- DEDICATION -

The Town of Hampton's Annual Report for 2006 is dedicated to former Town Manager, James S. Barrington, who resigned in August of 2006 and moved back to his home state of Texas.

As the Town Manager of Hampton for almost 10 years, James was a natural leader. Everyone who worked closely with him on a daily basis agrees that he constantly strove to improve the Town, while leading with compassion, intelligence and integrity. James worked with people and problems on many different levels, always keeping the interests of Hampton and its citizens as his top priority.

James had a vision for Hampton's future - - to provide excellence in municipal services for the citizens of Hampton; and he inspired everyone to work toward those improvements. He is an intelligent man of faith and high moral values who adores his family and worked diligently for the Town to improve the quality of life for every citizen on a year-round basis. As a manager he was always willing to listen, and then he would lead the way.

James decided to move back to his home state of Texas to concentrate on his family, his writing, Rotary, and his faith in God. The Town employees and all those who worked with James miss him, his laughter, his jokes, his stories and of course, his ties. He is a hard working, honest man who gave Hampton his absolute best during his tenure.

It was a privilege for the employees of Hampton to work with James.

Town Manager – James S. Barrington

TOWN PLANNER	Jamie Steffen
TOWN ATTORNEY	Mark S. Gearreald, Esq.

- Board of Selectmen -

The year of 2006 was a very busy one for the Town of Hampton. In March, we welcomed William Lally to the Board, and Jim Workman returned to the Board. The Selectmen, Town Manager, Department Heads, and all employees came together to set priorities and implement the third Default budget.

In May, the Hampton community came together to help Taylor River Estates in their Mother's Day flood. The Selectman came together with Taylor River residents to address deficiencies in our Emergency plans and the communication with the State. Better communication with State of New Hampshire officials was established. The Board of Selectmen would like to thank all the private citizens and groups like the Boy Scouts, who came to help the residents of Taylor River Estates.

The infrastructure project at the Beach continued this year. The Selectman met with many residents to resolve issues stemming from the project.

The year of 2006 was one of transition in personnel. In late spring, we said good bye to Dawna Duhamel, our Finance Director. Dawna devoted many hours to serve the community of Hampton. In August, the Selectmen received the resignation of James Barrington. The Board of Selectman appointed Mark Gearreald, Town Attorney, as our interim Town Manager. The Board of Selectmen would like to thank Mark for his numerous hours, patience, and understanding that he exhibits on a daily basis for the Town of Hampton and its citizens.

In July, the Board of Selectmen started a five month search process for the new Town Manager. The Board met many times to interview potential candidates. In January, Frederick Welch was unanimously approved as Manager to lead Hampton into 2007 and 2008.

In November and December, the Board of Selectman with our Interim Town Manager, and newly appointed Finance Director, Michael Schwotzer, worked numerous hours preparing a budget that reflected the department needs to operate the Town of Hampton. The Selectman appreciate all the work Selectman Bill Lally did in presenting the Selectman's budget to the Budget Committee.

I would personally like to thank Rick Griffin, Ben Moore, Jim Workman, and Bill Lally for the numerous hours they put in their jobs as Selectman. Thank you for taking the calls at home, going to situations to investigate, and giving up of your personal time to benefit the Town of Hampton. Each one of you should be proud of the work you do each day.

Now to the voters: the Budget has been through the Department Heads, the Town Manager, the Selectman, and the Budget Committee. It is now your turn to make the decisions. Changes to the Budget were made at the Deliberative Session on February 3, 2007, and the new, compromise Operating Budget figure of \$24,764,301 is explained on the sheet that accompanies this Report. This figure represents a modest increase that will enable the Town to implement the Budget Committee's recommendations to restore needed public safety positions. The Budget and Warrant Articles will be voted on March 13, 2007 at Marston School from 7:00am. – 8:00 pm. Absentee ballots can be obtained through the Town Clerk's office through March 12, 2007. Please remember: this is every resident's time to voice their opinion.

Virginia (Ginny) Bridle Russell, *Chairman of Board of Selectmen*

- INTERIM TOWN MANAGER'S REPORT -

In my half year of service as both Interim Town Manager and Town Attorney, I have been blessed to have the support of an outstanding group of Department Heads, Town employees, elected officials and volunteer heads of Boards, Commissions, and Committees. Every day I am struck by how fortunate we are in Hampton to have personnel working in the Town's behalf who have the experience and the education needed to do jobs of ever increasing complexity.

"Experience Counts" is the theme of this year's Town Report. That experience is brought to bear daily in the public's service, so seamlessly that it may otherwise be overlooked. My goal has been to highlight that experience before the Budget Committee at its meetings this fall, and to provide examples to the public in weekly Manager's reports of that experience in action. From ambulance runs, to construction projects, to site walks, to the processing of vehicle registrations, the skills that are drawn upon in the Town's behalf are legion.

The Town Manager's closest aide is our Administrative Assistant Maureen Duffy, who received a Professional Certificate in Multimedia Technology and a Bachelor of Management Marketing in 2001 from the University of Lethbridge in Alberta, Canada. She brings six years of administrative experience to Hampton, along with many diverse office skills and achievements. Maureen has been with the Town of Hampton since October of 2005.

The pages that follow in this Report are designed to fill in the details of this picture in other departments, and I urge our citizens not merely to focus on the later pages in the Report that list Town employee earnings, but instead to gain an appreciation from the reports that follow of how Hampton Town government is a true success story.

Whether that story can continue on course depends a lot on whether financial tools remain available. For the 2007 budget, the Department Heads were asked by the Selectmen to present amounts that reflect what the departments need to continue to provide the level of service demanded of them by the public. The Budget Committee chose a different course: to "flat line" the budget in line with the 2006 default budget. That flat line amount would not cover the \$700,000 in additional insurance costs and debt service that the Town has no choice but to cover in 2007; and the flat line amount was \$1.8 million less than the Selectmen's needs based budget.

The Budget Committee's own recommendations about hiring of new personnel for the conservation coordinator position, 4 additional firemen, and new special police officers obviously could not be implemented if the "flat line" budget prevailed at Town Meeting. At the Deliberative Session on February 3, 2007, by a two to one margin, the voters voted to amend operating budget Article 9 to set forth a new, compromise figure of \$24,764,301 that would enable the Budget Committee's recommendations to be implemented, along with other pressing needs in assessing, building, drainage, finance, and the Library. I hope all our voters recognize the important choices they are being asked to make for Hampton's future, and will get out and vote on Article 9 and the rest of the ballot.

This year's Report is dedicated to James S. Barrington, who retired on August 25, 2006 after nearly 10 years of service as Hampton's Town Manager, and who hired the majority of those who now serve as Department Heads.

James navigated Hampton's ship of state through many challenges, always with honor and with an even hand and temperament. During James' tenure, he oversaw dramatic improvements in the Town's infrastructure, including the construction of the new, long overdue Police Station, the twelve plus million

dollar Hampton Beach Infrastructure Project and the reconstruction of Route 1. Other major public works projects undertaken during his time with us included the Sun Valley sewer project, the Highland Avenue multi-disciplinary reconstruction effort, and up-grades to the Wastewater Treatment Plant. In 1999, James spearheaded the first change of location for Hampton's seat of government in 150 years, culminating in the moving of the Town offices to 100 Winnacunnet Road, 50 years after the fire that led to the "temporary" building that housed Town government at 136 Winnacunnet Road for half of the 20th century.

However, a review of 10 years' worth of James' annual Town Manager's reports reveals that his major focus was on people, their needs, and how government might best satisfy them. James was a highly accessible manager, who put his community first and listened with patience to all perspectives. Perhaps James' greatest accomplishments have been his creation of new Town positions to meet the challenges of modern life in seacoast New Hampshire, and his hiring of well qualified and highly educated Department Heads to fill new and already existing positions. The fact that Town government has survived so well in the six months between James' retirement and his replacement's coming on board is a testament to the high quality of the administrative team that James carefully built during his tenure.

James' Town Manager's Reports invariably ended with a Biblical quote, but in closing I will simply paraphrase Winston Churchill to say of James that in his long managerial career spent here and elsewhere, James' time in Hampton was his "finest hour." God bless you, James, and best wishes in your future career and life endeavors.

Respectfully submitted,
Mark S. Gearreald, *Interim Town Manager*

James S. Barrington and Mark S. Gearreald

**- HAMPTON ANNUAL TOWN MEETING -
FEBRUARY 4, 2006**

**RESULTS OF BALLOTING
MARCH 14, 2006**

Moderator Robert Casassa called to order the Deliberative Session of the Hampton Annual Town Meeting at 8:35 AM in the Hampton Academy cafeteria. Members of Girl Scout Troop 2350, Laurel Dumont, Stephanie Hartley, Taylor Midgley, Kailyn Osborne, and Nicole Mounsey, presented the flag, which was given to them by the US Army. The assembly rose as the Troop 2350 led them in the Pledge of Allegiance and as Mr. Kevin Kimball delivered the invocation.

The Moderator introduced the town officials; Town Manager, James Barrington; Selectmen, James Workman, Virginia Bridle-Russell, Richard Griffin and Bennett Moore; Town Attorney, Mark Gearreald; Finance Director, Dawna Duhamel; Town Clerk, Arleen Andreozzi; Deputy Town Clerk, Betty Poliquin and Administrative Assistant, Maureen Duffy.

Mr. Casassa acknowledged the posting of the warrant and explained the rules which he would conduct the meeting. It was voted to waive the reading of the warrant on a motion by James Workman and a second by James Barrington. Moderator Casassa stated he would read each article in its turn.

Selectman Workman made a motion to allow the non-resident staff to speak if necessary. Seconded by Mr. Barrington. The motion passed.

On March 14, 2006 the voters met at Marston School to elect officers and to vote on all the articles. Moderator Casassa opened the polls at 7:00 AM and they remained open until 8:00PM. The number of voters at the polls was 3,175 and the absentee vote of 366 brought the total number of votes cast to 3,541 , putting the voter turnout at 29 % of the 12,016 names on the checklist.

(Article 1 was not discussed on February 4, 2006 by for constancy all articles are reported in numerical order).

ARTICLE 1

To choose by non-partisan ballot: One (1) Moderator for Two Years; Two (2) Selectmen for Three Years; One (1) Tax Collector for Three Years; One (1) Supervisor of the Checklist for Six Years; One (1) Trustee of the Trust Funds for Three Years; Two (2) Library Trustees for Three Years; One (1) Cemetery Trustee for Three Years; Two (2) Planning Board Members for Three Years; Four (4) Municipal Budget Committee Members for Three Years; Two (2) Zoning Board of Adjustment Members for Three Years.

Results of balloting on March 14, 2006

ZONING BOARD OF ADJUSTMENT

ROBERT “VIC” LESSARD 2197*
WILLIAM “BILL” O’BRIEN 2170*
DEAN SAVASTANO 1022

ARTICLE 2

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board to amend the Zoning Ordinance, ARTICLE III - USE REGULATION for the following categories to prohibit residential use at the street level for properties along Ocean Blvd. from its intersection at Ashworth Avenue to the intersection with N Street to encourage commercial/retail vitality along the Boulevard?

3.1 One single- family dwelling with private garage and one accessory building. (See Article VII)*

RAA	RA	RB	RCS	B	BS	I	G
P	P	P	P	X	<u>P**</u>	X	P

*(Amended 1991)

** Not permitted at street level for properties with frontage along Ocean Blvd. from the intersection at Ashworth Avenue to the intersection with N Street. Existing single-family use is exempt and may legally expand provided all other applicable zoning regulations are met.

3.3 Two-family dwellings.

RAA	RA	RB	RCS	B	BS	*I	G
X	X	P	P	P	<u>P**</u>	X	P

*(Amended 1991)

** Not permitted at street level for properties with frontage along Ocean Blvd. from the intersection at Ashworth Avenue to the intersection with N Street.

3.8 Multi-family dwellings. (See Article 8)

RAA	RA	RB	RCS	B	BS	I	G
X	X	R	X	R	<u>R**</u>	X	R

** Not permitted at street level for properties with frontage along Ocean Blvd. from the intersection at Ashworth Avenue to the intersection with N Street.

Tracy Emerick, Chairman of the Planning Board, explained Article 2

Arthur Moody rose on a Point of Order challenging the legality of the article as the Planning Board failed to meet the deadlines for publication.

The Moderator referred the question to Atty. Gearreald. Atty. Gearreald stated article was duly posted and a slight amendment was made at the first session and although the posted date was a day late it should be left on ballot

The Moderator then stated the NH Attorney General stated all posted articles must appear on the ballot and if the article is defeated, the question is moot.

Results of balloting on March 14, 2006

Yes 1288

No 1713

Article 2 failed.

ARTICLE 3

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board to amend the Zoning Ordinance by adding a requirement that for condominium conversions of pre-existing non-conforming uses each unit shall have at least one (1) assigned legal parking space on-site?

Section 6.3 Parking Requirements

Section 6.3.10 Condominium Conversions of Pre-existing Non-conforming Uses: At least one (1) assigned 9' x 18' parking space per unit must be provided on-site.

Mr. Emerick explained this article addresses lack of parking spaces when hotels are converted into condominiums.

Arthur Moody questioned wording of article and said that it allows a reduction of parking spaces as a condo now requires two spaces.

Atty. Gearreald clarified the issue saying that current law whereby does not allow for any spaces when a building is converted into condominiums.

Yes 2011

No 1143

Article 3 passed.

ARTICLE 4

Upon Petition of 25 or more legal voters of the Town of Hampton to see if the Town will vote to rezone from *Residence AA* to *Industrial* that land bounded northerly by the Route 95 exit ramp; easterly by Route 95; southerly by presently zoned industrial land located off the northerly side of Exeter Road; and westerly by the easterly edge of the 135-foot wide Public Service Company power line easement, being a portion of Map 51, Lot 3. (By petition)

Disapproved by the Planning Board

Moved by James Wilson

Seconded by James Workman

Mr. Wilson pointed out area on map, and explained the land is currently split into two zoning areas and he wants to uniform the zoning by having it all zoned industrial.

Ellen Goethel said the Conservation Commission is against the article.

No 2482

Article 4 failed.

ARTICLE 5

Shall the Town of Hampton, NH Planning Board implement a Growth Management Ordinance to limit the amount of development that is currently occurring in this town?

The residents of the Town of Hampton deem it desirable to control growth, size and nature to achieve the following objectives:

To limit the development of an economically sound and environmentally stable "Small Town" residential community;

To preserve the scenic beauty and present aesthetic values of the Town;

To prevent scattered and premature development of the land;

To protect the health, safety convenience, property, and general welfare of it's inhabitants;

To insure that the rate of growth of the Town does not unreasonably interfere with the Town's capacity for planned, orderly, and sensible expansion of its' services to accommodate such growth;
To promote development harmonious with land capabilities within the Town;
To prevent too rapid a pace of growth that tends to thwart the planning process and to escalate too rapidly the growth and costs of Municipal Services, especially of the Schools;
To allow the shared growth goals, plans, and objectives of the Town, its' Planning Officials and the residents to be realized in a comprehensive fashion as set forth in the Hampton Master Plan;
This Growth Ordinance should also provide a mechanism when Municipal Services are strained or overloaded to reduce the rate of residential growth to allow the Town time to correct any deficiencies that have developed.

I. Authority and Purpose

This Growth Management Ordinance is enacted pursuant to the authority granted by NH RSA's 674:21, 674:22, and 674:23. It is intended to regulate and control the timing of development in accordance with the objectives of both the Master Plan and the Capital Improvements Program adopted by the Hampton Planning Board. These two documents assess and balance the community development needs of Town of Hampton and consider regional development needs. The Interim Growth Management Ordinance is intended to promote the orderly development of land within the Town of Hampton and also to promote the Public Health, Safety, and Welfare of the residents in the Town of Hampton. The continual increases to local Property Taxes has put an inordinate strain on our citizens, many of whom are elderly and on a fixed income and/or are considered low to moderate income wage earners. This raises serious questions about whether the existing Master Plan, Capital Improvement Program and Zoning Ordinance adequately reflect the Planning Board and Community's expectations for logical and desirable development for this Community.

The Town of Hampton Planning Board seems to be burdened with the responsibilities of Subdivision and Site Plan review that it has not had the time or resources to adequately take up and study these issues and concerns.

II. Land Use Section

A Land Use section should be developed that translates the vision statements into physical terms. Based on a study of population, economic activity and natural, historic and cultural resources, it shall show existing conditions and the proposed location, extent and intensity of future land use as required by NH RSA 674:2.

Specifically the Planning Board makes the following FINDINGS OF FACT:

- The ability of the existing municipal roadway network is inadequate to handle increased roadway traffic without a plan for upgrading these roadways;
- Over-development is causing the fragmentation of Wildlife habitats and the existing Master Plan does not inventory with sufficient detail and prioritize those remaining undeveloped areas of land based upon their Environmental characteristics and sensitivity and designate areas based on such priorities for Conservation Preservation.

III. Annual Building Permit Limitation

A. The number of building permits issued in a calendar year for new residential dwelling unit is limited to an amount that is 2.0% of total dwelling units in the Town of Hampton as of December 31 of the prior year.

B. For the purpose of the ordinance the December 31 base of dwelling units shall be determined from the 2000 US Census, updated with annual building permit data reported to the New Hampshire Office of State Planning.

IV. Equitable Distribution of Building Permits

A. The town shall issue building permits for new dwellings on a "first come-first serve" basis.

- B. No more than five (5) permits per year will be issued to any one individual, corporation, partnership, or entity.
- C. Twenty-five percent (25%) of all permits issued each year will be reserved for landowners building their own home.
- D. Shall the Town of Hampton limit the building of new residential structures in residential zones, not including additions, sheds, garages, etc.... to existing residential homes. This should pertain to undeveloped properties.

V. Subdivisions

No single subdivision shall receive final plat approval for more than five (5) lots or dwelling units in any 12-month period.

VI. Adoption and Amendment

This Growth Management Ordinance may be adopted or amended in Accordance with the procedures set forth in NH RSA 674:23.

VII. Effective Dates

This ordinance becomes effective upon adoption and shall remain in effect until 11:59 PM May 31, 2010, unless readopted prior to that date. This is a Growth Management Ordinance to allow the Town to control the rate of development so it does not exceed the ability of Town Services. The orderly growth of population and development will reduce the undue straining of existing and planned Town Services, Schools, and Roads. It will apply only to residential development. The population in the Town of Hampton in 2002 was 15,138; in 2003 was 15,266; in 2004 was 15,376 and the projection for 2005 is 15,580. The average number of new residential permits issued in 2004 was 1,727 and is currently at 1,354 for 2005. The cost of the addition at Winnacunnet High School was \$26,850,000.00; the current student capacity is at 1,325. If the development continues in Hampton as previously stated this will only result in higher taxes as the need for new schools will arise as well as increased costs for Municipal Services. The residents of the Town of Hampton are requesting that the Town of Hampton Planning Board take this request into serious consideration and replace the Impact Fee with a Growth Management Ordinance. (By Petition)

Disapproved by the Planning Board

Mr. Emerick stated the statistics are incorrect regarding number of permits issued. 2% cap actually allows an increase in usage.

Mark Gearreald stated, under NH Law, growth ordinances are the most difficult to sustain.

Yes 1892

No 1308

Article 5 passed.

ARTICLE 6

Shall the Town of Hampton vote to raise and appropriate the sum of \$1,773,880 for the construction of fire department headquarters facilities uptown, and all related activities necessary or desirable for such construction, and to authorize the issuance of bonds or notes in an amount not to exceed \$1,773,880 in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiations, sale, and delivery of such bonds or notes as shall be in the best interest of the Town of Hampton? (3/5 vote required)

Recommended by the Board of Selectmen

Recommended by the Budget Committee

Moved by Selectman Bridle-Russell.
Seconded by Selectman Richard Griffin.

Fire Chief Henry Lipe made a fact sheets available to members of the assembly and presented slides to illustrate his comments. He reviewed the processes involved in keeping costs down. This would allow the uptown station to be the main station and later to add a smaller station at beach. This is the most viable approach for the town as construction costs are lower uptown and there are fewer weather concerns than at the beach.

Richard Nichols expressed concerns about spending too much on buildings and not enough on police personnel.

Lipe said total cost for both projects is under four million dollars, sharing with police does not allow maximum response time.

John Kane, Commissioner of the Hampton Beach Village District, is 100 percent behind this article. He referred to the age of the current building and the size of vehicles in use today.

Mary Louise Woolsey supports article but questioned what will actually happen. Asks selectmen if they are committed to this design? Selectman Workman replies that it is first time we have seen this design. Ms Woolsey asked if demolition costs of old town building are included? Mr. Workman stated they are.

Results of balloting on March 14, 2006

Yes 1295

No 2128

Article 6 failed.

ARTICLE 7

In the event of the passage of Article 6, shall the Town of Hampton vote to raise and appropriate the sum of \$250,000 for the purpose of relocating the old district courthouse to the east and renovating it to become part of the fire department headquarters facilities uptown, and all related activities necessary or desirable for such restoration and construction, and to authorize the issuance of bonds or notes in an amount not to exceed \$250,000 in accordance with the provisions of the Municipal Finance Act (RSA 33), and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiations, sale, and delivery of such bonds or notes as shall be in the best interest of the Town of Hampton? (3/5 vote required)

**Recommended by the Board of Selectmen
Not Recommended by the Budget Committee**

Moved by Bennett Moore.
Seconded by Richard Griffin.

Mr. Moore made a motion to delete the words “restoration and” from line four.

Seconded by Ms Bridle-Russell.

He explained the amendment saying the word “restoration” means a distinct process to bring the building to its original condition. The article would renovate the building for current use.

The Moore amendment passed on a hand vote.

Elizabeth Aykroyd, Chairman of the Heritage Commission, supports article saying this building has been part of the town center since 1873 and is the oldest building in public use. The article does not propose restoration but making it usable for modern use.

Frederick Rice gave a brief history of the building. In 1873 it was a schoolhouse, the first public school in new Hampshire. He showed pictures of building with its various renovations throughout the years and its significant uses in the town.

Ansel Palmer spoke in favor of saving the building.

Mrs. Woolsey made a motion to reduce the amount of \$250 000 to 0 in both lines 2 and 5.

Seconded by Michael Pierce.

Mr. Moore said the fire station sketch does not show courthouse but Article 7 is for adaptive use of building and one use could be for the fire dept.

Not supporting the Woolsey amendment, Fredrick Rice said both articles are independent of each other. The \$250000 renovation cost will be spread over several years.

Richard Paquin questioned that if the courthouse is used for part of fire station wouldn't it lower the cost to build fire station?

Selectman Moore replied restoration costs are higher than new construction

After additional comments the Moderator called for a vote on the amendment.

The Woolsey amendment passed on a hand vote

A motion to restrict reconsideration was made and seconded. The moderator stated the article would be on the ballot as amended.

The Article passed with an 81% vote.

ARTICLE 9

Shall the Town of Hampton vote to authorize the Selectmen to enter into a long-term lease/purchase agreement in the amount of \$665,780 payable over a term of sixty months at a rate of \$11,100 per month to purchase an aerial ladder truck for the Hampton Fire Department and to raise and appropriate the sum of \$133,200 for the first year's payment for this purpose in fiscal year 2006? Such authorization shall include all engineering, design, procurement, construction, shipping, delivery, training, together with all related appurtenances and activities necessary or desirable to complete the purpose of this article (3/5 vote required)

Passage of this article will mean that each succeeding year's payment will be included in that year's operating and default budget amounts.

Recommended by the Board of Selectmen

Recommended by the Budget Committee

Moved by Ms Bridle-Russell

Seconded by Mr. Workman

Chief Lipe showed slides of the current twenty-six year old ladder truck and explained the reasons for replacing the truck.

Richard Nichols supports the article but questioned the short length of term for re-payment.

Bonnie Searle asked that if the truck is being traded why is that fact not mentioned in the article.

Michael Scanlon suggested that the towns donate or resell the truck to another community.

Chief Lipe stated truck does not currently meet standards and might prove a liability to the town if resold. and deferred to town manager on the answer of the term of repayment. Town Manager Barrington replied we have never financed vehicles for a period of longer than 5 years because of the additional interest costs.

Bonnie Searle offered to amend the article by adding to the end "This vehicle shall replace the present 1980 Maxim ladder truck, which will be traded at the time this new vehicle is delivered to the Town of Hampton.

Seconded by Elizabeth Webb

The Searle Amendment passed.

A motion was made by Selectman Workman and seconded by Mr. Barrington to restrict reconsideration on Articles 8, and 9. The motion passed

Recommended by the Budget Committee

**Moved by Mr. Workman.
Seconded by Mrs. Bridle-Russell.**

This article moves money from a special revenue fund to a revolving fund and establishes the Private Detail Fund.

Mrs. Searle asked if administrative fees from the detail go into this fund or will they go into general fund. Town Manager Barrington replied the 20% surcharge includes all costs associated with the work.

A motion to restrict reconsideration on articles 17 through 21 was made by Mr. Workman and seconded by Mr. Barrington. The motion passed.

Results of balloting on March 14, 2006

No 750

Article 21 passed.

ARTICLE 22

In the event that Article 21 does not pass, shall the Town of Hampton appropriate only the sum of \$127,724 from surplus revenues generated from the Hampton Private Detail Fund prior to December 31, 2005, to pay for the purchase and “set up” (including authorizing Project 54 enhancements) of up to 5 new police cruisers, to replace cruisers that have been used to carry out such details? Majority Vote Required

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

Moved by Mr. Workman.
Seconded by Mr. Moore.
There was no discussion.

A motion to restrict reconsideration was made by Mr. Barrington and seconded by Mr. Workman. The motion passed.

Results of balloting on March 14, 2006

Yes 1475

No 1781

Article 22 failed.

ARTICLE 23

Shall the Town of Hampton rescind the provisions of RSA 31:95-c as to the Fire Alarm Fund, a Special Revenue Fund created by Article 53 of the 2003 Town Meeting to operate, upgrade, and maintain a Fire Alarm System in the Town of Hampton, and to expend any surplus remaining in said Fund up to the sum of \$1,000 on costs of decommissioning any fire alarm system equipment or lines utilized by the Fire Department that are no longer needed within the Town of Hampton? Pursuant to RSA 31:95-d, II, the effective date of this article, if passed by the Town, shall be June 30, 2006. Passage of this article will discontinue the existing Town operated fire alarm service. Defeat of this article will leave in place the existing Town operated fire alarm service and the Fire Alarm Fund. Majority Vote Required

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

Moved by Selectman Moore.
Seconded by Selectman Griffin.

Fire Chief Lipe explained the fire alarm system is in need of an upgrade and has been expensive to maintain.

Yes 2285

No 966

Article 23 passed.

ARTICLE 24

Shall the Town of Hampton vote to appropriate only the sum of \$240,405 from the special revenue fund made up of 20% of gross parking lots funds allocated to the Hampton Beach Village District by Article 41 of the 1996 Town Meeting, for the purpose of installing the infrastructure for and/or ornamental street lights in the Hampton Beach Village District, and for all related costs associated with said installation? This appropriation will not affect the Town's tax rate. Majority Vote Required

Recommended by the Board of Selectmen

Recommended by the Budget Committee

Moved by James Workman.
Seconded by Richard Griffin.

John Kane spoke in favor of the article. The Village District wants to improve the appearance of the beach.

Arthur Moody questioned the use the word 'street' lights when they are ornamental sidewalk lights. Mr. Kane agreed and said they will not replace the street lights.

A motion to restrict reconsideration on Articles 23 and 24 was made by Mr. Workman and seconded by Mr. Barrington. The motion passed.

No 435

Article 27 passed.

ARTICLE 28

Shall the Town of Hampton vote to retain the 29-foot Winninghoff fire rescue boat, which was authorized by Article 22 of the 2002 Town Meeting?

Moved by Selectman Moore.

Seconded by Selectman Griffin.

Elizabeth Webb spoke in favor of the article and said we have paid for the boat and a new dock is being built. The boat was used last year and this is not the time to give it up.

Michael Pierce said the town should not be in business of rescuing people at sea.

Chief Lipe presented slides and a fact sheet explaining the boat replaces an inflatable boat that has limited safety. He stated that most of the activity is within the Hampton River and this boat has saved more lives than any other piece of equipment. He said the town receives income from the nuclear power plant pipes in the ocean and we should provide service.

Richard Paquin spoke in favor of the article and offered an amendment to omit the words ‘ vote to’

Seconded by Mr. Workman.

The Paquin amendment passed.

Alphonse Webb spoke in favor of article as did Eileen Latimer, John Kane, Frederick Rice, and Richard Bateman.

Michael Scanlon offered to amend the article to include the words ‘water borne rescue’.

Seconded by Elizabeth Webb.

Mr. Scanlon was advised to withdraw the motion. He did so and the second withdrew also.

It was voted to end discussion on Article 28

A motion to restrict reconsideration on Articles 27 and 28 was made by Town Manager Barrington and seconded by Selectman Workman. The motion passed.

Results of balloting on March 14, 2006

Yes 1802

No 1478

Article 28 passed.

ARTICLE 29

Shall the Town of Hampton vote to charge a fee of \$10 per year for the issuance of a Resident Parking Sticker, and to authorize the Board of Selectmen to set an effective date?

Moved by Mr. Moore.

Seconded by Mrs. Bridle-Russell.

Ann Kaiser spoke on the article stated fee of \$10.00 is low compared to N Hampton and Rye which charge 20 per year. She offered to amend the article by omitting the words “vote to” and by increasing the fee to \$20.00.

Seconded by Alphonse Webb.
The Kaiser amendment failed.

Sheila Francoeur offered to amend article by reducing the amount to 0.
James Workman seconded.

James Barrington spoke against the amendment, as charging a fee is reasonable.
After much discussion the Francoeur amendment passed.

A motion to restrict reconsideration on Article 29 was made by Selectman Workman and seconded by Town Manager Barrington. The motion passed.

ARTICLE 40

On petition of Ellen Goethel and at least 25 registered voters of the Town of Hampton: Shall the Town of Hampton raise and appropriate up to the sum of \$100,000 to use as matching funds to purchase all or part of the property on Woodland Rd (Map #95 lot #2 and Map #96 lot #3) totaling 14.68 acres, around and including a section of the historically-important Ice Pond that is adjacent to the portion of the Ice Pond which is already owned by the Town of Hampton. These funds will be used as a match, along with \$150,000 of existing funds from the Conservation Land Fund held by the Conservation Commission. The Commission will be looking for grants from various outside organizations to complete the purchase.

The purchase of this parcel will provide the Town of Hampton with a total of 25.53 contiguous acres in and around the Ice Pond, including access to Nilus Brook. The protection of the Ice Pond and the woodlands surrounding the pond is consistent with the spirit of the Hampton Master Plan. (By Petition)

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

Moved by Mr. Workman.
Seconded by Mrs. Bridle-Russell.

Ellen Goethel, Chairman of the Conservation Commission said this property recently came up for sale. The land is off Woodland Road and adjoins Twelve Shares. It is an area that the Conservation Commission has been watching for 20 years.

To see if the Town will authorize and appropriate the sum of \$291,961 to hire eight (8) additional firefighters for the Hampton Fire Department, with four (4) being hired effective July 1, 2006; and four (4) additional firefighters to be hired on September 1, 2006. (By Petition)

**Not Recommended by the Board of Selectmen
Recommended by the Budget Committee**

Moved by Mary-Louise Woolsey
Seconded by Virginia Bridle-Russell

Mrs. Woolsey offered to amend the article by changing ‘authorize’ to ‘raise’ and by lowering the amount to \$243,435.

Seconded by Mrs. Bridle-Russell
After some discussion the Woolsey Amendment passed.

Frederick Rice offered to further amend the article by adding “exclusive of the positions provided for in the 2006 operating budget” in line 2 after department..

Seconded by James Workman.
The Rice amendment passed.

Brian Lacey questioned the inclusion of the year in the article and if we should add words to insure that a maximum of 8 be hired.

Virginia Bridle-Russell moved to amend the article further by adding “with a maximum addition of eight firefighters to be added in 2006.
Richard Nichols seconded the motion.

Discussion ensued and both Bridle and Nichols agreed to change the wording of the amendment to the following:

To see if the Town will raise and appropriate the sum of \$243,435 to hire eight (8) additional firefighters for the Hampton Fire Department, exclusive of the positions provided for in the 2006 operating budget with four (4) being hired effective July 1, 2006; and four (4) additional firefighters to be hired on September 1, 2006. With total staffing increasing in 2006 to a maximum of 8 firefighters.
The Bridle amendment passed

Mr. Barrington moved to add “on or about” before July 1 and before September 1.
Arthur Moody seconded the motion.
The Barrington amendment passed

Article 48 now reads:

To see if the Town raise and appropriate the sum of \$243435 to hire eight (8) additional firefighters for the Hampton Fire Department, exclusive of the positions provided for in the 2006 operating budget. with four (4) being hired effective on or about July 1, 2006; and four (4) additional firefighters to be hired on or about September 1, 2006. With total staffing increasing in 2006 to a maximum of 8 firefighters.

Edward Buck moved to restrict reconsideration on Article 48
Seconded by Mary-Louise Woolsey
The motion carried.

Article 50 failed.

The Moderator thanked the Hampton School for letting us use this facility especially Facilities Manager, Keith Lessard and Asst. Principal, Manfred Muscara.

ARTICLE 51

We, Kerrie and David Peaslee, of 27 Schaefer Circle Hudson, NH hereby petition the Town of Hampton to authorize the Board of Selectmen to grant an easement at the lot line between 18 G Street (Map 290 Lot 10) and the abutting property in the rear at 15-17 F Street. (By Petition)

Moved by James Workman.
Seconded by James Barrington.

H. Paul Carroll spoke in behalf of Kerrie and David Peaslee, saying there is a conflict between the latest land survey and a prior survey resulting in a structure being located over the lot line, therefore they are asking for the town to grant an easement.

H. Paul Carroll moved to amend the article by rewording it to read:

On petition of Kerrie and David Peaslee of 27 Schaefer Circle, Hudson, NH and abutter Fred Curley, 15-17 F St Hampton, and at least 25 other registered voters in the Town of Hampton to authorize the Board of Selectman to grant an temporary easement for the structure which currently extends over the lot line between 18 G Street (Map 290 Lot 10) and the abutting property located at 15-17 F Street. If the subject building is ever destroyed or demolished, it shall not be reconstructed over said lot line and the easement shall expire.

Adoption of this article will resolve the conflict between the 1984 Parker Survey and the 2005 Millennium Engineering Survey with respect to the structure located at the rear of 18 G St Under the Millennium Survey the structure at the rear of 18 G St. is shown located approx. 6-12 inches over the lot line. Under the Parker Survey the structure at the rear of 18 G St. conforms to the lot line. The Property has always been deeded in accordance with the 1984 Parker Survey

Seconded by James Workman

Seconded by Mr. Barrington.

The Moderator declared the meeting adjourned at 6:22.

Respectfully submitted,

Arleen Andreozzi, *Hampton Town Clerk*

- ASSESSING DEPARTMENT -

The rapidly rising real estate market finally began to show signs of leveling off during the 2006 property tax year. In 2005, Hampton had 493 residential transactions with an average sale price of \$309,800 and an average assessment level of 76%. In 2006, Hampton had 367 residential transactions with an average sale price of \$309,400 and an average assessment ratio of 75%.

These statistics indicate that the average sale price and the assessment ratio remained relatively constant but the number of transactions was down by 26%. As the number of properties on the market continues to grow, it will tend to make 2007 a buyer's market. This fact has the impact of increasing the number of months properties remain on the market for sale and stabilizing what people will pay for these properties.

I would like to remind the taxpayers that we will be updating our assessed values to market values in 2008. We will not be conducting a remeasure and relist for this update.

TAX RATE STATISTICS

An increase or decrease of \$118,360 in expenditures can change the tax rate 5¢.

An increase or decrease of 6,143,790 in assessed value can change the tax rate 5¢.

LEASED LAND UPDATE

The town still has 38 lots of leased land. There were no sales in 2006 and a few new leases drawn over the year. All sales are paid in full by certified check only and are at 100% of market value. You can look at the Trustees of Trust Funds Report to see the revenues from the sale of leased land that are put into a trust account. The interest from the trust fund is put into the General Fund at year's end to help reduce the tax rate.

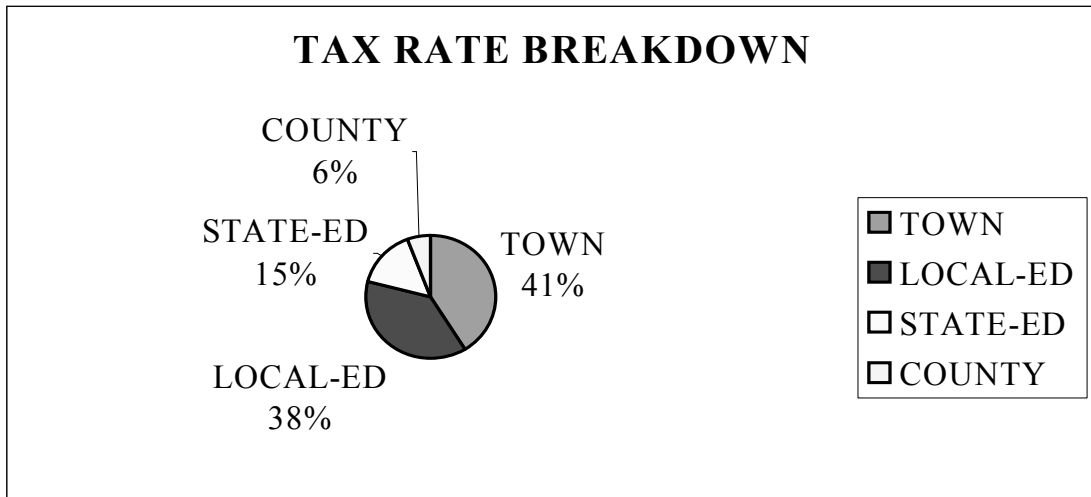

Robert A. Estey - *Assessor, CAE, CNHA*

- BUILDING DEPARTMENT - CODE ENFORCEMENT

2006 continued to be consistent and steady as to the volume of construction, permitting and inspections that have taken place over the last several years. Although the housing market has slowed and the new home start ups are decreasing due to the number of new and existing homes available on the market, construction as a whole has been steady throughout the community.

As the end of year statistics show, the number of permits issued and inspections and site visits performed has kept the Department busy and operating at the same pace as the previous five years in comparison. Much of this work can be attributed to the remodeling, renovations, additions and overall updating of existing homes. Many homeowners opt for this alternative when new home pricing becomes out of reach or the market slows to where it becomes difficult to sell their home and upgrade to a newer one.

Another, and more important area of consistency, is the people who make up the Building Department itself. This group of individuals has been working together for over six years now and the experience and work ethic they bring to the Department is second to none.

The Building Department houses over 90 years of combined experience in the construction industry and over 30 years of administrative/secretarial experience which together outfit the Department with the essential tools, not only to deal with the work load, but also to insure the work is up to date, complies with the current adopted State and Local Codes and, in turn, results in a better, safer product not only for the individual but the community.

Part-time Electrical Inspector Robert Charette brings over 40 years experience in the construction industry including the ownership and operation of an electrical contracting business for over 30 years. His wealth of experience and knowledge is a staple in this Department's operations. Assistant Building Inspector Milon (Chuck) Marsden adds another 20+ years of experience working in all aspects of construction with a strong understanding in all phases from design to finish. Chuck also brings a wealth of knowledge to the health inspection aspects of the Department, especially relating to the food industry. Chuck previously spent many years overseeing the operations of a large restaurant as manager and chef. Ms. Eleanor Montague, who somehow manages to keep up with the demanding work load given her by two full time and one part time inspector, as well as handling the large volume of telephone calls and scheduling that comes into the office, accomplishes this because of over 30 years in office administration, secretarial duties and human resource experience, including over 20 years as a legal assistant at a law firm in Boston.

As for myself, I have been in construction over 30 years since graduating from high school. I am licensed and certified in many aspects of the industry, owned and operated an electrical contracting business and a construction company from 1982 through 2000 at which time I became the Building Inspector/Health Officer/ZBA liason for the Town of Hampton. The additional experience and knowledge I have gained over the past 7 years as the Town's Building Inspector and working, not only with the people in the office, but throughout the community has been exciting, challenging and rewarding and I hope this office can continue to have a positive impact in our role servicing the community.

Respectfully submitted,

With appreciation and dedication to James Barrington, "truly a friend".

Kevin D. Schultz, *Building Inspector*

As of the time of this Report, the Building Department had collected \$187,207* in Permit fees, which represents 99.15% of the Building Department's operating budget.

*Note: Over \$5,600 in permit fees collected in 2006 is being held in escrow by the Finance Department pending permit approvals and not included in the end of the year collected amount.

The following are some of the 2006 statistics:

Permits Issued	1,720
Inspections/Site Visits/Meetings	3,867
Certificates of Occupancy:	
Rental	117 for 160 units
Non Rental	76
Construction Value	\$28,925,733
Fees Generated	\$187,207

- FINANCE DEPARTMENT -

Michael Schwotzer - Director of Finance - received his Masters in Public Administration from the University of New Hampshire in 2005. He is a Certified Management Accountant, and he received this certification from the Institute of Management Accounting in 1984. He also received his M.B.A. in 1979 and his Bachelor of Arts in 1971 from the University of New Hampshire. He has been working in Finance since 1974, and working as Hampton's Finance Director since July 10, 2006. Mike also worked for Hampton in 1971-1974 as the Health and Code Inspector, and also as a Call Lieutenant in the Hampton Fire Department from 1972 to 1977. Mike is also a private pilot and enjoys extreme sports.

Kristi Pulliam - Payroll Supervisor - attended California State Long Beach University, and also attended University of New Hampshire for one semester. She then transferred to McIntosh College where she received her Associate Degree in Accounting. Kristi has been working for the Town of Hampton for 9 years, starting out part time for 3 years as Accounts Receivable and working her way up to her current position as Payroll Supervisor. Kristi is also the mother of 4 beautiful children.

Kathleen Doheny - Accounts Receivable - attended New Hampshire Community Technical College in Stratham where she received her Associates Degree in Accounting and her Certificate in Business Management. Kathleen has worked for the Town of Hampton since August of 2006.

Karen Desrochers - Accounts Payable - attended the University of New Hampshire before moving to California where she worked for Hermosa Beach City School District in Accounts Payable. She also has experience working in accounting for Fisher Scientific. Karen brings 10 years of accounting experience to the Town of Hampton. She is also a volunteer in the Portsmouth Soup Kitchen. Karen is planning her wedding for September of 2007. Karen has worked for the Town of Hampton since August of 2006.

Paul Paquette - Systems Engineer - served in the United States Air Force from 1979 to 1999. While in the Air Force, Paul was trained to build, install, maintain and repair computers, workstations and servers, running a variety of operating systems in various locations around the world. Paul was also a deployment Team Chief for Air Force teams to Cuba, Saudi Arabia and Mexico to set up and maintain bases for long term deployment in remote locations. He brings over 20 years of training and experience to Hampton and provides support for 111 users in the Town Hall, Fire Department, Department of Public Works and the Recreation Department. Paul proactively protects the information systems from viruses and software exploits. He also oversees the maintenance and servicing of the telephone communications. Paul is the “go to” person for many purposes. Paul worked for Hampton as an independent contractor from 2000 to 2003. He has been employed by the Town as our information technology person since 2003.

- Fire, Emergency Medical - & Rescue Service

To the citizens of Hampton,

I would like to begin by re-affirming to you that your Fire Department remains of the highest caliber and is known for its leadership in the fire and emergency medical services. Our personnel remain highly qualified, competent, and extremely professional. “Experience Counts” as our personnel are highly skilled and veteran first responders. Your emergency medical service is continually praised by the staff at regional hospitals and the emergency medical community. This can be directly attributed to our high standards of care and their commitment to excellence. Hampton Fire Rescue is staffed with 43 employees with an average of over ten years each of professional service.

OPERATIONS

2006 brought another year of fire and emergency medical response managed on a default budget. Our call volume has continued to increase and this year was no exception. Calls for service increased by eight percent. We continue to provide more services with fewer personnel. I have illustrated our call history below for your information.

**TOTAL CALL VOLUME
1987 - 2006**

FIRE PREVENTION BUREAU

The Fire Prevention Officer, Fire Inspector, and Fire Prevention Secretary work together to provide fire and safety education programs to all age groups. They perform highly technical plan reviews of systems and designs relating to fire safety. The Bureau also performs many inspections while enforcing the state and local fire codes and both members have been trained to perform origin and cause investigations of fires.

The year began with the retirement of Scott McDonald from the Department. Scott had many years of fire experience and was very knowledgeable in codes and Bureau operations. He constantly worked to create and improve standards and expectations within the Bureau so that we could provide the best service possible.

Jon True was promoted in February as the new Fire Prevention Officer. Robin Arsenault was reinstated as the Fire Prevention Secretary in April. Jeff Leduc was promoted to Fire Inspector in July. He brings a law enforcement background with him and has been learning how to do fire inspections and handle various issues within the Bureau.

We received the fire safety trailer in August of this year. The trailer, which cost approximately \$52,000.00, was acquired through a federal grant through FEMA. The local ten percent matching fund requirement for the grant was raised through local donations, meaning there was no cost to the taxpayers for its procurement. A special thanks to those who donated!

The trailer is a shared resource and has already been used in other towns in the area as well as in our schools. For surrounding Towns, we provide basic training to members of the local Fire Department, deliver the trailer to them and have them teach the classes. There has been a lot of positive feedback from the communities about this unit.

COMMUNICATIONS

As we close 2006, the Fire Department communication system has gone through some changes. We received radios from the NH Interoperability Grant, including mobile radios for all apparatus and cars. We also received 39 portable radios, outfitting each Firefighter and Officer with standardized equipment. These radios increase safety and interoperability as we can now communicate with local police departments, as well as many local fire departments, state agencies and hospitals.

In 2006, the Department acquired new database/fire management software and computers that will help the Department in many ways. The project was funded through a grant from the NH Homeland Security Grant Program. From our view, this software will help by better tracking inspections, complaints and other operations within the Bureau. The laptops (also purchased under a grant) will help streamline our service to the public by giving us real-time information while on-scene of an incident or while doing an inspection. When issuing a report or violation, we can see the history of a building as well as other pertinent information, better serving the customer. This will also increase communication within the whole Department, making for safer operations. The fire alarm system has been shut down, and the conversions went fairly well.

LADDER TRUCK

We took delivery of the new aerial ladder truck in October. The new truck was approved by the Hampton voters last March and was manufactured by Pierce Manufacturing of Appleton, Wisconsin. The truck is housed at the fire station on Winnacunnet Road.

The vehicle features a 105 foot rear-mounted steel aerial ladder with a full complement of portable ground ladders. The new truck also boasts a 10kw hydraulic generator for additional lighting capabilities, a Detroit 470 hp engine, independent front suspension, advanced electronics, and ample compartments for equipment

storage. Pierce trucks also feature side rollover, front tire blowout, and a 45 degree cramp angle steering system for tight maneuvering around Town and at the Beach.

GOVERNMENT PIER/DOCK

The government pier is now substantially complete. In 2002, the Town of Hampton, the State of New Hampshire Department of Safety, and the United States Coast Guard collaboratively discussed, endorsed, and received funding for the construction of a secure public safety marine docking facility adjacent to the Hampton River, on a Town-owned parcel of land. The Town acquired private donations and federal funding for this project through Senator Judd Gregg, which was administered through NOAA. The dock is owned and maintained by the Town of Hampton.

The extent of the project is a secured government marine structure that will allow federal, state, and local authorities to coordinate marine operations under the National Incident Management System model (NIMS). This model provides for a consistent regional approach for governments to work effectively and efficiently together to prepare for, prevent, respond to, and recover from domestic incidents, regardless of cause, size, or complexity. From a federal focus that is striving to improve Homeland Security through the integration of all resources, this project was of the highest priority and exemplifies the Town’s commitment to water rescue and security.

RETIREMENTS

Two of our veteran employees retired from the department in 2006. Captain Guy Larivee and Fire Prevention Officer Scott McDonald decided to call it a career. Combined, they gave over 50 years of service to the Town. I salute them both for their dedication to public safety and community service. I also wish them well with their future endeavors.

In closing, our challenges are more complex every year, but the citizens of Hampton can feel assured that the employees of the Hampton Fire Department are addressing the Town’s everyday demands. We continue to achieve our goals through experienced employees, professional persistence, and community pride.

Respectfully submitted,
Hank Lipe, *Fire Chief*

- LEGAL DEPARTMENT -

The services provided by this Department include handling litigation that is brought by and against the Town, advising Town Boards and Departments, and representing the Town's interests before regulatory agencies. Also, the Department coordinates the services of outside counsel.

This has been a year when a number of matters were concluded in the Town's favor:

- A petitioned growth management ordinance that was not grounded in a solid statistical base was declared to be invalid and unenforceable by the Superior Court, before any damages were incurred by developers that could have led to suits against the Town.
- A second attempt by the same plaintiffs to address through litigation a parking situation connected with a condominium development at Hampton Beach was dismissed on the Town's Motion, and the plaintiffs were ordered to pay the Town's attorneys fees and costs in the amount of \$2,709.00.
- The New Hampshire Supreme Court upheld on June 27, 2006 in Sullivan v. Board of Selectmen, Town of Hampton, the Selectmen's discretion to transfer appropriations within various budget line items in response to the passage of a default budget. This was a case of first impression in New Hampshire.
- In November of 2006, after a day of trial, a settlement was reached in a case involving the Royal Market on Ashworth Avenue whereby claims against the Town for damages in excess of \$200,000.00 were dropped and the location of the boundary line of that property along Ashworth Avenue was fixed as depicted by the Town's surveying expert.

Along with these successes, the Department has brought revenue to the Town in the form of charges for review of condominium documents for developments approved by the Planning board. Ten developments worth of documents were reviewed in 2007.

There is a lot of experience and education in the Legal Department, and we are constantly working hard to ensure the best representation for the Town.

Town Attorney Mark Gearreald graduated from Brown University with Honors in 1974, went on to Boston University Law School and received his Juris Doctor in 1978. He brings 28 years of experience as an attorney to the Town of Hampton.

Mark is admitted to practice law in New Hampshire, the United States District Court of New Hampshire, the First Circuit Court of Appeals and the United States Supreme Court. He has 26 reported cases before the New Hampshire Supreme Court, the latest of which was the victory for the Town of Hampton in June of 2006 in Sullivan v. Town of Hampton.

In addition to his extensive legal career Mark is also involved in many diverse organizations: He is a Past President of the New

Mark S. Gearreald, Esq.

Hampshire Trial Lawyer's Association and of the Rockingham County Bar Association. He was also the Chairman of the New Hampshire Bar Association Legislation Committee from 1988-1990. Mark has been a National Alumni School Representative for Brown University, the Senior Warden for Saint Thomas Episcopal Church from 2004-2006, and a member of the Parent Awareness and Caring Team at his daughter's school.

Wanda Robertson also has a lot of education and experience that benefits the Town of Hampton and supports the Legal Department.

Wanda graduated from the University of Southern Maine with Honors with a Bachelor of Arts in Political Science in December of 2002. She is a member of Pi Sigma Alpha, the National Political Science Honor Society. Wanda passed a national exam and was a Certified Legal Assistant from 2000-2005. She also received the All American Collegiate Scholar Award from the United States Achievement Academy. She also received the Departmental Award for Academic Excellence in Paralegal Studies from McIntosh College, and was on the Dean's List every semester during her course of paralegal studies. Wanda is currently in her third year at of studies at Massachusetts School of Law.

Wanda Robertson, *Legal Assistant*

Both Attorney Gearreald and his Legal Assistant Wanda Robertson have been working together in the Legal Department since January of 2003. Attorney Gearreald has also acted as Interim Town Manager since Mr. Barrington resigned and returned to Texas. Mark looks forward to returning to full time duty as Town Attorney when the new Town Manager comes on board in March of 2007.

Respectfully submitted,
Mark S. Gearreald, *Esq.*
Wanda Robertson, *Legal Assistant*

- Police Department -

Authorized Department Personnel
Full-time Law Enforcement Officers 34
Part-Time Law Enforcement Officers 70
Full-Time Civilian Personnel 9
Part-Time Civilian Personnel 3

Hampton Police Station

INTRODUCTION:

This will be my first report to you as your new Chief of Police. I am very honored to have been appointed as Hampton's Chief of Police by Town Manager, James Barrington. I would like to congratulate Chief William Wrenn on his retirement from the department and his appointment as the Commissioner of the NH Department of Corrections. Chief Wrenn served the department for over 34 years and leaves behind many friends and colleagues; we wish him well in his new position.

In keeping with this year's theme, "Experience Counts" we have compiled some statistics to give you a picture of the police officers serving the Town of Hampton.

The full time members of the Hampton Police Department have served the town of Hampton for a combined 493 years. The average length of service for full time members is 15 years. Over 91 percent of our officers have some college education or bachelors degrees, 6% have masters degrees. Our workforce has an average age of 42 years and 24% of our full time officers have served in the military.

We are authorized to have 70 part time officers in our ranks however, in 2006 we had less than 40. Although they are year round employees, their primary focus is to work during the busy summer months. These officers' full time occupations are varied and include teachers, engineers, computer professionals, retired police officers, CPA, students and other community members who choose to serve the Town. The average part time officer has served the Town for 10 years, and is 40 years old. Over 28% have prior military service, 87% have a college education with 21% holding Masters degrees or higher. Their collective experience benefits our community and is critical to our success in achieving our mission.

OVERVIEW:

It has been another busy year in Hampton. Below, I have offered a brief synopsis of the significant activities of the Hampton Police Department for 2006. In March, the Town was faced with a third consecutive year of a default budget, which resulted in additional decreases in our services. Our staff of available Part Time officers has decreased to levels not seen in over 25 years. Despite these fiscal challenges, our Police Officers and civilian staff, worked tirelessly to provide excellent service to our community. Please visit our web site at www.hamptonpd.com for additional information about the Hampton Police Department.

PERSONNEL:

In January, Lieutenant Richard Sawyer was promoted to Captain and assigned as the Commander of the Operations Bureau. In May, Officer Peter Moisakis was hired full time as a patrolman to fill the open position. Officer Moisakis has been a part time officer since 2000. He holds a B.S. in Criminal Justice from Northeastern University and resides in Massachusetts.

In May of this year, Sergeant Franklin “Gus” Knowles retired from the department with over 30 years of service. Gus is an institution in the Hampton community and beloved by the members of the Department. His daily contributions to the Department and his sense of humor will be missed. We are however, pleased to report that Gus has chosen to remain with the department as a part time officer.

In August, Detective Barry Newcomb was promoted to Sergeant, and assigned to the Patrol Division. Part-time officer Derek Brown, was hired Full Time to fill the remaining open officer position. Officer Brown is a resident of Greenland and was first hired part-time by the department in 2004. In October, Officer Laura Stoessel was assigned to the Detective Division replacing Sergeant Newcomb.

In November, Full Time Communications Specialist Lenny Nigro resigned his position to pursue opportunities in the private sector.

Finally, 9 part-time special officers resigned their positions for various reasons, and two new officers were hired in July to replace some of these openings.

We wish all of our former employees continued success in their future endeavors.

DEPARTMENT OPERATIONS:

The department remained very active serving our community this past year. Officers responded to 22,980 calls for service in the community this year. Over 4,426 vehicles were stopped as a result of our traffic safety programs and 1,619 people were arrested. Over 1,341 incident reports were filed and investigated resulting in 3,303 separate offenses being reported to the police of which, 261 were felonies. The Department investigated 474 accidents during the past year. Officers issued 2,169 parking tickets resulting in \$44,805 in revenues collected.

Hampton Mounted Patrol

During the summer and pre-season, the New Hampshire State Police continued to assist the Hampton Police Department by assigning Troopers to create an added presence at the beach. In addition, the Rockingham County Sheriff’s Department and the Seacoast Emergency Response Team provided assistance during the busy 4th of July holiday. I would like to pass on a special note of thanks to the Department of Safety Commissioner Richard Flynn, State Police Colonel Fredrick Booth and Rockingham County High Sheriff Daniel Linehan for their continued support and cooperation.

CONCLUSION:

On behalf of the employees of the Hampton Police Department, I would like to extend our sincere appreciation to the Town Manager, James Barrington. I would like to thank James for his support of the Department over his term of service, and extend our best wishes to he and his family on their return to their native Texas. I also want to thank Interim Town Manager Mark Gerreald and the Board of Selectmen, all Town Committees, and Town Departments for their help, cooperation, and continued support throughout the year.

Finally, I want to thank the families of our employees for the sacrifices they make every day due to the nature of the job, and I commend all our employees for their professionalism, dedication, and hard work towards providing the Town of Hampton with the best law enforcement services.

Respectfully submitted,
James B. Sullivan, *Chief of Police*

- DEPARTMENT OF PUBLIC WORKS -

PERSONNEL: **42 FULL TIME**
 22 SEASONAL

It is with respect and admiration that I say that we have had a very qualified and dedicated Town Manager leave us after about ten years of leadership; James Barrington. I think that it is fitting and proper to pay our respects for his long-term professional investment in us, by dedicating this Town Report to James. Others have heaped accurate and meaningful accolades on him which I will not repeat here. I will only say that he showed honesty, courage, professionalism, long term thinking and planning, was a consummate “listener” to everyone—even if they were trying to sink the proverbial ship of Hampton. James always had time for anyone that wanted to talk to him or follow up on an issue, which he did—because he felt it in his bones to provide a “public service” to the residents of Hampton. One talent that he had was to enrich us with spiritual leadership without the infusion of religion. For the town employees that worked with him daily, I hope that his commitment and leadership rubbed off on us in some way—to better serve you—the public.

SEWERS AND DRAINS

There were 15 new entrances and 165 reconnections into our sanitary sewer system requiring 209 inspections; 180 sewer permits were issued and 476 locations were made for contractors, utility companies and the public. In addition, 31 calls for plug-ups were handled, of which 15 were the responsibility of the Town. We cleaned 50,784’ of sewer lines with the sewer jet, and cleaned 542 catch basins.

Over the past two years Zoppo Construction has completed an extensive sewer replacement project along with infrastructure improvements at the Beach. The Department has been very busy coordinating inspections for reconnection of properties into the new system, as well as inspection of manholes and invert channels in these manholes.

HIGHWAY SECTION

One of our biggest challenges in 2006 was of heavy rain on Mother’s Day weekend and the days and weeks that followed. The Taylor River crested Towle Farm Road to the top of the guardrails; Niles Brook flooded part of North Shore Road; and the Grist Mill produced white water rapids across the lower end of High Street. Road damage due to erosion was largely avoided by stabilizing the shoulders with 6” trap rock at these locations and placement of concrete blocks at the Grist Mill. In the aftermath of the storm there was extensive shoulder repair, road patching and debris clean up. Rubbish volumes increased substantially at the curb and transfer station for weeks after the storm as a result of the extensive damage homeowners sustained due to flooding. Fees were waived at the transfer station for a period to afford some relief to residents for storm related refuse disposal. FEMA reimbursed the Town for a portion of many storm related costs. FEMA will also make funds available to fix sinking

New Hampton Vac Truck

trenches on Mill Rd. and Drakeside road. We are also sad to report that hundreds of houses had flooded basements because of this continued wet weather.

A very strong weather front with winds gusting up to 60 MPH swept through the area in October leaving many trees toppled and/or damaged in its wake. A number of sections of Town were entirely blocked off by downed trees and live electrical wires. Cleanup was conducted throughout the following week. Once again fees were waived at the transfer station for storm related tree and limb disposal.

Snow fall in the Seacoast area during 2006 was minimal. There were only six plowable storms with a total accumulation of 31" of snow. We used less than half the amount of salt as was used in 2005. Unfortunately, there are no guarantees in regards to weather so we must always plan for the worst.

The March '06 Town Meeting appropriated \$350,000 in funds for Capital Road Improvement projects. The department initiated full depth reconstruction projects on Brown Avenue, Huckleberry Lane, Bayberry Lane, Linden Lane and Juniper Lane. The process establishes a stabilized road base by grinding existing materials and injection of a liquid asphalt emulsion into the base soils, then application of a hot top surface coat. This is an investment in long term durability in our older roads.

Our road resurfacing program included reshaping the lower portion of King's Highway (south end) to restore the crown in the road, grading and repaving Moore Avenue and Hackett Lane after drainage system installation, and paving Mill Road from Watson's Lane to the North Hampton town line and a portion of Mace Road. On Mill Road and Mace Road eight feet of each existing edge of pavement was planed off for better blending of the new pavement to driveway grades, to enhance localized drainage and a more defined road profile.

Additionally, at the end of May the Department coordinated the repair, resurfacing and stripping of the municipal parking lot on High Street and the total reconstruction and stripping of the Ashworth Avenue parking lot for the Recreation Department. In the fall the Island Path parking lot was reconstructed as well, which will allow for a better parking arrangement, which will increase parking revenue each year.

Rubbish containment at the Beach is still an enforcement issue however more and more residents, business owners and vacationers are complying with our regulations.

WASTEWATER TREATMENT

In 2006 we treated 1.28 billion gallons of wastewater, and 1.47 million gallons of septage was received. We transported 3,777 tons of dewatered biosolids, and 137 tons of grit and screenings to the Turnkey Landfill in Rochester.

During the Mother's Day storm most other treatment plants in the state were suffering catastrophic violations. Hampton maintained treatment with only two reportable violations. This attests to the dedication and flexibility of the Town's wastewater professionals.

In 2006 funds were appropriated for WWTP equipment replacement, such as a generator, ventilation, headwork's screen, and lab expansion. Design plans have been completed and the bidding process will provide for construction this summer

SOLID WASTE AND RECYCLING

Overall, our total rubbish collection increased 3% from 2005, but is still below the previous three years by as much as 153 tons. The tonnage this year may be a reflection of the amount of flood damaged material we received after the Mother's Day flooding. On the recycling side, for both curbside collection and our drop off collection, our increase was 10% over 2005. Keep in mind that the more material we divert from rubbish to recycling, the less it costs the Town. In terms of our other commodities, we recycled 1,840 gallons of waste motor oil (94% increase), 713 computer monitors (9.5% increase) and 381 propane tanks (26% increase). Disposal of Freon appliances increased 16%; wet cell batteries increased 88% and computer deliveries increased by 9.5%. Construction and demolition material disposal increased by 8%; most likely attributable to flood damaged material disposed of. Our scrap metal recycling decreased in 2006 by 9%. The market value for recycled metals was very high this past year so many folks hauled their metal materials directly to the scrap yards. This might explain the decrease in metals recycling.

In accordance with State law, beginning July 1, 2007 all video display devices must be recycled. This includes computer monitors, TV's video games, fish finders, DVD players GPS screens and anything else with a screen larger than 4" (CRT's, LCD, LED, plasma, etc.), so be prepared for these disposal costs when you deliver these materials to us.

Lastly, we can now appreciate the major financial investment that the Town made in infrastructure improvements at the Main Beach. We now have a drainage system to rely upon which was very limited before. We have all new road surfaces on Ashworth Ave and the lettered streets and we look forward to finishing the west side streets in 2007. We have new ADA compliant sidewalks and a new and modern sewer system. In the years to come with continued growth at the main Beach, we can expect new tax generation to pay for these investments over time. For all the work that was done, it was actually a fast process if you consider that the contractor did not work during the summer months.

As always, please send us your thoughts as to improvements that you would like to see us do, or if we can improve our service level, or if you can see any cost saving ideas that you want to pass our way.

Respectfully submitted,
John R. Hangen, *Public Works Director*

- RECREATION & PARKS DEPARTMENT -

The year 2006 was a fun year for the staff and patrons of the Hampton Recreation and Parks Department.

The staff at Hampton Recreation and Parks may be familiar to you, but if not I would like to introduce you to us again. First, I would like to introduce the 4 full time staff. We have Shirley Doheny, Recreation Secretary, as the smiling face behind the desk when you come to sign up for programs. Shirley has 8 years of experience here in Hampton running the front desk of our office and had brought 20 years of office management experience to her current position. Shirley is a graduate of the Chandler School where she achieved an Executive Secretary certificate. She has taken many courses since her completion at that school to keep up with the trends in technology to keep our office up to date. She has earned a certificate in Office Technology focusing on computer skills from NH Community Technical College. Through this education Shirley has been able to become the Department's webmaster as well as to apply her technical knowledge towards many other facets of the job.

Hampton Summer Festival

Darren Patch, our Parks Coordinator is the guy you will see at Tuck Field and around Town sprucing up the parks and play areas. Darren holds a State Pesticide License and is a Certified Playground Inspector. Darren has seven years of experience here in Hampton and hails ten more years of experience and knowledge that he brought here from the University of New Hampshire in park maintenance. Darren has also earned many college credits from the Thompson School at the University of NH in Horticulture and has used that knowledge to evaluate many of the trees around Town.

Rene' Boudreau, Program Coordinator and Dyana Martin, Director of Recreation & Parks can often be seen at special events, programs and meetings. Rene' holds a Bachelor of Science from Plymouth State College with a major in Outdoor Recreation. Rene' completed his college internship requirements here at Hampton Recreation and Parks and has added another seven years of experience here organizing and overseeing programs for all age groups. In 2004, Rene' won the Don Heyliger Young Professional Award from the New Hampshire Recreation and Parks Association for his outstanding service to the department and profession. Rene' is currently working towards earning the title of Certified Recreation and Parks Professional. He is in hopes that he will be finishing the requirements and taking the exam in 2007. And most recently in this past year, Rene' was honored three times. First, he was elected to the New Hampshire Recreation and Parks Executive Board as its Vice President. He was nominated and chosen as one of the members of a Rotary

Hampton Old Fashion Christmas Parade
Rene' Boudreau, Program Coordinator - as "Elvis"

Group Study Exchange. Through this exchange he was able to study recreation and parks planning in several different countries in the southern Caribbean. And finally, Rene' was chosen by the National Recreation and Parks Association as the New England Representative of the Young Professional Fellowship. This honor allows the recipient to attend the National conference at no cost and is paired up with a mentor to learn about the various organizations and committees within the National Recreation and Parks Association. Rene' may have been the most fortunate beneficiary of the award as the mentor that was chosen for him is the incoming President of the National Recreation and Parks Association. Because of that pairing Rene' was able to make many new contacts from around the country, learn more about the profession and bring new and innovative ideas back to Hampton.

Dyana Martin is the Director of the Department and oversees the workings of programs and parks as well as parking lots. She holds a Bachelor of Science from the University of New Hampshire with a major in Leisure Management and Tourism and a minor in Sociology. She also holds a Masters degree in Business Administration from New Hampshire College. She completed the certification requirements for parks and recreation professionals and has been a Certified Parks and Recreation Professional since 1998. She has approximately 16 years of experience in the field of parks and recreation management that she acquired through Eastman Recreation in Grantham, NH, Kennebunk Recreation and Parks in Maine and Hampton Recreation and Parks here in NH.

Previous to working for these municipalities, her career started in parks and recreation management through her college internship at the Walt Disney World Corporation. She was fortunate enough to learn and gain vast knowledge and experience from one of the leaders in the industry. Dyana graduated from Disney University by completing the Walt Disney World College Program Business Seminars while working for Walt Disney World. There she got to learn business techniques in a commercial recreation setting. Over the years, Dyana has earned more education in her field. Dyana has graduated from three National Recreation and Parks Schools. Outside of formal education, Dyana adds to her knowledge base with the ever changing and growing trends in recreation and parks management by networking and keeping involved in State, Local and National organizations in parks and recreation. She has sat on the Executive Board of the New Hampshire Recreation and Parks Association and was the first woman to be President of the New England Park Association. She was elected to two separate branches of the NRPA. She is a New England Representative on American Parks and Recreation Society and a board member on the New England Regional Council. Honors that she has been awarded include: the Thomas I. Hines Scholarship Award, Northeast New Agenda-Woman's Hall of Fame, New England Park Association President's Award, Team USA/Team Australia- Group Study Exchange, and the Outstanding Professional for Recreation from the NHAHPERD.

In addition to these four full time recreation professionals we have Vic DeMarco, Parking Lot Supervisor, who works full time throughout the summer season for our Department, running the municipal parking lots on the beach. Vic brings many years of experience to the Department from the Hampton Police Department where he retired as a Captain in 1999. From that position in Town government, Vic went to the Parking lot Supervisor position in our department in 2000.

Hampton Summer Festival
Officer Dick Bateman with Gracie & Duncan Cragg

Victor was a great candidate for this position. The position requires a person with extensive background in accounting and finance. Vic possesses a Certificate in Accounting from Bentley College and has many years of being familiar with the Beach area from his position on the police force. Since putting the parking lots under the Recreation and Parks Department in 2000 we have made some significant changes. We have re-done paperwork and record keeping to make it as efficient as possible. We have replaced two of the three sheds at the lots and have re-paved and stripped two of the lots. We took down old and rotten fences and do our best to collect trash in a timely manner. These changes have made a huge difference in the look of the lots and has made it into a pretty smooth running operation.

Programs were in full force this year and new and positive programs happened for the community through the Recreation and Parks Department. Our new programs included Sports Conditioning that was led by Hampton resident Jay Murphy, Lego Camp and Intro to Drawing which were all quite popular among our residents and will be returning in 2007. We also had the return of the First Tee Golf program at Sagamore Golf and tennis lessons for the community at the WHS Courts through Littlefield Network Tennis. We are very proud of Shelby Watterworth, who is the first resident to become a Black Belt through our Shorin-Ryu Karate classes. Shelby was one of the original participants from the inception of the course in 2001. This class is led by Hampton resident and 6th degree black belt Jim McGee. Congratulations Shelby!

This year the Hampton Recreation & Parks Department hosted their first annual Summer Fest. It was 90 degrees on July 15th but that did not stop townspeople from coming down to Tuck Field for some family fun. Sonja Deardon owner of Fitness Revolution and her staff were there to put on a demonstration of one of the new Body Jam classes. Staff and participants of the Atlantic Karate School and Rye Airfield were also there providing demonstrations for the townspeople. One of the demonstrating members of the Atlantic Karate School was Hampton resident L.B Morrissey who has achieved his black belt Uechi-Ryu karate. We also had two bands there. First we had "Cheaper than Good Will" headed by Mike Lally and Brett Gallo and then we had "Lonely Gus", none other than Gus Carlson. Both bands put on fabulous shows! Hampton Boy Scouts Troop 176 lead by Warren White had a campout at Tuck Field the night before the event and helped us out in the morning for set up. They also had a water bottle rocket demonstration. Many Hampton Fire Fighters were at the Fest serving up a great spaghetti luncheon and some Hampton Police Officers were there with a fun antique car and part of the mounted patrol. Kevin from New England Reptile could also be found there with his group of animals and reptiles. There was a huge rock climbing wall, carnival games and face painting with our summer camp counselors, a health booth with the Lions Club, senior bingo, old fashion games with the James House crew, and Tai Chi with local resident, Jim Winner, one of the most popular events that day was the dunking tank! Fun was had by all at the 1st Annual Hampton Summer Fest.

Camper playing air hockey at Tuck Field Camp

Unfortunately this year's Tree Lighting Ceremony was cancelled due to the weather. But the parade put on by the Chamber of Commerce was great. Thanks goes out to the Recreation Advisory Council for all the work they did to get the Hampton Recreation and Parks float ready for the parade as well as their participation on parade day. It is a labor intensive effort to put a float together and lots of hard work goes in every year. Special thanks to Mike and Sharon Plouffe for their continued participation with the Hampton Recreation Advisory Council and the Hampton Recreation Department each year in the parade.

Many thanks to the Recreation & Parks Advisory Council, our instructors, the Lane Library, Hampton Schools, Winnacunnet High School, PTA, Dept. of Public Works, Police and Fire Departments, Hampton Lions Club, Hampton Historical Society, Hampton Area Rotary, the Chamber of Commerce, Atlantic News, Hampton Union, Little Warriors Football League and the HYA for your continued support and partnerships. I also want to give a special thanks to our former Town Manager, James Barrington for all his support over the years. Our Department has always been there for the Townspeople, but with his help and guidance, we were able to grow and therefore, provide more and better services to the Townspeople. One of the best things that James did for us was to move us to the new Town Office from the old Town Hall. If you remember our office over there, you would remember that we literally did not even have enough space to turn around in that office. We are now able to work more efficiently and have room for storage, which leads to more that we can provide for you. We will certainly miss James Barrington here at Hampton Recreation and Parks. We are happy to have known him as boss and friend and are honored to have been able to learn from him. We all wish him well in his endeavors in Texas.

I hope that you have all had a chance to participate in a program or trip through our Department. We always enjoy seeing you and are always eager to meet new people in the community. If you haven't been by our office, drop by and sign up for something fun. The benefits of parks and recreation are endless and in today's busy society nothing soothes the soul better than a great recreational adventure! On behalf of the Hampton Recreation & Parks Department, we hope to see you in 2007!

Respectfully submitted,
 Dyana Martin, *Director of Recreation & Parks*

- TAX COLLECTOR -

It was a busy year in the tax office and it continues to be a constant pleasure and privilege to serve you, the taxpayers of Hampton.

Grateful and sincerest thanks to Glenna Brown who has worked in the tax office during tax season for 10 years. Glenna retired and will be greatly missed. I hope she stops by to visit us now and then, and no, we won't put you to work when you visit, I promise! Not only was Glenna dedicated to her job, the accuracy of her bookkeeping skills were impeccable. In addition, she is a very nice person. Thank you; take care and God Bless You, Glenna you're wonderful.

Special thanks to Deputy Tax Collector Lil Hammarstrom for her dedication, and pleasant personality.

I acknowledge and thank our seasonal part time tax ladies, who work during our busy property tax seasons. Thank you and special recognition to Virginia Murphy for giving unselfishly of her time, her presence eased the tremendous workload. We have two new comers on board. Esther Hopkins took over Glenna's job (and wasn't scared off.) Esther did a superb job for her first time up at the plate for the December billing. Peg Jarosz came on board for the December billing at crunch time and was instrumental in easing the heavy workload. To all these women, Lil, Virginia, Esther and Peg, you are greatly appreciated and instrumental in the smooth operation of the tax office at our busy tax seasons.

In 2006, this office collected a total of \$45,867,101.59 for property tax, land rent, tax liens and \$252,532.94 in interest on tax liens and late payments. Tax bills mailed totaled 18,204 for the two billings, 356 more mailings than last year. Also mailed were 185 certified notices of impending tax lien letters, 56 certified notices to mortgagees and 34 certified notices of possible deeding. No properties were deeded.

Liens were executed and recorded against 98 properties, representing \$289,157.67 in unpaid 2005 property tax (7/10 of 1% of the Tax Warrant.) The 2005 property taxes were 99.3% collected before tax liening. By the close of 2006, this office collected 95% of the full year 2006 tax levy.

The tax office wishes a healthy and happy year to everyone and we look forward to continue serving the people of this great community.

Most sincerely,
Joyce Sheehan, *Tax Collector*

- TOWN CLERK -

The year 2006 sped by as we continued to keep up to date on the various changes brought about by the Help America Vote Act. I spent considerable time in Concord representing Hampton as the new software was being written. In the March 2006, election the town was a test site as the statewide program became operational. It worked great with only a few minor bugs, which were worked out as we became more familiar with the system.

The state requirements regarding dog licenses continue to present some difficulties. There are over 1700 licensed dogs in Hampton. Owners are reminded to license their pet by the end of the renewal period April 30th. This year the tag is in the shape of a dog's head. So, if your pooch is not sporting that tag, it's time to get one. The fee is \$9.00 per non-neutered animal and \$6.50 for a neutered one. (\$2.00 for senior citizens). Call us 926-0406 or e-mail us townclerk@hamptonnh.gov for more information.

This year we will no longer offer boat registrations in this office. Technical difficulties have made it no longer feasible. We hope to be able to offer this service sometime in the future.

In July, Betty Poliquin retired after ten years as Deputy. She always presented a friendly, amicable attitude meeting new residents coming into the town office for the first time. We will miss her happy disposition and her helpful and cooperative manner, and we wish her all the best in her new ventures. At the same time we welcomed Jane Cypher as Deputy. Jane was secretary to the Hampton fire chief and has already proven to be a capable and proficient member of our team.

When my fourth term comes to an end in March 2007 I will be retiring as Town Clerk. I have worked here since 1983 when I started as a part-time clerk two days a week. It is a job I have enjoyed, from the early days when I got to know the residents coming to register their cars, some with children in tow, to the more recent years when those same children registered their own vehicles.

At this time I need to give special thanks to those whose advice I sought and who willingly provided it. To all whose position within the town involved the Clerk's office, thank you for the help and cooperation your departments have continually extended to us. To the office staff, Jane, Joyce, Davina, and Edith, your dedication and commitment have made my job look easy and have made my workdays enjoyable.

Finally, I want extend my humble thanks to those residents who continually supported me through the years with their votes and good wishes.

"To everything there is a season, and a time to every purpose under the heaven"

Respectfully submitted
Arleen Andreozzi, *Town Clerk*

- TOWN CLERK - CONTINUED

Vehicle Permits		\$2,740,054.51
Agent Fee		\$46,582.50
Title Fee		\$10,312.49
Dog Licenses		\$8,409.05
Boats		\$7,195.26
UCC		\$3,370.00
Vital Records		\$3,580.00
Misc.		\$10,580.37
Dogs	Remitted to State	\$3,935.95
Vital Records	Remitted to State	\$9,925.00
Registrations	Remitted to State	\$750,322.80
Boats	Remitted to State	\$11,524.00
E-Fee	Remitted to Vendor	\$971.85
Grand Total		\$3,606,763.78

- Treasurer's Report -

Another successful year has come and gone for the Town of Hampton. The Accounting Department saw a lot of changes this year in personnel, from the Finance Officer to two Accounting Clerks. The Town also installed new software in January of 2006 but the Department was up to the challenge. Working closely with the Department the Town is now able to reconcile the cash accounts through the bank. I want to thank them for all of their hard work.

After negotiations with two banks the Town was able to obtain an \$8,000,000 line of credit with a fixed interest rate of 4.13% from Citizens Bank. The Town used the line in May and November, 2006. I look forward to a great 2007.

Respectfully submitted
Ellen Lavin, CPA, *Town Treasurer*

- WELFARE DEPARTMENT -

The Hampton Welfare Department experienced a great deal of change this year. Primarily citizens who needed assistance had to endure four staff changes including the Town Administrative Assistant acting as the sole welfare officer for four months. In mid-September, Michelle Kingsley joined the staff as a part-time Welfare Officer.

Michelle holds a Master of Social Work (MSW) from the University of New England and has worked in social services for the past ten years. She was the former director of Information & Referral of Greater Nashua and a staff therapist with Community Council in Nashua, New Hampshire. Michelle continues to volunteer as the medical social worker for the Hampton Free Medical Clinic that has served uninsured citizens for the past ten years. Michelle brings this experience to the Hampton Welfare office to aid people who are experiencing financial difficulty to help them identify their options and take the next step towards financial independence.

During the past year, the Town has assisted over 800 individuals. Over 400 people were assisted financially. The welfare vouchers totaled \$110,982 for 2006, with 80% of this money assisting individuals and families facing eviction, foreclosure, or homelessness. The remaining half of the people served either called or stopped by the Welfare office and were assisted with information and support to access the myriad of services that are available in our community. Many of these people were helped by the local churches including Hampton United Methodist Church, Trinity Episcopal Church, First Congregational Church, First Baptist Church and the Salvation Army. Local charities have also contributed to our citizens who are struggling to make ends meet, especially Hobbs House and the many programs of Rockingham Community Action, which provides assistance with heating bills, electric bills and weatherization. We thank them for their kindness and willingness to help Hampton residents.

Everyone who seeks assistance from the Welfare Officer is offered food from the United States Department of Agriculture (USDA) emergency food pantry. This pantry is stocked four to five times a year with US government surplus can goods, dry goods, and frozen meats. This year the Town participated for the first time in the Boy Scout food collection, and we thank them for over 400 non-perishable items that increased our visitors' choices and our ability to provide them with food. We would also like to thank the mystery woman, known only as "Ann", who brings us a variety of food and non-food items including toothbrushes, toothpaste, and ready to heat food items that fly off the shelves. Your special contribution is greatly appreciated.

Hampton residents are extremely grateful for the services made available to them through the Welfare office during their time of need. Thank you to all the taxpayers for your contribution towards preventing homelessness and hunger in your Town.

Respectfully submitted,
Michelle Kingsley, *Welfare Officer*

- CEMETERY REPORT -

2006 was once again a busy year at the cemetery with 97 interments. As always we did our best to assist each family through this most difficult time. Doing what ever we can to help people find peace and closure after the loss of a loved one is our most important task as cemetarians when all is said and done it is the only thing that matters.

We would like to thank the voters for approving the expansion of the High Street Cemetery. The project was completed in October adding 300 new graves. Special thanks to Trustee, Matt Shaw for overseeing this project. We also wish to thank Vic Lessard for all of his help and advice. Finally, thanks to all the bidders who submitted bids and we hope that you will bid on future projects.

As for the maintenance of our cemeteries we do the best we can with our limited resources. Unfortunately we cannot provide all the care that we would like to because of budget constraints. Hampton remains the only cemetery of its size in the state operating on a budget less than \$100,000 per year, as well as the only cemetery with just one fulltime employee, which has been the case for the past 13 years. Once again I wish to make it clear that I do not mention this to whine. The fact is, I take pride in this as it has always been our philosophy to budget only needs and never wants. The budget situation of the last two years has made it necessary to compromise needs and, yes this is sometimes frustrating, but as Al Gore would say, "we may disagree with the decisions that have been made, but we do accept them". Speaking on behalf of the Trustees, our part-time crew and myself it is indeed a honor and privilege to have charge of the cemeteries here in this most wonderful of towns: Hampton. We will continue with pride to give our all.

On behalf of the Trustees, staff and volunteers, I wish everyone a happy and healthy 2007.

Respectfully submitted
Danny J. Kenney, *Cemetery Director*

In honor of those of Hampton, who served in the armed
forces, to protect our freedom.
Unveiling Event – September 11, 2006

- CONSERVATION COMMISSION -

The members of the Conservation Commission bring a wealth of knowledge, expertise and experience to the Town of Hampton in the following ways: Bachelor of Arts from the University of New Hampshire; several members own their own businesses; one member is an engineer; one member is a doctor; some members have their commercial fishing and hunting licenses; one member has a degree in forestry from the University of New Hampshire; and one member is a marine biologist. The number of hours each member puts in each varies, but averages around 10 hours per week for each member. The members also work on writing grants, and volunteering the number of hours required to match the grants received.

This year has been extremely busy for the members of the Conservation Commission. The Commission holds monthly meetings on the fourth Tuesday of every month and site visits the Saturday prior to the meeting. Over the past year we have met with over 19 applicants for Department of Environmental Services Dredge and Fill permits, and over 30 applicants for Town Wetlands Impact Special Permits, conducted 65 site visits, advised both the State Wetlands Board and the Town Planning Board on all of the applications, and done over 9 site visits for demolition permits, recommendations and advice.

For the past ten years Commission member Bonnie Thimble has overseen the Town of Hampton's Victory Garden for the Conservation Commission. Through Bonnie's tenure the garden has flourished and prospered. We thank Bonnie for her devotion to the Garden and its tenants. This year Bonnie has stepped down and Cindy Willis has graciously taken up the responsibility. The garden provides plots for any resident of Hampton.

We have finalized the Prime Wetlands Study with the Town of Hampton Falls and will come to the 2008 Town Meeting with legislation to designate the Salt Marsh as state Prime Wetlands. Anyone interested in looking at the study may contact the Town Planning office or the Conservation Commission.

We also finalized our Marsh Restoration Prioritization study and have begun restoration projects with over \$80,000 in matching funds through the WHIP program with the Department of Agriculture. The two marsh restoration projects are located at Landing Road and Drakeside Road and will entail phragmites control and will increase flow to decrease mosquito breeding areas.

The conservation easement on Drakeside Road was finalized this fall and should be open to the public in 2007 for wildlife observation. Also available for public access is the small town beach in Hampton Harbor off of Harbor Road. Beach access is along a board walk from the road; a small observation platform nearby is also open to the public.

Before the end of this coming year we hope to finalize purchase of a lot owned by the late Ms. McRae off of Barbour Road leading up to the Twelve Shares Area. We

are also still negotiating for the Ice Pond Property off of Woodland Road. The Commission hopes to connect all of the property owned by the Town in that area and form a Town Forest as suggested by our Town Master Plan.

We as a Commission have been very active writing grant proposals and have worked closely with the Rockingham County Conservation District to obtain funding for our numerous projects.

I thank all of the members of the Commission for volunteering thousands of hours of their time to protect and uphold the Town Ordinances. Thanks to the efforts of the Commissioners there will be open space and rural areas protected for all to enjoy in perpetuity.

Sincerely,

Ellen Goethel, *Chairman*
Jay Diener, *Vice Chair*
Peter Tilton, Jr.
Bonnie Thimble
Dr. Ralph Falk

Dan Gangai
Sharon Raymond
Nathan Page, *Alternate*
Peter MacKinnon, *Alternate*
Sue Launi, *Secretary*

It is with regret that we say goodbye to Bonnie Thimble. After well over 10 years as an invaluable member of the Conservation Commission, Bonnie has decided to step down. During her tenure on the Commission Bonnie oversaw the Hampton Victory Garden and personally oversaw the planting of American Elms at sites throughout Hampton. Her service to the Town of Hampton was quiet, constant and invaluable. We will miss her dry wit at our meetings and hope to see her around town.

- HERITAGE COMMISSION -

The Heritage Commission, appointed by the Selectmen, is charged with the consideration of the proper recognition, use, and protection of historical and cultural resources, both natural and man-made, in the town of Hampton. As part of this process the Commission reviews all applications for demolition permits in Hampton and requires documentation of the buildings to be removed. In 2006 seventeen applications were considered, a decrease from last year but about average for other years. The documentation received from the owners of the properties to be demolished will remain as part of the permanent records of the town.

The Commission has tried to generate a dialogue about the fate of both the Old Grammar School/District Courthouse. We received a preservation planning grant for the Grammar School from the New Hampshire Preservation Alliance which gave us the opportunity to work with a local preservation architect, John Merkle. The building was determined to be in good condition, and Mr. Merkle joined the Commission at an open meeting in June to solicit community input for the future of the building. An overwhelming majority of attendees wanted to see some type of community center housed in the building. The whole town-owned area around the old school is now part of a planning process sponsored by the town, and the information provided after the meeting has been given to the planners. Similarly, the Commission has considered the fate of the town clock, which is presently being repaired by Harvey Webber. Its future site is as yet undetermined, but local resident and architect Don Lavalley has worked with the Commission to suggest possible sites for a clock tower.

The Dalton Family Association requested permission to place a stone honoring the Dalton family in Founders Park. One of our members, Roger Syphers, was able to find and place an appropriate stone in the Park. A dedication ceremony was held during the Association's meeting in October.

Roger Syphers (second from left) and his crew set a stone honoring the Dalton Family

In the next year the Heritage Commission will offer the Hampton Heritage Marker program to designate buildings important to the heritage of the town. By offering markers to owners of such properties at cost, the Commission hopes to recognize buildings that have endured and contributed in a meaningful way to the heritage of Hampton and to encourage their continuing care and preservation. Details will be published early in the year.

Members:

Conservation Commission (until August)*

- HIGHWAY SAFETY COMMITTEE -

By statute, towns in New Hampshire can establish highway safety committees to apply for and receive grants for highway safety-related activities. In Hampton our Highway Safety Committee was created for this purpose and also is charged with enhancing the safety of our community for residents, motorists and pedestrians.

During 2006, our committee of volunteers was comprised of Judi Park as chairman; Bob Ross as vice-chairman; Art Wardle; Charlie Burlington; Kevin Lonergan; and alternates, John Nickerson, Janet Perkins, and Dean Ellis. We were saddened by the passing this year of one of our former members, Fred Palazzolo, who faithfully served on our committee for a number of years.

The committee reviewed numerous building project plans and made recommendations for safety modifications on a number of site plans presented to us for our comments. In addition, we responded to several requests by residents who contacted us with various safety concerns. We are currently still researching ways of making the Five Corners intersection and the crosswalks at Route 1 and Route 27 safer for motorists and pedestrians.

The committee extends its thanks to our public safety departments and the highway department for helping to keep our streets safe. We also thank the public for its cooperation and contributions in pointing out areas in town that need attention.

We welcome citizen input and invite you to join us at any of our meetings. We customarily meet in the 2nd floor conference room of the town offices on the fourth Monday of the month at 1:00 p.m.

Respectfully submitted,

Judith A. Park, *Chairman*
Hampton Highway Safety Committee

- SHADE TREE COMMISSION -

The Shade Tree Commission is a three member board which acts as an advisor to the Board of Selectmen. Its purpose is to recommend policy and plans to the Selectmen on the planting, care, and removal of trees on Town Property. It was created by a vote of Town Meeting, Article 27, in March 1975 the Town Manager, Peter Lombardi, wrote to the then chairman, Roland Paige, that the Board of Selectmen had unanimously voted that Town policy would be that all trees which are cut under the jurisdiction of the Commission shall be replaced with another tree in some suitable location, not necessarily in the area where it was cut.

A citizen will call the Department of Public Works or Selectmen, to ask that the Town cut down a tree. That citizen must prove the tree is on Town land. Once the complaint is registered members of the Commission, and the Parks Department employee attached to the Commission will inspect the tree and decide the issue.

In 2005, one tree was placed on the “Watch List”, eight trees were taken down, and one tree was determined not to be on Town property. Two trees were listed as take downs because of hazards they were posing. In 2006 ten trees were taken down, and two trees were put on the “Watch List”. An additional storm damaged tree was removed. Two trees were determined to be healthy and removal was refused.

Darren Patch of the Parks Department brought back two brochures, “Planting Trees” and “Pruning Young Trees”, from a seminar he attended. He placed them on the Town Office’s Public Information Counter for the public. He also reproduced a photograph, offered to the seminar participants; on the damage too much mulch causes trees.

Marilyn Wallingford, Chairman, officially resigned from the Commission in October. Plans for a proactive role by the Commission stopped with her resignation. The Selectmen have asked for volunteers from the community to fill Commission vacancies.

In 1999 all monies for Shade Tree activities was zeroed out of the Town budget and the work of the Commission depends on using Parks Department funds, and donations.

Respectfully submitted,
Elizabeth Webb
Mark Olson
Darren Patch, *Parks Department*
Marilyn Wallingford - *Chairman*

- LANE MEMORIAL LIBRARY -

The 14 full and part-time staff of the Lane Memorial Library have a combined total of 61 years of education beyond high school; a total of 22 higher education degrees; 99 years of part time library service; and 91.5 years full time library service. Not all the years of library service have been in Hampton, but the Town is certainly the recipient of all that experience!

Lane Memorial Library

We were happy to celebrate the Library's 125th

anniversary in April. The Friends of the Library participated, hiring classical guitarist Peter Fletcher to kick off both National Library week and the anniversary celebration. The foyer of the original building was the site of an all day public celebration with birthday cake. Opening its doors in 1881 as a room in the Town Hall, the library went through an expansion with a separate building in 1910, an addition in 1957, and a second addition in 1985. Another expansion is not feasible on this property footprint, and the Board of Trustees is looking forward to planning a new facility for the future on Town land nearby. The anniversary celebration continued for 125 days from April to August with free raffle drawings monthly, and a grand prize of a \$125 gift certificate to the Library Restaurant in Portsmouth.

Many improvements occurred in 2006. The Library's interior received a much needed coat of paint. Most improved were the three original rooms: the NH Room, the Dearborn Room and the large foyer connecting the two. The Dearborn Room, the Library's original reading room, again became a reading room. The collection of large print books was moved into the room, and the Board of Trustees bought two wing chairs in memory of the Director's mother (Stella Shaw McEachern, the granddaughter of the first librarian, Simeon Albert Shaw), adding to the ambience of the room. The foyer, originally used as a music area with a record collection, again became the music area with new CD storage cases and the reuse of the built in record cabinets, all of which allow the public to browse the Library's collection of music. The art works which formerly hung in the foyer were moved to the storage room after they were scanned and posted on our website. They are still available to check out, but take up less valuable space.

Another large maintenance project was the installation of sliding doors replacing the separate outer glass doors in March. The inner foyer doors were not replaced with sliding doors at the same time, as they were not corroding and were not in danger of failing as the outer doors were. The Dorothy Little Room, part of the original building on the lower level, was painted, the hanging heater was moved from the traffic area to a corner, and a new rug was installed in November as part of that room's upgrade. This room is used as Hampton's Senior Drop-In Center and sees daily activities.

During 2006 the Lane Memorial Library experienced another busy year, circulating 176,431 items, in over 128,000 visits by residents and visitors to the Library. We loaned 1841 items out to other NH libraries and borrowed 863 items for Hampton residents. We registered 1164 new patrons. Computers were used by the public 25,642 times.

ADULT SERVICES

Darrell Eifert, Head of Adult Services, launched the year's programs with a series of films to watch and discuss; the concept has proved popular and was repeated later in the year. The Summer Program for adults was titled HAMPTON READS and was based on a bingo game. Adults had to read 5 items from a game card of 30 choices, ranging from reading something humorous to reading a "fat" book. Several people took part and remarked on how interesting it was to read something in another genre not familiar to them. Grand prize was a gift card to Barnes and Noble. A new audio format was introduced with Playaways, audio books on a device similar to an MP3 player – no more switching audio tapes or CD's – just the one book on the player. They've proved great to use when exercising or cleaning house or wrapping lots of presents! Look for another new audio format, downloadable audio books, in 2007. Darrell's able staff, Barbara Chapman, Elli Cyr, Claudia Cyrus, and Mary Twomey, split up Sandra Kent's hours when she retired in October after 8 years of great customer service; they continue their good work daily.

CHILDREN'S SERVICES

Joanne Mulready's regular story times continued throughout the year, culminating with the ever popular Polar Express party in December. National Library Week in April featured Wayne from Maine in celebration of the library's 125th anniversary. Summer was celebrated with Treasure Reading as the theme under the direction of Marybeth Varney. There were lots of pirate decorations and adventures, though no one walked the plank! Gold doubloons, eye patches, and "Avast there mateys!" were evident throughout the summer. In August we welcomed Paulina Shadowens, a 2006 University of Rhode Island Library School graduate, as the new Head of Children's Services. Paulina comes to Hampton with much experience in libraries and with children.

Cheryl French, the Young Adult Librarian, worked with Darrell Eifert as the large print collection was moved, and used part of that area to make a new Teen Area. She continued the Teen Advisory Board and several book groups begun last year. The kids were active with a fund raiser during the Friends of the Library book sale, raising funds for the SPCA. During National Teen Week they read enough pages (over 1600) in a challenge devised by Cheryl, which resulted in her having pink and green hair for a day!

REFERENCE SERVICES

Alice Alford and Marija Sanderling continued their excellent reference work, breaking records almost monthly for questions answered and interlibrary loans filled. We continue to lend more to other libraries than we borrow. Marija is undertaking a review of the adult nonfiction and will be updating resources as she finds outdated materials that need replacing. Don't forget to check out the new databases available on our website. These excellent, trustworthy research tools can be used from home 24/7.

TECHNICAL SERVICES

Bill Teschek, Head of Technical Services and resident genealogy expert, continued adding to the genealogy and history books in the NH Room. He continues to maintain and upgrade the Library's website, as well as our 35 public and staff computers and 5 servers. In June, Jean Keefe, our cataloger and long time adult services assistant, retired after 29 years! We hired Isabel Danforth from Connecticut to take over her duties. Between Bill and Isabel, every item in the Library is cataloged and accessible to the public through our online catalog. New this year - you can be notified about new items in our collection through RSS feeds. Call Bill for an explanation of RSS!

THE FRIENDS OF THE LIBRARY

The Friends of the Library continue to be an energetic, positive force for the Library! Thank you Friends! They were responsible in 2006 for a reception for current and former trustees during National Library Week; the purchase of all of our museum passes; the funding for programs such as Peter Fletcher, classical guitarist, and Wayne from Maine; a donation of large print books in memory of the Director's mother; new furniture in the Children's Room; and fundraising via book sales, bake sales, and craft sales for new materials for the Library. In conjunction with the Children's Room and Centre School, the Friends invite all first grade students to come to a children's book sale. They have a tour of the children's library which includes telling them how to get a library card if they don't have one; they attend a story time; and the big attraction is they are each given a quarter and allowed to pick out and buy their own book at their reading level.

Trustees:

The Library was happy to have the support and assistance of an active Board of Trustees. The Board, which meets the third Thursday of each month, consists of Sara Casassa, Bob Frese, Judy Geller, Mary Lou Heran, Bridgit Valgenti and Alternates Dot Gooby and Linda Sadlock.

Respectfully submitted,
Catherine Redden, *Director*

- MOSQUITO CONTROL COMMISSION -

Late in 2005, with the threat of another default budget being passed at the 2006 Town Meeting, the commission opted to obtain signatures for a citizen's petition for the funds needed to carry out a full-season larviciding program, and for adulticiding from late July into September, when the mosquitoes that are known carriers of West Nile Virus (WNV) and Eastern Equine Encephalitis (EEE) are most active. Fortunately for the residents and visitors of Hampton, this article passed overwhelmingly. As a result, the funds were available when, in mid-July, the State declared all of Rockingham County a "public health threat" for the spread of the previously mentioned arboviral diseases, and our contractor was able to do the adulticiding (road-side spraying) that had been removed by the Selectmen from the previous year's budget.

Due to the number of human cases of EEE in NH, the State Legislature passed HB1464 in the spring of 2006. This bill was designed to assist cities and towns with their battles against the mosquito population, and is overseen by the Department of Health and Human Services. In a nutshell, it provides for up to 25% reimbursement of the mosquito-abatement funds expended by a municipality once that municipality has been determined to be a "health threat". In addition, the city or town must deliver, and DHHS must approve, a "comprehensive mosquito control plan" and complete an application for funds showing why funding assistance is necessary, along with proof of the money already expended. We are happy to report that, with the assistance of our Town Health Officer/Building Inspector/Code Enforcer, Mr. Kevin Schultz, we were able to complete all the steps necessary to apply for the available funds, and DHHS approved our request, in the amount of \$9,799.

There is no guarantee that the funds from HB1464 will be available to this Town every year. Since the bill requires that the money be spent before it can be reimbursed, the HMCC budget must still be sufficient to cover all areas of the control process. This process, which starts in late April, includes identifying and treating the fresh and salt-water breeding sites, examining and treating the more than 2000 catch basins located in Hampton, and doing neighborhood road-side spraying when the adult mosquito population is sufficient to justify this treatment. While mosquitoes have been a health threat for years in many parts of the world, it is only recently that our Seacoast residents have also been faced with this threat. Even if the HMCC is fully funded, our contractor, Dragon Mosquito Control Inc., can only reduce the numbers of these insects, not fully eliminate them. It is important that the residents of Hampton and our visitors remain vigilant in using insect repellents, wearing protective clothing, forgoing the use of scented toiletries, and limiting their outdoor activities during dusk and early morning, times when the fresh-water mosquitoes are most active. It is also very important for our residents to eliminate any standing water on and around their property in which mosquitoes may breed.

Another popular program overseen by the HMCC is the Greenhead Fly-trap program. Originally started with a few traps built by volunteers, it has grown to approximately 170 traps. These traps are repaired, placed on the marsh, and retrieved by DMC for a nominal fee. Since these traps are stored outdoors in the winter, the snow and ice can do considerable damage to them. To help reduce the need for repairs or replacement, and to extend the life of the traps, the HMCC purchased a tent to cover the traps while they are in winter storage.

- TRUSTEES OF THE TRUST FUND -

During 2006, the trust funds and capital reserve funds produced increased income for the Town. The largest, the Real Estate Trust Fund, netted \$595,000 to reduce the property tax rate, a 7% increase over 2005. The RETF portfolio is managed by TD Banknorth Wealth Management Group under contract with the Board. The contract sets the primary “Investment Policy” tenet of protecting the principal and accumulating income via insurance or U.S. / Agency securities, as recommended at the State level. This assures the principal will remain to earn income to benefit the tax rate in subsequent years. The secondary goal of the “Investment Policy” is the maximizing of income (within the safety aspect). Since the beginning of the RETF in 1984, various trustee boards have stayed out of the volatile equity markets, which would amount to “second guessing the stock market”, with its periodic sell-downs and losses of billions of dollars in value. The contract cost continues to be about 2% of income generated (\$12,940 for 2006) while the State allows up to 8% (\$48,500) from income generated for such professional assistance to trustees.

The RETF was established by State Law to allow Hampton to create an on-going trust in which the proceeds would be deposited from the sale (at 30% fair market value) of about 700 Town-leased lots at the beach to the lessees thereof. The first payment to the Trustees on May 25, 1984, began the fund. By the end of that year the fund was \$1.752M and \$59,177 was turned over to the Town as net income the first year. The Town operating budget for 1984 was \$6.168M, less Federal Revenue Sharing of \$275,000. At the end of 2006, the RETF principal fund is \$16.428M with a net income to the Town for 2006 of \$595,000. The Town operating budget (default) for 2006 was \$23,609M, plus several Special Revenue Funds, established in the past few years, expending revenues directly outside the operating budget appropriations. Since the start of the RETF, the Trustees have turned over \$17,609,535 to reduce tax rates. The remaining, much smaller trusts of the Town are invested in certificates of deposit via the Government Banking Division of TD Banknorth; all are earning over 5% per year. The Trustees’ association with that entity began in October 2005 and in the first full year (2006) the income total was more than double: from \$8,500 to \$18,000. That Division also handles the Town’s two Capital Reserve Funds and the Hampton Beach Village District / “Precinct’s three CRFs, all of which benefited by the increased “jumbo” rates and earned a total of \$17,171 for 2006.

The total of all non-RETF trusts and the CRFs in custody of the Board was \$774,309 at year’s end. No new trusts or CRFs were received in 2006; however, additions to the Cemetery Burial TF and the Campbell Kids’ Sports Camp TF were made. Four of the five Library trusts are held by this board as well 71 Cemetery Perpetual Care TFs and three “Poor” TFs; those principal amounts remained the same.

Trustees of the Trust Funds:

Glyn P. Eastman - *Chairman*

John J. Kelley, Sr. - *Clerk*

R. Victor Lessard - *Bookkeeper*

Arthur J. Moody - *Administrative Coordinator*

- PLANNING & ZONING REPORTS -

- CAPITAL IMPROVEMENT PLAN -

CIP Final Report 2007/2013

The Committee began its work in June and finished in October, 2006.

As in past years, \$75,000 was used as the base cost threshold for “capital improvement” in its deliberations.

DEPARTMENT SUMMARY:

LIBRARY

Ms. Cathy Redden, the Librarian spoke on behalf of the Library Trustees. She indicated that the long-range plans for a new Library would extend beyond the six-year program of the Committee. She indicated that the previous annual maintenance and repair allotment of \$75,000 has served the Library well but that they are now faced with a serious indoor moisture and mold problem that requires immediate correction with a projected cost of about \$250,000. The committee raised the maintenance and repair allotment to \$130,000 for the next two years to address the problem.

FIRE DEPARTMENT

We heard from the Fire Chief and Interim Town Manager about Fire Department “space” and pumper apparatus needs. We decided to separate the “space” needs into two parts. One has to do with a new beach sub-station for which we suggest \$1.5 million for building construction and another \$1 million for possible land acquisition, this latter to be restricted to land acquisition only. We recognized that as the community grows, there would be a need for a centrally located, large “Central” station for both apparatus use and administration as well. We believe the Winnacunnet road station site meets these parameters, while avoiding the high land prices and construction costs associated with the beach area. We are showing a 20-year program of about \$90,000 per year for this purpose. We believe that these are two separate matters and should be addressed separately.

There was a lengthy discussion of pumper apparatus needs. Chief Lipe explained that he would propose a replacement program for pumpers on a 20-year cycle, 10 years on front-line and 10 years on reserve status. He explained further that the current 2 reserve pumpers are almost 20 years old, with mileage of about 100,000 each. In addition, one has failed the industry pumping standards. This could possibly affect fire insurance rates. The Chair appointed a sub-committee, consisting of Chief Lipe, Selectman Moore and Finance Director Schwotzer to address the problem and to report back to the Committee. Their proposal is that we replace the old pumpers: one in 2007 and one in 2009. In addition, a special “pumpers” capital reserve fund could be set up with \$25,000 in 2007 and \$150,000 per year thereafter so that a programmed replacement of one pumper every five years could begin in 2014. For information purposes only, the Chief showed his proposal for adding one additional firefighter to the duty roster of each work group. With four groups working 42 hours per week, it requires four personnel to add one additional person on duty on a 24/7 basis. The Committee took no position on this matter other than to be informed.

PARKS & RECREATION

We accepted the Manager's recommendation that the Town tennis courts, which have been shut down due to disrepair be repaired and put back into use as soon as possible. We recommend \$125,000 for this in 2007. Director Martin also requests funding for two additional "ball fields". Her justification is that "we are to the point where we cannot add any new teams or programs as the field space that we have is maximized". She comments further "we will continue to let groups down by telling them that there is no field space for their program or for us to provide a program that they may request". We have shown funding for this need in 2009 and 2010. We continued the line item for a Community Center in our spreadsheet, but we cannot support capital funding for this due to other more pressing priorities.

PUBLIC WORKS DEPARTMENT

We accepted all of Director Hangen's "routine" and "housekeeping" requests and have shown funding for the "packer truck" matter in 2007 and later but we make it clear that this is a "policy" matter and beyond our purview. We are excited about recommending a funding program for a Town-wide "Drainage Plan" program in response to the drainage problems exacerbated by the May 2006 storms. This is a well-prepared two-part program meeting state-of-the-art engineering principles and standards and somewhat mirroring the Town-wide sewer plan by location and priority. Each phase is proposed to be bonded over a twenty-year span with actions that can be started in 2007, with the 2nd phase of the program beginning in 2010. We consider this program to be a major one of the highest priority.

SCHOOLS

We heard from Superintendent of Schools Gaylord, with Mr. Goodman speaking for Winnacunnet High School and Mr. Keith Lessard speaking for the Hampton Schools, in his role as the system Facilities Manager. At Mr. Goodman's suggestion, we have introduced funding for Technology upgrades and long-term facility maintenance at the High School, both programs having been proved very successful in the Hampton system. We made it clear that our suggestion pertains only to the Hampton "share" of the funding. We have recommended continuation of funding for these programs in the Hampton system. In addition, we are suggesting funding for a major program beginning in 2008 for Hampton Academy, consisting of improved air quality and other major facility renovations. This would require bond funding over a 20-year period.

DEBT SERVICE & GRAND TOTAL

Our proposed program will maintain a fairly level "Town" debt service factor of just about \$3 million per year, with a slight decline in the later years, and a total capital level spending program of \$8 - \$9 million per year with a slight peak in the year 2010.

This report consists of this narrative and a spread sheet, dated October 10, 2006 (FINAL).

The Chair wishes to thank the Committee Members for their hard work, dedication and co-operative work ethic. It was a pleasure to chair this committee.

Respectfully submitted,
Thomas J Gillick, *Chairman*

-- PLANNING BOARD & PLANNING OFFICE -

2006 was another busy and eventful year for the Planning Board and Planning Office. The Town experienced a continued high volume of new development applications and concern expressed among the citizenry about growth. In March, the Town voted in a growth management ordinance that was a petitioned article on the ballot. The newly passed ordinance did not last long as it was ruled invalid and unenforceable by the Superior Court after the Town filed for a Declaratory Judgment. The Town brought the suit as it had serious problems with the statistics used to justify the ordinance, and was concerned with how the ordinance would be enforced. The Town also wanted to avoid getting involved in costly lawsuits when the ordinance got challenged. Recognizing that growth is a concern for a significant number of voters, the Planning Board decided to hold a public forum on growth on October 18, 2006. Valuable input was received and the Planning Board will be examining in 2007 others ways to manage growth in the community.

In March of this year, only one Zoning Ordinance amendment was adopted in addition to the Growth Management Ordinance. The amendment changed the parking requirement for condominium conversions to require at least one (1) assigned 9' x 18' parking space per unit on-site. As the Board continued to see a lot of requests for condominium conversions this year, this new amendment was timely. It has also been beneficial to the community as it seems to have resulted in improved parking arrangements for these properties. The Town also voted to re-elect Planning Board members Tracy Emerick and Thomas Higgins. The Board reorganized by electing Tracy Emerick as Chairman, Robert Viviano as Vice-Chairman, and Francis McMahon as Clerk.

The Board continued its work on refining the current Zoning Ordinance. In particular, new regulations, new zoning districts for the beach area, and rezoning to a Professional Office / Residential Zoning District for the area within the High Street-Winnacunnet Road between Lafayette Road and Mill Road (currently Residence A), are being prepared for the March 2007 vote. In addition, the Town Planner brought forth a number of revisions to the Site Plan & Subdivision Regulations to keep us current with changes in State law and EPA storm water management regulations. Some of these are still pending and will be considered for adoption by the Board in 2007.

The Planning Office has also begun a master plan process for the so-called Government Center, which encompasses the area of Town properties/buildings from the town offices to Fire Station 2. The purpose of the Master Plan is to develop a long-range plan for the reuse/redevelopment of the properties/buildings. This will also include a space/operations needs analysis for the Fire Department, Recreation & Parks Department, Library, Town Office, and Hampton Public Schools.

During 2006, the Board reviewed 7 new subdivision applications and one amended application, and to date has approved 6 of those, creating 17 new lots. The Board reviewed 15 site plans, and, to date, has approved 8 of these. The Board also approved 18 of 20 condominium conversion applications. The Board heard 31 wetlands impact (special permit) applications and, to date has approved 24. The Board also heard 5 lot line adjustments, 18 use change applications and a waiver request from the School Impact Fee.

The Planning Board generally meets on the first and third Wednesdays of each month, with additional evenings when warranted. The Planning Office, the public's contact point for the Board, is generally open from 9:00 am to 5:00 pm, Monday through Friday. We look forward to working with you in 2007.

Respectfully submitted,
Tracy Emerick, *Chairman*

- HAMPTON BEACH AREA COMMISSION -

The Hampton Beach Area Commission (HBAC) was established in 2003 by the New Hampshire legislature for the purpose of providing consultation and advice to the Town of Hampton and to state agencies to accomplish the goals set out in the 50-year Hampton Beach Master Plan.

In 2004, HBAC conducted a series of “visioning workshops” to start the transition from plan to preliminary design. The product of these sessions was the basis for the \$12 million infrastructure improvement which was implemented by the Town. In 2005, HBAC’s subcommittees began developing goals for community development, beachscape, zoning and redevelopment, and transportation and parking.

In 2006, HBAC activities have transitioned from a planning to an implementation mode. The DOT bridge design team briefed HBAC in January on plans to rehab the Hampton River Bridge. When HBAC expressed a strong preference for replacement of the bridge, DOT returned in September with new options. HBAC recommended, and Selectmen chose, the option that allows time to arrange plans and funding for a replacement bridge. State Rep. Nancy Stiles has introduced legislation to fund the State portion of the replacement cost, and discussions are ongoing with DOT regarding other necessary arrangements.

A public hearing was held in March to get ideas from the public as to what they would like to see included in future plans and development. The majority of the input pertained to traffic, parking and support for replacing the bridge. In April, HBAC voted to endorse the proposal by the non-profit “Friends of the Earth, Sea and Space Center” to locate a year-round educational and recreational facility at the Hampton Beach State Park area. Member organizations and the Board of Selectmen have given their support to the concept also.

In May, input was provided to the Board of Selectmen in support of the original plan for one-sided parking on lettered streets. In September, input was provided to the O’Dell Commission in support of DRED’s proposed SB5 budget and plan for \$10 million in improvements to Hampton Beach State Park properties. In November, a public hearing was conducted on several proposed beach zoning changes. HBAC’s resulting recommendations were forwarded to the Planning Board for its consideration in drawing up proposed zoning changes for the 2007 warrant.

Ongoing projects include development of a “design guidelines booklet” containing a variety of material, color, texture and landscaping options to help developers design buildings which would better blend with the Victorian “Seacoast Village” theme that has been identified as preferred for future construction. Attractive flower beds have been planted in the beach area by a group of Precinct volunteers as part of beach beautification efforts.

HBAC members have proven themselves to be objective, highly motivated, conscientious and committed in trying to improve Hampton Beach according to the Master Plan.

Respectfully submitted,
Frederick C. Rice, *Chairman*
Hampton Beach Area Commission

- Beautiful Hampton Beach -

- ROCKINGHAM PLANNING COMMISSION -

The Rockingham Planning Commission (RPC) is a voluntary local public regional planning commission established under state law (RSA 36) which is created by, sustained by and connected directly to the local government it serves. It exists to provide professional planning assistance to local governments and to coordinate local and regional planning in the areas of land use, transportation, natural resources protection, housing and economic development and operates in an advisory capacity to its member communities. The Commission, which is not affiliated with Rockingham County, serves a state-defined population of approximately 180,000. Commission membership is voluntary and is maintained through the payment of annual dues, based on town population.

The RPC is controlled by the Board of Commissioners, who set policy, oversee the budget and decide what work the Commission will undertake. Each member town is entitled to appoint at least two Commissioners to the RPC Board. The Commissioners representing Hampton are Peter Olney, Warren Bambury, Fran McMahon and Maurice Friedman, *Alternate*.

The local technical services provided by the Commission include the preparation and updating of master plans, CIPs open space plans, natural resource inventories and a variety of other planning document; providing “circuit rider” (shared) planners for smaller towns; assistance with the review of major development plans; developing GIS maps for town planning; assisting in grant application for federal and state funds; drafting and update zoning ordinance and subdivision and site plan recommendation of zoning regulations relating to the beach area. As a result of a town wide extensive road inventory and road measurement program by the RPC last year, Hampton is receiving an additional amount of state and federal gas tax money to more than cover our \$10,785 annual dues.

Regional planning services including area wide transportation planning and project development, regional housing needs, regional conservation and greenway planning, economic development strategies, and the specific review, promoting regional cooperation and advising towns on proposed developments that could have regional impact. The major regional initiatives of the Commission that are particular interests to Hampton include the Route 1 comprehensive study, the results should be out January 2007. Many of the improvements to the corridor relate directly to us. Please keep informed about the upcoming management plan.

Membership in the Commission enables communities to interact with each other and to be aware of the latest opportunities for local planning assistance, grant opportunities, direct assistance from RPC staff, and regional activities in which the Town should be involved. More importantly, being part of the Commission means our community has a voice (and a vote!) at the table where decisions are made about regional plans for transportation, land conservation, economic development, housing and many other issues.

Please feel free to contact us if you have any questions about the Commission.

Respectfully submitted,
Peter Olney
Warren Bambury
Fran McMahon
Maurice Friedman

- Zoning Board of Adjustment -

The Zoning Board of Adjustment (ZBA) heard over 72 petitions in 2006. With the number of petitions heard, we have made use of our Alternates quite regularly. I am thankful to the other Board members and Alternates for their help and expertise in reviewing each petition heard before the Board in order for an informed decision to be made.

This Board feels that, regardless of whether some decisions pertaining to various projects were popular or unpopular, the decisions made were for the betterment of the community and for the use and enjoyment of one's property.

The ZBA hears petitions on the third Thursday of each month. Due to the volume and/or complexity of some petitions, when necessary we continue unheard petitions before the Board.

In closing, it has been a pleasure to serve as a member of the Zoning Board of Adjustment and a pleasure to work with all of the various members, as well as the citizens of the community, that come before this Board.

Respectfully submitted,
Robert (Vic) Lessard, *Chairman*
Thomas McGuirk, *Vice Chair*
Matthew Shaw
Jennifer Truesdale
William O'Brien - *Clerk*
Jack Lessard, Henry Stonie and Bryan Provencal – *Alternates*

New Hampshire Marine Memorial
"The Lady of the Sea"

'In Memorial of New Hampshire's Heroic War
Dead...Lost at Sea in Defense of Our Country'

- TOWN OF HAMPTON -
STATE OF NEW HAMPSHIRE
2007 TOWN WARRANT

To the Inhabitants of the Town of Hampton, in the County of Rockingham, and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at eight-thirty o'clock in the forenoon in the auditorium **of the Winnacunnet High School** on Saturday, February 3, 2007, for the first session of the Annual Town Meeting for the transaction of all business other than voting by official ballot.

In accordance with the action on Article 14 in the 1996 Town Warrant (pursuant to RSA 40:13) the second session of the Annual Meeting to elect officers by official ballot, to vote on questions required by law to be inserted on said official ballot, shall be held on Tuesday, March 13, 2007 at seven o'clock in the forenoon at the Marston School, Marston Way. The polls will not close before eight o'clock in the evening.

ARTICLE 1

To choose by non-partisan ballot: One (1) Selectman for Three Years; One (1) Supervisor of the Checklist for Three Years; One (1) Trustee of the Trust Funds for Three Years; One (1) Library Trustee for Three Years; One (1) Cemetery Trustee for Three Years; Two (2) Planning Board Members for Three Years; Four (4) Municipal Budget Committee Members for Three Years; One (1) Zoning Board of Adjustment Member for Three Years; One (1) Town Clerk for Three Years.

ARTICLE 2

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board as follows: Amend the Zoning Ordinance, 1) ARTICLE I – GENERAL, Section 1.6 Definitions to revise the definition of hotel to provide a more explicit and precise definition of a “hotel” so that hotel units (intended for transient use) may be better distinguished from dwelling units (intended for permanent residence) and 2) ARTICLE VI PARKING, Section 6.3.2 by adding a new requirement for hotels/motels which will be based on sleeping room size as follows:

1) Section 1.6 Definitions

Hotel: A facility offering transient lodging accommodations on a daily rate to the general public and which may provide additional services such as a restaurant, meeting rooms, and recreational facilities for its guests. (Adopted 1991) The following standards are established for the development of hotels:

- a) Use of hotel rooms as permanent residences is prohibited.
- b) Hotel rooms equipped with a refrigerator up to five cubic feet in size, a microwave, a coffee maker and a second sink are exempt from an impact fee assessment. All hotel rooms with a kitchen will be assessed the multi family impact fee.
- c) Each hotel shall have an office for the purpose of operations, including but not limited to maintenance, unit rental and general management. This required office must be located in Hampton. Each hotel must have a 24 hour emergency number.

Condominium Hotel: A building constructed, maintained and operated and managed as a hotel in which each room is individually owned and in which some or all of the rooms are available for

rent and where the structure, common areas and facilities are owned by all the owners on a proportional, individual basis.

Cooperative ownership: A multiple-family dwelling owned and maintained by the residents. The entire structure and real property is under common ownership as contrasted to a condominium dwelling where individual units are under separate individual occupant ownership.

Time Share Ownership: Concept of property ownership through which a purchaser receives a)the right in perpetuity, for life or for a term of years, to the recurrent, exclusive use or occupancy of a lot, parcel, unit, or segment of the real property, annually or on some other periodic basis, for a period of time that has been or will be allotted from the use or occupancy periods into which the property has been divided, or b)a property interest in which a license or contractual or membership right of occupancy is not coupled with any title in fee in the real property.

2) **ARTICLE VI PARKING, Section 6.3.2** Hotels/Motels shall provide one parking space for the first 330 square feet of sleeping room space. One additional space shall be provided for hotel sleeping rooms greater than 330 square feet. One additional parking space must be provided by hotels/motels for each sixteen (16) units as guest parking. Sleeping rooms in ~~hotels, motels and~~ rooming houses: One space per sleeping room plus one guest space per sixteen units.

ARTICLE 3

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board as follows: mend the Zoning Ordinance, ARTICLE II DISTRICTS 1) Section 2.1 Zoning Map to change a portion of the Residence A & Residence B Zoning Districts to a new designation of Professional/Office Residential (POR) District in the area of Winnacunnet Road and High Street (between Lafayette Road and Mill Road) and 2) ARTICLE II DISTRICTS to add a new Section 2.7 Professional/Office Residential District as follows:

Section 2.1 Zoning Map

District	Map Symbol
Adult Entertainment	AE
Residence AA	RAA
Residence A	RA
Residence B	RB
Residence C- Seasonal	RCS
Business	B
<u>Professional</u>	<u>POR</u>
<u>Office/Residential</u>	
Business-Seasonal	BS
Industrial	I
General	G

NOTE: The Zoning Map was changed by amending the portions of the RA and RB zoning districts to POR for the properties which are bounded by the following description: Beginning at the edge of the RB district located at the northwesterly corner of Map 162, Lot 43 proceed south along the westerly property lines of Map 162, Lot 43, Map 177, Lots 1, 5, 11, 15, 19, 22 across Winnacunnet Road to the northeasterly corner of Map 177, Lot 41. Proceed south along the easterly property boundaries of Map 177, Lots 41, 43, 44 to the southeasterly corner of Map 177, Lot 44. Proceed west along the southerly boundary of Map 177, Lot 44 to Map 177, Lot 39 then south along the easterly boundary to the southeast corner of said lot then proceed west along the southerly boundaries of Map 177, Lot 39 and

Map 176, Lots 25, 24, 23, 21, 26, 26-1, 18, and 17 to the easterly edge of the existing B district. Proceed north along the edge of the existing B district then east along the same boundary and then north again along same boundary to High Street then east along southerly side of High Street to the point of beginning. The following properties are also changed to be included in the POR district: Map 161, Lots 7, 8, 9 and 10. The following properties are not included in the POR District: Map 161, Lots 29, 30, 31, 32, 34, 35, 36, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50 and 51; Map 176, Lots 1, 2 & 2A, 4, 5 and 6.

Section 2.7 Professional Office / Residential District

A. Purpose. The Professional Office / Residential District (POR) is intended to permit development and continuance of small-scale service and office uses, designed to serve residential neighborhoods and or the Town of Hampton as a whole. Combined commercial-residential (mixed use) structures are appropriate in this district. Parking requirements in this district recognize the pedestrian and transit orientation of customer trips, and the shared use of both on-street and off-street parking. The district is intended to promote the mixed growth of dwellings and employment opportunities that compliment and support the high quality of life found in Hampton.

B. The District Boundaries are as displayed on the Town of Hampton Zoning Map.

C. Use regulations. In the POR, no building or land shall be used, and no building shall be erected, altered or enlarged, which is arranged, intended or designed for other than one or a combination of the following uses:

(1) Principal uses.

a. Single family residential.

b. Professional services (All uses subject to Site Plan Review Approval by the Hampton Planning Board):

1. Artists' studios except tattoo parlors and body piercing studios.
2. Banks, savings and loan associations and other financial institutions, including automatic tellers and accessory drive-up services, provided that there are five on-site reservoir spaces per drive-up window or automatic teller.
3. Clinics, for people only.
4. Governmental Facilities
5. Office buildings.
6. Professional Services such as offices for doctors, attorneys, architects, engineers, accountancies, etc.
6. Photographic studios.
7. Travel agencies

c. Other activities not included in any other category but that are of a compatible nature with surrounding residential uses.

D. Height, setback and area regulations. In the POR, the height of the buildings or structures, the minimum dimensions of lots and yards and the minimum lot area per family permitted on any lot shall be as follows, provided that buildings erected exclusively for dwelling purposes shall comply with the front, side and rear yard requirements shall comply with Hampton zoning for single family residences.

(1) Height. Buildings or structures shall not exceed two and one-half stories or 35 feet in height.

(2) Front setback.

a. Single-family residential dwelling structure shall comply with Town of Hampton zoning for single family structures. All other residential dwelling structures shall conform to the requirements contained in subsection (g), architectural standards.

b. Nonresidential or mixed use structure shall maintain a twenty foot front setback. Mixed use structure shall be defined as a structure containing both residential and nonresidential uses.

(3) Side setbacks.

a. Single family residential dwelling structure shall comply with existing zoning for such structures.

b. Nonresidential or mixed use structure shall maintain a ten foot side setback.

(4) Rear setbacks.

a. Residential dwelling structure.

b. Nonresidential or mixed use structures shall maintain a ten foot rear setback.

(5) Lot area.

The minimum lot area in the district is 10,000 square feet.

E. Parking and loading regulations. Loading regulations for all uses and parking for buildings erected exclusively for dwelling purposes shall be as found in the Town of Hampton Zoning Ordinance. There are no minimum non-residential parking requirements in this district. An individual non-residential use must provide parking deemed adequate during the site plan review process. Multiple tenants in a common structure or structures sharing a common wall shall be considered an individual use for purposes of this calculation. Provision for off-street parking must be made and all parking areas must be screened as described in section (g) below.

F. Signs. Signs shall be allowed as permitted by the Town of Hampton Zoning Ordinance. All signage location must be approved during the individual site plan review process. Signs must be in character with surrounding uses and construction materials for signs shall mimic those used in the construction of the subject business. For purposes of this district, " a licensed or unlicensed vehicle, boat or trailer displaying advertising copy, other than an operable vehicle used in the daily conduct of business, is considered a sign, and is prohibited.

G. Maximum building size. No building in this district shall exceed 7,000 square feet in area for any single floor. "Building" for this purpose is defined as a separate structure or a building or tenant space sharing a common wall through which no access is allowed.

H. Architectural standards.

(1) Screening. Parking for non-residential or mixed use structures must be screened from residential abutters by a wall, fence, landscaping or berm between 18 inches and 42 inches in height.

Roof-mounted mechanical equipment must be screened from the view of the street and adjacent property.

Dumpsters and other waste receptacles must be enclosed by a solid wall or fence at least as high as the receptacles.

(2) Lighting. Floodlights or lights which illuminate open areas in connection with any of the uses listed in this section shall be so arranged as to reflect the light away from any adjoining residential property, and the intensity shall not exceed two lux measured at any property line.

ARTICLE 4

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board as follows: Amend ARTICLE III - USE REGULATION to provide revised descriptions for certain use categories as follows:

ARTICLE 5

Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board as follows:
Amend the Zoning Ordinance, **ARTICLE IV – DIMENSIONAL REQUIREMENTS, Table II (1,2,9)**, Section 4.1.1 to revise the duplex provision in the Residence B Zoning District for minimum lot area per dwelling unit to eliminate the conflict between Sections 4.1 and 4.2 as follows:
Section 4.1.1 Min. lot area per dwelling unit (sq. feet) in the RB District shall be changed from ~~7,500~~ to 5,000.

ARTICLE 6

Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board as follows:
Amend the Zoning Ordinance 1) **ARTICLE VI – PARKING, Section 6.3** to revise the parking requirements to further specify that parking must be on-site and clarify that stacked parking for Condominium Conversions of Pre-existing Non-Conforming Uses shall constitute one parking space and 2) **Section 1.6 Definitions, Parking Space** by adding a definition of **Stacked Parking** as follows:
Section 6.3.9 – All parking must be on site ~~or be assured perpetual existence by easement.~~ (Adopted 1983)
Section 6.3.10 – Condominium Conversions of Pre-existing Non-conforming Uses: At least one (1) assigned 9’x 18’ parking space per unit must be provided on-site. (Adopted 2006) Add the wording Stacked parking shall constitute one parking space regardless of the number of parking spaces in the stack.

Section 1.6 – Definitions, Parking Space:

Stacked parking means a parking situation where more than one space exists in a line of spaces and only one space in the line has unobstructed access at all times into or out of the adjacent street or right-of-way.

ARTICLE 7

Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board as follows:
Amend the Zoning Ordinance, **ARTICLE VIII – MULTI-FAMILY DWELLINGS, Section 8.2.1** to exempt the current Hampton Beach Village District area from the requirement of providing 400 square feet of recreational area per unit, as follows:
Section 8.2.1 Multi-family dwellings shall provide a minimum of 400 square feet of recreation area per dwelling unit, except in the current Hampton Beach Village District area where such requirement shall not apply.

ARTICLE 8

Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board as follows:
Amend the Zoning Ordinance, **ARTICLE XI – CONSTRUCTION PROVISIONS, Section 11.4 Sprinkler Systems** to update the wording for sprinkler systems and the fire alarm system to bring it into compliance with current code and systems as follows:
Section 11.4a) No building used or designed for permanent or temporary human residence, other than single family dwellings shall be permitted to be constructed after the date of enactment of this section, of three or more stories or six or more attached wood frame living units being two stories in height, unless furnished with a sprinkler system installed in accordance with standards set forth in the State Building Code/National Fire Prevention Code, ~~1987~~ Edition and NFPA Standard 13, 13D or here applicable, 13R residential sprinkler systems. Replace with most recent.

Section 11.4.c) Sprinkler systems installed meeting NFPA Standard 13 shall be connected to the ~~Hampton Municipal Fire Alarm System via Master Box~~. Installation shall conform to the minimum requirements of the Hampton Fire Department. Replace with UL listed central station monitoring company.

ARTICLE 9

Shall the Town of Hampton raise and appropriate as an operating budget, not including appropriations by special or individual warrant articles and other appropriations voted separately, the amounts set forth in the budget posted with the warrant, for the purposes set forth therein, totaling \$24,764,301 ~~\$23,609,157~~? Should this article be defeated, the operating budget shall be \$24,302,591 which is the same as last year, with certain adjustments required by previous action of the Town Meeting or by law, or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (Majority vote required)
NOTE: This Warrant Article (Operating Budget) does not include appropriations in ANY other warrant article.

Recommended by the Board of Selectmen
Not Recommended by the Budget Committee

ARTICLE 10

Shall the Town of Hampton vote to raise and appropriate the sum of \$3,500 to pay to the Hampton Area Chamber of Commerce to help defray the expenses of the 2007 Children's Christmas Parade and related activities? (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 11

Shall the Town of Hampton vote to raise and appropriate the sum of \$90,000 from revenues generated from the Police Forfeiture Fund, a Special Revenue Fund created by Article 55 of the 2003 Town Meeting to carry out all lawful functions allowed under federal, state and local criminal justice forfeiture programs? Adoption of this article will have no effect on the Town's tax rate. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 12

Shall the Town of Hampton vote to raise and appropriate the sum of \$70,000 from revenues generated from the Hampton Cable TV Local Origination Fund, a Special Revenue Fund created by Article 21 of the 2000 Town Meeting and funded with revenues generated from the Cable TV local origination franchise agreement funds, to upgrade, expand, and enhance the development of the local origination channel? Adoption of this article will have no effect on the Town's tax rate. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 13

Shall the Town of Hampton vote to raise and appropriate the sum of \$18,300 generated from the sale of town-owned cemetery lots, to the Cemetery Burial Trust Fund; the interest from this Fund is withdrawn annually and deposited in the Town’s General Fund as an offset to the amount appropriated in the operating budget for the maintenance of the cemeteries. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 14

Shall the Town of Hampton vote to raise and appropriate the sum of \$1,800 to defray the costs of services by the Retired Senior Volunteer Program (RSVP) provided to Hampton residents? (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 15

Shall the Town of Hampton vote to raise and appropriate the sum of \$5,500 to fund the Social Service Agency Funding Request from “A Safe Place” in Portsmouth NH. A Safe Place provides shelter, support, and advocacy to victims of Domestic Abuse as well as Education about abuse to students and Civic Groups. Without the support of the towns that benefit from A Safe Place services, this valuable organization might be unable to continue in their mission. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 16

Shall the Town of Hampton vote to raise and appropriate the sum of \$15,000 to defray the costs provided to Hampton residents by Cross Roads House, Inc.? Cross Roads House provides emergency and transitional shelter to homeless families and individuals. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 17

Shall the Town of Hampton vote to raise and appropriate the sum of \$12,000 for the purpose of helping to defray the cost of homecare services provided to low-income, medically fragile elderly Hampton residents by Area Home Care & Family Services, Inc.? (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 18

Shall the Town of Hampton vote to raise and appropriate the sum of \$6,000 for **The Richie McFarland Children’s Center** (\$300 for each child from Hampton receiving services in the last program year – 20 children served). (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 19

Shall the Town of Hampton vote to raise and appropriate the sum of \$2,000 to Sexual Assault Support Services (SASS), a private non-profit organization? SASS provides a 24-hours toll-free crisis hotline and support group for Hampton residents who are survivors of sexual assault and childhood sexual abuse, as well as education and prevention programs to children, teens and parents. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 20

Shall the Town of Hampton vote to raise and appropriate the amount of \$7,500 for Seacoast Hospice, a non-profit organization? (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 21

Shall the Town of Hampton vote to raise and appropriate the sum of \$2,500.00 to defray the costs of services provided to Hampton residents by Seacoast Youth Services (SYS)? SYS is seeking funding to support a variety of substance abuse prevention and intervention services in school and community based settings. Particular student assistance services (e.g. assessment, education and intervention) are provided for Winnacunnet High School students. Other school based prevention education and support services are provided to SAU 21 middle school students and the community at large. Such services include, but are not limited to, substance abuse prevention (Project Alert-national model program), wraparound support services, anger management/ self control skills, leadership/resiliency promotion and community service. SYS is coordinating a Lower Seacoast Youth Coalition of public and private partners, including professionals, parents and youth, to address issues of concern and opportunities for building strong and safe communities in the lower seacoast of New Hampshire. All services provided by SYS are specifically for the residents of The SAU21 school district. SYS has been providing services in the Seacoast for six years. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 22

Shall the Town of Hampton vote to raise and appropriate the sum of \$5,000 to defray the costs of services provided to Hampton residents by Child & Family Services? (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 23

Shall the Town of Hampton vote to raise and appropriate the sum of \$10,000 to support the health services offered by SeaCare Health Services to the uninsured, working families who are residents of the Town? (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 24

Shall the Town of Hampton vote to raise and appropriate the sum of \$2,700 to defray the costs of services to Hampton residents by AIDS Response-Seacoast, a non-profit corporation, in providing direct services to persons with HIV infection or AIDS, and in providing education and prevention programs that inform the public how to stop the spread of HIV infection? (Majority vote required)

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

ARTICLE 25

Shall the Town of Hampton vote to amend Chapter 2, Article 6 “Sewage Use and Construction Ordinance” by adding the following words to Section 2:603 (b) -- the “or municipal storm sewer system” and “connection to municipal storm drain system shall require the prior written approval of the Director of Public Works” -- so that it reads:

It shall be unlawful to discharge to any natural outlet or municipal storm sewer system within the Town of Hampton, or in any area under the jurisdiction of said Town, any wastewater or other polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of this Ordinance. Connection to municipal storm drain system shall require the prior written approval of the Director of Public Works.

ARTICLE 26

(As Petitioned)

“To see if the Town of Hampton will vote to raise and appropriate the sum of Sixty five hundred dollars (\$6,500) for the purpose of defraying the cost of services provided to the Town of Hampton and its residents by Big Brothers Big Sisters of the Greater Seacoast.” (Majority vote required)

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

ARTICLE 27

(As Petitioned)

We, the undersigned residents of Hampton, Petition the Town of Hampton to place on the Warrant the request to see if the Town will vote to raise and appropriate the amount of \$3,930 to support Rockingham Nutrition & Meals On Wheels Program’s service providing meals for older, homebound and disabled Hampton residents in the Town’s 2007 Budget. (Majority vote required)

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

ARTICLE 28

(As Petitioned)

We, the undersigned Hampton Town voters, support the following warrant article: To see if the Town of Hampton will vote to raise and appropriate \$8,000.00 in their 2007 Budget for the support of Seacoast Mental Health Center, Inc. (Majority vote required)

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

ARTICLE 29

(As Petitioned)

To see if the Town of Hampton will vote to raise and appropriate the sum of Two Thousand Dollars for the purpose of funding New Generation Shelter, which houses seven pregnant or parenting women and their children at a time from Hampton and surrounding communities, and provides counseling, parenting education, life skills, transportation to partnering agencies, and aftercare to all residents. For more information, visit www.newgennh.com or call 603-436-4989. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 30

(As Petitioned)

On petition of Bridgit Valgenti, 8 Wayside Farm Lane and 25 registered voters: Shall the town of Hampton, NH raise and appropriate \$840,000 for constructing a sidewalk on Mill Road, North from the intersection of Ann's Lane to the North Hampton Town Line? (Majority vote required)

Not Recommended by the Board of Selectmen
Not Recommended by the Budget Committee

ARTICLE 31

(As Petitioned)

"To see if the Town of Hampton will vote to raise and appropriate through petitioned warrant article, the sum of \$40,000 for support of the "free care" the Seacoast Visiting Nurse Association (VNA) provides to Hampton residents. This is a level funding request. The Seacoast VNA is a non-profit agency that provides home and community health care services regardless of the person's ability to pay for those services." (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 32

(As Petitioned)

We the undersigned residents of Hampton, petition the town to place on the Warrant the request to see if the Town will vote to raise and appropriate the amount of \$100,000 to renovate the old Town Hall, making the necessary repairs and improvements to turn it into a Senior Center for the Town of Hampton. (Majority vote required)

Not Recommended by the Board of Selectmen
Not Recommended by the Budget Committee

ARTICLE 33

(As Petitioned)

On the petition of Rockingham Community Action and at least 25 registered Hampton voters, shall the Town of Hampton raise and appropriate the sum of \$25,000.00 to defray the costs of services provided to low and moderate income Hampton residents for basic and critical needs. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 34

(As Petitioned)

We the undersigned, **registered voters** living in the Town of Hampton, request that the Town of Hampton raise and appropriate the sum of \$2,000 as requested by Families First Health and Support Center to be used to bring parenting programs to Hampton. (Majority vote required)

Not Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 35

(As Petitioned)

Shall the Town raise and appropriate the sum of \$43,000 for the purpose of providing full larviciding of the mosquito breeding areas, including the catch basins, and for funding the spraying of adult mosquitoes during the months of June through September? This money would be in addition to the \$60,000 allocated to Mosquito Control in the **Selectmen's Default Budget**. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 36

(As Petitioned)

We the undersigned support Lamprey Health Cares's 2006 Funding request to see if the town will vote to raise and appropriate the amount of \$4000 for Lamprey Health Care Senior Transportation Program LHC Senior Transportation provides senior citizens and disabled Hampton residents rides to medical appointments. In addition the drivers plan a weekly shopping trip and a monthly day-long recreational outing. These trips are not only rides to essential services, but a great opportunity for our riders to socialize and also allows them to remain independent in their homes. (Majority vote required)

Recommended by the Board of Selectmen
Recommended by the Budget Committee

ARTICLE 37

(As Petitioned)

To raise and appropriate \$1,000 for the Great Bay Chapter of the American Red Cross is resolute in its commitment to all the residents who live in the 40 cities and towns within its jurisdiction, of which Hampton is one. Our vital services are not duplicated by any other agency, and they are free to anyone in dire need. However, we must rely on many sources for the financial support needed to continue to do so. As we receive no financial support from the state or from the federal government, we must rely on communities, like Hampton, to assist us. Therefore we would appreciate the opportunity to present our application for financial support of \$1,000.00 with the Town of Hampton for the fiscal year of 2006-2007.

Great Bay Chapter volunteers logged 118,750 hours last year at a cost saving of \$2,000,000 to the 40 towns and cities within its jurisdiction. This year has already put a strain on our funds as a result of the horrendous floods that New Hampshire experienced this past spring, and we do not know what the months ahead hold for us.

- **Our Disaster Relief Services** consists of food, shelter, clothing, medications, mental health counseling, and security deposits to those who have experienced a natural or man-made catastrophe.
- **Our Blood Services** constitutes the collection, processing, testing, transporting, monitoring, and distribution services in order to serve the needs of our local hospitals. The Great Bay Chapter collected over 11,789 units of blood and hosted 110 blood drives last year.
- **Our Health, Safety and Community Services** focus on saving lives. Through our many training courses, such as Adult, Infant, and Child CPR, AED training, First Aid, water safety, disaster training, first responder, and our LNA program we impart hope and confidence along with skill and knowledge.
- **Our Armed Forces Emergency Services** is the lifeline for the many service members who live in our jurisdiction and with our assistance communication is established between family members and the enlisted with urgent messaging regarding serious illness, death of a loved one or the birth of a child. (Majority vote required)

**Recommended by the Board of Selectmen
Recommended by the Budget Committee**

ARTICLE 38

(As Petitioned)

On petition of Ralph Fatello and 25 or more registered voters in the Town of Hampton supporting the work of Sean Lacey and Aerille Royal: Shall the Town of Hampton recommend to the selectmen a policy whereby all new streets and roadways accepted by the Town be given the name of any military personnel, whose primary residence being Hampton, NH did give his or her life in the defense of the United States or any public safety employee, being a resident or non-resident of Hampton, who gave his or her life in the service of the Town of Hampton. When the list of potential names has been depleted, preference will then be given to names of historical importance to the Town of Hampton.

ARTICLE 39

(As Petitioned)

On petition of at least 25 registered voters of the Town of Hampton: Are you in favor of increasing the number of trustees of the Hampton Trust Funds from 3 to 5, as authorized by RSA 31:22? The Hampton Trust Funds include the Cemetery & Perpetual Care Funds, the Cemetery Burial Trust Funds, the Lane Memorial Library Fund, the Hampton Real Estate Trust Fund, the Campbell Children's Sports Fund, the Town Management Information Systems Fund, the Capital Reserve Funds (roads), the Hampton Beach Village District Funds, and the Poor Fund.

Increasing the number of trustees will provide additional talent to manage the \$17 million in trust funds that, in part, help to reduce Hampton taxes. The increased number of trustees will also provide better business continuity for the trust funds in case of a trustee vacancy. There is no cost to the Town for additional trustees because they are volunteers.

ARTICLE 40

(As Petitioned)

This Petition is from Taylor River Estates Homeowner's Association to the Town of Hampton to take over ownership of the road known as "Taylor River Estates Road".

ARTICLE 41

(As Petitioned)

~~This Petition is from Taylor River Estates Homeowner's Association to~~ Shall the Town of Hampton vote to recommend that the Board of Selectmen declare the private road serving Taylor River Estates Homeowner's known as "Taylor River Estates Road" as an Emergency Lane per RSA 231.59-a

ARTICLE 42

(As Petitioned)

On petition of Carolyn Fetter and at least 25 registered voters of the Town of Hampton: Shall the Town of Hampton require full financial disclosure for all Warrant Articles put before the voters? Financial disclosure should include both one-time and on-going costs (if any) per year, and the number of years, if known. Examples of one-time costs would be initial payments for capital expenditures, and installation or removal costs. Examples of on-going costs would be estimated financing or interest charges, electric, heat, maintenance, additional labor costs, etc.

These costs should be expressed as cost per thousand of assessed property value for the year just passed, as valuations and exemptions for coming years are not fully known at the time the Warrant Articles are prepared. Where costs are not fully known, best-guess estimates and their sources should be provided. The intent is to give voters a more complete understanding of the short and long-term financial implications of decisions they are asked to make.

ARTICLE 43

(As Petitioned)

We, the undersigned, being legal voters in the Town of Hampton, hereby petition the Board of Selectmen of said Town to place the following article on the warrant for the 2007 annual meeting.

New Hampshire Climate Change Resolution

To see if the town will go on record in support of effective actions by the President and the Congress to address the issue of climate change which is increasingly harmful to the environment and economy of New Hampshire and to the future well being of the people of New Hampshire (Hampton).

These actions include:

1. Establishment of a national program requiring reductions of U.S. greenhouse gas emissions while protecting the U.S. economy.
2. Creation of a major national research initiative to foster rapid development of sustainable energy technologies thereby stimulating new jobs and investment.

In addition, the town of Hampton encourages New Hampshire citizens to work for emission reductions within their communities, and we ask our Selectmen to consider the appointment of a voluntary energy committee to recommend local steps to save energy and reduce emissions.

The record of the vote on this article shall be transmitted to the New Hampshire Congressional Delegation, to the President of the United States, and to declared candidates for those offices.

ARTICLE 44

(As Petitioned)

On petition of Charlie Preston and at least 25 registered voters, shall we adopt the provisions of RSA 31:95 c, to restrict 20% of the gross lease and rental income from the Town's parking areas located within the Hampton Beach Village District to the purpose of construction or reconstruction of recreation infrastructure within the Town of Hampton. Such revenues and expenditures shall be accounted for in a special revenue fund, separate from the general fund, to be known as the Hampton Recreation Infrastructure Fund, per RSA 31:95 d. Any surplus in said fund shall not be deemed part of the General Fund Accumulated Surplus. This will be a non-lapsing account per RSA 32:3 VI. The annual recreation infrastructure projects will be determined by the Board of Selectmen, Town Manager and Director of Public Works each year, and shall be expended only after a vote by the legislative body to appropriate a specific amount from said fund for a specific purpose related to the purpose of the fund or the source of the revenue. The first appropriation from this fund should be devoted to the reconstruction of the tennis/basketball courts at Tuck Field.

ARTICLE 45

(As Petitioned)

On petition of Charlie Preston and at least 25 registered voters, to see of the Town will vote as follows: shall we, the voters of Hampton, New Hampshire, rescind the provisions of RSA 31:95-c (which was adopted in 1996 – Article 41) to restrict 20% of revenues of gross lease and rental income from the town's parking areas located within the Hampton Village District to expenditures for the purpose of town owned infrastructure within the Village District boundaries. Such revenues and expenditures to be accounted for in a special revenue fund, separate from the general fund. Any surplus in said fund not to be deemed part of the General Fund Accumulated Surplus. This is a non-lapsing account per RSA 32:3, VI. The infrastructure items to be determined by the Precinct Commissioners, Public Works Director and Town Manager at budget time. The purpose of the first years fund to be for proposed Playground improvements. This rescission is in accordance with RSA 31:95-d IV (4).

This is to certify that the 2007 Warrant was posted on January 26, 2007.

DEFAULT BUDGET OF THE TOWN

OF: Hampton

For the Ensuing Year January 1, 2007 to December 31, 2007

or Fiscal Year From _____ to _____

RSA 40:13, IX (b) "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

- 1. Use this form to list the default budget calculation in the appropriate columns.
- 2. Post this form or any amended version with proposed operating budget (MS-6 or MS-7) and the warrant.
- 3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

GOVERNING BODY (SELECTMEN)

Special Thanks To:

*Laurie Dufour, James Barrington and Geannina Guzman for the use of their beautiful pictures!!
 All the Department Directors, Committees and Boards for getting their reports in on time!
 Paul Paquette and Shirley Doheny for their “technical support”.
 Michelle Kingsley for formatting advice and for taking the pictures of new staff.
 Kristi Pulliam for putting together all the wages and personnel support.
 A big thank you to everyone who contributed in any way!*

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen and Town Manager
Town of Hampton
Hampton, New Hampshire

We have audited the accompanying financial statements of the Town of Hampton, as of and for the fiscal year ended December 31, 2006 as shown on pages 3 through 7. These financial statements are the responsibility of the Town of Hampton's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Management has not implemented Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. Therefore, these financial statements are presented following the principles that were in effect prior to GASB Statement No. 34. Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities and business-type activities. The financial statements presented do not contain separate statements for governmental, proprietary, if applicable and fiduciary fund types, nor are major and nonmajor funds separately identified and classified. The financial statements presented report expendable and nonexpendable trust funds, some of which should be reported as special revenue and permanent funds under the new reporting model. The financial statements also present a general long-term debt account group which should not be reported as such, but the information contained therein should be included in the government-wide financial statements were they presented. Also, the financial statements do not contain any information on capital assets because the government has not maintained historical cost records of such assets. Management has not presented a management's discussion and analysis as required. The amounts that would be reported in the missing statements and required supplementary information, and the effects of reclassifying and properly reporting the information presented are not reasonably determined.

In our opinion, because of the effects of the matters discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Town of Hampton as of December 31, 2006, or the changes in its financial position or its cash flows, where applicable, for the year then ended.

**Town of Hampton
Independent Auditor's Report**

In accordance with *Government Auditing Standards*, we have also issued our report dated January 26, 2007 on our consideration of the Town of Hampton's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Hampton's basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the Town of Hampton. For reasons stated in the third paragraph of this report, we expressed an opinion that the financial statements of the Town of Hampton do not fairly present financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States of America. Therefore, we do not express an opinion on the accompanying combining and individual fund schedules or the schedule of expenditures of federal awards.

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant of the government's accounting policies are described below.

1-A Reporting Entity

The Town of Hampton, New Hampshire, is a municipal corporation governed by an elected 5-member Board of Selectmen. The reporting entity is comprised of the primary government and any other organizations that are included to ensure that the financial statements are not misleading.

Component units are legally separate organizations for which the Town is financially accountable. The Town is financially accountable for an organization if the Town appoints a voting majority of the organization's governing board and (1) the Town is able to significantly influence the programs or services performed or provided by the organization; or (2) the Town is legally entitled to or can otherwise access the organization's resources; the Town is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Town is obligated for the debt of the organization. Based on the foregoing criteria, no other organizations are included in the Town's financial reporting entity.

1-B Basis of Presentation

The accounts of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures/expenses, as appropriate. The various funds are grouped by type in the financial statements. The following fund types and account groups are used by the Town:

Governmental Fund Types

General Fund - The general fund is the primary operating fund of the Town. All general tax revenues and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds.

Special Revenue Funds - Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Capital Projects Funds - Transactions related to resources obtained and used for the acquisition, construction, or improvement of capital facilities are accounted for in capital projects funds.

Fiduciary Fund Types

Trust and Agency Funds - These funds account for assets held or established under a formal trust agreement or Town Meeting vote, or assets held by the Town as a trustee or agent for individuals, private organizations, or other units of government.

Account Groups

Account groups are not "funds." They are concerned only with the measurement of financial position. They are not involved with the measurement of results of operations. The Town uses the following account groups:

General Fixed Assets Account Group - General fixed assets have been acquired for general governmental purposes and have been recorded as expenditures in the applicable fund. The Town does not maintain a record of its general fixed assets valued at historical cost, and accordingly, a statement of general fixed assets is not included in this financial report.

General Long-Term Debt Account Group - This account group was established to account for all long-term debt of the Town.

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

1-C Measurement Focus/Basis of Accounting

Governmental, expendable trust and agency funds use the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable (flow of current financial resources measurement focus). Licenses and permits, fines and forfeits, and most miscellaneous revenues are recorded when received in cash. General taxes, intergovernmental revenues, charges for services, and investment earnings are recorded when earned (when they are measurable and available). Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepayments, debt service, and other long-term obligations, which are recognized when due.

Nonexpendable trust funds are accounted for using the accrual basis of accounting. Using this basis of accounting, revenues are recognized when they are earned, and expenses are recognized when they are incurred (flow of economic resources measurement focus).

1-D Assets, Liabilities and Fund Equity

1-D-1 Cash, Cash Equivalents and Investments

Cash and Cash Equivalents - Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Town.

New Hampshire statutes require that the Town treasurer have custody of all moneys belonging to the Town and pay out the same only upon orders of the Town Manager. The treasurer shall deposit all moneys in participation units in the public deposit investment pool established pursuant to N.H. RSA 383:22 or in solvent banks in the state. Funds may be deposited in banks outside the state if such banks pledge or deliver to a third party custodial bank or the Federal Reserve Bank, collateral security for such deposits, United States government or government agency obligations, or obligations of the State of New Hampshire in value at least equal to the amount of the deposit in each case.

Investments - Whenever the treasurer has in custody an excess of funds which are not immediately needed for the purpose of expenditure, the treasurer shall, with the approval of the Town Manager, invest the excess funds. New Hampshire law authorizes the Town to invest in the following types of obligations:

- Obligations of the United States government,
- The public deposit investment pool established pursuant to RSA 383:22,
- Savings bank deposits, or
- Certificates of deposit and repurchase agreements of banks incorporated under the laws of the State of New Hampshire or in banks recognized by the state treasurer.

Any person who directly or indirectly receives any such funds or moneys for deposit or for investment in securities of any kind shall, prior to acceptance of such funds, make available at the time of such deposit or investment an option to have such funds secured by collateral having a value at least equal to the amount of such funds. Such collateral shall be segregated for the exclusive benefit of the Town. Only securities defined by the bank commissioner as provided by rules adopted pursuant to RSA 386:57 shall be eligible to be pledged as collateral.

Investments are stated at fair value as of the balance sheet date which is based on quoted market prices.

AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

1-D-2 Receivables

Tax revenue is recorded when a warrant for collection is committed to the tax collector. Taxes receivable are reported net of an allowance for a portion of the uncollected taxes receivable based on historical trend information relative to collectibility. As prescribed by law, the tax collector executes a lien on properties for all uncollected property taxes in the following year after taxes are due. The lien on these properties has priority over other liens and accrues interest at 18% per annum. If property is not redeemed within the 2-year redemption period, the property is tax deeded to the Town.

Accounts receivable include various service charges which are recorded as revenue for the period when service was provided. These receivables are reported net of any allowances for uncollectible amounts.

1-D-3 Interfund Balances and Activity

During the course of normal operations, the Town has transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental and fiduciary fund financial statements reflect such transactions as transfers. To the extent that certain transactions have not been paid or received as of year-end, balances of interfund amounts receivable or payable have been recorded.

1-D-4 Prepaid Items

Payments made to vendors for services that will benefit periods beyond year-end are recorded as prepaid items using the consumption method, by recording an asset for the prepaid amount and reflecting the expenditure in the year in which services are consumed.

1-D-5 Compensated Absences

Employees may accumulate a limited amount of earned, but unused vested benefits which will be paid upon separation from the Town's service. In governmental fund types, the cost of vested benefits paid or expected to be liquidated with expendable, available financial resources is reported as an expenditure and fund liability of the fund. Amounts of vested or accumulated leave benefits that are not expected to be liquidated with expendable, available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts.

1-D-6 Deferred Revenue

The government reports deferred revenue on its combined balance sheet. Deferred revenue arises when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenue also arises when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

1-D-7 Accrued Liabilities and Long-Term Obligations

All payables and accrued liabilities are reported in the financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of these funds. However, claims and judgments, and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "due for payment" during the current year.

The Town reports long-term debt of governmental funds at face value in the general long-term debt account group. Certain other governmental fund obligations not expected to be financed with current available financial resources are also reported in the general long-term debt account group.

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

1-D-8 Fund Equity

Generally, fund balance represents the difference between the current assets and current liabilities. The Town reserves those portions of fund balance that are legally segregated for a specific future use or that do not represent available, spendable resources, and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund balance that is available for appropriation in future periods. Designations are management's intent to set aside these resources for specific purposes.

The following reserves are used by the Town:

Reserved for Encumbrances - is used to account for open purchase orders, contracts and other commitments at year-end for which goods and services have not been received.

Reserved for Endowments - represents the principal balance of the Town's nonexpendable trust funds which must be held for investment purposes only.

Reserved for Special Purposes - is used to account for the unencumbered balance of restricted funds. These consist of the uncommitted balances of the capital projects funds, the Town's expendable trust funds, and the income portion of the Town's nonexpendable trust funds.

The following designations are used by the Town:

Designated for Contingency - is used to account for potential abatements or adjustments of property tax accounts for which revenue has previously been recorded, and for potential legal settlements.

Designated for Special Purposes - is used to account for the unencumbered balances of special revenue funds.

1-D-9 Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1-D-10 Memorandum Only - Total Columns

Total columns on the financial statements are captioned as "memorandum only" because they do not represent consolidated financial information and are presented only to facilitate financial analysis. The columns do not present information that reflects financial position, results of operations or cash flows in accordance with U.S. generally accepted accounting principles. Interfund eliminations have not been made in the aggregation of this data.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

2-A Budgetary Information

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements which govern the Town's operations. At its annual meeting, the Town adopts a budget for the current year for the general, recreation, Lane Memorial Library, conservation commission, ambulance service, fire alarm, police private detail, police forfeiture and cable t.v. local origination funds. Project-length financial plans were adopted for the capital projects funds. Except as reconciled in Note 2-B, the budget was adopted on a basis consistent with U.S. generally accepted accounting principles.

Management may transfer appropriations between operating categories as deemed necessary, but expenditures may not legally exceed budgeted appropriations in total. All annual appropriations lapse at year-end unless encumbered.

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures, and are therefore, reported as part of the fund balance at year-end, and are carried forward to supplement appropriations of the subsequent year.

State statutes require balanced budgets, but provide for the use of beginning unreserved fund balance to achieve that end. In the fiscal year 2006, none of the beginning fund balance was applied for this purpose.

2-B Budgetary Reconciliation

Amounts recorded as budgetary revenues and expenditures in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General and Special Revenue Funds (Exhibit C) are presented on the basis budgeted by the Town. The amounts differ from those reported in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types and Expendable Trust Funds (Exhibit B) as follows:

	General Fund	Special Revenue Funds
Revenues and other financing sources:		
Per Exhibit C (budgetary basis)	\$ 25,254,168	\$ 1,817,655
Adjustments:		
Basis difference:		
Capital lease inception	605,624	-
On-behalf retirement contributions made by the State of New Hampshire recognized as revenue on the GAAP basis, but not on the budgetary basis	364,474	-
Entity difference:		
Unbudgeted funds:		
Beach infrastructure	-	83,017
U.S.S. Hampton	-	220
Founders' Day	-	5
Police grants	-	31
Per Exhibit B	\$ 26,224,266	\$ 1,900,928
Expenditures and other financing uses:		
Per Exhibit C (budgetary basis)	\$ 24,314,446	\$ 2,016,271
Adjustments:		
Basis difference:		
Capital lease inception	605,624	-
Encumbrances, beginning	893,640	134,963
Encumbrances, ending	(1,019,962)	-
On-behalf retirement contributions made by the State of New Hampshire recognized as expenditure on the GAAP basis, but not on the budgetary basis	364,474	-
Entity difference:		
Unbudgeted fund:		
Beach infrastructure	-	240,000
Per Exhibit B	\$ 25,158,222	\$ 2,391,234

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

2-C Excess of Expenditures Over Appropriations

The following governmental funds had an excess of expenditures over appropriations for the year ended December 31, 2006:

Special revenue funds:	
Recreation	\$ 144,779
Conservation commission	12,925
Ambulance service	328,380
Police private detail	349,638
Total	<u>\$ 835,722</u>

Overexpenditures were primarily due to the receipt and expenditure of unanticipated funds or the expenditure of existing fund equity as approved by Town Meeting.

2-D Deficit Fund Equity

There are unreserved deficits in the following capital projects funds:

Sewer facilities update	\$ 619,851
Beach infrastructure	56,532
Public safety pier	17,975
Total	<u>\$ 694,378</u>

These deficits are a result of not recognizing authorized long-term debt until borrowed.

2-E Applicable Reporting Standard

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*. When implemented, it requires new information and restructures much of the information that governments have presented in the past. Comparability with reports issued in all prior years will be affected. The Town was required to implement this standard beginning with the year ended December 31, 2003, but has not done so.

NOTE 3 - DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

3-A Custodial Credit Risk for Deposits and Investment Risks

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. As of December 31, 2006, \$717,999 of the Town's bank balances of \$11,891,860 was exposed to custodial credit risk as uninsured and uncollateralized.

Repurchase Agreement

Included in the Town's cash equivalents at December 31, 2006, is a short-term investment in a repurchase agreement issued by a local banking institution. Under this agreement, the Town will be repaid principal plus interest on a specified date which is subsequent to year-end. The agreement is guaranteed/collateralized with securities held by the banking institution which exceed the amount of the agreement. To the extent that the banking institution may default on its commitment to this obligation, the Town is at risk of economic loss. Management considers this exposure to be minimal. At December 31, 2006, the Town held an investment in the following repurchase agreement:

Amount	Interest Rate	Maturity Date	Collateral Pledged	
			Underlying Securities	Market Value
\$ 336,779	5.05%	January 1, 2007	PNLM	\$ 354,490

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

As of December 31, 2006, the Town had the following investments:

Certificates of deposit	\$ 1,328,100
U.S. government obligations	15,771,382
Corporate bonds	253,080
Common stocks	4,860
Total	<u>\$ 17,357,422</u>

Interest Rate Risk - The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State law limits investments to those described in Note 1-D-1. The Town has no investment policy that would further limit its investment choices.

Custodial Credit Risk - The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. As of December 31, 2006, \$1,039,650 of the Town's \$17,357,422 in investments is subject to custodial credit risk because the securities are held by the counter party's trust department or agent, not in the Town's name. The Town does not have policies for custodial credit risk.

Concentration of Credit Risk - The Town places no limit on the amount it may invest in any one issuer. The Town had no investments in any one issuer (other than U.S. Treasury securities) that represent 5% or more of the total Town investments.

3-B Taxes Receivable

The property tax year is from April 1 to March 31 and all property taxes are assessed on the inventory taken in April of that year. The net assessed valuation as of April 1, 2006, upon which the 2006 property tax levy was based is:

For the New Hampshire education tax	\$ 2,336,532,900
For all other taxes	\$ 2,372,731,900

The Town subscribes to the semi-annual method of tax collection as provided for by RSA 76:15-a. Under this method, tax bills are due on or around July 1 and December 1 of each year, with interest accruing at a rate of 12% on bills outstanding after the due date. The first billing is considered an estimate only and is one half of the previous year's tax billing. The remaining balance of taxes due is billed in the fall after the New Hampshire Department of Revenue Administration has calculated and approved the Town's tax rate for the fiscal year.

In connection with the setting of the tax rate, Town officials with the approval of the Department of Revenue Administration, establish and raise through taxation an amount for abatements and refunds of property taxes, known as overlay. This amount is reported as a reduction in tax revenue and is adjusted by management for any tax allowances at year-end. The property taxes collected by the Town include taxes levied for the State of New Hampshire, Hampton School District, Winnacunnet Cooperative School District, Hampton Beach Village District and Rockingham County, which are remitted as required by law. The ultimate responsibility for the collection of taxes rests with the Town.

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

The tax rates and amounts assessed for the year ended December 31, 2006, were as follows:

	Per \$1,000 of Assessed Valuation	Property Taxes Assessed
Municipal portion	\$ 7.96	\$ 18,898,897
School portion:		
State of New Hampshire	\$ 2.96	6,914,116
Local	\$ 7.27	17,250,375
County portion	\$ 1.12	2,646,916
Precinct portion - nonexempt	\$ 0.71	267,898
Precinct portion - exempt	\$ 0.36	168,913
Total property taxes assessed		<u>\$ 46,147,115</u>

During the current fiscal year, the tax collector executed a lien on August 25 for all uncollected 2005 property taxes.

Taxes receivable at December 31, 2006, are as follows:

Property:	
Levy of 2006	\$ 2,409,703
Unredeemed (under tax lien):	
Levy of 2005	221,497
Levy of 2004	105,190
Less: allowance for estimated uncollectible taxes	(190,500)
Net taxes receivable	<u>\$ 2,545,890</u>

3-C Other Receivables

Other receivables at December 31, 2006, consist of interest, accounts (billings for user charges) and intergovernmental amounts arising from grants, court fees and the sewer agreement.

Receivables are recorded on the Town's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and collectibility.

Amounts receivable at December 31, 2006 are as follows:

	General Fund	Special Revenue Funds	Capital Project Funds	Trust Funds	Total
Interest	\$ -	\$ -	\$ -	\$ 186,768	\$ 186,768
Accounts	123,890	323,095	-	-	446,985
Intergovernmental	58,464	-	826,336	-	884,800
Liens	108,871	-	-	-	108,871
Allowance for unavailable or uncollectible amounts	(108,871)	(140,652)	-	-	(249,523)
Net total receivables	<u>\$ 182,354</u>	<u>\$ 182,443</u>	<u>\$ 826,336</u>	<u>\$ 186,768</u>	<u>\$ 1,377,901</u>

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

3-D Interfund Balances and Transfers

Interfund balances at December 31, 2006 consist of overdrafts in the pooled cash and investments, and budgetary transfers.

The composition of interfund balances as of December 31, 2006 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Conservation commission	\$ 150,000
	Police forfeiture	20,891
	Founders' Day	612
	Police grants	283
	Wastewater treatment plant improvements	250,484
	Police facility	47,970
	Sewer facilities update	747,161
	Beach infrastructure	1,328,744
	Public safety pier	338,292
	Nonexpendable trust	595,121
		<u>\$ 3,479,558</u>

Interfund transfers during the year were comprised of the following:

	<u>Transfers In:</u>					<u>Total</u>
	<u>General Fund</u>	<u>Recreation Fund</u>	<u>Lane Memorial Library Fund</u>	<u>Conservation Commission Fund</u>	<u>Expendable Trust Funds</u>	
Transfers out:						
General fund	\$ -	\$ -	\$ 710,014	\$ 3,600	\$ 10,600	\$ 724,214
Conservation commission fund	150,000	-	-	-	-	150,000
Expendable trust funds	16,504	-	-	-	-	16,504
Nonexpendable trust funds	596,138	87	356	-	-	596,581
Totals	<u>\$ 762,642</u>	<u>\$ 87</u>	<u>\$ 710,370</u>	<u>\$ 3,600</u>	<u>\$ 10,600</u>	<u>\$ 1,487,299</u>

3-E Intergovernmental Payable

Amounts due to other governments at December 31, 2006 consist of:

General fund:	
Balance of 2006-2007 district assessment due to:	
Hampton School District	\$ 7,355,669
Winnacunnet Cooperative School District	3,830,822
Fees due to the State of New Hampshire	1,652
Balance of 2006 assessment due to Hampton Beach Village District	26,507
Trust funds:	
Expendable:	
Balance of funds belonging to the Hampton Beach Village District	34,233
Total	<u>\$ 11,248,883</u>

*Repayment of state revolving fund loans does not commence until the respective project is complete. This loan is still in the process of being drawdown, and is not finalized as of December 31, 2006.

Annual Requirements To Amortize Capital Lease Payable

Fiscal Year Ending December 31,	Principal	Interest	Total
2007	\$ 114,411	\$ 18,745	\$ 133,156
2008	118,981	14,175	133,156
2009	123,734	9,422	133,156
2010	128,677	4,479	133,156
2011	44,026	360	44,386
Totals	<u>\$ 529,829</u>	<u>\$ 47,181</u>	<u>\$ 577,010</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit, and will be repaid from general governmental revenues.

Bonds and notes authorized and unissued as of December 31, 2006, were as follows:

Per Town Meeting Vote of	Purpose	Unissued Amount
March 11, 2003	Hampton Beach infrastructure improvements	\$ 552,561
March 11, 2003	Sewer facilities update	544,612
March 14, 2006	Wastewater treatment plant upgrade	1,415,000
Total		<u>\$ 2,512,173</u>

Accrued Landfill Postclosure Care Costs

In accordance with State laws, the Town has placed a cover on its unlined landfill and is performing certain maintenance and monitoring functions at the landfill site. A liability is being recognized in the general long-term debt account group for the future postclosure care costs of \$567,000 (estimated \$27,000 per year for 21 years), which is based on the amount that would be paid if all services required to monitor and maintain the landfill were acquired as of December 31, 2006. However, the actual cost of postclosure care may be higher or lower due to inflation, changes in technology, or changes in landfill laws and regulations. The Town expects to finance the postclosure care costs with general fund revenue.

TOWN OF HAMPTON, NEW HAMPSHIRE
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

3-G State Aid to Water Pollution Projects

In addition to local revenues, the "amount to be provided for retirement of general long-term debt," includes the following amount to be received from the State of New Hampshire in the form of state aid to water pollution projects:

Bond Issues	State Aid Grant Number	Amount
\$2,712,489 sewer construction loan	C-496	\$ 292,614

Under N.H. RSA Chapter 486, the Town receives from the State of New Hampshire a percentage of the annual amortization charges on the original costs resulting from the acquisition and construction of sewage disposal facilities. At December 31, 2006, the Town is due to receive the following annual amounts to offset debt payments:

Fiscal Year Ending December 31,	Amount
2007	\$ 37,404
2008	36,181
2009	34,959
2010	33,736
2011	32,513
2012-2015	117,821
Total	\$ 292,614

NOTE 4 - OTHER MATTERS

4-A Pensions

The Town of Hampton participates in the New Hampshire Retirement System (the System) which consists of a cost-sharing, multiple-employer contributory pension plan and trust established in 1967 by RSA 100-A:2 and is qualified as a tax-exempt organization under Sections 401(a) and 501(a) of the Internal Revenue Code. The plan is a contributory, defined benefit plan providing service, disability, death and vested retirement benefits to members and their beneficiaries. Provisions for benefits and contributions are established and can be amended by the New Hampshire Legislature. The System issues a publicly available financial report that may be obtained by writing the New Hampshire Retirement System, 54 Regional Drive, Concord, NH 03301.

The System is financed by contributions from both the employees and the Town. Member contribution rates are established and may be amended by the State legislature while employer contribution rates are set by the System trustees based on an actuarial valuation. All employees except police officers and firefighters are required to contribute 5% of earnable compensation. Police officers and firefighters are required to contribute 9.3% of gross earnings. For 2006, the Town contributed 9.68% for police, 14.36% for fire and 6.81% for other employees. The contribution requirements for the Town of Hampton for the fiscal years 2004, 2005, and 2006 were \$850,967, \$926,636, and \$969,156, respectively, which were paid in full in each year.

The State of New Hampshire funds 35% of employer costs for police officers and firefighters employed by the Town. This amount, \$364,474, is reported as an "on-behalf" payment, as an expenditure and revenue on the governmental fund operating statement, and as an expense and revenue on the government-wide statement of activities.

4-B Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters. During fiscal year 2006, the Town was a member of the Local Government Center Property-Liability Trust, LLC, which is a Trust organized to provide certain property and liability insurance coverages to member towns, cities and other qualified political subdivisions of New Hampshire. As a member of the Local

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE FISCAL YEAR ENDED
DECEMBER 31, 2006

Government Center Property-Liability Trust, LLC, the Town shares in contributing to the cost of, and receiving benefits from, a self-insured pooled risk management program. The membership and coverage run from July 1 to June 30. The program maintains a self-insured retention above which it purchases reinsurance and excess insurance. This policy covers property, auto physical damage, crime, general liability and public officials' liability subject to a \$1,000 deductible.

Contributions paid in 2006 for fiscal year 2007, ending June 30, 2007, to be recorded as an insurance expenditure totaled \$229,517. There were no unpaid contributions for the year ending June 30, 2007 and due in 2006. The Town also paid \$201,035 for workers' compensation for the year ended December 31, 2006. The trust agreement permits the Trust to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. At this time, the Trust foresees no likelihood of any additional assessments for past years.

4-C Contingent Liabilities

There are various claims and suits pending against the Town which arose in the normal course of the Town's activities. The Town has designated a contingency of \$700,000 to cover potential losses not covered by insurance carriers.

The Town has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement from the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the Town believes such disallowances, if any, will be immaterial.

4-D Cafeteria Benefit Plan

Effective June 1, 1995, the Town implemented a cafeteria benefit plan pursuant to Section 125 of the IRS code. Under this plan, eligible employees may direct a contribution, made by the Town, into an account for health insurance.

All regular full-time and part-time employees employed on a regular and continuous basis, including certain contractual employees, are eligible to participate in this plan. Temporary and casual employees are not eligible. The plan year adopted by the Town begins on January 1 and ends on December 31.

SUPPLEMENTAL SCHEDULES

SCHEDULE 1
TOWN OF HAMPTON, NEW HAMPSHIRE
General Fund
Statement of Estimated and Actual Revenues (Non-GAAP Budgetary Basis)

*REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER
FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS*

To the Members of the Board of Selectmen and Town Manager
Town of Hampton
Hampton, New Hampshire

We have audited the financial statements of the Town of Hampton as of and for the fiscal year ended December 31, 2006, and have issued our report thereon dated January 26, 2007. The report was adverse because the Town has not implemented the accounting standards required by GASB Statement No. 34. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and reporting our audit of the financial statements of the Town of Hampton as of and for the fiscal year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Town's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies and material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town's financial statements that is more than inconsequential will not be prevented or detected by the Town's internal control. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 06-01 and 06-02 to be significant deficiencies in internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town's internal control. We believe both of the significant deficiencies described above constitute material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town of Hampton's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

*Town of Hampton
Report on Compliance and on Internal Control over Financial Reporting Based on
an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*

This report is intended solely for the information and use of management, the Board of Selectmen, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Members of the Board of Selectmen and Town Manager
Town of Hampton
Hampton, New Hampshire

Compliance

We have audited the compliance of the Town of Hampton with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2006. The Town of Hampton's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Town of Hampton's management. Our responsibility is to express an opinion of the Town of Hampton's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Hampton's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town of Hampton's compliance with those requirements.

In our opinion, the Town of Hampton complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended December 31, 2006.

Internal Control Over Compliance

The management of the Town of Hampton is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Hampton's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the Town of Hampton's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts and grants. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items 06-01 and 06-02.

*Town of Hampton
Report on Compliance with Requirements Applicable to Each Major Program
and Internal Control over Compliance in Accordance with OMB Circular A-133*

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions, and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe both of the reportable conditions described above are material weaknesses.

This report is intended solely for the information and use of management, the Board of Selectmen, and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE I
TOWN OF HAMPTON, NEW HAMPSHIRE
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended December 31, 2006

SECTION I - SUMMARY OF AUDITOR'S RESULTS

A. Financial Statements

1. The auditor's report expresses an adverse opinion on the financial statements.
2. There were two material weaknesses identified relating to the internal control over financial reporting.
3. There were no control deficiencies identified which were not considered material weaknesses relating to the internal control over financial reporting.
4. There were no instances of noncompliance material to the financial statements identified.

B. Federal Awards

1. There were two material weaknesses identified relating to the internal control over major programs.
2. There were no reportable conditions identified which were not considered material weaknesses relating to the internal control over major programs.
3. The auditor's report on compliance for major programs expresses an unqualified opinion.
4. Audit findings required to be reported in accordance with Circular A-133 are reported in Section III of this Schedule.
5. The program tested as a major program is CFDA No. 11.469: Congressionally Identified Awards and Projects.
6. The threshold for distinguishing between Types A and B programs was \$300,000.
7. The Town of Hampton was not determined to be a low-risk auditee.

SECTION II - FINANCIAL STATEMENT FINDINGS

06-01 Criteria: Internal controls over cash and reporting should include the monthly reconciliation of the cash balances reported in the general ledger with the treasurer's records.

Condition: Reconciliations were not performed in a timely manner between the treasurer's records and the general ledger. Many months of activity were reconciled at the end of the year.

Effect: Reports used by management during the year to make financial decisions may not be accurate. Overpayments and mispostings may occur and not be detected on a timely basis.

Recommendation: We recommend that management institute an internal control procedure consisting of reconciling the general ledger to the treasurer's monthly report as soon as possible after receipt of that report from the treasurer, which should be by the middle of the following month.

SCHEDULE I (Continued)
TOWN OF HAMPTON, NEW HAMPSHIRE
Schedule of Findings and Questioned Costs
For the Fiscal Year Ended December 31, 2006

SECTION II - FINANCIAL STATEMENT FINDINGS (Continued)

06-02 **Criteria:** Because of the special tracking and accounting treatment required for grants received from the federal government, internal controls should include procedures to make sure that management has a grand total of all federal expenditures made during the year, and can provide titles and program numbers for each award received. This information is required to determine if a single audit is required, and for the schedule of federal expenditures in a single audit report.

Condition: The Town did not have any one place where all federal grants were tracked and recorded. Grants were in different funds with no master record of what amount of federal money had been expended. Much research was necessary to determine the program names and identifying numbers for reporting purposes.

Effect: Without a Town-wide, master control of federal awards, it is possible that management might not realize when a single audit is required. It is also possible that some federal awards might be inadvertently omitted from the report of federal expenditures. Also, a great deal of time could be saved if these records were together in one place, and research did not have to be performed at year-end to ascertain titles and numbers.

Recommendation: We recommend that the Town maintain a complete file in the finance department of all federal awards applied for, granted and received. This would require communication among the finance department and all departments that obtain federal funding to ensure that any intergovernmental receipt has adequate support in its file in the finance department. It is usually easier in the application and early stages of a federal grant to get the name and number of the grant, and a separate folder should be set up for each grant with copies of all correspondence related thereto kept in it.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

06-01 See details of finding above.

06-02 See details of finding above.

SCHEDULE II
TOWN OF HAMPTON, NEW HAMPSHIRE
Schedule of Expenditures of Federal Awards
For the Fiscal Year Ended December 31, 2006
