engineers and Senator Preston throughout the year.
17. The Safety Committee met with the Sunset Review Committee on November 5th. It looks like we are appreciated and we have a vote of confidence as of this writing.

**REPORT OF
LEASED LAND STUDY COMMITTEE OF
TOWN OF HAMPTON**

The Leased Land Study Committee, chaired by D. Malcolm Hamilton, has met twenty times over the past year. The Committee was appointed by Attorney H. Alfred Casassa, Town Moderator for the Town of Hampton, as a result of a vote at the last Town Meeting.

Input has been provided from all segments of the community with respect to the leased land now owned by the Town of Hampton. This land is composed of parcels directly leased to private individuals and also parcels leased to the Hampton Beach Improvement Company.

The Committee voted, on motion of Selectman Brian G. Doherty, 4-to-3 to give the present owners of the buildings on the land the option to purchase the property. The Committee is also recommending that no leaseholder be required to purchase the land. Voting to sell the leased land were Selectman Brian G. Doherty, Fred J. Schaake, Dr. Raymond E. Alie and Marcia Hawley. Voting to retain the land were Chairman D. Malcolm Hamilton, Frank Fitzgerald and Wilson P. Dennett.

I. Establishing a Real Estate Commission

This body would deal with all matters arising from the sale of land and would consist of five members. For the initial selection, a list of ten names compiled by the Selectmen for submission to a Superior Court Judge sitting in Rockingham County. Initial terms would still be five, four, three, two and one year and new Committee members would be appointed by the Selectmen.

II. Sale in General

A. Appraisals — All lots should be re-evaluated at the time of a proposed sale. The manner in which this would occur would involve the proposed purchaser hiring an appraiser who was duly qualified by the Society of Real Estate Appraisers and who would fix a fair market value on the lot in question and the Town would hire an appraiser who would also determine the fair market value of the lot in question. Sale of parcels involving the Improvement Company would necessitate the addition of a third appraiser to the equation. These figures would then be averaged, and the resulting figure would be the purchase price. In the event that the appraisers' valuations varied by greater than 10%, any aggrieved party could appeal to the Real Estate Commission for arbitration and an abso-

lute determination of the value of the lot in question. It is suggested the cost of the appraisals be borne equally by the parties.

B. Purchase Price — This is clearly a critical area. The individuals who have leasehold interests have rights in these lots. A recurring theme at the public hearing was that the leaseholders felt that they had bought something in addition to a bare leasehold interest and, in relying upon that, made significant improvements in the property and leased it on an ongoing basis.

The purchase price should be calculated to be 30% of the fair market value figure as determined by the real estate appraisal arrangement discussed above. This allowance leaves a significant recognition of an individual leaseholder's current interest in the lot. The terms of the sales under this approach work out something similar to the sales of several years ago, although the concept then was somewhat different.

For example, a certain lot in the North Beach area was sold to an individual on December 3, 1975. The purchase price for that lot was \$10,500, which happened to represent the assessed value at that time. If an individual was able to receive a rate of return on their investment of 12% over the six year period which has transpired since the sale, that translates into a present value of \$20,725.

That lot today is assessed at \$63,200. The Assessor maintains that our assessments are currently 86% of fair market value. If we then apply that factor against the \$63,200, we get an approximate fair market value of \$73,488. If we then apply the 30% factor against that figure, we get a purchase price under the new proposal of \$22,047.

C. Improvement Company Property — The purchase of property subject to an Improvement Company leasehold interest would be handled in a very similar fashion. Thirty percent (30%) of the approximate fair market value (as determined by the appraisal arrangement) would go to the Town of Hampton. The Improvement Company would then be entitled to a payment based upon a rental income to the Improvement Company of 6% of the assessed valuation, assuming that it could invest the money over the remaining term of the lease at a 12% rate. The payment to the Improvement Company would decrease depending upon the year of sale as follows:

On a \$27,500 lot, first year of sale, the Improvement Company buy-out is \$11,238. In the eighth year of sale, which would be 1989, the Improvement Company buy-out is \$8,197; and the buy-out in its last year, 1997, would be zero. On a lot

assessed at \$52,500, the buy-out in the first year would be \$15,648.

It should be recognized that, as the Improvement Company releases its interest in these lots, it will have a decreased administrative cost in collecting the rents and maintaining its company, and we would also anticipate that the Town would be in a position where it would release the Improvement Company from the obligation to maintain the cross streets, so the Improvement Company value would be discounted somewhat from its expressed desire to receive an 8% return of assessed valuation.

D. Financing — The Town shall agree to finance these lots, without a downpayment, and at an annual rate of interest of 12%. With regard to security, the Town would have to be in a primary position with regard to the land. No Town financing for the purchase of a leased lot will be for a term in excess of 20 years.

With respect to Improvement Company parcels, the Town should only be obligated to finance one-third of the purchase price. The tenant would be obligated to furnish the proceeds whereby the Improvement Company's interest could be bought out.

E. Deed Restrictions — Deed restrictions similar to the present lease provisions should be included restricting the property to its current use.

III. Conclusion

The Committee found that it is not proper to force people to buy their lot for whatever reason; and, accordingly, we recommend that any individual should be able to continue to lease his lot on the current terms and conditions as they exist and that this right should be freely transferable and inheritable.

IV. In the Event the Town Votes Not to Sell the Leased Land

In the event the Town votes to retain the leased land, then the direct leasees, except the Hampton Beach Improvement Company, shall continue to pay taxes in lieu of rent in the same manner as presently in operation, i.e., the maximum fee will be the tax rate times appraised valuation equals payment. The buildings would be separately taxed.

Further, in the event that leased land is retained by sub-lessees of the Hampton Beach Improvement Company, the sub-lessees shall be permitted to apply for and receive from the Town any extensions of their leases for that period of time after April 1, 1997, when the Hampton Beach Improvement Company's Master Lease with the Town expires. In this regard,

the Committee felt that a 25-year lease should be available to any sub-lessee and that the additional term of such lease should be obtained directly from the Town after the expiration of the initial and/or current term of any sub-lease granted by Hampton Beach Improvement Company.

V. Special Town Meeting

Because of the importance of the matter and in the interest of providing the maximum opportunity to all voters, the Committee also voted to recommend and the Selectmen have approved the holding of a Special Town Meeting on Tuesday, May 11, 1982, to see if the Town would vote to sell or retain the leased land.

Respectfully submitted,

D. Malcolm Hamilton

75TH ANNIVERSARY OF HAMPTON BEACH PRECINCT

The Hampton Beach Village District was established June 26, 1907, when a meeting took place at Cutler Cafe now known as the Cavalier Hotel. Mr. Joseph B. Brown, Chairman of the Board of Selectmen for the Town of Hampton, was acting moderator.

There were eight men present with William Devlin being chosen as Moderator; Thomas L. Sanborn as Clerk; John I. White, Oscar J. Jenkins and Charles W. Ross as Commissioners, and James S. DeLancy as Treasurer. These men were sworn in by Howell M. Lamprey, Justice of the Peace.

The purpose of the establishment was for the extinguishment of fires, sprinkling of streets, the supply of water for domestic and fire purposes, and the maintenance of common services.

At the first meeting, it was unanimously voted by the eight in attendance to contact the Hampton Water Works to supply the District with seventeen hydrants for fire purposes for a term not exceeding ten years at a price not to exceed fifty dollars for any additional hydrant. The hydrants to be located for the best interest of the property owners concerned within the new District Bounds.

A sum of \$1,000.00 was also voted for the purchase of suitable fire apparatus for the District. This money to be raised within the District above the taxes paid to the Town of Hampton.

The Commissioners were instructed to confer with the State Board of Fire Commissioners and a report to be published in the local newspaper; the Hampton Record now known as the Hampton Union.

September 15, 1931 — a Special Town Meeting was held to add to the purpose of the District the following: lighting of streets, planting and care of shade trees, construction of sidewalks, construction of drains, parks, a municipal lighting plant, and appointing and employing of watchmen and police officers.

March 1932 Warrant — a sum of \$3,504.00 was raised for firemen's salaries and \$600.00 was raised for call firemen.

March 1935 Warrant — a sum of \$250.00 was raised for the purpose of transporting pupils within the District to and from High School.

September 1935 — a Special Meeting was held to establish a Planning Board for the District consisting of five men.

Each year the District has become more involved with the State and the Town in planning the breakwaters to protect property, the laying of a salt water fire system line from Highland Avenue to the Hampton River (which was purchased in 1981 by the Hampton Water Works Co.) and the buying of fire apparatus.

At the present time, much of the money raised is to promote Hampton Beach through band concerts, the playground, weekly fireworks and advertising through the media.

CERTIFIED PUBLIC ACCOUNTANT

Board of Commissioners
Hampton Beach Village District
Hampton Beach, New Hampshire 03842

Gentlemen:

As part of our examination of the books and records of the Hampton Beach Village District, Hampton Beach, New Hampshire for the year ended December 31, 1981, we reviewed and tested the internal accounting control systems of the Village District to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. Under these standards the purposes of such evaluation are to establish a basis for reliance on the system of internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the Financial Statements.

The objective of internal accounting control is to provide reasonable, but not absolute assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management.

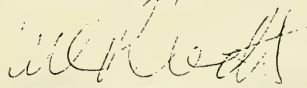

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors.

Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of the financial statements. Further, the projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate. Our examination of the Financial Statements, made in accordance with generally accepted auditing standards, including the study and evaluation of the Hampton Beach Village District's system of internal accounting controls for the year ended December 31, 1981, that was made for the purposes set forth in the first paragraph of this report, would not necessarily

disclose all weaknesses in the system as it was based on selective tests of the accounting records and related data. As a result of this review and in an effort to be of assistance to the Hampton Beach Village District, we are submitting for your consideration our comments and recommendations intended to improve operations and internal control. These recommendations deal only with Hampton Beach Village District operations and should not be regarded as reflecting upon the integrity or capabilities of any District official. Over-all we found things to be substantially in good order with everyone ready and willing to adopt any constructive worthwhile improvements.

We would be pleased to continue to discuss further our recommendations and comments with you.

Very truly yours,

WILSON P. DENNETT,
Certified Public Accountant

COMMENT:

The Auditor had difficulty matching Accounts Payable invoices with cash disbursements made.

RECOMMENDATION:

A more efficient filing system should be adopted.

COMMENT:

During the course of the audit, it was necessary to refer to the budget and estimated revenues often.

RECOMMENDATION:

A detailed schedule of receipts of estimated revenues should be kept with the Hampton Beach Village District's records and books at all times.

COMMENT:

The Hampton Beach Village District has a substantial excess of revenues over expenditures at times.

RECOMMENDATION:

Whenever excess funds are accumulated, it would be advisable to invest these funds, taking advantage of the current high interest rates.

(The Polls for election of officers and Australian Ballot Articles will be opened at eight o'clock in the forenoon and will remain open until eight o'clock in the evening of the same day.)

ARTICLE 2

To see if the Town will vote to accept the budget as submitted by the Municipal Budget Committee and to raise and appropriate the sum of \$5,375,221.

ARTICLE 3

On petition of Kenneth W. Malcolm, Chairman of the Municipal Budget Committee, and nine or more current and past members thereof, all legal voters of the Town, to see if the

Town will vote to raise and appropriate the sum of \$33,961 for vehicle and equipment capital expenditures in the Police Department. The purposes are: replace two line cruisers, including sirens and light bars, decals and lettering (\$21,431), replace two 90 cc model motorcycles with two 500 cc models (\$5,000), and purchase six portable radios (four-channel) at \$1,255 each, two as replacements and four as additional equipment (\$7,530).

(Recommended by the Budget Committee.)

ARTICLE 4

On petition of Kenneth W. Malcolm, Chairman of the Municipal Budget Committee, and nine or more current and past members thereof, all legal voters of the Town, to see if the Town will vote to raise and appropriate the sum of \$59,580 for vehicle and equipment capital expenditures in the Public Works Department. The purposes are: replace a rubbish packer and chassis, diesel (\$49,000), and purchase dual composite samplers as additional equipment for the sewer plant (\$10,580).

(Recommended by the Budget Committee.)

ARTICLE 5

On petition of Kenneth W. Malcolm, Chairman of the Hampton Municipal Budget Committee, and nine or more current and past members thereof, all legal voters of the Town, to see if the Town will vote to raise and appropriate the sum of \$3,650 for replacement and additional equipment in the Fire Department. The purposes are: replace the Intercom system between stations (\$1,000), purchase an additional portable radio (eight-channel) so that both ambulances will be so equipped (\$1,950), and purchase an additional electric typewriter (\$700).

(Recommended by the Budget Committee.)

ARTICLE 6

To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for the use as set-off against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action herein:

Appropriation	Amount
Police	\$ 57,000
Fire	57,000

Public Works	<u>57,000</u>
TOTAL	\$171,000

(Recommended by the Budget Committee.)

ARTICLE 7

To see if the Town will vote to give the Selectmen and Town Treasurer power to borrow not more than \$3,750,000 in anticipation of taxes.

(Recommended by the Budget Committee.)

ARTICLE 8

To see if the Town will vote to authorize the Board of Selectmen to accept grants and/or gifts for the Town of Hampton.

ARTICLE 9

To see if the Town will vote to authorize the Selectmen to purchase approximately five (5) acres of land and the buildings thereon known as 239 Winnacunnet Road, in the Town, from Isabella G. Nudd, through her Guardian Electra Savage, for the purpose of constructing a new library and, in connection therewith, to raise and appropriate the sum of \$150,000 to purchase the same within sixty (60) days from March 9, 1982, and further, after the purchase of said property, to retain the gravel appraised at \$180,000 and to raise and appropriate the sum of \$46,000 to extract the gravel; and further, to subdivide the present house with a lot of 125' x 300', containing 37,500 square feet, for the purpose of selling the same to the highest bidder at a price of not less than \$50,000 which will be returned to the General Fund.

(Not Recommended by the Budget Committee.)

ARTICLE 10

In the event the Town votes to adopt the above Article, to see if the Town will vote to adopt one of the following two alternatives:

(A) To retain the land and building constituting the "Lane Memorial Library" for such future use as the Selectmen of the Town may determine.

(B) To authorize the Selectmen to sell the land and buildings constituting the Lane Memorial Library to the highest bidder at a price of not less than \$120,000 and apply

the proceeds of said sale to the Capital Reserve Fund for the construction of a new library.

ARTICLE 11

To see if the Town will vote to raise and appropriate to add to the Capital Reserve Fund for the purpose of constructing a new library or an addition to the Lane Memorial Library the sum of ONE HUNDRED THOUSAND (\$100,000.00) DOLLARS for the purpose, to be added to such other monies as may be received for such purpose, in accordance with RSA 35. All interest earned on said appropriation shall be added to the said Capital Reserve Fund.

(Recommended by the Budget Committee.)

ARTICLE 12

On petition of ten or more lawful voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of \$82,944.17 to purchase the land, buildings and swimming pool owned by the Seacoast Youth Center, situate on Park Avenue, in Hampton.

(Not Recommended by the Budget Committee.)

ARTICLE 13

To see if the Town will vote to institute litigation to have the Master Lease, so-called, between the Town and the Hampton Beach Improvement Company declared null and void by the appropriate judicial bodies as a result of the fact that the economic realities indicate that the lands will not be substantially improved while still under lease to the detriment of the Town and that the Hampton Beach Improvement Company is presently charging its sub-lessees a percentage of alcohol sales as rental payment, which is a violation of the liquor regulations of the State of New Hampshire insofar as it constitutes an attempt to control such sales and this violation is a breach of the terms of its Master Lease requiring compliance with all local, State and federal ordinances and laws; and, in connection with the institution of such litigation, to raise and appropriate the sum of \$1.00 to cover the costs of suit, including expert witness and attorneys fees.

(Recommended by the Budget Committee.)

ARTICLE 14

On petition of Mary-Louise Woolsey and 25 other legal voters of the Town of Hampton to see if the Town will vote to raise and appropriate the sum of \$25,000 to fund and maintain

the position of Fire Prevention Officer within the Fire Department, thereby reaffirming the votes of previous Town Meetings to create and maintain such position.

(Not Recommended by the Budget Committee.)

ARTICLE 15

On petition of Charles W. Park and 25 voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of Seven Thousand (\$7,000.00) Dollars for the maintenance of the four police horses of the Hampton Police Mounted Patrol during the year 1982 and to further direct the Selectmen to expend said funds for such maintenance.

(Recommended by the Budget Committee.)

ARTICLE 16

To see if the Town will vote to raise and appropriate the sum of THREE THOUSAND (\$3,000.00) DOLLARS to purchase a piece of land bounded by the R. C. Church parking lot, Ross Avenue and the land of Wilson situated at the end of Ross Avenue.

(Not Recommended by the Budget Committee.)

ARTICLE 17

To see if the Town will vote to raise and appropriate the sum of \$1,500 for the continuation of its support of the services rendered by the Newmarket Regional Health Center, Inc. Said funds to be used by the Center as matching funds for its Senior Transportation Service to the elderly and handicapped.

(Recommended by the Budget Committee.)

ARTICLE 18

On petition of Gerald E. MacDonnell and ten or more other legal voters of the Town of Hampton, to see if the Town will vote to rescind its adoption of the New Hampshire Municipal Budget Law and thereby abolish the Hampton Municipal Budget Committee.

ARTICLE 19

On petition of Roland W. Paige and 11 other legal voters in the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of \$300.00 for the Portsmouth-Kittery Armed Services Committee.

(Recommended by the Budget Committee.)

ARTICLE 20

On petition of Peter J. Smith, III, and ten or more legal voters of the Town of Hampton, to see if the Town of Hampton will vote to raise and appropriate the sum of \$1,500 to assist the Seacoast Task Force on Family Violence, a private, non-profit organization which operates A SAFE PLACE, a shelter for battered women and their children.

(Recommended by the Budget Committee.)

ARTICLE 21

On petition of Sandra M. Kent and ten or more other legal voters of the Town of Hampton, petition the Town of Hampton to place on the warrant the request to support the Big Brothers/Big Sisters Volunteer Program by allocating \$1,060 to help defray some of the expenses for fiscal year 1982.

(Recommended by the Budget Committee.)

ARTICLE 22

On petition of Thomas H. Burbank and 15 other voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of \$8,000 to assist the Seacoast Regional Counseling Center, a private non-profit organization.

During the year 1980, over 100 Hampton residents for a total of 1,000 + sessions, used this service at a cost of \$44,000 to the Counseling Center. The funds requested are to be used for current operating expenses to enable the Counseling Center to continue providing counseling service for residents of the Town, whether or not said residents are able to pay.

(Not Recommended by the Budget Committee.)

ARTICLE 23

On petition of Frances W. Irving and 10 or more legal voters of the Town of Hampton, to see if the Town will vote to raise and appropriate the sum of \$2,666 to assist Rockingham Child and Family Services, a private, non-profit organization. The amount of this request is based on services rendered to 62 residents of the Town of Hampton during the period July 1, 1980 through June 30, 1981, inclusive. These residents used \$7,380 worth of services, however, only \$2,666 could be billed according to their ability to pay. We therefore request the minimum amount needed from the Town, in this instance being \$2,666. These funds to be used for current operating expenses to enable Rockingham Child and Family Services to continue providing individual and family counseling for

residents of the Town of Hampton whether or not said residents are able to pay.

(Recommended by the Budget Committee.)

ARTICLE 24

On petition of John J. Leahy and 10 or more legal voters of the Town of Hampton, to see if the Town will vote to appropriate the sum of \$2,130 to Greater Portsmouth Community Action Center, a subdivision of Rockingham County Community Action Program, Inc., a private, non-profit, anti-poverty agency. This figure represents 2.5% of \$85,209 in services rendered to Hampton residents during the fiscal year 9/1/80-8/31/81.

(Recommended by the Budget Committee.)

ARTICLE 25

On petition of ten or more legal voters of the Town of Hampton, to see if the Town will vote to support the Retired Senior Volunteer Program by allocating \$300 to help defray some of the expenses for fiscal year 1982-1983.

(Recommended by the Budget Committee.)

ARTICLE 26

To see if the Town will vote to raise and appropriate the sum of \$3,000 for the Area Homemaker Home Health Aide Service, Inc., to defray a portion of the costs of services provided by said organization to residents of the Town.

(Recommended by the Budget Committee.)

ARTICLE 27

On petition of Kenneth W. Malcolm, Chairman of the Municipal Budget, and nine or more current and past members thereof, all legal voters of the Town, to see if the Town will vote to raise and appropriate the sum of \$6,000 to institute a program of new decorations and/or lights in the town center for the year-end holiday season, and if such program is not begun for 1982 to maintain the previous decorations at a cost of approximately \$600 which shall come from this article's appropriation.

(Recommended by the Budget Committee.)

ARTICLE 28

On petition of Nicholas Samonas and ten or more legal voters of the Town of Hampton, to see if the Town will vote to:

Authorize the Selectmen to convey to Nicholas Samonas upon such terms and conditions as the Selectmen may determine appropriate, all of the Town's interest in that parcel of vacant land as shown as Lot 33 on Town of Hampton Tax Map 111 and which parcel of land was conveyed to Nicholas Samonas by deed dated April 5, 1973, and recorded in the Rockingham County Registry of Deeds at Book 2199, Page 1860.

ARTICLE 29

On petition of the Hamptons' Post #35 American Legion and ten or more voters, to see if the Town will vote to establish a Vietnam honor roll committee consisting of not more than five (5) citizens to be appointed by the moderator to serve without compensation and to submit their recommendations at the next Town Meeting as to the feasibility of creating an honor roll to commemorate the sacrifices of Hampton's Vietnam veterans.

ARTICLE 30

On petition of Arthur J. Moody and ten other legal voters of the Town of Hampton, to see if the Town will vote to ordain that no Town services shall be supplied to any structure whose construction, alteration or operation is in violation of any Town Meeting ordinance.

ARTICLE 31

On petition of Arthur J. Moody and 12 other legal voters of the Town of Hampton, to see if the Town will vote to require that all individual capital purchases of \$5,000 or more be requested and appropriated by special article.

ARTICLE 32

To see if the Town will vote to abandon and discontinue that roadway within the Town known as the "Winter Road to the fish houses" running from the intersection of Winnacunnet Road and Presidential Circle to Esker Road. Nothing in this Article is to be construed to effect any right or interest in and to said Winnacunnet Road, Presidential Circle or Esker Road.

ARTICLE 33

Are you in favor of the adoption of Amendment No. VIII as proposed by the Planning Board for the Town of Hampton Zoning Ordinance as follows?

To see if the Town will vote to amend Article VI — Parking of the Zoning Ordinance to read as follows:

6.1 No building shall be erected or altered, or use change allowed, unless off-street parking facilities are provided in accordance with the minimum requirements set forth. No building permit will be issued until an off-street parking plan is approved by the appropriate authority. Certificates of Occupancy are prohibited until required parking facilities are completed.

6.1.1 No off-street parking shall be required for any commercial building in the Business-Seasonal use district not providing sleeping quarters.

6.2 Any construction, alteration or change of use which results in additional dwelling or rental units or intensification of use of a piece of property must provide off-street parking for all units and uses, including both existing and additional ones. In the case of mixed uses, the parking requirements shall be the sum of the individual uses, so that the parking for one use shall not be considered as providing the parking for any other use.

6.3 Parking Requirements

6.3.1 Dwelling units (single, double, multi-family): Two spaces per dwelling unit plus one guest space per eight units.

6.3.2 Sleeping rooms in hotels, motels and rooming houses: One space per sleeping room plus one guest space per sixteen units.

6.3.3 Professional, general office or service use: At least one space per 300 square feet. At site plan review or use change request, Planning Board may require more spaces, up to one per 50 square feet.

6.3.4 Retail business: One space per 300 square feet.

6.3.5 Clubs, restaurants or places of assembly: One space per three person capacity.

6.3.6 Industrial uses: One space per third employee per shift.

6.3.7 Places of worship: No requirement.

6.3.8 Where a use is not specifically included in the above schedule, it is intended that the regulation for the most nearly comparable specified use shall apply, to the end that adequate space shall be provided to accommodate the vehicles of all persons likely to be gathered at the premises at any one time.

ARTICLE 45

Are you in favor of the adoption of Amendment No. 1 as proposed by petition of the voters for this Town of Hampton?

We the undersigned, registered voters of the Town of Hampton, New Hampshire, submit the following proposed amendment to the Zoning Ordinance of the Town of Hampton pursuant to RSA Chapter 31:63b.

To see if the Town will vote to amend the Zoning Map and Zoning Ordinance of the Town of Hampton by rezoning to Residential C Seasonal (RCS) use that portion of the area presently zoned for Seasonal-Business (BS) use bounded and described as follows:

Beginning at a point where the existing RCS line intersects Church St. and continuing South along this line to the Exeter-Hampton Expressway and turning and running East along the Southerly lot line of lot 12 (map 89) for 117 ft. (more or less) then crossing Brown Avenue and following along the Southerly line of lots 8 and 7 (map 89) for 139 feet (more or less) then crossing Highland Avenue and running East along the Southerly bound of lot 26 (map 114) for 940 feet (more or less) to the rear of lot 13 (map 114) then turning South (more or less) and running along the West (rear) lot line of lots 13 and 14 (map 114) then turning East along the Southerly sideline of lot 14 (map 114) continuing across the end of Charles Street and along the Southerly sideline of lot 15 (map 114). Then turning North and running along the rear lot lines of those lots fronting on the East side of Charles Street, continuing across Church Street to lot 57 (map 116). Then turning East on Church Street to the intersection of Cole Street, and then turning North along the West side of Cole Street to the current (RCS) line.

Meaning and intended to expand the existing (RCS) zone to include the following streets in their entirety: Charles Street, Williams Street, Lyons Street, Francis Road, McKay Avenue, Cutler Avenue; also the West side of Cole Street and Church Street East to and including Lot 119 (map 116) at the intersection of Cole Street which are currently in the Business Seasonal Zone and shown on the map (maps) that accompanies this petition. (Signed by 34 registered voters of the Town of Hampton.)

(Recommended by the Planning Board.)

ARTICLE 46

Are you in favor of the adoption of Amendment No. II as proposed by petition of the voters for this Town of Hampton?

We, the undersigned legal voters of the Town of Hampton, request that the following amendments to the Zoning Ordinance and Zoning Map be submitted to the voters at the 1982 town meeting:

1 — Amend Article II-Districts, to add a new district Recreational Seasonal — RS.

2 — Amend Article III-Use Regulations to add permitted uses in the Recreational Seasonal zone the same as those in the Business Seasonal except Art. III, 3.8 multifamily dwellings, to read 3.8, RS-X.

3 — Amend Article IV-Dimensional Requirements to add requirements for the RS zone the same as the Business Seasonal zone except Art. IV, 4.6 to be (21) and 4.7 to be (21) and add to "footnotes" a new number 21 to read "not

permitted in the Recreational Seasonal zone.”

4 — Amend Article V-Signs to add requirements for the RS zone the same as the Business Seasonal zone.

5 — Amend Article VI-Parking, 6.2 to change the reference in the first sentence from “Business Seasonal” to “Recreational Seasonal.”

6 — Amend the Zoning Map of the Town of Hampton to change from Business Seasonal to Recreational Seasonal all the area currently in the Business Seasonal zone southerly of a line beginning at the intersection of the westerly bound of the Business Seasonal zone with the RCS zone at the northerly projection of the centerline of Fuller Acres and proceeding generally southerly and easterly along the centerline of Fuller Acres and an easterly projection of that line to the easterly bound of the Business Seasonal zone. (Signed by 36 registered voters of the Town of Hampton.)

(Not recommended by the Planning Board.)

ARTICLE 47

To see if the Town will vote to authorize the Town Moderator to appoint a five member committee for the purpose of overseeing the construction of a new library or the addition to the existing library.

ARTICLE 48

To see if the Town will vote to adopt the provisions of Chapter 314:1 authorizing a Real Estate Trust Fund approved on June 7, 1975 and effective August 6, 1975, which states as follows:

314:1 Authorization for Real Estate Trust Fund. The Town of Hampton may, at any regular or special meeting, provide that the proceeds of sales of land or interests therein, other than land or interests therein acquired by taking for nonpayment of taxes or land under the administration of the town’s conservation commission, shall be paid over to the town’s trustees of trust funds, to be invested and reinvested by them; that the income thereof shall be paid annually or more often into the town’s general fund and that the principal, or portions thereof, may from time to time, when authorized by any regular meeting of the town, be used for the purchase, construction or improvement of real estate for the town.

ARTICLE 49

To see if the Town will vote to recommend that the Legislative Delegation of the Town of Hampton be requested to introduce legislation at the next session of the Senate and

House of Representatives amending Chapter 314, Section 1, to read as follows:

314:1 Authorization for Real Estate Trust Fund. The Town of Hampton may, at any regular or special meeting, provide that the proceeds of sales of land or interests therein, other than land or interests therein acquired by taking for nonpayment of taxes or land under the administration of the town's conservation commission, shall be paid over to the town's trustees of trust funds, who are authorized to obtain the services of a bank or professional management company, to be invested and reinvested by them; that the income thereof shall be paid annually or more often into the town's general fund and that the principal will remain intact.

ARTICLE 50

To see if the Town will vote to recommend that the Legislative Delegation of the Town of Hampton be requested to introduce legislation at the next session of the Senate and House of Representatives creating a Section 2 of Chapter 314 with respect to the establishment of a "Hampton Leased Land Real Estate Commission," said Commission to be comprised of five residents of the Town of Hampton to be appointed from a list of not less than ten nominees prepared by the Selectmen in office on the effective date of the legislation creating such Commission. Such list of nominees shall be presented to any Justice then presiding in the Rockingham Superior Court, and said Justice shall appoint five individuals from such list of nominees to be the members of such Commission and to hold staggered terms of 5, 4, 3, 2, and 1 years. Upon the expiration of the term of any member of such Commission, the Selectmen shall appoint a replacement member to said Commission.

The Hampton Leased Land Real Estate Commission shall have the power to decide and arbitrate all appeals made by aggrieved parties, including, but not limited to, appeals with respect to the determination of a fair market value for leased lands, appeals arising out of boundary disputes, and appeals with respect to duration of tenancy and any other matters with respect to the leased lands. Said Commission will not be bound by the Rules of Evidence but may consider all materials presented orally or in writing by either party prior to making its determination. Said Commission shall also have the duty of monitoring and implementing the sale of leased lands and paying over the proceeds of said sales to the Trustees of the Trust Fund in accordance with 314:1.

ARTICLE 51

To see if the Town will vote to accept the recommendation of the Selectmen's Sunset Review Committee to rename the Shade Tree Committee and expand its functions. The Sunset Review Committee has recommended that the Town adopt a new committee to be known as the Hampton Beautification Committee which would consist of five (5) members appointed by the Board of Selectmen. This Committee would be charged with the responsibility of making recommendations to the Board of Selectmen with regard to beautification projects on Town owned property.

HAMPTON BEACH VILLAGE DISTRICT
Hampton Beach, New Hampshire 03842

We have examined the combined Financial Statements of the Hampton Beach Village District, New Hampshire as of and for the year ended December 31, 1981, as listed in the Table of Contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described more fully in Note 1, the combined Financial Statements referred to above do not include Financial Statements of the General Fixed Assets-Account Group, which should be included to conform with generally accepted accounting principles.

Our examination was made for the purpose of forming an opinion on the combined Financial Statements taken as a whole. The combining, individual fund, and schedules listed in the Table of Contents are presented for purposes of additional analysis and are not a required part of the combined Financial Statements of the Hampton Beach Village District, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined Financial Statements and, in our opinion, is fairly stated in all material respects in relation to the combined Financial Statements taken as a whole.

HAMPTON BEACH VILLAGE DISTRICT

NOTES TO FINANCIAL STATEMENTS

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Hampton Beach Village District conform to generally accepted accounting principles for local governmental units except as indicated hereinafter. The following is a summary of significant accounting policies.

Basis of Accounting

The accrual basis is used for all fiduciary (and proprietary) funds. Governmental funds utilize the modified accrual basis whereby revenues are recorded when measurable and available. Expenditures are recorded when the liability is incurred (actual basis) except:

- a. Disbursements for inventory items (material and supplies) are considered expenditures at the time of purchase.
- b. Prepaid expenses are not normally recorded.

General Fixed Assets

The Hampton Beach Village District has not maintained a record of its general fixed assets and therefore does not conform to generally accepted accounting policies in this respect.

Continuing Appropriations

Appropriations for certain projects and specific items not fully expended at year-end are carried forward as continuing appropriations to the next year in which they supplement the appropriations of that year. At year-end, continuing appropriations are reported as a component of fund balance. As of December 31, 1981, the following was a continuing appropriation:

Study Committee (Separation)	\$ <u>10,000.00</u>
------------------------------	---------------------

Fund Balances

The unreserved fund balance designated for subsequent years expenditures represents the following:

Ross Fund	\$ 2,000.00
Study Committee (Separation)	\$ <u>10,000.00</u>
	\$ <u>12,000.00</u>

Sale Of Salt Water Protective System

During the year the salt water protective system was sold for \$75,000.00. At the last Precinct meeting on March 27, 1981, it was voted to earmark this money for capital improvements. At the end of 1981 interest earned on this money was \$5,187.00 leaving a total of \$80,187.00 in the account.

NOTE 2: PURPOSE OF FUNDS AND ACCOUNT GROUPS

The Precinct reports its activities in individual funds to comply with the limitations and restrictions placed on both the resources made available to the Precinct and the services provided. The individual funds in the accompanying financial statements are classified as follows:

A. Governmental Funds

These funds are intended to provide recurring general services. They are controlled by a budget approved by the voters.

General Fund - Used to account for all revenues and expenditures which are not accounted for in other funds or account groups.

Capital Projects Funds - These funds are used to account for resources designated to construct or acquire fixed assets. Such resources are derived principally from proceeds of general obligation bonds, notes, federal or state grants.

NOTE 3: BUDGET

The Precinct budget represents departmental appropriations as authorized by annual or special town meetings. The Commissioners may transfer funds between operating categories as they deem necessary.

To the Members of
the Board of Selectmen
Town of Hampton
Hampton, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Hampton, New Hampshire as of and for the year ended December 31, 1981, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The financial statements of the Hampton District Court for the fiscal year ended December 31, 1981, have not been included in the accompanying financial report. However, we have examined the financial statements of the Court and have issued a separate report thereon.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Hampton, New Hampshire at December 31, 1981, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Hampton, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

TOWN OF HAMPTON

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1981

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of these financial statements.

A. Fund Accounting

The accounts of the Town are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town.

GOVERNMENTAL FUNDS

General Fund - The General Fund is the general operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action. Included in this fund type are Federal Revenue Sharing, Library, Parking Lots, Conservation Commission, Mosquito Control Commission, Cemetery Trustees and Municipal Coastal Planning Grant funds.

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction or improvement of capital facilities are accounted for in Capital Projects Funds. Such resources are derived principally from proceeds of long-term notes or bonds and from federal and state grants.

FIDUCIARY FUNDS

Trust and Agency Funds - Trust and Agency Funds are used to account for the assets held in trust or as an agent by the Town for others.

TOWN OF HAMPTON

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1981

B. Account Groups (Fixed Assets and Long-Term Liabilities)

All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of available spendable resources during a period.

General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the fund making the expenditure. These expenditures are required to be capitalized at historical cost in a General Fixed Asset Group of Accounts for accountability purposes. In accordance with the practices followed by other municipal entities in the State, the Town does not maintain a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

Long-term liabilities expected to be financed from governmental funds are accounted for in the General Long-Term Debt Account Group. This account group is not a fund. It is concerned only with the measurement of financial position and not results of operations. Since they do not affect net current assets, such long-term liabilities are not recognized as governmental fund type liabilities. They are instead reported as liabilities in the General Long-Term Debt Account Group.

C. Basis of Accounting

The accounts of the General, Special Revenue, Capital Projects, and Expendable Trust Funds are maintained and reported on the modified accrual basis of accounting. Under the modified accrual basis of accounting, sources of financial resources and assets are recognized when measurable and available to finance operations during the year. Uses of financial resources and liabilities are recognized when obligations are incurred from receipt of goods and services, when assessments are made by the State or in the case of judgments and claims against the Town, when there is a probability that such

TOWN OF HAMPTON

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1981

judgments and claims will result in liabilities, the amounts of which can be reasonably estimated. Exceptions to this general rule include: 1) accumulated unpaid vacation and sick pay, and 2) principal and interest on general long-term debt which is recognized when due. All Nonexpendable Trust and Agency funds are accounted for using the accrual basis of accounting.

D. Budgetary Accounting

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. The Town budget represents departmental appropriations as authorized by annual or special town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. State Statutes require balanced budgets but provide for the use of beginning fund balance to achieve that end.

In 1981, beginning fund balance was applied as follows:

Unreserved fund balance	
used to reduce tax rate	\$285,000
Beginning fund balance -	
reserved for encumbrances	<u>89,405</u>
Total Use of Beginning Fund Balance	<u>\$374,405</u>

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

F. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

G. Inventories

Inventory in the General and Special Revenue funds consists of expendable supplies held for consumption. The cost thereof has been recorded as an expenditure at the time individual inventory items were purchased.

H. Accumulated Unpaid Vacation and Sick Pay

Accumulated unpaid vacation and sick pay is not accrued in the governmental funds using the modified accrual basis of accounting. Employees may accumulate sick leave at various rates depending on the employing department. Also upon retirement or voluntary termination, the Town will pay a percent of accumulated unused sick leave, generally approximately twenty percent. Vacation is granted in varying amounts based on length of service. Vacation pay accumulation does not exceed a normal year's allowance. Accumulated sick leave is indeterminable.

I. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Hampton and Winnacunnet Cooperative School Districts, Rockingham County and Hampton Beach Village District which are remitted to

TOWN OF HAMPTON

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1981

these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town. The payments are recorded in the general fund as intergovernmental transfers.

An analysis of the 1981 property tax levy is presented below.

	<u>Amount Levied</u>	<u>%</u>
Town of Hampton	\$3,076,687	41
School Districts	3,984,802	52
Rockingham County	376,915	5
Hampton Beach Village District	<u>122,325</u>	<u>2</u>
Total	<u>\$7,560,729</u>	<u>100%</u>

J. Property Taxes

Annually, the Town establishes and raises through taxation an amount for abatements and refunds of property and resident tax revenues known as overlay. All abatements and refunds are charged to this account. The amount raised in 1981 was \$54,047 and expenditures amounted to \$53,362.

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax-deeded to the lien holder.

K. Sewer User Charge System

The sewer department budget is included in the budget of the public works department as a result of special State legislation. However, the Federal Government (EPA) has mandated the development of a sewer user charge system. Commencing in 1981, the Town has established a formula which applies a credit to the non-sewer user's property tax bill. The amount of the credit in 1981 is equal to \$4,620,000 of assessed valuation to offset \$115,507 (non-user share) of the total

TOWN OF HAMPTON

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1981

sewer appropriation of \$641,700. The formula has been submitted to the State Water Pollution Commission for approval, which management feels will ultimately lead to EPA approval as a substitute for a direct sewer user charge.

L. Interfund Transactions

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers.

M. Interfund Receivable and Payable Balances

Individual fund interfund receivable and payable balances at December 31, 1981, were as follows:

Total	<u>\$1,355,265</u>	<u>\$809,681</u>	<u>\$2,164,946</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit.

NOTE 3 - CAPITAL PROJECTS FUNDS

A. Bonds or Notes Authorized - Unissued

Bonds or notes authorized - unissued at December 31, 1981, are as follows:

<u>Town Meeting</u>	<u>Article No.</u>	<u>Amount Authorized</u>	<u>Purpose</u>
1972	4	\$38,000	Secondary Sewage Treatment Facility
1981	2	\$23,750	Part of \$95,000 appropriation for sewerage facilities plans. State and Federal funding for the balance (\$71,250) has not been approved.

NOTE 4 - CAPITAL RESERVE FUNDS

The capital reserve fund balances held by the Trustees of Trust Funds at December 31, 1981, are as follows:

<u>Purpose</u>	<u>Amount</u>
Library Construction (Article 7 - 1981)	\$100,000

TOWN OF HAMPTON

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1981

NOTE 5 - PENSION PLAN

The Town participates in the State of New Hampshire Retirement System. The Town's contribution for normal cost of the plan is based upon an actuarial valuation of the entire State plan. Since the actuarial valuation is performed on the entire State plan the amount, if any, of the excess of vested benefits over pension fund assets is not available. The Town does not have an accrued liability for past service costs. Pension costs amounted to \$129,868 in 1981.

NOTE 6 - TRUST FUNDS

The principal amount of all nonexpendable trust funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's nonexpendable and expendable trust funds at December 31, 1981, are detailed as follows:

<u>Purpose</u>	<u>Nonexpendable</u>	<u>Expendable</u>
Cemetery - Perpetual Care	\$ 5,950	\$1
Town Needy	3,781	1
Library	<u>9,636</u>	<u>1</u>
<u>Total</u>	<u>\$19,367</u>	<u>\$3</u>

NOTE 7 - FINANCIAL STATEMENTS NOT INCLUDED

Financial statements of the District Court are not included in the annual financial report of the Town because the funds are not administered by elected officials. The Town appropriates the annual salaries of the Justice and Clerk and receives, on a monthly basis, the balance of court revenues after expenses. A separate report is filed with the Administrative Committee of District and Municipal Courts in accordance with the Revised Statutes Annotated 502-A:9-a.

NOTE 8 - PAYMENTS IN LIEU OF TAXES

The Town received \$39,118 in lieu of taxes in 1981 under provision of State Statutes R.S.A. 162-I:15 on property leased from the Industrial Development Authority of the State of New Hampshire.

TOWN OF HAMPTON

NOTES TO THE FINANCIAL STATEMENTS

December 31, 1981

NOTE 9 - INSTALLMENT PAYMENT AGREEMENTS

The Town has entered into an installment payment agreement with International Business Machines Corporation (IBM) for the purchase of electronic data processing equipment. \$1,119 was paid in 1981 on the installment and subsequent payments are as follows:

<u>Year</u>	<u>Amount Due</u>
1982	\$ 4,226
1983	4,226
1984	4,226
1985	4,226
1986	<u>3,107</u>
Total	<u>\$20,011</u>

The agreement stipulates that if funds are not appropriated, there is no obligation to pay the remainder of the total time sale price beyond the end of the then-current fiscal period. However, IBM will take possession of the equipment and retain all sums previously paid as partial compensation for machine use and depreciation.

Members of the Board of Selectmen
Town of Hampton
Hampton, New Hampshire

Members of the Board:

As part of our examination of the various funds and groups of accounts of the Town of Hampton for the year ended December 31, 1981, we reviewed and tested the Town's systems of internal accounting control to the extent we considered necessary to evaluate the systems as required by generally accepted auditing standards. Under these standards the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements. It was not designed for the purpose of expressing an opinion on the internal accounting control and would not necessarily disclose all weaknesses in the system.

As a result of such review and in an effort to be of assistance to the Town, we are submitting for your consideration a number of comments and recommendations intended to improve operations and internal control. These deal exclusively with the Town's operations and controls and should not be regarded as reflecting upon the integrity or capabilities of any Town employee.

We recongize that practical considerations are an important factor in instituting changes in accounting procedures and the system of internal control. The Town must weigh the possible additional costs of such changes against the risks inherent in the present procedures and systems.

After you have had an opportunity to consider our comments and recommendations, we would be pleased to discuss them with you.

Very truly yours,

Killion, Plodzick & Sanderson

TOWN OF HAMPTON

COMMENTS AND RECOMMENDATIONS

I. Need For Adequate Staffing Level of Accounting Personnel

In our previous reports, we have commented on the need of the Town to improve the accounting system, to review the staffing level of accounting personnel and to consider the implementation of electronic data processing equipment to facilitate the processing of the Town's financial data. We are pleased to report that commencing in 1982, the Town will be utilizing electronic data processing equipment in the accounting process.

While this initial step to improve the accounting functions of the Town is positive, we continue to recommend that responsible officials review the personnel needs of the accounting/bookkeeping department. Adequate staffing level of accounting personnel is important in maintaining the continuity of an established accounting system. This [fact] should be evident to management officials as a result of this year's audit examination and the difficulties encountered in order to close the Town's records at year-end. This was chiefly due to the absence of the bookkeeper due to illness and the lack of trained personnel to assume the duties. The reliance primarily on one bookkeeper to maintain all the funds of the Town has been shown to be ineffective.

We again suggest the Town employ an experienced accountant on a full-time basis. Among other things, the individual would be responsible for continually monitoring the accounting functions to include:

- a. Reviewing and appraising the soundness, adequacy and application of accounting, financial and operating controls.
- b. Ascertaining the extent of compliance with established policies, plans and procedures, to include state and federal statutes where applicable.
- c. Determining the extent to which the Town's assets are accounted for and safeguarded from losses of all kinds.
- d. Supervising the various clerical aspects of the accounting functions, including bookkeeping and responsibility for preparing periodic financial reports.
- e. Ascertaining the reliability of accounting and other data developed within the organization.
- f. Responsibility for modernizing the accounting system.

COMMENTS AND RECOMMENDATIONS

II. General Ledger System and Monthly Financial Reporting

As mentioned previously, the Town is in the process of implementing a new electronic data processing system. Our audit examination did not include a review of the present software being developed. Therefore, we suggest a periodic monitoring of the system by the auditors to ensure the establishment of proper internal accounting controls, commencing in 1982. In addition, along with the monitoring will come the assistance to responsible personnel to correct any deficiencies in the Town's record keeping system.

We again repeat the benefits of establishing a general ledger system, which would summarize in a concise manner the financial activity of the Town:

- a. A general ledger and encumbrance-type reporting system will provide monthly financial reports which will assist Town management in monitoring the activity of the Town on a more up-to-date basis. For example, departmental purchase orders outstanding at the end of the month would be designated on the financial statements as encumbered funds, thereby disclosing a more accurate accounting of the appropriation balances.
- b. Through the use of a general ledger, additional controls could be established over noncash transactions, such as journal entries, encumbrances, accounts receivable and payables. A general ledger establishes control over subsidiary accounting records and provides a means for periodic reconciliation to ensure that the daily recorded transactions are properly summarized.
- c. A general ledger provides a means for the Town to prepare periodic comparative reports of revenues, expenditures and financial condition. These reports are particularly useful as a means of reporting on the stewardship role of Town officials to their constituency and of meeting the growing demands of the investment community for financial disclosure.
- d. A general ledger would enable the Town to record adjustments resulting from audits of its financial records. Thus, Town management would be able to address inquiries regarding results of the audit and have a formal record that all audit adjustments have been recorded.

COMMENTS AND RECOMMENDATIONS

III. Formal Accounting Policies and Accounting Procedures Manual

We again suggest a review of the billing and collection procedures for ambulance and sludge revenue and the bookkeeping procedures utilized by the police department in the collection of revenues, to strengthen controls and to assure the accountability of all funds due the Town, in addition to determining that Town policy is being enforced. We also recommend that the Town establish a formal manual outlining the various accounting and bookkeeping procedures for the Town and the various departments. The general policies relating to the accounting and bookkeeping functions should be delineated in this manual. As a minimum, the manual should contain; 1) a description of all departments' accounting and bookkeeping records, 2) an organizational chart and job description for each accounting and bookkeeping function by department, 3) a detailed chart of accounts and their description, 4) a policy statement with reference to document files, document filing, and records retention, and 5) a listing of the various accounting reports needed for the governmental entity.

IV. Town Clerk's Accounts and Daily Proof of Cash Receipts

We noted that the Town Clerk did not properly utilize the cash register to reconcile the daily receipts to the permits and fees issued. As a result, there were unaccountable discrepancies between daily cash collections and the entries recorded in the Clerk's cash books.

We recommend that the Town Clerk prepare a daily cash proof to reconcile cash received to the permits and fees recorded in the cash book, with any discrepancies noted and documented.
